What is an APS?

Your APS (Admission Points Score) is one of the requirements you need to qualify for the programme of your choice. Each programme stipulates a specific APS. The higher your APS, the better your chances of being accepted into the programme. The sum of a maximum of six subjects, excluding Life Orientation, are used to determine your APS.

Work out your score! The NWU has made it easy with the APS calculator:

<http://studies.nwu.ac.za/studies/aps-calculator>

NSC Level	APS
8 = 90-100%	8
7 = 80-89%	7
6 = 70-79%	6
5 = 60-69%	5
4 = 50-59%	4
3 = 40-49%	3
2 = 30-39%	2
1 = 0-29%	1

English First Additional Language	57%	4
Mathematics	70%	6
Accounting	78%	6

Private or international school systems

If you attend(ed) a private or international school, you can use the conversion table that can be found on the NWU website: <https://www.nwu.ac.za/content/cambridge-admission-international-students>

The Cambridge international curriculum is the most commonly used international examination. The two Cambridge courses are IGCSE (International General Certificate of Secondary Education) and AS levels (Advanced Subsidiary). The Cambridge IGCSE qualification is equivalent to a South African Grade 11 and the Cambridge AS level is equivalent to a South African Grade 12.

See the helpful examples below!

Depending on which level you complete on the Cambridge system, you'll receive different scores.

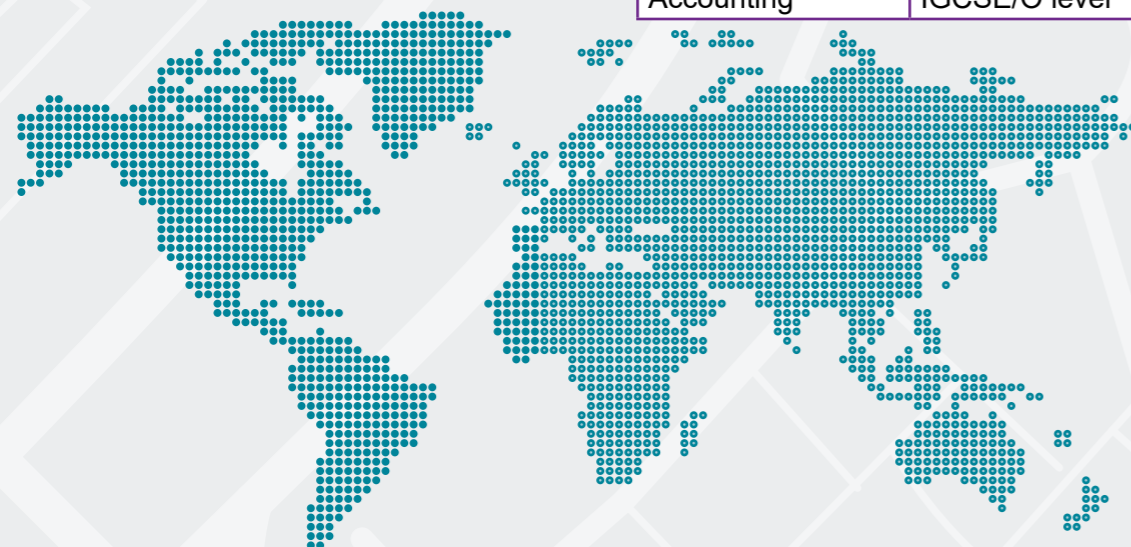

- O levels /IGCSE levels get the lowest scores starting at 5.
- AS levels is equivalent to the South African matric where an above 90% grade gets 8 and 80% and above gets 7, etc.
- A levels which is equivalent to the first year at university get the highest with a grade A scoring APS = 10.
