

CREATING YOUR STUDENT ACCESS CARD

In helping you to prepare for University Life, the NWU has made it possible for you to submit the information for your student access card before you arrive on campus! By providing your information before-hand, you will be able to skip the queues when collecting your student access card – therefore you must ensure that you follow these steps and provide the correct information

Follow the link to create your digital student access card

[Click here](#)

Enter your Student Number – available on your provisional acceptance letter from the NWU.

Enter the One-Time-Pin (OTP) you received on the mobile number you provided when you applied.

#DiscoverNWU

You're done!
Your information has been captured and sent to Campus Protection Services. Be on the lookout for a notification indicating when and where you can collect your card.

You will receive a preview of your student access card, please decide whether you are happy with the result and then click submit.

Upload a colour ID Photo of yourself clearly showing your face and shoulders. Please ensure that:

- It is only YOU in the image, and no other friends or family.
- Your eyes, nose and mouth are clearly visible.
- Do NOT add a filter nor other creative elements.

Important to note

By completing this process, you are not guaranteed that you will be able to register at the NWU. The student access card reflected in this process is only for illustration purposes, and is NOT your final student access card. Your student access card will only be issued to you following your successful registration with the NWU and your arrival on campus.
