U UNIVERSITEITSNOMMER MOET ASSEBLIEF IN ALLE KORRESPONDENSIE VERMELD WORD.
Die Algemene Akademiese Reëls van die Universiteit, waaraan alle studente hulle moet onderwerp en wat op al die kwalifikasies wat die Universiteit aanbied, van toepassing is, verskyn in 'n afsonderlike bundel op die web: http://www.nwu.ac.za/af/jaarboeke.
***Let Wel:** Ofskoon die inligting wat in hierdie Jaarboek opgeneem is so noukeurig moontlik saamgestel is, aanvaar die Raad en die Senaat van die Universiteit hoegenaamd geen aanspreeklikheid vir onjuisthede wat hierin mag voorkom nie. In die besonder bly dit elke student se verantwoordelikheid om hom/haar deeglik te vergewis van die klasrooster en moontlike roosterbotsings voordat hy/sy finaal oor die keuse van modules besluit. Indien daar 'n botsing by 'n student se voorgenome keuse voorkom, is die betrokke kombinasie van modules ontoelaatbaar.*

EDU.1 FACULTY RULES / *FAKULTEITSREËLS*

EDU.1.1 AUTHORITY OF THE GENERAL ACADEMIC RULES (A-RULES) / *GESAG VAN DIE ALGEMENE AKADEMIESE REËLS (A-REËLS)*

The faculty rules valid for the different qualifications, programmes and curricula of this faculty and contained in this faculty calendar are subject to the General Academic Rules (A-Rules) of the University, as determined from time to time by the Council of the University on recommendation by the Senate. The faculty rules should therefore be read in conjunction with these General Academic Rules.
The A-Rules are available on the webpage at: http://www.nwu.ac.za/content/policy_rules.
Each programme's structure, method of delivery and presentation are included in the respective programme documents, which are subject to the policy laid down by the Senate Committee for Academic Standards (SCAS) of the NWU and consistent with the requirements of the Council on Higher Education (CHE), the Higher Education Quality Committee (HEQC), the Department of Higher Education and Training (DoHET) and the South African Qualifications Authority (SAQA).
Die fakulteitsreëls, wat op die verskillende kwalifikasies, programme en kurrikulums van hierdie Fakulteit van toepassing is en in hierdie Fakulteitsjaarboek opgeneem is, is onderhewig aan die Algemene Akademiese Reëls (A-Reëls) van die Universiteit, soos dit van tyd tot tyd deur die Raad van die Universiteit op aanbeveling van die Senaat vasgestel word, en moet dus met die Algemene Akademiese Reëls saam gelees word.
Die A-Reëls is op die web beskikbaar by: http://www.nwu.ac.za/af/content/beleide-en-reels.
Die struktuur, metode van aflewering en aanbiedingswyse van elke program is in die onderskeie programdokumente vervat wat onderhewig is aan die beleid wat deur die Senaatskomitee vir Akademiese Standaarde (SKAS) van die NWU opgestel is en in ooreenstemming is met die vereistes van die Raad op Hoër Onderwys (RHO), die Hoëronderwyskwaliteitskomitee (HOKK), die Departement van Hoër Onderwys en Opleiding (DHOO) en die Suid-Afrikaanse Kwalifikasies-owerheid (SAKO).

EDU.1.2 FACULTY-SPECIFIC RULES / *FAKULTEITSPESIFIEKE REËLS*

The **teaching policy** of the Faculty of Education is in accordance with the vision and mission of the North-West University.
Procedures regarding quality assurance in the Faculty (Teaching, Learning and Assessment Policy) are available on our webpage at: http://www.nwu.ac.za/content/policy_rules.
The **research policy** of the Faculty of Education is in accordance with the vision and mission of the North-West University. The development of academic scholarship is a priority as is the maintenance of relevant, innovative, leading and focused research to address the challenges faced by education both nationally and internationally. The webpage for the Research entities of the Faculty of Education is: http://education.nwu.ac.za/.
*Die **onderrigbeleid** van die Fakulteit Opvoedkunde is saamgestel in ooreenstemming met die visie en missie van die Noordwes-Universiteit. Prosedures ten opsigte van kwaliteitversekering in die Fakulteit (die Onderrig- en Leerbeleid asook Assesserings- en Modereringsbeleid) is op die web beskikbaar by: http://www.nwu.ac.za/af/content/beleide-en-reels.*
*Die **navorsingsbeleid** van die Fakulteit Opvoedkunde is saamgestel in ooreenstemming met die visie en missie van die Noordwes-Universiteit. Ons prioriteite is die ontwikkeling van akademieskap, asook die handhawing van relevante, innoverende, toonaangewende en gefokusde navorsing om die uitdagings van die onderwys nasionaal en internasionaal aan te spreek. Die webblad van die Navorsingsentiteite, Fakulteit Opvoedkunde is: http://education.nwu.ac.za/af.*

EDU.1.2.1 Admission Requirements / *Toelatingsvereistes*

The admission requirements for all formal academic qualifications offered by the University are set out in the Admission Policy as approved by Senate and Council (http://www.nwu.ac.za/content/policy_rules). The NWU Admission Policy provides boundary admission conditions and rules in regard of the types of qualifications offered that are part of the officially approved PQM of the NWU and to which prospective students might seek admission.
Die toelatingsvereistes vir alle formele akademiese kwalifikasies wat deur die Universiteit aangebied word, is uiteengesit in die Toelatingsbeleid soos goedgekeur deur die Senaat en die Raad (http://www.nwu.ac.za/af/content/beleide-en-reels). Die NWU-toelatingsbeleid verskaf begrensde toelatingsvoorwaardes en reëls ten opsigte van die tipe kwalifikasies wat aangebied word, wat deel is van die amptelik goedgekeurde PKM van die NWU en waartoe voornemende studente toelating mag verkry.

EDU.1.2.2 Method of Delivery / *Metode van Aflewering*

Definitions / *Definisies*	
Contact mode of delivery / *Kontakaflewering-modus*	The presentation of the composite modules of a qualification or programme at an NWU site of delivery. This involves attendance of lectures, tutorials, seminars, practicals, supervision, or other forms of required work on an NWU campus, in order to promote personal interaction between students and NWU academic staff. The student thus attends contact opportunities on one of the three campuses of the NWU. *Die aanbieding van die saamgestelde modules van 'n kwalifikasie of program by 'n NWU-leweringspunt. Dit behels die bywoning van lesings, tutoriale, seminare, praktiese sessies, studieleiding, of ander vorms van vereiste werk op 'n NWU-kampus ten einde persoonlike interaksie tussen studente en NWU- akademiese personeel te bevorder. Die student woon dus kontakgeleenthede op een van die drie kampusse van die NWU by.*
Distance mode of delivery / *Afstandaflewering-modus*	The distance mode of delivery refers to the presentation of the composite modules of a programme to students who do not attend classes, tutorial or practical sessions, or sit for examinations at one of the official NWU sites of delivery. The interaction with NWU academic or support staff, or NWU appointed facilitators/tutors, and the presentation of the composite modules of a programme are undertaken remotely through the use of teaching technology, various forms of correspondence, or the internet. The student may have the option of attending facilitation opportunities at NWU learning support centres. (Refer to EDU.2 and EDU.3.1.1 for specific requirements for BEd on distance.) Explicit DHET and HEQC approval of the distance mode of delivery is required for a programme to be offered thus. *Die afstandsafleweringsmodus verwys na die aanbieding van die saamgestelde modules van 'n program aan studente wat nie klasse, tutoriale of praktiese sessies bywoon, of eksamens by een van die amptelike NWU-leweringspunte skryf nie. Die interaksie met die NWU se akademiese of ondersteuningspersoneel of NWU-*

	aangestelde fasiliteerders/tutors en die aanbieding van saamgestelde modules van 'n program word oor 'n afstand met behulp van onderrigtegnologie, verskillende vorms van korrespondensie, of die internet onderneem. Die student kan die opsie hê om fasiliteringsgeleenthede by NWU-leerondersteuningsentrums by te woon. (Verwys na EDU.2 en EDU.3.1.1 vir spesifieke vereistes op afstand vir BEd.) *Eksplisiete DHOO en HOKK-goedkeuring van die afstandsleweringsmodus is nodig om 'n program so aan te bied.*

Contact full-time and contact part-time ***/ Kontak voltyds en kontak deeltyds***

NWU distinguishes between contact full-time and contact part-time delivery of certain qualifications/programmes.

Classes are presented to contact full-time students during weekdays, whereas contact part-time students who are working during the week, are accommodated on Fridays and Saturdays. In order to ensure quality delivery, provision is made in the timetable for the same amount of contact hours for the part-time contact students as for the full-time students.

Die NWU onderskei tussen kontak voltydse en kontak deeltydse aflewering van sekere kwalifikasies/programme.

Klasse aan die voltydse studente word gedurende weeksdae aangebied en die deeltydse studente wat reeds werksaam is, word oor Vrydae en Saterdae geakkommodeer. Daar word vir die kontak (deeltydse) studente dieselfde aantal kontak-ure as vir die voltydse studente in die rooster voorsiening gemaak om kwaliteit aflewering ook aan hierdie studente te verseker.

EDU.1.2.3 Annual Registration / *Jaarlikse Registrasie*

Important note regarding the annual registration for studies

A-Rule 1.10.1.1: Every returning student must register annually in their personal capacity, either by means of a paper-based or an electronic registration process, for the learning components that are prescribed for the specific study year, in accordance with the faculty rules applicable to the qualification, programme and module(s) concerned.

BEd students (contact and distance) register for the BEd only during the first annual registration period. The modules offered are synchronised for the modes of delivery.

BEd students are advised to report to the registration officer at the Unit for Open Distance Learning (call centre) and/or to the faculty adviser before registration so that a curriculum control form can be completed in order to ensure that the student registers for the correct modules. Correctness of registration remains the personal responsibility of the student.

Belangrike nota insake die jaarlikse registrasie vir studies

A-Reël 1.10.1.1: Elke terugkerende student moet jaarliks in hul persoonlike hoedanigheid registreer, óf deur middel van 'n papiergebaseerde of elektroniese registrasieproses, vir die leerkomponente wat vir die betrokke studiejaar voorgeskryf word, ooreenkomstig die fakulteitsreëls wat van toepassing is op die kwalifikasieprogram en betrokke module(s).

BEd-studente (kontak en afstand): registreer slegs vir die BEd gedurende die eerste jaarlikse registrasietydperk. Die modules is gesinchroniseer vir die aanbiedingsmodusse.

BEd-studente word aangeraai om by die registrasiebeampte van die Eenheid vir Oop Afstandsleer (inbelsentrum) aan te meld en/of by die Fakulteitsraadgewer, sodat'n kurrikulumkontrolevorm voltooi kan word om te verseker dat die student vir die korrekte modules registreer. Die student alleenlik word verantwoordelik gehou vir korrekte registrasie.

EDU.1.2.4 Amendment, Cancellation or Discontinuation Regarding Registration of Studies / *Wysiging, Kansellasie of Staking ten opsigte van Registrasie van Studies*

A-Rule 1.10.4.1: Subject to the applicable faculty rules and the applicable provisions regarding payable fees, a student may apply in the prescribed manner and within the period indicated for that purpose on the annual university calendar, to amend, cancel or discontinue registration

Faculty process

Contact students: Due date for amendments, cancellation and discontinuation of registration: For the BEd students the system will be kept open until 2 weeks after the classes commence. For the second semester, BEd students are still with WIL during this period and students are given at least one week after they return to campus.

Distance students: The last day for programme/module amendments and cancellation/ discontinuation of registration will be 14 February 2020 for the first semester and 14 August 2020 for the second semester. In this case only a pro rata payment will be paid back to the student as study material had already been sent to students and there were administrative and postage fees.

If these dates are not met, the full tuition for the semester(s) is payable.

Should students cancel their studies, all bursaries and/or loans are repayable immediately.

A-Reël 1.10.4.1: Onderworpe aan toepaslike Fakulteitsreëls asook die toepaslike bepalings aangaande betaalbare fooie, kan'n student volgens die voorgeskrewe wyse aansoek doen binne die aangewese tydperk vir daardie doel soos aangedui op die jaarlikse universiteitkalender, om registrasie te wysig, te kanselleer of te staak.

Fakulteitsproses

Kontakstudente: Doeldatum vir aanpassings, kansellasie of staking van registrasie – die stelsel sal oopgehou word vir die BEd-studente, twee weke na klasse begin het. Gedurende die tweede semester, is BEd studente steeds gedurende hierdie tydperk by WIL betrokke en studente word tyd gegun vir minstens een week nadat hulle na die kampus terugkeer.

Afstandstudente: Die laaste dag vir program-/moduleaanpassings en kansellasies/staking van registrasie sal 14 Februarie 2020 gedurende die eerste semester en 14 Augustus 2020 gedurende die tweede semester wees. In hierdie geval sal'n pro rata-betaling aan die student terugbetaal word, omdat studiemateriaal reeds aan studente gestuur is en daar reeds fooie vir administratiewe sake en pos aangegaan is.

Indien daar nie by hierdie datums gehou word nie, sal die volle klasgelde vir die semester(s) betaalbaar wees.

Indien studente hul studies kanselleer, sal alle beursgelde en/of lenings onmiddellik terugbetaal moet word.

EDU.1.2.5 Modules and Credits / *Modules en Krediete*

1) Subjects are presented according to modules, to which a certain number of credits are allocated.
   Vakke word aangebied aan die hand van modules waaraan'n bepaalde kredietwaarde toegeken is.

2) Each module has a code and a descriptive name, e.g. ACCE 122 – Accounting for Education, first year level, second semester.
Elke module het 'n kode en 'n beskrywende naam, byvoorbeeld ACCE 122 – Onderwysrekeningkunde, eerste jaar, tweede semester.
3) Each module has a certain weight, known as a credit.
Modules dra elkeen 'n bepaalde 'gewig' bekend as krediet.
4) Each module is to be passed individually.
Elke module moet afsonderlik geslaag word.
5) Programme-specific rules apply (according to the relevant yearbook).
Program-spesifieke reëls geld (pas toe volgens die betrokke jaarboek).
6) Mode of delivery-specific rules apply (according to the relevant yearbook).
Aflewerings-spesifieke reëls geld (pas toe volgens die betrokke jaarboek).

EDU.1.2.6 Additional Modules / *Addisionele Modules*

A first year student may register for one additional module per semester (A-Rule 2.3.1). A student who registers for the second, third or fourth year level may register for a maximum of two additional modules per semester or two additional year modules, or one semester and one year module (32 credits per semester) on condition that he/she has thus far passed the prescribed modules of the curriculum (A-Rule 2.3.2). Classes must be attended and no exemption from class attendance will be granted in the event of timetable clashes.
'n Eerstejaarstudent mag vir een addisionele module per semester registreer (A-Reël 2.3.1). 'n Student wat vir die tweede, derde of vierde jaarvlak registreer mag vir 'n maksimum van twee addisionele modules per semester of twee addisionele jaarmodules, of een semester- en een jaarmodule (32 krediete per semester) registreer, mits hy / sy tot dusver die voorgeskrewe modules van die kurrikulum (A-Reël 2.3.2) geslaag het. Klasse moet bygewoon word en geen vrystelling van klasbywoning sal toegestaan word in geval van roosterbotsings nie.

EDU.1.2.7 Calculation of Participation Marks / *Berekening van Deelnamepunte*

The participation mark for a module is calculated from the marks obtained in tests, assignments, practical and/or research assignments. Calculation of participation marks is programme-, module- and mode of delivery-specific.
The ratio between theory and practical work for calculation of the participation mark for a module, is as explained in the relevant study guide.
Die deelnamepunt vir 'n module word bereken uit die punte behaal in toetse, werkstukke, praktiese en/of navorsingsopdragte. Berekening van deelnamepunte is program-, module- en afleweringspesifiek.
Die verhouding tussen teorie en praktiese werk vir die berekening van die deelnamepunt vir 'n module, is soos uiteengesit in die betrokke studiegids.

EDU.1.2.8 Admission to Examinations / *Toelating tot Eksamens*

Admission to the examination in any module requires a proof of participation or a participation mark (depending on the requirements of the module) as stipulated in A-Rule 1.13.2.
A proof of participation or a participation mark, which allows admission to the examination, will only be issued once a student has complied with the requirements for the module concerned to the satisfaction of the school director in consultation with the relevant subject group chairperson/programme leader. The requirements are stipulated in the study guide for the module concerned and under the module outcomes in this yearbook.
Toelating tot die eksamen in enige module vereis 'n deelnamebewys of 'n deelnamepunt (afhangende van die vereistes van die module) soos uiteengesit in A-Reël 1.13.2.
'n Deelnamebewys of 'n deelnamepunt wat toelating tot die eksamen verleen, sal slegs uitgereik word sodra 'n student aan die vereistes van die betrokke module, tot bevrediging van die skooldirekteur in oorleg met die betrokke vakgroepvoorsitter/programleier, voldoen het. Die vereistes word in die studiegids vir die betrokke module en onder die module-uitkomste in hierdie jaarboek uiteengesit

EDU.1.2.9 Subminimum for Examination / *Subminimum vir Eksamen*

The subminimum for examinations in all modules is 40% except where a higher subminimum is provided for in faculty rules (A-Rule 1.13.3).
Die subminimum vir eksamens in alle modules is 40% tensy daar voorsiening gemaak word vir 'n hoër subminimum in die fakulteitsreëls (A-Reël 1.13.3).

EDU.1.2.10 Examination Opportunities / *Eksamengeleenthede*

The examination opportunities and the relevant rules are determined in accordance with A-Rules 2.5.3.
Any student, who has obtained the required proof of participation and/or participation mark, as prescribed, will be admitted to utilize the first and/or second examination opportunity for the module concerned. A fixed fee will be charged should a student make use of a second examination opportunity.
Modules stipulated in the annual yearbook as continuous assessment are excluded from second examination opportunities (with reference to A-Rule 2.5.3.2)
According to A-Rule 1.13.6, a student who requires one more module in order to complete a qualification may apply to the executive dean in writing to grant a final assessment opportunity on condition that the student has registered for, been admitted to the examination and has utilised one or both of the examination opportunities.
Die eksamengeleenthede en die toepaslike reëls word bepaal ooreenkomstig A-Reëls 2.5.3.
Enige student wat die vereiste deelnamebewys en/of deelnamepunt verwerf het, soos voorgeskryf, sal toegelaat word om die eerste en/of tweede eksamengeleentheid vir die betrokke module te gebruik. Indien 'n student gebruik maak van 'n tweede eksamengeleentheid, sal daar 'n vasgestede fooi gehef word.
Modules wat jaarliks in die jaarboek as deurlopende assessering aangedui word, word uitgesluit van tweede eksamengeleenthede (met verwysing na A-Reël 2.5.3.2)
Volgens die A-Reël 1.13.6, mag 'n student wat nog een module benodig om 'n kwalifikasie te voltooi, skriftelik by die uitvoerende dekaan aansoek doen om 'n finale assesseringsgeleentheid op voorwaarde dat die student vir die module geregistreer was, tot die eksamen toegelaat is en een of albei eksamengeleenthede gebruik het.

EDU.1.2.11 Pass Requirements / *Slaagvereistes*

The module mark is calculated according to the ratio between the participation mark and the examination mark as set out under the module outcomes in the relevant yearbook. The module mark required for a pass in a module in which examinations are written is 50% in accordance with A-Rule 1.13.3.2.

The subminimum for all examinations written is 40% (A-Rule 1.13.3.1), unless stated otherwise in the rules of specific programmes and curricula.

Adjustment of the module mark for a first semester module in which an examination was written but not passed may be considered according to the stipulations of A-Rule 2.5.2.

A-Rule 2.6.2 stipulates the requirements for passing a module/curriculum/qualification with distinction. In order to complete the BEd degree with distinction, the average obtained for the Core modules (Specialisation subjects) and Education modules, over the course of the BEd qualification from the second year is taken into account.

Any student who fails a module must repeat the module in order to obtain a new participation mark (according to A-Rule 1.13.3.5). Classes must be attended and no exemption from class attendance will be granted in the event of timetable clashes.

Students who register for the second or third year level, who have not passed all the prescribed modules of the curriculum, may enrol for 16 additional credits per semester (A-Rule 1.9). Classes must be attended and no exemption from class attendance will be granted in the event of timetable clashes.

In reference to A-Rule 2.4.2, the faculty rules provide that BEd students in their final year, who have not passed all the prescribed modules of the curriculum thus far, may register for the outstanding modules provided these do not exceed 32 credits per semester. Classes must be attended and no exemption from class attendance will be granted in the event of timetable clashes.

A pass is obtained for a curriculum once all the modules of the programme have been passed individually (A-Rule 2.6.1).

Die modulepunt word bereken volgens die verhouding tussen die deelnamepunt en die eksamenpunt soos uiteengesit onder die module-uitkomste in die betrokke jaarboek. Die modulepunt wat vereis word vir 'n slaagpunt in 'n module waarin eksamen geskryf word, is 50% in ooreenstemming met A-Reël 1.13.3.2.

Die subminimum vir alle eksamens geskryf is 40% (A-Reël 1.13.3.1), tensy anders vermeld in die reëls van spesifieke programme en kurrikulums. Aanpassing van die modulepunt vir 'n eerste semester module waarin 'n eksamen geskryf is maar nie geslaag is nie, mag oorweeg word ooreenkomstig die bepalings van A-Reël 2.5.2.

A-Reël 2.6.2 bepaal die vereistes vir die slaag van 'n module / kurrikulum / kwalifikasie met lof. Ten einde die BEd graad met lof te voltooi, word die gemiddelde van die Kernmodules (Spesialiseringsvakke) en Opvoedkundemodules, soos verwerf deur die verloop van die BEd-kwalifikasie vanaf die tweede jaar, in berekening gebring.

Enige student wat 'n module druip, moet die module herhaal om 'n nuwe deelnamepunt te verwerf (volgens A-Reël 1.13.3.5). Klasse moet bygewoon word en geen vrystelling van klasbywoning sal toegestaan word in geval van roosterbotsings nie.

Studente wat vir die tweede of derdejaarsvlak registreer, wat nie al die voorgeskrewe modules van die kurrikulum geslaag het nie, mag vir 16 addisionele krediete per semester (A-Reël 1.9) inskryf. Klasse moet bygewoon word en geen vrystelling van klasbywoning sal toegestaan word in geval van roosterbotsings nie.

Met verwysing na A-Reël 2.4.2 bepaal die fakulteitsreëls dat finale-jaar BEd-studente wat nie al die voorgeskrewe modules van die kurrikulum geslaag het nie, mag registreer vir die uitstaande modules, mits dit nie 32 krediete per semester oorskry nie. Klasse moet bygewoon word en geen vrystelling van klasbywoning sal toegestaan word in geval van roosterbotsings nie.

'n Slaag word verwerf vir 'n kurrikulum sodra al die modules van die program afsonderlik geslaag is (A-Reël 2.6.1).

EDU.1.2.12 Progression Requirements / *Vorderingsvereistes*

The stipulations in A-Rule 1.16 and all the subparagraphs apply.

Where a certain module is set to be assumed learning for a module in another semester or year level (refer to Prerequisites in EDU 1.9 List of Modules), a participation mark of at least 40%, and in some instances a module mark of at least 50%, should be obtained before the student can register for the successive module (A-Rule 1.8).

Die bepalings in A-Reël 1.16 en al die subparagrawe is van toepassing.

Waar 'n bepaalde module gestel word as veronderstelde leer vir 'n module op 'n ander semester of jaarvlak (verwys na Voorvereistes in EDU 1.9 Modulelys), moet 'n deelnamepunt van minstens 40% en in sommige gevalle 'n modulepunt van minstens 50 %, behaal word voordat die student vir die opeenvolgende module (A-Reël 1.8) kan registreer.

EDU.1.2.13 Repetition of Modules / *Herhaling van Modules*

Should a student fail an examination in a specific module, he/she is required to repeat the module in accordance with A-Rule 1.13.3.5 and 2.3.4.

Indien 'n student 'n eksamen in 'n spesifieke module druip, moet hy/sy die module herhaal ooreenkomstig A-Reëls 1.13.3.5 en 2.3.4.

EDU.1.2.14 Access to Marked Examination Work / *Toegang tot Gemerkte Eksamenwerk*

A contact student may apply within time frame stipulated in A-Rule 1.13.7.3, namely five working days after the module examination results have been published in the case of the first examination and within two working days in the case of the second examination opportunity, to the school director to view the examination scripts and the memorandum in the presence of the lecturer and the subject chairperson concerned.

A distance student may apply, within the time frame stipulated in A-Rule 1.13.7.3, namely 10 working days, to the school director, via the UODL call centre, to view the examination scripts and the memorandum in the presence of the lecturer and the subject chairperson concerned in Potchefstroom in the lecturer's office.

'n Kontakstudent mag binne die tydsraamwerk soos in A-Reël 1.13.7.3 uiteengesit is, naamlik vyf werksdae na die module se eksamenresultate vrygestel is, in die geval van die eerste eksamen, en binne twee werksdae in die geval van die tweede eksamengeleentheid, 'n aansoek indien by die skooldirekteur om die gemerkte eksamenvraestel en die memorandums in die teenwoordigheid van die lektor en die relevante vakvoorsitter, te sien.

'n Afstandstudent mag binne die tydsraamwerk soos in A-Reël 1.13.7.3 uiteengesit is, naamlik 10 werksdae, 'n aansoek by die skooldirekteur indien, via die EOAL-inbelsentrum, om die gemerkte eksamenvraestel en memorandums in die teenwoordigheid van die lektor en die relevante vakvoorsitter te Potchefstroom in die lektor se kantoor te sien.

EDU.1.2.15 Monitoring of Academic Performance / *Kontrolering van Akademiese Prestasie*

In accordance with A-Rules 1.15.1 – 1.15.3, a student who achieves less than half the credits required for the programme concerned as prescribed in the faculty rules concerned for the mode of delivery (contact or distance) and attendance mode (full-time or part-time), is deemed not to have made satisfactory academic progress. A student whose academic performance is deemed unsatisfactory may be issued with a written warning by the executive dean concerned.

In ooreenstemming met A-Reëls 1.15.1 – 1.15.3, word 'n student geag om onbevredigende akademiese vordering te hê, indien hy/sy minder as die helfte van die krediete wat vir die betrokke program vereis word, soos voorgeskryf in die betrokke fakulteitsreëls vir die metode van aflewering (kontak of afstand) en bywoningsmodus (voltyds of deeltyds) behaal. 'n Student wie se akademiese prestasie as onbevredigend geag word, kan 'n skriftelike waarskuwing vanaf die betrokke uitvoerende dekaan ontvang.

EDU.1.2.16 Extension of Period of Study / *Verlenging van Studietydperk*

Refer to A-rule 1.17.

The executive dean concerned may, on the recommendation of the academic director concerned, extend a student's study period in accordance with the provisions of the applicable faculty rules following an application submitted before the end of the penultimate academic year by a student who does not expect to complete a programme within the maximum duration allowed for the study

A-Reël 1.17 verwys.

Die Uitvoerende Dekaan vir wie dit aangaan, kan volgens die relevante akademiese direkteur se aanbeveling 'n student se studietydperk verleng, in ooreenstemming met die bepalings van die toepaslike Fakulteitsreëls, nadat 'n aansoek voor die einde van die student se laaste akademiese jaar ingedien is en daar nie verwag word dat die student 'n program binne die maksimum toegelate tydperk vir die studie sal kan voltooi nie.

EDU.1.2.17 Termination of Studies / *Terminering van Studies*

A student's studies may be terminated in accordance with the stipulations of A-Rule 1.18. In accordance with A-Rule 1.18.4, a student whose studies have been terminated may, in accordance with the applicable faculty rules, apply for admission to another study programme, but must in the course of the application mention the termination.

'n Student se studie kan beëindig word ooreenkomstig die bepalings van A-Reël 1.18. In ooreenstemming met A-Reël 1.18.4, mag 'n student wie se studie beëindig is, ooreenkomstig die toepaslike fakulteitsreëls, aansoek doen vir toelating tot 'n ander studieprogram, maar moet in die loop van die aansoek die beëindiging vermeld.

EDU.1.3 EVALUATION OF ACADEMIC LITERACY / *EVALUERING VAN AKADEMIESE GELETTERDHEID*

All undergraduate students who register at the North-West University for the first time are required to register for a module / modules in academic literacy. They have to pass this module/these modules before they can graduate.

Students have to write a compulsory proficiency test (TALL) in academic literacy, at a time and place determined by the University, to determine their ability to function within the academic environment. The purpose of this test is to identify students who, due to inadequate academic literacy skills, may not complete their study programme within the stipulated period in order to empower them with the necessary knowledge and skills.

Students have the option of writing the compulsory skills test in either English or Afrikaans. With the exception of students who are identified as borderline cases by the test, each student has only one opportunity to write the test. Students who are regarded as borderline cases, will be granted a second opportunity to write the test. It is the student's responsibility to check and verify his/her result within 14 days of writing the test and to register for the correct module in the correct semester (see below).

Alle voorgraadse studente wat vir die eerste keer aan die Noordwes Universiteit registreer, is verplig om vir 'n module / modules in akademiese geletterdheid te registreer. Hulle moet dit slaag, alvorens hulle kan gradueer.

Studente moet 'n verpligte vaardigheidstoets (TAG) in akademiese geletterdheid skryf op 'n gegewe tyd en plek, soos deur die Universiteit bepaal. Die doel van die toets is om studente te identifiseer wat, a.g.v. onvoldoende akademiesegeletterdheidsvaardighede die risiko loop om hulle studieprogram nie suksesvol binne die toegelate tydperk te voltooi nie, sodat hulle met die nodige kennis en vaardighede bemagtig kan word.

Studente besluit self of hulle die verpligte vaardigheidstoets in Afrikaans of in Engels wil aflê. Met die uitsondering van studente wat deur die toets as grensgevalle uitgewys word, kry elke student slegs een geleentheid om die toets af te lê. Studente wat as grensgevalle beskou word, kry 'n tweede geleentheid. Dit is die student se verantwoordelikheid om hom-/haarself binne 14 dae na aflegging van die toets van sy/haar uitslag te vergewis en vir die korrekte module in die korrekte semester te registreer (sien hieronder).

Academic Literacy Development (ALDE111) / *Ontwikkeling van Akademiese Geletterdheid (ALDA111)*

Students who are identified as at-risk by the test, must register for the module ALDE111 [English] or ALDA111 [Afrikaans], depending on the language in which the compulsory test was written.

ALDE111/ALDA111 comprises one component only, which includes two periods per week. Class attendance is compulsory. The module is only presented in Semester 1. A system of continuous assessment is followed. The final module mark is calculated as follows: Exam mark = 40% and Participation mark = 60%. For admission to the exam in ALDE111/ALDA111, a participation mark of 40% is required. A final module mark of 50% is required to pass this module.

Studente wat deur die toets as risikogevalle geïdentifiseer word, moet vir die module ALDE111 [Engels] óf ALDA111 [Afrikaans] registreer, afhangend van die taal waarin hulle die verpligte vaardigheidstoets afgelê het.

ALDE111/ALDA111 bestaan uit slegs een komponent wat minstens twee periodes per week behels en klasbywoning is verpligtend. Die module word slegs in Semester 1 aangebied. 'n Stelsel van deurlopende assessering word gebruik. Die finale modulepunt word soos volg bereken: Eksamenpunt = 40% en Deelnamepunt = 60%. Vir toelating tot die eksamen in ALDE111/ALDA111 word 'n deelnamepunt van 40% vereis. 'n Finale modulepunt van 50% is nodig om hierdie module te slaag.

Academic Literacy Development (ALDE122) / *Ontwikkeling van Akademiese Geletterdheid (ALDA122)*

All students, regardless of the result obtained for the compulsory proficiency test in academic literacy, must register for the module ALDE122 [English] / ALDA122 [Afrikaans]. Students with English as language of teaching and learning, register in all cases for ALDE122 in Semester 2. Students with Afrikaans as language of teaching and learning, register in all cases for ALDA122 in Semester 2. Note that this module is calculated in terms of curriculum credits. It thus carries a weight of 12 credits in the first-year curriculum.

The module ALDE122/ALDA122 comprises three compulsory components: an Academic Literacy component, a Computer and Information Literacy component and a Reading component. For the academic literacy component class attendance of two periods per week is compulsory. Computer and Information Literacy requires that students learn autonomously, but they will have access to contact sessions if they wish to make use of it. Students are also required to attend a number of sessions in the Reading laboratory. Depending on a student's reading speed and comprehension, he/she could be compelled to attend more sessions. A student must pass all three components to pass the module. A system of continuous assessment is followed. The final module mark is calculated as follows: Exam mark = 40% and Participation mark = 60%. For admission to the exam in ALDE122/ALDA122, a participation mark of 40% is required.

The exam consists of two papers, viz. Academic Literacy and Computer and Information Literacy. The subminimum required to pass the Academic Literacy component, is 40%. The subminimum required to pass the Computer and Information Literacy component, is 50%. These components are dealt with in a ratio of 80:20 when calculating the final mark (80% for the academic literacy and 20% for the computer and information literacy component). For the Reading component, a code for sufficient or insufficient is issued. A final module mark of 50% is required to pass this module.

Alle studente, ongeag die uitslag van die verpligte vaardigheidstoets in akademiese geletterdheid, moet die module ALDE122 [Engels] / ALDA122 [Afrikaans] neem. Studente met Engels as onderrigtaal, registreer in alle gevalle vir ALDE122 in Semester 2. Studente met Afrikaans as onderrigtaal, registreer in alle gevalle vir ALDA122 in Semester 2. Let daarop dat hierdie module wel vir kredietdoeleindes van die kurrikulum in berekening gebring word. Krediete hiermee verdien, dra dus 'n gewig van 12 krediete in die eerstejaarskurrikulum.

Die module ALDE122/ALDA122 bestaan uit drie verpligte komponente: Akademiese Geletterdheid, Rekenaar- en Inligtingsvaardighede en 'n Leeskomponent. Akademiese Geletterdheid behels twee lesings per week en klasbywoning is verpligtend. Rekenaar- en Inligtingsvaardighede word op outonome wyse bemeester, maar daar is ook verskeie geleenthede tot kontaksessies tot studente se beskikking indien hul daarvan gebruik wil maak. Studente word ook verplig om vir 'n aantal sessies die dienste van die Leeslaboratorium te gebruik. Afhangend van die student se leesspoed en -begrip kan hy/sy verplig word om meer of minder sessies by te woon. Al drie komponente moet geslaag word om die module te kan slaag. 'n Stelsel van deurlopende assessering word gebruik. Die finale modulepunt word soos volg bereken: Eksamenpunt = 40% en Deelnamepunt = 60%. Vir toelating tot die eksamen in ALDE122/ALDA122 word 'n deelnamepunt van 40% vereis.

Die eksamen bestaan uit twee vraestelle, naamlik Akademiese Geletterdheid en Rekenaar- en Inligtingsvaardighede. Die subminimum wat vir eersgenoemde komponent behaal moet word om die module te kan slaag, is 40%. Die subminimum wat vir laasgenoemde komponent behaal moet word om die module te kan slaag, is 50%. Hierdie twee komponente word in 'n 80:20-verhouding hanteer vir die berekening van die finale punt – 80% vir die eerste komponent (Akademiese Geletterdheid) en 20% vir die tweede komponent (Rekenaar- en Inligtingsvaardighede). Vir die Leeslaboratorium word slegs 'n kode vir voldoende of onvoldoende uitgereik. 'n Finale modulepunt van 50% is nodig om hierdie module te slaag.

Important additional information ***/ Belangrike addisionele inligting***

Note that for conditional admission to ALDE122/ALDA122, a student who is required to follow ALDE111/ALDA111 should obtain a module mark of 40% minimum for ALDE111/ALDA111. Students who were allowed to continue with ALDE122/ALDA122 and who passed the examination in this module, may have the result for ALDE111/ALDA111 condoned to a pass by the entity concerned with Academic Literacy. Specific faculty rules in terms of termination of studies might apply if a student fails ALDE111/122 or ALDA111/122.

ALDE111/122 is presented in English and ALDA111/122 in Afrikaans. The ALDE111/122 modules is presented in both contact and distance learning mode. Note that only students who are formally registered for distance learning may follow the modules in this mode. Moreover, distance learning is presented in English only.

Students who have already successfully completed a module similar to ALDE111/122 or ALDA111/122 at another tertiary institution and can provide proof of this, may apply in writing on the prescribed form for formal recognition for the module. This application should be submitted to the subject chair responsible for Academic Literacy. Recognition is only granted in cases where the modules are on the same NQF level (NQF5), where the credit values are of the same value (12), and where content is comparable.

Let daarop dat vir voorwaardelike toelating tot die module ALDE122/ALDA122 moet 'n student wat verplig is om eers ALDE111/ALDA111 te volg, 'n modulepunt van minstens 40% in ALDE111/ALDA111 verwerf. Studente wat voorwaardelik tot ALDE122/ALDA122 toegelaat is en die eksamen daarin geslaag het, se uitslag van ALDE111/ALDA111 kan deur die betrokke entiteit verantwoordelik vir Akademiese Geletterdheid tot 'n slaagpunt gekondoneer word. Spesifieke fakulteitsreëls i.t.v. terminering van studies kan van toepassing wees indien 'n student ALDE111/122 of ALDA111/122 nie slaag nie.

ALDE111/122 word in Engels aangebied en ALDA111/122 in Afrikaans. Die ALDE111/122 modules word in beide kontak- en afstandsmodusse aangebied, maar let daarop dat slegs studente wat formeel vir afstandsonderrig geregistreer is, dit in die afstandsmodus mag volg. Afstandsmodules word verder slegs in Engels aangebied.

Studente wat reeds 'n module soortgelyk aan ALDE111/122 of ALDA111/122 suksesvol aan 'n ander tersiêre instelling voltooi het en bewys daarvan kan lewer, kan skriftelik op die voorgeskrewe vorm by die betrokke entiteit verantwoordelik vir Akademiese Geletterdheid om erkenning aansoek doen. Erkenning word slegs toegestaan in gevalle waar die modules op dieselfde NKR-vlak is (NKR5), die kredietwaarde minstens dieselfde is (12) en die inhoude vergelykbaar is.

EDU.1.4 WARNING AGAINST PLAGIARISM */ WAARSKUWING TEEN PLAGIAAT*

Assignments are individual tasks and not group activities (unless explicitly indicated as group activities). For further details see: http://www.nwu.ac.za/content/policy_rules.

EDU.1.5 CAPACITY STIPULATION / *KAPASITEITSBEPALINGS*

Please take cognizance of the fact that, owing to specific capacity constraints, the University reserves the right to select candidates for admission to certain fields of study. This means that prospective students who comply with the minimum requirements may not necessarily be admitted to the relevant courses. (A- Rule 1.5.2.)

Neem asseblief kennis dat die Universiteit as gevolg van spesifieke kapasiteitsbepalings hom die reg voorbehou om kandidate vir toelating tot bepaalde studierigtings te keur. Dit beteken dat voornemende studente wat aan die minimum toelatingsvereistes voldoen, nie noodwendig tot die betrokke kursus toegelaat sal word nie. (A-Reël 1.5.2.)

EDU.1.6 RECOGNITION OF PRIOR LEARNING */ ERKENNING VAN VORIGE LEER*

Refer to A-Rules 1.6 and 1.7.

The faculty subscribes to the view that RPL constitutes an essential element of the transformation of access and admissions policies at higher education institutions in South Africa. The transformation of access and admissions policies is intended to increase participation and to broaden access to higher education in order to produce graduates with the skills and competencies necessary to meet the human resource needs of the country.

The following types of RPL are identified, namely:

(1) RPL for access: The establishment of a suitable level of study and/or experience aimed at admission to a qualification, for a candidate who does not qualify for admission into that qualification via the official admission requirements of the NWU.

(2) RPL for advanced standing: The exemption from a certain level of a course of study or programme on the basis of the candidate's experience/learning acquired. A portfolio and/or assessment may be used to consider the candidate for RPL. This RPL is regarding the exemption of certain levels of study. (Advanced standing - based on the previous experience and/or knowledge acquired, the applicant may be accepted for example for the second year.)

(3) RPL for credit accumulation and transfer (CAT): The awarding of credits for modules or courses as part of learning programmes/qualifications. The outcomes of successfully completed modules must be compared and found to be similar/equivalent to the outcomes of the corresponding modules offered at the faculty as requested for RPL. The completed outcomes must also comply with the relevant SAQA level descriptors.

A designated RPL officer is appointed in the office of the deputy dean at each of the three sites of delivery to steer and oversee the RPL process for both contact and distance students.

A processes for each of the types of RPL as well as forms and guidelines to compile a portfolio are available and will be included in the Quality manual of the faculty, after approval by faculty board.

Die Fakulteit ondersteun die siening dat erkenning van vorige leer (EVL) 'n integrale element is van die transformasie van toegang- en toelatingsbeleid by hoëronderwysinstellings in Suid-Afrika. Die transformasie van toegang- en toelatingsbeleid het ten doel om deelname te verhoog en om toegang tot hoër onderwys te verbreed om sodoende graduandi te lewer met die vereiste vaardighede en bevoegdhede om aan die nodige menslike hulpbronne van die land te voldoen.

Die volgende tipes EVL is geïdentifiseer:

***(1) EVL vir toegang**: Die daarstel van 'n toepaslike studie- en/of ondervindingsvlak wat gemik is op toegang tot 'n kwalifikasie vir 'n kandidaat wat nie kwalifiseer vir toegang tot die spesifieke kwalifikasie nie as gevolg van NWU se amptelike toegangsvereistes.*

***(2) EVL vir gevorderde status:** Vrystelling van 'n sekere vlak van 'n kursus of program op die basis van die kandidaat se ondervinding/opleiding. 'n Portefeulje en/of assessering kan gebruik word om die kandidaat vir EVL te oorweeg. Hierdie EVL handel oor vrystelling van sekere studievlakke. (Gevorderde status – gebaseer op vorige ondervinding en/of kennis, kan byvoorbeeld beteken dat die aansoeker vir die tweede jaar aanvaar word.)*

***(3) EVL vir kredietakkumulasie en -oordrag (KAO):** Toekenning van krediete vir modules of kursusse as deel van opleidingsprogramme/-kwalifikasies. Die uitkomste van modules wat suksesvol voltooi is, moet vergelyk en eenders/ekwivalent gevind word aan die uitkomste van die ooreenstemmende modules wat deur die Fakulteit voorsien word soos vereis vir EVL. Die voltooide uitkomste moet ook voldoen aan die toepaslike SAKO-vlakbeskrywings.*

'n Aangewese EVL-beampte word in die Adjunkdekaan se kantoor aangestel by elk van die drie kampusse om toesig te hou oor die EVL-proses vir beide kontak- en afstandstudente.

*Daar is 'n proses asook vorms en riglyne om 'n portefeulje saam te stel beskikbaar vir elke tipe EVL, en sal by die Fakulteit se kwaliteitshandleiding ingesluit word na goedkeuring deur die Fakulteitsraad.*Open Distance Learning Qualifications or Programmes */ Oop-Afstandsleer Kwalifikasies of Programme*

EDU.2 WHAT IS OPEN DISTANCE LEARNING (ODL)? */ WAT IS OOP-AFSTANDSLEER (OAL)?*

Open distance learning refers to a delivery mode focusing on enhanced accessibility to education and training, limiting or eliminating barriers such as time, place and pace of learning. The NWU promotes open distance learning by allowing students to register for the modules of a programme either in January or in June, offering technology-mediated instruction and examination opportunities at various learning support centres nationally and internationally, and providing student support to enhance the student learning experience. Students who study at a distance are still subject to specific admission requirements as determined by the Institutional Admissions Requirements Committee, fixed dates for the commencement of academic programmes, a minimum and maximum duration for the completion of their studies, and specific scheduled assessment opportunities. (Appendix to the General Academic Rules (A-Rules) of the NWU: Glossary of Teaching Learning-related concepts and designations)

Oop afstandsleer verwys na 'n afleweringsmodus wat op beter toeganklikheid tot onderwys en opleiding fokus en struikelblokke soos tyd, plek en tempo van leer beperk of uitskakel. Die NWU bevorder oop afstandsleer deur studente toe te laat om óf in Januarie óf in Junie vir die modules van 'n program te registreer, nasionaal en internasionaal tegnologie-gesteunde onderrig en eksamengeleenthede by verskillende leerondersteuningsentrums aan te bied, en studente-ondersteuning te verskaf om die studente se leerervaring te verbeter. Studente wat oor 'n afstand studeer, is steeds aan spesifieke toelatingsvereistes soos deur die Institusionele Toelatingsvereisteskomitee bepaal word, vaste datums vir die aanvang van akademiese programme, 'n minimum en maksimum duur vir die voltooiing van hulle studie, en spesifieke geskeduleerde assesseringsgeleenthede onderhewig. (Bylae tot die Algemene Akademiese Reëls (A-Reëls) van die NWU: Woordelys van Onderrig-Leer-verwante begrippe en benamings).

EDU.2.1 UNIT FOR OPEN DISTANCE LEARNING (UODL) */ EENHEID VIR OOP-AFSTANDSLEER (EOAL)*

The Unit for Open Distance Learning at the NWU, situated in Potchefstroom, delivers several distance programmes on behalf of the various faculties at a number of learning support centres in southern Africa.

Die Eenheid vir Oop Afstandsleer aan die NWU, geleë in Potchefstroom, lewer namens die verskillende fakulteite verskeie afstandprogramme by 'n aantal leerondersteuningsentrums in Suider-Afrika.

EDU.2.3 MATTERS TO TAKE NOTE OF REGARDING ODL STUDIES / *SAKE RAKENDE OAL-STUDIES WAARVAN KENNIS GENEEM MOET WORD*

Students need to note the following matters, and are referred to the applicable yearbook:

i. Some qualifications delivered in the distance mode allow students to register twice a year for studies, this does not apply to BEd.
ii. Each programme has a minimum and a maximum study duration for completing the programme.
iii. Students have a number of assessment opportunities (examinations) during a study period and all modules can be written at each assessment opportunity (first and/or second opportunity) should the student qualify to write examination.
iv. Students do not have a second examination opportunity directly after the first attempt. If they fail the first attempt (e.g. in June/July), they can write the failed module during the next examination opportunity (e.g. in October/November). A valid participation mark will give the student access to two examination opportunities, where after a student must generate a new participation mark.
v. Contact classes are mainly presented by means of interactive white boards at the learning support centres in southern Africa, supported by facilitators. Lecturers can also be contacted via email. All modules presented by means of interactive white boards are stored on the internet for students to access at a later stage.
vi. Students are supported by means of a call centre, social media (Facebook) and contact with lecturers and facilitators.

vii. Examinations are written at several examination centres throughout southern Africa, but the NWU can request students to write a specific module (e.g. Computer Science) at the campus in Potchefstroom, where the Unit for Open Distance Learning is situated.

viii. **Unsatisfactory academic performance:** A student whose academic performance is found to be unsatisfactory will receive a formal written warning from the relevant director. If subsequent progress is still not satisfactory, the student may be dealt with in terms of A-Rule 1.18 and sub-paragraphs.

ix. **Termination of studies of ODL students:** The minimum and maximum duration of study for the various qualifications is indicated in the calendar and in the information booklets for these qualifications. One year before the maximum duration of study is exceeded and a student's studies are finally terminated, such a student will receive a warning letter to inform him/her of the two final examination opportunities to pass all outstanding modules. Should such a student still have modules outstanding after these examination opportunities, the studies of such a student must be terminated in terms of A-Rule 1.18.

Only in exceptional cases and then on the grounds of irrefutable evidence will the Executive Director: UODL and the Executive Dean of the Faculty of Education consider a request for continuation of studies from a student whose studies have been terminated. Should such an application be successful, the student will be afforded only one examination opportunity to complete all outstanding modules.

Studente moet op die volgende sake let, en word na die toepaslike jaarboek verwys:

i. Sommige kwalifikasies wat in die afstandsmodus gelewer word, laat studente toe om twee keer per jaar vir studies te registreer, dit geld nie vir BEd nie.

ii. Elke program het 'n minimum en 'n maksimum studieduur om die program te voltooi.

iii. Studente het 'n aantal assesseringsgeleenthede (eksamens) tydens 'n studietydperk en alle modules kan by elke assesseringsgeleentheid geskryf word. (eerste en/of tweede eksamengeleenthede) sou die student kwalifiseer om eksamen te skryf.

iv. Studente het nie 'n tweede eksamengeleentheid direk na die eerste poging nie. Indien hulle die eerste poging druip (byvoorbeeld in Junie), kan hulle die betrokke module tydens die volgende eksamengeleentheid (byvoorbeeld in November) skryf. 'n Geldige deelnamepunt sal aan die student toegang tot twee eksamengeleenthede gee, waarna die student 'n nuwe deelnamepunt moet verwerf.

v. Kontakklasse word hoofsaaklik met die ondersteuning van fasiliteerders deur middel van interaktiewe witborde by die leerondersteuningsentrums in Suider-Afrika aangebied. Dosente kan ook per e-pos gekontak word. Alle modules wat deur middel van interaktiewe witborde aangebied word, word op die internet gestoor vir studente om later te gebruik.

vi. Studente word deur middel van 'n inbelsentrum, sosiale media (Facebook) en kontak met dosente en fasiliteerders ondersteun.

vii. Eksamens word by verskillende eksamensentrums regoor Suider-Afrika geskryf, maar die NWU kan studente versoek om 'n spesifieke module (byvoorbeeld Rekenaarwetenskap) op die kampus in Potchefstroom, waar die Eenheid vir Oop Afstandsleer geleë is, te skryf.

*viii. **Onbevredigende akademiese prestasie:** 'n Student wie se akademiese prestasie nie bevredigend is nie, sal 'n formele, skriftelike waarskuwing van die betrokke direkteur ontvang. Indien vordering daarna nie bevredigend is nie, kan daar ingevolge A-Reël 1.18 en subparagrawe teen die student opgetree word.*

*ix. **Beëindiging van OAL-studente se studies:** Die minimum en maksimum studieduur van die onderskeie kwalifikasies word in die jaarboek en in die inligtingsboekies vir hierdie kwalifikasies aangedui. Een jaar voordat die maksimum studieduur oorskry word en 'n student se studie finaal beëindig word, sal so 'n student 'n waarskuwingsbrief ontvang om hom/haar in kennis te stel van die twee finale eksamengeleenthede om alle uitstaande modules te slaag. Indien so 'n student na hierdie eksamengeleenthede steeds uitstaande modules het, moet so 'n student se studie ingevolge A-Reël 1.18 beëindig word.*

Slegs in buitengewone gevalle en dan op grond van onweerlegbare bewyse sal die Uitvoerende Direkteur: EOAL en die Uitvoerende Dekaan van die Fakulteit Opvoedkunde 'n versoek oorweeg van 'n student wie se studie beëindig is om sy/haar studie voort te sit. Indien so 'n aansoek slaag, sal die student slegs een eksamengeleentheid gegee word om alle uitstaande modules te voltooi.

EDU.3 RULES FOR THE DEGREE BACHELOR OF EDUCATION / *REËLS VIR DIE GRAAD BACCALAUREUS EDUCATIONIS*

EDU.3.1 PURPOSE AND RATIONALE OF THE QUALIFICATION */ DOEL EN RASIONAAL VAN DIE KWALIFIKASIE*

The BEd degree is an initial education qualification for candidates who wish to register as qualified professional teachers. The qualification is intended for candidates who wish to obtain a focused Education degree with a well-grounded basis of subject knowledge and knowledge regarding professional practice.

Die BEd-graad is 'n eerste onderwyskwalifikasie vir kandidate wat as ten volle gekwalifiseerde professionele onderwysers/esse wil registreer. Die kwalifikasie is bedoel vir kandidate wat 'n gefokusde Onderwysgraad met 'n sterk gegronde basis van vakkennis en professionele praktykkennis wil verwerf.

EDU.3.1.1 Admission Requirements for the Qualification / *Toelatingsvereistes vir die Kwalifikasie*

General admission requirements */ Algemene toelatingsvereistes*

- A National Senior Certificate must be obtained and the minimum statutory requirements for admission to a Bachelor's degree.
  Moet 'n Nasionale Senior Sertifikaat verwerf en voldoen aan die minimum statutêre vereistes vir toelating tot 'n Baccalaureusgraad.

1. The minimum APS-score is 24. Students may be required to write an admission exam. Students with an APS score higher than 24, who do not have a degree endorsement (exemption), may be considered for admittance after successfully completing a Senate-approved admission test. A student who achieves one APS scale points less than required for a specific study course, may at the discretion of the Senate be admitted conditionally to a particular field of study. Such a student must prove by successful completion of a Senate-approved admission examination, registered with the Matriculation Board that he/she has the ability to be admitted to university studies. A student who obtains Discretionary Exemption may be admitted to certain study programmes on certain conditions.
   Die minimum APS-telling is 24. Studente met 'n APS-telling hoër as 24, wat nie 'n graad-endossement (vrystelling) het nie, kan vir toelating oorweeg word nadat hulle 'n Senaat-goedgekeurde toelatingstoets suksesvol voltooi het. 'n Student wat een APS-skaalpunt minder behaal as wat vereis word vir 'n bepaalde studierigting, kan op grond van die diskresie van die Senaat voorwaardelik tot 'n bepaalde studierigting toegelaat word. So 'n student sal deur die suksesvolle aflegging van 'n Senaatsgoedgekeurde Toelatingseksamen wat by die Matrikulasieraad geregistreer is, moet bewys dat hy/sy oor die vermoë beskik om tot universiteitstudies toegelaat te word. 'n Student wat voorwaardelike vrystelling verwerf, kan onder bepaalde voorwaardes tot sekere studieprogramme toegelaat word.

Specific requirements */ Spesifieke vereistes*

- Basic computer literacy.
  Basiese rekenaargeletterdheid.
- Language requirements: A minimum pass level 4 (50%-59%) is compulsory for the languages offered at Home Language and First Additional Language levels. Phase-specific language requirements are applicable for languages as specialisation.
  Taalvereistes: 'n Minimum slaagsyfer vlak 4 (50%-59%) is verplig vir die tale wat op Huistaal en Eerste Addisionele Taal vlak aangebied word. Fase-spesifieke taalvereistes is van toepassing op tale as spesialisering.
- Access to internet.
  Toegang tot die internet.
- It is compulsory to attend all contact sessions.
  Dit is verpligtend om alle kontaksessies by te woon.
- It is compulsory to obtain the necessary technology such as a computer and/or tablet and mobile phone that meet the minimum specifications of the NWU namely: Wi-Fi enabled, one of the operating systems Windows, Android or Apple, 3G enabled (preferable) and 32 Gig (preferable).
  Dit is verpligtend om die nodige tegnologie te bekom, soos 'n rekenaar en / of tablet en selfoon wat aan die minimum spesifikasies van die NWU, naamlik: WiFi-geaktiveer, een van die bedryfstelsels Windows, Android of Apple, 3G-geaktiveer (verkieslik) en 32 Gig (verkieslik).
- Due to practical requirements in some of the modules, vacation school attendance may be required for distance learning students enrolled for the Foundation- and Intermediate phase programmes.
  As gevolg van praktiese vereistes in sommige van die modules, kan vakansieskool-bywoning vereis word vir afstandstudente wat ingeskryf is vir die Grondslag- en Intermediêrefase-programme.
- Vacation school attendance is also compulsory for distance learning students enrolled for the Senior and Further Education and Training phase programmes that specialises in Life science, Physical science or Geography.
  Vakansieskool-bywoning is ook verpligtend vir afstandstudente wat ingeskryf is vir die Senior en Verdere Onderwys en Opleidingsfase programme wat spesialiseer in Lewenswetenskap, Fisiese Wetenskap of Geografie.
- Costing of the vacations schools is the responsibility of the students.
  Koste van vakansieskole is die studente se verantwoordelikheid.

Calculating the APS-score */ Berekening van APS-telling*

1. The results obtained in six 20 credit NSC subjects, are used to determine the APS-score.
   Die prestasie behaal in ses 20 krediet NSS-vakke, word gebruik om die APS-telling te bereken.
2. The achievement obtained in Life Orientation (LO) will not be rated in computing the APS-score. An achievement level of 5 or higher in LO will be regarded as a recommendation for admission in boundary cases and admission to certain programmes.
   Die APS-punt wat vir Lewensoriëntering (LO) behaal is, word nie in berekening gebring by die berekening van die APS-telling nie. 'n APS-punt wat in LO behaal is op skaal 5 of hoër, sal alleenlik in aanmerking geneem word by die oorweging van grensgevalle of as aanbeveling vir toelating tot bepaalde programme.

EDU.3.1.2 Duration of Study / *Duur van Studie*

The minimum duration of study for this degree is four years and the maximum duration is six years for contact students and eight years for distance students (General Academic Rule 1.14).
Die minimum duur van studie vir hierdie graad is vier jaar en die maksimum tydsduur vir die voltooiing van die graad vir kontakstudente is ses jaar en vir afstandstudente is dit agt jaar (Algemene Akademiese Reël 1.14).

EDU.3.1.3 Extension of Period of Study / *Verlenging van Studietydperk*

A student who does not expect to complete a programme within the maximum duration allowed for the study, must submit an application to the executive dean concerned before the end of the penultimate academic year, to request an extension of period of study (General Academic Rule 1.17).
'n Student wat nie verwag om 'n program te voltooi binne die maksimum duur wat vir die studie toegelaat word nie, moet voor die einde van die voorlaaste akademiese jaar 'n aansoek by die betrokke uitvoerende dekaan indien om 'n verlenging van die studietydperk te versoek (Algemene Akademiese Reël 1.17).

EDU.3.1.4 Language Competency / *Taalbevoegdheid*

All students must obtain at least two language endorsements. Students will obtain an English LoLT (Language of Learning and Teaching) endorsement based on the compulsory English modules. **Foundation phase** and **Intermediate phase** students will obtain a second LoLT endorsement based on the language completed at Home Language (HL) or First Additional Language (FAL) level. **Senior and FET phase** students will obtain a second LoLT endorsement based on the HL or FAL, other than English, completed in Grade 12. Endorsement for LoCC (Conversational Competence) is awarded based on the compulsory LoCC module passed in the first year of study.
*Alle studente moet ten minste twee taalendossemente verwerf. Studente sal 'n Engelse LoLT-endossement (Onderrig-leertaal) op grond van die verpligte Engelse modules ontvang. **Grondslagfase en Intermediêrefase** studente sal 'n tweede LoLT-endossement op grond van die taal voltooi op Huistaal- (HT) of Eerste Addisionele Taal-vlak (EAT), verwerf. **Senior en VOO-fase** studente sal 'n tweede LoLT-endossement op grond van die HT of EAT, anders as Engels in Graad 12 voltooi, verwerf. Endossement vir LoCC (Gesprekskommunikasiebevoegdheid) word toegeken op grond van die verpligte LoCC module geslaag in die eerste studiejaar.*

EDU.3.1.5 Work Integrated Learning / *Werkgeïntegreerde Leer*

All students (first to fourth year) must do six weeks (three weeks in each semester) of Work Integrated Learning per year relevant to their registered phase at an approved school of their choice (/as prescribed by the faculty). The study year determines compulsory placing in a specific grade.
Work integrated learning involves Additional Financial costs that must be borne by the students. These costs are not included in the tuition fees.
Alle studente (eerste tot vierde jaar) moet ses weke (drie weke in elke semester) van Werkgeïntegreerde Leer per jaar, wat relevant is vir hul geregistreerde fase, by 'n goedgekeurde skool van hul keuse doen (/soos voorgeskryf deur die fakulteit). Die studiejaar bepaal verpligte plasing in 'n spesifieke graad.
Werkgeïntegreerde leer behels addisionele finansiële koste wat deur die studente gedra moet word. Hierdie koste word nie ingesluit by die klasgeld nie.

EDU.3.1.6 Language Policy in the Faculty of Education (Programme Specific) / *Taalbeleid in die Fakulteit Opvoedkunde (Programspesifiek)*

Programme offerings are subject to the Language Policy of the NWU. The Language Policy of the NWU is available at the following web address: http://www.nwu.ac.za/content/policy_rules.

EDU.3.3 COMPILATION OF QUALIFICATION: BEd FOUNDATION PHASE / *SAMESTELLING VAN KWALIFIKASIE: BEd GRONDSLAGFASE*

This qualification is directed at training educators from Grade R to Grade 3. SAQA number: 96365. For information on the previous BEd Foundation phase programme (phasing out since 2016), please view the 2016 BEd yearbook at http://www.nwu.ac.za/yearbooks.

Hierdie kwalifikasie is gerig op die opleiding van opvoeders vir Graad R tot Graad 3. SAKO nommer: 96365. Vir inligting oor die vorige BEd Grondslagfaseprogram (faseer uit sedert 2016), raadpleeg asseblief die 2016 Jaarboek beskikbaar by: http://www.nwu.ac.za/af/jaarboeke.

EDU.3.3.1 Programme Outcomes / *Programuitkomste*

The students of the Foundation Phase are expected to:

Daar word van Grondslagfase-studente verwag om:

- Solve problems, particularly those pertaining educational matters, through critical and creative thinking.
  Deur kritiese en kreatiewe denke, veral op die gebied van opvoedkundige sake, probleme op te los.
- Work effectively (in a team) with other teachers, with parents, community members and all other stakeholders regarding education.
  Effektief (in 'n span) saam met ander onderwysers, met ouers, gemeenskapslede en alle ander belanghebbendes rakende onderwys, te werk.
- Organize and manage their classrooms and their time regarding school work and extra-mural activities responsibly and effectively.
  Hul klaskamers en hul tyd, met betrekking tot skoolwerk en buitemuurse aktiwiteite, verantwoordelik en effektief te organiseer en te bestuur.
- Display a frame of mind that is inclined to research, thus to collect, analyse, organise and critically evaluate information regarding educational matters.
  'n Navorsingsingesteldheid te toon, dus om inligting rakende opvoedkundige aangeleenthede te versamel, analiseer, organiseer en krities te evalueer.
- Demonstrate effective communication skills, both outside the classroom and in, by, among others, making use of the best educational technology at their disposal.
  Effektiewe kommunikasievaardighede, beide binne en buite die klaskamer te demonstreer deur, onder andere, gebruik te maak van die beste opvoedkundige tegnologie tot hul beskikking.
- Demonstrate understanding that the world in general and the world of education consist of a set of related systems (education authorities, school management, teachers, learners, parents, and other community members) by taking all the stakeholders concerned into account, when solving a problem.
  Begrip dat die wêreld in die algemeen en die wêreld van onderwys uit 'n stel verwante stelsels (onderwysowerhede, skoolbestuur, onderwysers, leerders, ouers en ander lede van die gemeenskap) bestaan, demonstreer deur al die betrokke belanghebbendes in ag te neem wanneer hulle probleme op los.
- Develop learners' entrepreneurial skills by giving them as many opportunities as possible to practice these skills.
  Leerders se entrepreneursvaardighede te ontwikkel, deur hulle soveel moontlik geleenthede te bied om hierdie vaardighede te oefen.

EDU.3.4 COMPILATION OF QUALIFICATION: BEd INTERMEDIATE PHASE / *SAMESTELLING VAN KWALIFIKASIE: BEd INTERMEDIÊREFASE*

This qualification is directed at training educators from Grade 4 up to Grade 6. SAQA number: 98923. For information on the previous BEd Intermediate and Senior phase programme (phasing out since 2016) please view the 2016 BEd yearbook at http://www.nwu.ac.za/yearbooks.

Hierdie kwalifikasie is gerig op die opleiding van opvoeders wat vanaf Graad 4 tot 6. SAKO nommer: 98923. Vir inligting oor die vorige BEd Intermediêr- en Seniorfaseprogram (faseer uit sedert 2016), raadpleeg asseblief die 2016 Jaarboek beskikbaar by: http://www.nwu.ac.za/af/jaarboeke.

EDU.3.4.1 Programme Outcomes / *Programuitkomste*

The students of the Intermediate phase are expected to:

Daar word van Intermediêrefase-studente verwag om:

- Solve problems, particularly those pertaining educational matters, through critical and creative thinking.
  Deur kritiese en kreatiewe denke, veral op die gebied van opvoedkundige sake, probleme op te los.
- Work effectively (in a team) with other teachers, with parents, community members and all other stakeholders regarding education.
  Effektief (in 'n span) saam met ander onderwysers, met ouers, gemeenskapslede en alle ander belanghebbendes rakende onderwys, te werk.
- Organize and manage their classrooms and their time regarding school work and extra-mural activities responsibly and effectively.
  Hul klaskamers en hul tyd, met betrekking tot skoolwerk en buitemuurse aktiwiteite, verantwoordelik en effektief te organiseer en te bestuur.
- Display a frame of mind that is inclined to research, thus to collect, analyse, organise and critically evaluate information regarding educational matters.
  'n Navorsingsingesteldheid te toon, dus om inligting rakende opvoedkundige aangeleenthede te versamel, analiseer, organiseer en krities te evalueer.
- Demonstrate effective communication skills, both outside the classroom and in, by, among others, making use of the best educational technology at their disposal.
  Effektiewe kommunikasievaardighede, beide binne en buite die klaskamer te demonstreer deur, onder andere, gebruik te maak van die beste opvoedkundige tegnologie tot hul beskikking.
- Demonstrate understanding that the world in general and the world of education consist of a set of related systems (education authorities, school management, teachers, learners, parents, and other community members) by taking all the stakeholders concerned into account, when solving a problem.
  Begrip dat die wêreld in die algemeen en die wêreld van onderwys uit 'n stel verwante stelsels (onderwysowerhede, skoolbestuur, onderwysers, leerders, ouers en ander lede van die gemeenskap) bestaan, demonstreer deur al die betrokke belanghebbendes in ag te neem wanneer hulle probleme op los.
- Develop learners' entrepreneurial skills by giving them as many opportunities as possible to practice these skills.
  Leerders se entrepreneursvaardighede te ontwikkel, deur hulle soveel moontlik geleenthede te bied om hierdie vaardighede te oefen.

EDU.3.4.2 Presentation of the Programmes / *Aanbieding van Programme*

Programmes and subjects following below will only be presented in a specific year if a minimum of ten students register for the specific programme/subject.

Programme en vakke wat hierna volg sal alleenlik in 'n bepaalde jaar aangebied word indien 'n minimum van tien studente vir die bepaalde program/vak registreer.

This qualification is directed at training educators from Grade 7 up to Grade 12. SAQA number: 97262. For information on the previous BEd Senior and FET phase programme (phasing out since 2016) please view the 2016 BEd yearbook at http://www.nwu.ac.za/yearbooks.

Hierdie kwalifikasie is gerig op die opleiding van opvoeders wat vanaf Graad 7 tot 12. SAKO nommer: 98923. Vir inligting oor die vorige BEd Senior- en VOO-fase program (faseer uit sedert 2016), raadpleeg asseblief die 2016 Jaarboek beskikbaar by: http://www.nwu.ac.za/af/jaarboeke.

EDU.3.5.1 Programme Outcomes / *Programuitkomste*

The students of the Senior and Further Education and Training phase are expected to:

Daar word van Senior- en Verdere Onderwys en Opleidingfase-studente verwag om:

- Solve problems, particularly those pertaining educational matters, through critical and creative thinking.
  Deur kritiese en kreatiewe denke, veral op die gebied van opvoedkundige sake, probleme op te los.
- Work effectively (in a team) with other teachers, with parents, community members and all other stakeholders regarding education.
  Effektief (in 'n span) saam met ander onderwysers, met ouers, gemeenskapslede en alle ander belanghebbendes rakende onderwys, te werk.
- Organize and manage their classrooms and their time regarding school work and extra-mural activities responsibly and effectively.
  Hul klaskamers en hul tyd, met betrekking tot skoolwerk en buitemuurse aktiwiteite, verantwoordelik en effektief te organiseer en te bestuur.
- Display a frame of mind that is inclined to research, thus to collect, analyse, organise and critically evaluate information regarding educational matters.
  'n Navorsingsingesteldheid te toon, dus om inligting rakende opvoedkundige aangeleenthede te versamel, analiseer, organiseer en krities te evalueer.
- Demonstrate effective communication skills, both outside the classroom and in, by, among others, making use of the best educational technology at their disposal.
  Effektiewe kommunikasievaardighede, beide binne en buite die klaskamer te demonstreer deur, onder andere, gebruik te maak van die beste opvoedkundige tegnologie tot hul beskikking.
- Demonstrate understanding that the world in general and the world of education consist of a set of related systems (education authorities, school management, teachers, learners, parents, and other community members) by taking all the stakeholders concerned into account, when solving a problem.
  Begrip dat die wêreld in die algemeen en die wêreld van onderwys uit 'n stel verwante stelsels (onderwysowerhede, skoolbestuur, onderwysers, leerders, ouers en ander lede van die gemeenskap) bestaan, demonstreer deur al die betrokke belanghebbendes in ag te neem wanneer hulle probleme op los.
- Develop learners' entrepreneurial skills by giving them as many opportunities as possible to practice these skills.
  Leerders se entrepreneursvaardighede te ontwikkel, deur hulle soveel moontlik geleenthede te bied om hierdie vaardighede te oefen.

EDU.3.6 MODULE OUTCOMES / *MODULE-UITKOMSTE*

Module code / *Modulekode*: **ACCE112**	Semester 1	NQF-level / *NKR-vlak*: 5

Title: Accounting for Education: Application of Accounting Systems
Titel: Onderwysrekeningkunde: Toepassing van Rekeningkundige Stelsels

On completion of this module the student should be able to demonstrate*:*

- an informed understanding of the purpose and function of Accounting;
- the ability to identify and analyse the elements of an accounting system in the reconciliation of Bank and control accounts for the use according to due procedures and processes in the Accounting system and to demonstrate accuracy in all calculations;
- the ability to behave ethically, to remain well-motivated and value-driven in all operational circumstances and in all forms of communication, written and verbal and to demonstrate accountability;
- the ability to select information and combine his/her theoretical knowledge with practical application and to develop the necessary presentation skills using appropriate technologies according to generally accepted accounting practice (GAAP) together with the ability to represent this to the learners in his/her own classroom; and
- application of the systematic knowledge regarding lesson planning and problem-solving that reflects the basic Accounting procedures and processes.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige begrip van die doel en funksie van Rekeningkunde;*
- *die vermoë om elemente van 'n rekeningkundige stelsel in die versoening van bank- en kontrolerekeninge, vir die gebruik volgens prosedures en prosesse in die rekeningkundige stelsel te kan identifiseer en te analiseer, en om akkuraatheid in alle berekeninge te kan demonstreer;*
- *die vermoë om eties op te tree, selfgemotiveerd en waarde-gedrewe te bly onder alle bedryfsomstandighede en om in alle vorme van kommunikasie, skriftelik en mondelings, verantwoordbaarheid te kan demonstreer;*
- *die vermoë om inligting vanuit sy/haar teoretiese kennis te kan selekteer en met praktiese toepassings te kan kombineer, en om die nodige aanbiedingsvaardighede volgens algemeen aanvaarde rekeningkundige praktyk (GAAP) te kan ontwikkel, met inbegrip van die vermoë om dit aan leerders in sy/haar klaskamer te kan voordra; en*
- *toepassing van die sistematiese kennis aangaande lesbeplanning en probleemoplossing wat die basiese rekeningkundige prosedures en prosesse weerspieël reflekteer.*

Title: Accounting for Education: Financial Reporting – Sole Proprietor
Titel: Onderwysrekeningkunde: Finansiële Verslagdoening – Alleeneienaar

On completion of this module the student should be able to demonstrate*:*

- display a knowledge of financial reporting by designing an accounting system in accordance with the needs of a specific application/approach to an accounting practice;
- collect, analyse, present, report and interpret the linked elements of an accounting system/practice such as the trial balances, settlements, final accounts, ten column work sheets, financial statements and ratios in principle with theoretical basis, the use of procedures and processes in practice-related examples/situations;
- behave ethically and to remain self-motivated and value-driven in all operational circumstances and forms of communication, written and verbal and to demonstrate accountability;
- select information and combine this with his / her theoretical knowledge in practical application and to develop the necessary presentation skills using appropriate technologies according to general accepted accounting practice (GAAP) and to represent this to the learners in his/her own classroom; and
- apply systematic knowledge regarding lesson planning and problem-solving that reflects basic Accounting procedures and processes.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis aangaande finansiële verslagdoening te kan demonstreer deur 'n rekeningkundige stelsel in ooreenstemming met die behoeftes van 'n spesifieke toepassing/benadering tot 'n rekeningkundige praktyk te kan ontwerp;*
- *die verbandhoudende elemente van 'n rekeningkundige stelsel/praktyk, soos proefbalanse, skikkings, finale rekeninge, tienkolomwerkstate, finansiële state en ratio's op prinsiep van die teoretiese grondslag, en die gebruik van prosedures en prosesse binne praktykverwante voorbeelde/kontekste te kan insamel, analiseer, aanbied en interpreteer;*
- *eties te kan optree en self-gemotiveerd en waarde-gedrewe te kan bly onder alle bedryfsomstandighede en in alle vorme van kommunikasie, skriftelik en mondelings, en om verantwoordbaarheid te kan demonstreer;*
- *inligting vanuit sy/haar teoretiese kennis te kan selekteer en dit met praktiese toepassings te kan kombineer, en om die nodige aanbiedingsvaardighede en toepaslike tegnologieë volgens algemeen aanvaarde rekeningkundige praktyk (AARP) te kan gebruik, en dit aan leerders in sy/haar klaskamer te kan oordra; en*
- *die sistematiese kennis aangaande lesbeplanning en probleemoplossing wat die basiese rekeningkundige prosedures en prosesse reflekteer, te kan toepas.*

Title: Accounting for Education: Manufacturing, Non-Trading Enterprises and Budgets
Titel: Onderwysrekeningkunde: Vervaardiging, Nie-Handeldrywende Ondernemings en Begrotings

On completion of this module the student should be able to demonstrate*:*

- a detailed knowledge of manufacturing, non-profit organizations (sport clubs) and budgets by designing an accounting system to cater for the needs of a specific application/approach to accounting practice;
- the ability to analyse critically, evaluate and interpret the linked elements of an accounting system/practice such as the manufacturing and non-trading businesses (sport clubs); interpret financial data for budgets formulated on a sound theoretical basis, the use of correct procedures and formats in practically related examples/situations;
- behaviour that is ethically motivated and value-driven in all operational circumstances, in all forms of communication, written and verbal and in every way to demonstrate accountability;

- the ability to select information and to direct his / her theoretical knowledge into practical application and to develop the necessary presentation skills using appropriate technologies according to general accepted accounting practice (GAAP) and to communicate this accurately to the learners in his/her own classroom; and
- application of the systematic knowledge regarding lesson planning and problem solving that reflect basic Accounting procedures and processes.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis aangaande vervaardiging, nie-winsgewende organisasies (sportklubs) en begrotings deur 'n rekeningkundige stelsel te kan ontwerp wat in die behoeftes van 'n spesifieke toepassing/benadering tot 'n rekeningkundige praktyk kan voorsien;*
- *die vermoë om die verbandhoudende elemente van 'n rekeningkundige stelsel/praktyk, soos die vervaardiging en nie-handeldrywende ondernemings (sportklubs), finansiële data vir begrotings wat volgens 'n kerngesonde teoretiese grondslag geformuleer is, en die gebruik van korrekte prosedures en formate binne praktykverwante voorbeelde/kontekste krities te kan evalueer en interpreteer;*
- *eties-gemotiveerde en waarde-gedrewe optrede onder alle bedryfsomstandighede en in alle vorme van kommunikasie, skriftelik en mondelings, en op elke wyse verantwoordbaarheid te kan demonstreer;*
- *die vermoë om inligting vanuit sy/haar teoretiese kennis te kan selekteer en dit te kan fokus op praktiese toepassings, en om die nodige aanbiedingsvaardighede en toepaslike tegnologieë volgens algemeen aanvaarde rekeningkundige praktyk (AARP) te gebruik, en dit akkuraat aan leerders in sy/haar klaskamer te kan oor dra; en*
- *die toepassing van sistematiese kennis aangaande lesbeplanning en probleemoplossing wat die basiese rekeningkundige prosedures en prosesse reflekteer.*

Title: Accounting for Education: Close Corporations and Companies
Titel: Onderwysrekeningkunde: Beslote Korporasies en Maatskappye

On completion of this module the student should be able to demonstrate*:*

- display integrated knowledge of close corporations and companies by designing an accounting system according to the needs of a specific application/approach to an accounting practice;
- analyse, interpret and translate the linked elements of an accounting system/practice such as accounting entries in the various books (journals, ledgers) regarding close corporations and companies as business forms, closed accounts and financial year-end statements based on sound theoretical bases, and the use of procedures and processes in practically related examples/situations;
- present and/or communicate financial information effectively by using generally accepted accounting practice in line with current developments and legislation;
- behave ethically and to remain self-motivated and value-driven in all operational circumstances and forms of communication, written and verbal and to demonstrate accountability;
- select information and to combine this with his / her theoretical knowledge in practical applications and to develop the necessary presentation skills using appropriate technologies according to general accepted accounting practice (GAAP) to represent this to the learners in his/her own classroom; and
- apply systematic knowledge to lesson planning and problem-solving that reflects basic Accounting procedures and processes.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis aangaande beslote korporasies en maatskappye te kan demonstreer deur 'n rekeningkundige stelsel volgens die behoeftes van 'n spesifieke toepassing/benadering tot 'n rekeningkundige praktyk te kan ontwerp;*
- *die verbandhoudende elemente van 'n rekeningkundige stelsel/praktyk, soos rekeningkundige inskrywings in die verskeie boeke (joernale, grootboeke) met betrekking tot beslote korporasies en maatskappye as besigheidsvorme, geslote rekeninge en finansiële eindjaarstate op grond van kerngesonde teoretiese grondslae, en die gebruik van prosedures en prosesse in praktykverwante voorbeelde/kontekste te kan analiseer, interpreteer en in verband bring;*
- *finansiële inligting doeltreffend te kan kommunikeer deur algemeen aanvaarde rekeningkundige praktyk met huidige ontwikkelinge en wetgewing te kan belyn;*
- *eties te kan optree en self-gemotiveerd en waarde-gedrewe te kan bly onder alle bedryfsomstandighede en in alle vorme van kommunikasie, skriftelik en mondelings, en om verantwoordbaarheid te kan demonstreer;*
- *inligting vanuit sy/haar teoretiese kennis te kan selekteer en dit met praktiese toepassings te kan kombineer, en om die nodige aanbiedingsvaardighede en toepaslike tegnologieë volgens algemeen aanvaarde rekeningkundige praktyk (AARP) te kan gebruik, en dit aan leerders in sy/haar klaskamer te kan oordra; en*

Title: Accounting for Education: Financial Statements and Budgets
Titel: Onderwysrekeningkunde: Finansiële State en Begrotings

On completion of this module the student should be able to demonstrate:

- display an integrated knowledge of the financial statements of companies and budgets by designing an accounting system according to the needs of a specific application/approach to an accounting practice;
- analyse, interpret, define as well as indicate and interpret the functions of the financial statements from the linked elements of an accounting system/practice such as cash flow statement and cash budgeting of Companies observing the correct theoretical bases, and using correct procedures and processes, conventions and format in practically related examples/situations;
- present and/or communicate financial information effectively by using generally accepted accounting practice in line with current developments and legislation;
- behave ethically and to remain self-motivated and value-driven in all operational circumstances and in all forms of communication, written and verbal and to demonstrate accountability;
- select information and to combine this with his/her theoretical knowledge made manifest in practical application and to develop the necessary presentation skills using appropriate technologies according to general accepted accounting practice (GAAP) and to represent this to the learners in his/her own classroom; and
- apply systematic knowledge regarding lesson planning and problem-solving that reflects the basic Accounting procedures and processes.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis aangaande die finansiële state en begrotings van maatskappye te kan demonstreer deur 'n rekeningkundige stelsel volgens die behoeftes van 'n spesifieke toepassing/benadering tot 'n rekeningkundige praktyk te kan ontwerp;*
- *die funksies van die finansiële state vanuit die verbandhoudende elemente van 'n rekeningkundige stelsel/praktyk, soos kontantvloeistate en kontantbegrotings van maatskappye, met inagneming van die korrekte teoretiese grondslae, en die gebruik van korrekte prosedures en prosesse, konvensies en formate binne praktykverwante voorbeelde/kontekste te kan analiseer, interpreteer, definieer, sowel as aandui;*
- *finansiële inligting doeltreffend te kan aanbied en kommunikeer deur algemeen aanvaarde rekeningkundige praktyk met huidige ontwikkelinge en wetgewing te kan belyn;*
- *eties te kan optree en self-gemotiveerd en waarde-gedrewe te kan bly onder alle bedryfsomstandighede en in alle vorme van kommunikasie, skriftelik en mondelings, en om verantwoordbaarheid te kan demonstreer;*
- *inligting vanuit sy/haar teoretiese kennis te kan selekteer en dit te kan kombineer soos dit in die praktyk na vore kom, en om die nodige aanbiedingsvaardighede en toepaslike tegnologieë volgens algemeen aanvaarde rekeningkundige praktyk (AARP) te kan gebruik, en dit aan leerders in sy/haar klaskamer te kan oordra; en*

Title: Accounting for Education: Correction of Errors and Incomplete Records, Ethics, Internal Control and Auditing
Titel: Onderwysrekeningkunde: Regstelling van Foute en Onvolledige Rekords, Etiek, Interne Beheer en Ouditering

On completion of this module the student should be able to demonstrate*:*

- display a systematic knowledge of the correction of errors and conversion of incomplete records, ethics, internal control and auditing by designing an accounting system in accordance with the needs of a specific application/approach to an accounting practice by using correct procedures and formats in practically-related examples/situations;
- analyse, interpret, define as well as indicate and interpret the functions of the final statements from the linked elements of an accounting system/practice such as preparation of accounting books and statements from incomplete information or incomplete records;
- present and/or communicate financial information effectively by using generally accepted accounting practice in line with current developments and legislation, internal control and auditing;
- behave ethically and to remain self-motivated and value-driven in all operational circumstances and forms of communication, written and verbal and to demonstrate accountability;
- select information and to combine this with his / her theoretical knowledge in practical application and to develop the necessary presentation skills using appropriate technologies according to general accepted accounting practice (GAAP) and to represent this to the learners in his/her own classroom; and

- apply systematic knowledge regarding lesson planning and problem-solving that reflects the basic Accounting procedures and processes.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *sistematiese kennis aangaande die regstelling van foute en omskakeling van onvolledige rekords, etiek, interne beheer en ouditering te kan demonstreer deur die korrekte prosedures en formate van praktykverwante voorbeelde/kontekste te kan gebruik om 'n rekeningkundige stelsel volgens die behoeftes van 'n spesifieke toepassing/benadering tot 'n rekeningkundige praktyk te kan ontwerp;*
- *die funksies van die finansiële state vanuit die verbandhoudende elemente van 'n rekeningkundige stelsel/praktyk, soos die voorbereiding van rekeningkundige boeke en state van onvolledige inligting of onvolledige rekords, te kan analiseer, interpreteer, definieer, asook aandui;*
- *finansiële inligting doeltreffend te kan aanbied en/of kommunikeer deur algemeen aanvaarde rekeningkundige praktyk met huidige ontwikkelinge en wetgewing, interne beheer en ouditering te kan belyn;*

Title: Accounting for Education: Branch Accounts and Computer Usage in Accounting

Titel: Onderwysrekeningkunde: Takrekeninge en Rekenaargebruik in Rekeningkunde

On completion of this module the student should be able to demonstrate*:*

- demonstrate a systematic knowledge of a computerised accounting system in accordance with the needs of a specific application/approach to an accounting practice by using correct procedures and formats in practically-related examples/situations;
- analyse, interpret, define as well as indicate and interpret the functions of the final statements from the linked elements of accounting system/practice in a computerised system;
- deal with unknown concrete and abstract problems by means of research and information-acquisition skills, to obtain information and to integrate this as a whole to form part of a solution and to communicate this to a lay or professional audience by making use of the appropriate computer technology;
- present and/or communicate financial information effectively by using generally accepted accounting practice in line with current developments and legislation; internal control and auditing;
- behave ethically and to remain self-motivated and value-driven in all operational circumstances and forms of communication, written and verbal and to demonstrate accountability; and
- select information and to combine this with his / her theoretical knowledge in practical application and to develop the necessary presentation skills using appropriate technologies according to generally accepted accounting practice (GAAP) and to represent this to the learners in his/her own classroom.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *sistematiese kennis aangaande 'n gerekenariseerde rekeningkundige stelsel volgens die behoeftes van 'n spesifieke toepassing/benadering tot 'n rekeningkundige praktyk deur die korrekte prosedures en formate in praktykverwante voorbeelde/kontekste te kan demonstreer;*
- *die verbandhoudende elemente van die funksies van finansiële state van 'n rekeningkundige stelsel/praktyk in 'n gerekenariseerde stelsel te kan analiseer, interpreteer, definieer, sowel as aandui;*
- *onbekende konkrete en abstrakte probleme met behulp van navorsing en verkreë inligtingsvaardighede te kan hanteer, ten einde inligting te kan verkry en dit as 'n geheel te kan integreer om deel van die oplossing te kan vorm, en om dit aan 'n leke- of professionele gehoor te kan kommunikeer deur die toepaslike rekenaartegnologie te kan gebruik;*
- *finansiële inligting doeltreffend te kan aanbied en/of kommunikeer deur algemeen aanvaarde rekeningkundige praktyk belyn met huidige ontwikkelinge en wetgewing, interne beheer en ouditering te gebruik;*
- *eties te kan optree en self-gemotiveerd en waarde-gedrewe te kan bly onder alle bedryfsomstandighede en in alle vorme van kommunikasie, skriftelik en mondelings, en om verantwoordbaarheid te kan demonstreer; en*
- *inligting vanuit sy/haar teoretiese kennis te kan selekteer en dit met praktiese toepassings te kan kombineer, en om die nodige aanbiedingsvaardighede en toepaslike tegnologieë volgens algemeen aanvaarde rekeningkundige praktyk (AARP) te kan gebruik, en dit aan leerders in sy/haar klaskamer te kan oordra.*

Titel: Ekonomiese en Bestuurswetenskappe vir Onderwys: Finansiële Geletterdheid in die Seniorfase

On completion of this module the student should be able to demonstrate*:*

- knowledge and informed understanding of
  - savings; budgets, income and expenses; and accounting concepts;
  - the key terms, concepts, established principles and theories with reference to the accounting cycle; source documents; Cash Receipts Journal and Cash Payments Journal of a sole trader; effects of cash transactions on the accounting equation; General Ledger and trial balance;
  - ability to select, plan, implement and manage information about the Cash Receipts Journal and Cash Payment Journals of a sole trader; posting to the General Ledger; preparing a Trial Balance; recording transactions in the Debtors Journal, Debtors Allowance Journal, Creditors Journal and Creditors Allowance Journal; posting to the Debtors Ledger and Creditors Ledger.
- basic research skills such as gathering and verifying information from various accounting sources;
- the ability to communicate accounting information coherently and reliably, verbally or in writing, via different technologies and media;
- the ability to operate individually or as part of a group in their social environment; to make appropriate contributions to successfully complete accounting assignments; and
- monitor their own learning progress, implement relevant learning strategies to combine theoretical knowledge into practical application and be able to represent Accounting to the learners in their classrooms.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *Kennis en grondige begrip aangaande*
  - *besparingsmaatreëls; begrotings; inkomste en uitgawes; en rekeningkundige begrippe;*
  - *die sleutelbegrippe, konsepte, gevestigde beginsels en teorieë met verwysing na die rekeningkundige siklus; brondokumente; Kontant Ontvangste-joernaal en Kontant Betalingsjoernaal van 'n alleen-eienaar; effekte van kontanttransaksies op die rekeningkundige vergelyking, Algemene Grootboek en Proefbalans; en*
  - *die vermoë om inligting aangaande die Kontant Ontvangste-joernaal en Kontant Betalingsjoernaal van 'n alleen-eienaar te kan selekteer, beplan, implementeer en bestuur; oorplasing na die Algemene Grootboek; voorbereiding van 'n Proefbalans; aantekening van transaksies in die Debiteurejoernaal, Debiteure Toelae-joernaal, Krediteurejoernaal en Krediteure- toelae-joernaal; oorplasing na die Debiteure grootboek en Krediteuregrootboek.*
- *basiese navorsingsvaardighede, soos die insameling en verifiëring van inligting vanuit verskeie rekeningkundige bronne;*
- *die vermoë om rekeningkundige inligting samehangend en betroubaar, mondelings en skriftelik, via verskeie tegnologieë en media te kan kommunikeer;*
- *die vermoë om individueel of as deel van 'n groep te kan funksioneer in sy/haar sosiale omgewing, en om toepaslike bydraes te kan lewer, ten einde rekeningkundige take suksesvol te kan voltooi; en*
- *die vermoë om sy/haar eie vordering van leer te kan monitor en relevante leerstrategieë te kan implementeer, ten einde teoretiese kennis en praktiese toepassing te kan kombineer en om Rekeningkunde aan leerders in sy/haar klaskamer te kan aanbied.*

Title: Afrikaans First Additional Language in FP teaching: Language Acquisition and Development and Selecting and Evaluating Children's Literature

Titel: Afrikaans Eerste Addisionele Taal in GSF-Onderrig: Taalverwerwing en -Ontwikkeling en Seleksie en Evaluering van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- the ability to present and communicate information on current and historical theories and research in language acquisition as applied to AAL learners in an academically acceptable manner;
- an understanding of the theories and research that explain how L1 literacy development differs from L2 literacy development;
- the ability to evaluate the importance of AAL learners L1 and language varieties and build on these skills as a foundation for learning Afrikaans;
- the ability to work in a group, gather, synthesise and evaluate information on socio-cultural, psychological, and political variables and how these variables facilitate the process of learning Afrikaans;

- apply their knowledge of the role of individual learner variables in the process of learning Afrikaans; and
- the ability to apply principles for selecting and evaluating appropriate literature for children in a multicultural society.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *huidige en historiese teorieë en navorsing in taalverwerwing te kan oordra en te kommunikeer soos toegepas op AAT-leerders op 'n akademiese vlak;*
- *begrip te toon van die teorieë en navorsing wat verduidelik hoe T1-ontwikkeling verskil van T2-ontwikkeling;*
- *die belangrikheid van AAT-leerders se T1 en taalvariasies te evalueer en hierdie vaardighede te gebruik om die T2 te bou;*
- *in 'n groep inligting te kan versamel, te sintetiseer en te evalueer rakende die sosiokulturele, psigologiese en politiese veranderlikes en te kan aantoon hoe hierdie veranderlikes die aanleer van AAT beïnvloed;*
- *kennis oor individuele leerderverskille te kan illustreer in die onderrig van AAT; en*
- *beginsels vir die seleksie en evaluasie van toepaslike kinderliteratuur vir leerders binne 'n multikulturele gemeenskap te kan toepas.*

Titel: Afrikaans Eerste Addisionele Taal in GSF-Onderrig: Fundamentele Kennis en Multikulturele Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- the ability to gather and verify information from scientific evidence-based research findings related to the typical developmental progression of:
  - Oral language (semantic, syntactic, pragmatic),
  - Phonological skill,
  - Printed word recognition,
  - Spelling,
  - Reading fluency,
  - Reading comprehension,
  - Written expression;
- the ability to communicate information on the language processing requirements of proficient reading and writing reliably, accurately and coherently:
  - Phonological (speech sound) processing,
  - Orthographic (print) processing,
  - Semantic (meaning) processing,
  - Syntactic (sentence level) processing,
  - Discourse (connected text level) processing;
- the ability to distinguish between and evaluate the multiple factors (e.g., environmental, cultural, social, linguistic, play, etc.) affecting learners' development and learning and utilising developmentally appropriate practices to address these factors in the classroom;
- knowledge and an informed understanding of relevant theories and empirical research underlying learners' responses to children's literature and the value of multicultural children's literature.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *die vermoë om inligting gegrond op wetenskaplike navorsing in te samel en te verifieer wat verband hou met die ontwikkeling en progressie van:*
  - *Mondelinge taal (semantiek, sintaksis, pragmatiek),*
  - *Fonologiese vaardigheid,*
  - *Geskrewe woordherkenning,*
  - *Spelling,*
  - *Leesvloeiendheid,*
  - *Leesbegrip,*
  - *Geskrewe uitdrukking;*
- *die vermoë om inligting rakende taalverwerkingsprosesse geloofwaardig, akkuraat en koherent oor te dra wat verband hou met effektiewe lees en skryf:*
  - *Fonologiese verwerking (spraak en klank),*
  - *Ortografiese (geskrewe) verwerking,*
  - *Semantiese (betekenis) verwerking,*
  - *Sintaktiese (sinsvlak) verwerking,*
  - *Diskoersverwerking (teksvlak);*
- *die vermoë om tussen die veelvoudige faktore (bv. omgewing, kultuur, sosiale omgang, spel, ens.) te onderskei en te evalueer hoe dit leerderontwikkeling en leer affekteer en gepaste praktyke kan toepas om hierdie faktore binne die klaskamer te hanteer;*

Title: Afrikaans First Additional Language in FP teaching: Language, Culture and Picture Books
Titel: Afrikaans Eerste Addisionele Taal in GSF-Onderrig: Taal, Kultuur en Prenteboeke

On completion of this module the student should be able to demonstrate*:*

- knowledge and an informed understanding of cultural values and beliefs in the context of teaching and learning;
- an informed understanding to enhance communication between home and school in order to facilitate AAL teaching and build an ethically responsible understanding, as well as an application of knowledge about the effects of racism, stereotyping, and discrimination to teaching and learning;
- the ability to enhance communication between home and school to facilitate AAL teaching and build ethically responsible partnerships with AAL families;
- an informed understanding of and application of concepts about the interrelationship between language and culture;
- the ability to use a range of resources, including the Internet, to learn about world cultures and specifically the cultures of students in their classrooms and apply that learning to instruction by using appropriate methods, etc.;
- the ability to apply concepts of cultural competency, particularly knowledge about how an individual's cultural identity affects their learning and academic progress and how levels of cultural identity will vary widely among learners;
- their ability to work in a group to gather, evaluate and communicate information accurately, coherently and in an ethically responsible manner on artists and their illustrations of children's literature; and
- an understanding of the different types of children's literature, focussing specifically on picture books, and the ability to select and implement picture books in their teaching activities.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en ingeligte begrip van kulturele waardes en uitgangspunte in die konteks van onderrig en leer;*
- *ingeligte begrip om die kommunikasie tussen die huisgesin en die skool te bevorder om AAT te fasiliteer en eties verantwoordbare begrip te bewerkstellig asook 'n aanwending van kennis oor die effek van rasisme, stereotipering en diskriminasie in onderrig en leer;*
- *die vermoë om kommunikasie tussen huis en skool te bevorder om AAT onderrig te fasiliteer en etiesverantwoordbare vennootskappe te bou met die AAT-gesinne;*
- *'n ingeligte begrip van en aanwending van konsepte oor die interverhouding tussen taal en kultuur;*
- *die vermoë om 'n wye verskeidenheid bronne, insluitend die internet te kan gebruik om te leer oor verskillende kulture oor die wêreld en spesifieke kultuur van die student in hulle klaskamers en om hierdie kennis toe te pas in die onderrig met behulp van gepaste metodes;*
- *die vermoë om konsepte van kulturele vaardigheid toe te pas, veral kennis oor hoe individuele kulturele identiteit leerders se akademiese prestasie beïnvloed en hoe hierdie identiteitvlakke mag verskil tussen leerders;*
- *die vermoë om in groepe saam te werk om inligting in te samel, te evalueer en inligting korrek en koherent oor te dra op 'n etiesverantwoordbare manier rakende illustreerders en hulle illustrasies by kinderliteratuur; en*
- *'n goeie begrip van die verskillende tipes kinderliteratuur, met die fokus op prenteboeke en die vermoë om dit te selekteer en te evalueer en te implementeer in onderrigaktiwiteite.*

Title: Afrikaans Home Language FP: Morphology, Phonics, Word Study, Alphabetic Principles and Selecting and Evaluating Children's Literature
Titel: Afrikaans Huistaal GSF: Morfologie, Klankleer, Woordstudie, Alfabetiese Beginsel en die Seleksie en Evaluering van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and an understanding of morphology (the words of language) as it relates to the teaching of phonics and spelling, the various structures of language that underlie the Afrikaans spelling system (e.g., phoneme-grapheme, syllable patterns, morpheme units in print, and word origin) and of the broad outline of historical influences on Afrikaans spelling system;

- the ability to use the organising principles of the Afrikaans spelling system at the sound, syllable, and morpheme levels in order to identify learner progress and or problems at these levels;
- the ability to select, differentiate between, reflect critically, evaluate and apply explicit vs non-explicit, systematic vs non-systematic, and sequential vs non-sequential phonics instruction using developmentally appropriate resources in a class of diverse learners;
- the ability to apply principles for selecting and evaluating appropriate literature for children in a multicultural society;
- the ability to work together in a community co-operatively and systematically to identify authentic communication needs; and
- the ability to address authentic community needs, and engage in systematic reflection in order to accomplish academic goals, enhance their personal and professional formation, and develop social responsibility.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *gedetailleerde kennis en begrip van morfologie (die woorde van taal) wat verband hou met die onderrig van klankleer en spelling; van die verskillende taalstrukture wat die Afrikaanse spellingsisteem onderlê (bv. foneem-grafeem, lettergreeppatrone, ortografiese (gedrukte) morfeem-eenhede en etimologie, woordoorsprong) en van algemene trekke van die historiese invloede op die Afrikaanse spellingsisteem;*
- *die vermoë om die organiserende beginsels van die Afrikaanse spellingsisteem in terme van klank-, lettergreep- en morfeemvlakke te gebruik ten einde leerdervordering of -probleme op hierdie vlakke te identifiseer;*
- *die vermoë om eksplisiete vs. non-eksplisiete, sistematiese vs. non-sistematiese en sekwensiële vs. non-sekwensiële klankleeronderrig te selekteer, te onderskei, te evalueer en toe te pas deur gepaste ontwikkelingsbronne te gebruik in 'n klas met diverse leerders;*
- *die vermoë om beginsels toe te pas vir die seleksie en evaluering van gepaste literatuur vir kinders in 'n multikulturele samelewing;*
- *die vermoë om koöperatief en sistematies saam te werk in 'n gemeenskap om outentieke kommunikasiebehoeftes te identifiseer; en*
- *die vermoë om outentieke gemeenskapsbehoeftes aan te spreek en sistematies daaroor te reflekteer ten einde akademiese uitkomste te bereik, persoonlike en professionele ontwikkeling te stimuleer en sosiale verantwoordelikheid te ontwikkel.*

Title: Afrikaans Home Language FP: Semantics, Vocabulary and Picture Books
Titel: Afrikaans Huistaal GSF: Semantiek, Woordeskat en Prenteboeke

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge of semantics (linguistic meaning of words, phrases and sentences) and an understanding of key terms, concepts, and rules of word meaning as well as phrase and sentence meaning as it relates to vocabulary teaching and learning;
- the ability to select, evaluate and apply with discernment direct and indirect (contextual) methods of vocabulary instruction based on an analysis of learner needs;
- an ability to analyse, select and apply varied techniques for vocabulary instruction before, during, and after reading based on an analysis and evaluation of evidence-based practice related to vocabulary teaching and learning;
- analyse and reflect on the role of vocabulary development and vocabulary knowledge in comprehension by communicating the information coherently using appropriate academic conventions;
- their ability to work in a group to gather, evaluate and communicate information accurately, coherently and in an ethically responsible manner on artists and their illustrations of children's literature; and
- an understanding of the different types of children's literature, focussing specifically on picture books, and the ability to select and implement picture books in their teaching activities.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis van semantiek (linguistiese betekenis van woorde, frases en sinne) en begrip van sleutelterme, konsepte en reëls van woordbetekenis, asook van frase- en sinsbetekenis wat betrekking het tot woordeskatonderrig en -leer;*
- *die vermoë om direkte en indirekte (kontekstuele) metodes van woordeskatonderrig op oordeelkundige wyse te selekteer, te evalueer en toe te pas op die analises van leerderbehoeftes;*
- *die analise, seleksie en toepassing van verskillende tegnieke vir woordeskatonderrig voor, gedurende en ná lees wat gebaseer is op 'n analise en evaluasie van bewysgegronde oefeninge wat verband hou met woordeskatonderrig en -leer;*
- *die rol van woordeskatontwikkeling en -kennis in terme van begrip te analiseer en te reflekteer daarop deur die inligting op duidelike wyse te kommunikeer deur middel van toepaslike akademiese konvensies;*
- *die inwinning, evaluering en kommunikering van inligting in groepsverband oor kunstenaars en hul illustrering van kinderliteratuur op akkurate, duidelike en eties verantwoordelike wyse; en*
- *begrip van die verskillende tipes kinderliteratuur, met spesifieke fokus op prenteboeke en die vermoë om prenteboeke vir onderrigaktiwiteite te selekteer en te implementeer.*

Title: Afrikaans Home Language: Syntax and Text Linguistics for Education
Titel: Afrikaans Huistaal: Sintaksis en Tekslinguistiek vir Onderwys

On completion of this module the student should be able to demonstrate*:*

- explain core concepts within the Afrikaans syntax and to utilise same for the analysis of Afrikaans sentences;
- facilitate and assess learning within the Intermediate phase with regard to the components and the building of Afrikaans sentences;
- explain the relevant text linguistic concepts and to use same to analyse the structure of Afrikaans texts and to evaluate the functionality thereof;
- guide learners in the Intermediate phase to compile/create structured texts;
- design appropriate learner activities for the development of the writing skills of learners in the Intermediate phase, as well as to critically evaluate the educational learning material already in existence;
- assess the writing attempts of learners and to provide guidance with regard to the editing thereof; and
- identify the typical word order errors that learners of Afrikaans acquire, to explain the origin thereof and suitable educational learning material by means of which learning with regard to Afrikaans sentence composition may be facilitated.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kernbegrippe binne die Afrikaanse sintaksis te kan verduidelik en vir die ontleding van Afrikaanse sinne te kan gebruik;*
- *leer binne die Intermediêrefase ten opsigte van die onderdele en die bou van Afrikaanse sinne te kan fasiliteer en assesseer;*
- *relevante tekslinguistiese begrippe te kan verduidelik en te kan gebruik om die struktuur van Afrikaanse tekste te analiseer en die funksionaliteit daarvan te beoordeel;*
- *leerders in die Intermediêrefase te begelei om effektief gestruktureerde tekste te kan saamstel/skep;*
- *gepaste leerderaktiwiteite vir die ontwikkeling van leerders in die Intermediêrefase se skryfvaardighede te kan ontwerp, asook reeds saamgestelde onderrigleermateriaal krities te kan beoordeel;*
- *leerders se skryfpogings te kan assesseer en leiding ten opsigte van die redigering daarvan te kan gee; en*
- *tipiese woordordefoute wat aanleerders van Afrikaans begaan te kan identifiseer, die herkoms daarvan te kan verklaar en gepaste onderrigleermateriaal deur middel waarvan leer ten opsigte van Afrikaanse sinsamestelling gefasiliteer kan word.*

Title: Afrikaans Home Language: Prose for Education
Titel: Afrikaans Huistaal: Prosa vir Onderwys

On completion of this module the student should be able to demonstrate*:*

- profound, comprehensive theoretic knowledge of the own-nature of children-, youth and adult prose and the differences between them;
- text analytical skills to unlock and to critically evaluate relevant Afrikaans children-, youth- (and a small number of adult) stories through the use of prose theory and relevant terminology;
- the ability to integrate these unlocking skills with applicable teaching skills so that prose texts may be taught as literary texts within the Intermediate phase;
- the proficiency to identify and compile suitable texts to be applied as learning material in this phase;

- profound knowledge of the applicable approaches towards literature teaching and of the proficiency to apply the process approach towards reading (pre-reading, during reading and post-reading) in the teaching of reading;
- profound theoretic background knowledge of various aspects of reading skills as well as the proficiency to integrate this knowledge with subject didactic principles for the effective teaching of reading in the Intermediate phase and for the early identification of significant reading difficulties and the appropriate handling thereof.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *diepgaande, omvattende teoretiese kennis van die eie-aard van kinder-, jeug- en volwasseneprosa en die verskille daartussen;*
- *teksanalitiese vaardighede om relevante Afrikaanse kinder-, jeug- (en enkele volwassene) verhale deur die gebruik van prosateorie en relevante terminologie te kan ontsluit en krities te kan evalueer;*
- *die vermoë om hierdie ontsluitingsvaardighede met relevante onderrigvaardighede te integreer sodat prosatekste as literêre tekste binne die Intermediêrefase onderrig kan word;*
- *vaardigheid om geskikte tekste te identifiseer en saam te stel vir aanwending as leermateriaal in hierdie fase;*
- *grondige kennis van relevante literatuuronderrigbenaderings en van die vaardigheid om die prosesbenadering tot lees (pre-lees, tydens lees en post-lees) in die onderrig van lees te kan toepas;*
- *diepgaande teoretiese agtergrondkennis oor verskillende aspekte van leesvaardigheid asook die vaardigheid om hierdie kennis te integreer met vakdidaktiese beginsels vir die effektiewe onderrig van lees in die Intermediêrefase en vir die voortydige identifisering van opvallende leesprobleme en die gepaste hantering daarvan.*

Title: Economic Management Sciences for Education: Entrepreneurship in the Senior phase
Titel: Ekonomiese en Bestuurswetenskappe vir Onderwys: Entrepreneurskap in die Seniorfase

On completion of this module the student should be able to demonstrate*:*

- knowledge and informed understanding of:
  - the entrepreneur, starting a business; businesses; and an Entrepreneur's Day, and
  - the key terms, concepts, established principles and theories with reference to the factors of production; forms of ownership; levels of management; and functions of management;
- ability to select, plan, implement and manage information about the sustainability of new business ideas with reference to the concept of entrepreneurship, the sectors of the economy, functions of a business and a business plan;
- basic research skills such as gathering and verifying information from various sources;
- the ability to communicate information coherently and reliably, verbally or in writing, via different technologies and media;
- the ability to operate individually or as part of a group in their social environment; to make appropriate contributions to successfully complete business assignments; and
- monitor their own learning progress, implement relevant learning strategies to combine theoretical business knowledge into practical application and be able to represent it to the learners in their EMS classrooms.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *Kennis en ingeligte begrip aangaande*
  - *die entrepreneur; om 'n besigheid te vestig; besighede; en 'n Entrepreneursdag, en*
  - *die sleutelbegrippe, konsepte, gevestigde beginsels en teorieë, met verwysing na die produksiefaktore; vorme van eienaarskap; bestuursvlakke; en bestuursfunksies;*
- *die vermoë om inligting oor die volhoubaarheid van nuwe besigheidsidees te kan selekteer, beplan, implementeer en bestuur, met verwysing na die konsep van entrepreneurskap, die ekonomiese sektore, funksies van 'n besigheid en 'n sakeplan;*
- *basiese navorsingsvaardighede, soos die insameling en stawing van inligting vanuit verskeie bronne;*
- *die vermoë om inligting samehangend en betroubaar, mondeling of skriftelik, via verskillende tegnologieë en media te kan kommunikeer;*
- *die vermoë om individueel of as deel van 'n groep in sy/haar sosiale omgewing te kan optree; en om toepaslike bydraes tot suksesvolle afhandeling van besigheidsopdragte te kan lewer; en*
- *om sy/haar eie leervordering te kan monitor en tersaaklike leerstrategieë te kan implementeer, ten einde teoretiese besigheidskennis met praktiese toepassing te kan kombineer en om dit vir die leerders in sy/haar EBW-klaskamers te kan aanbied.*

Title: Computer Applications Technology Education: System technologies
Titel: Rekenaartoepassingstegnologie-Onderwys: Stelseltegnologieë

On completion of this module the student should be able to demonstrate*:*

- knowledge and informed understanding of the basic concepts of information and communication technology, different computer systems, the features and functions of the components of a computer, the basic operation and management of a computer;
- skills in planning, selecting, implementing and managing the most appropriate hardware and software for a given scenario, taking into consideration new technological tendencies and developments, and using appropriate relevant sources;
- the ability to, individually or as part of a group/team, solve basic well-defined routine or new practice-related problems regarding hardware and software and communicate the solution verbally or in writing in an accurate and coherent manner to different audiences, using appropriate media and technologies;
- the ability to identify and responsibly address ethical issues regarding the use of information and communication technologies, with understanding of copyright and rules on plagiarism; and
- knowledge of and insight into the nature and composition of Computer Applications Technology as a school subject and the principles of lesson planning in the subject, as well as skills in planning and implementing a lesson in Computer Applications Technology in the teaching situation.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en grondige begrip aangaande die basiese inligtingskonsepte en kommunikasietegnologie, verskillende rekenaarstelsels, die kenmerke en funksies van rekenaarkomponente, die basiese werking en bestuur van 'n rekenaar;*
- *beplanningsvaardighede, selektering en implementering van die mees toepaslike harde- en sagteware vir 'n gegewe scenario, met inagneming van nuwe tegnologiese tendense en ontwikkelinge, en die gebruik van toepaslike bronne;*
- *die vermoë om individueel of as lid van 'n groep/span basiese, goedgedefinieerde alledaagse- of nuwe praktykverwante probleme rakende harde- en sagteware te kan oplos en om sodanige oplossing mondelings of skriftelik, op akkurate en samehangende wyse aan verskillende gehore te kan kommunikeer deur toepaslike media en tegnologieë te kan gebruik;*
- *die vermoë om etiese kwessies aangaande inligtinggebruik en kommuniekasietegnologieë te kan identifiseer en verantwoordelik te kan aanspreek, met inbegrip van kopiereg en reëls aangaande plagiaat; en*
- *kennis aangaande en insig in die aard en samestelling van Rekenaartoepassingstegnologie as 'n skoolvak en die beginsels van lesbeplanning in die vak, sowel as beplanningsvaardighede en die implementering van 'n les in Rekenaartoepassingstegnologie binne die onderrigkonteks.*

Title: Computer Applications Technology Education: Elementary Word Processing Skills
Titel: Rekenaartoepassingstegnologie-Onderwys: Elementêre Woordverwerkingsvaardighede

On completion of this module the student should be able to demonstrate*:*

- knowledge and informed understanding regarding the historical development of the QWERTY keyboard, key concepts, facts, methods and approaches, and psychological aspects related to teaching of keyboarding skills;
- knowledge and informed understanding regarding the nature and use of word processing packages;
- practical skills regarding the identifying of and the application of elementary word processing functions during the compilation and typing of dispatchable, pre-identified, practice-directed documents;
- basic research skills like collecting, analysing and verifying of information using different sources, for the compilation of a manual which can be used for the teaching of keyboarding skills;
- awareness of the ethical questions (for example plagiarism) that relate to the communication of information in the academic contexts and in the work environment;
- the ability to communicate findings accurately and in an orderly manner through the use of electronic media, taking in consideration copyright and plagiarism;
- the ability to operate as a member of a group, to make suitable contributions during the evaluation of different practice-directed documents and to be co-responsible for the promotion of the learning of the group in the accomplishment of the relevant outcomes of the group;
- actions relating to acceptable ethical aspects and professional behaviour of the teacher during the presentation of lessons and the teaching of elementary word processing functions in a practice-directed environment; and
- monitoring of own learning progression, implementation of learning strategies that relate to the learning of motoric skills, mastering skills that relate to application packages and the effective management of resources that relate to the successful achievement of the outcomes of learning tasks.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en grondige begrip aangaande die geskiedkundige ontwikkeling van die QWERTY-sleutelbord, sleutelkonsepte, feite, metodes en benaderings, en sielkundige aspekte wat met die onderrig van sleutelbordvaardighede verband hou;*
- *kennis en 'n grondige begrip aangaande die aard en gebruik van woordverwerkingspakkette;*
- *praktiese vaardighede aangaande die identifisering en toepassing van elementêre woordverwerkingsfunksies tydens die samestelling en tik van versendings-, vooraf-geïdentifiseerde, praktykgerigte dokumente;*

- *basiese navorsingsvaardighede, soos die insameling, analisering en verifiëring van inligting deur verskillende bronne te kan gebruik vir die samestelling van 'n handleiding vir gebruik by die onderrig van sleutelbordvaardighede;*
- *'n bewustheid van die etiese kwessies (byvoorbeeld plagiaat) wat met die kommunikasie van inligting binne akademiese kontekste en binne die werksomgewing verband hou;*
- *die vermoë om bevindings akkuraat en op geordende wyse te kan kommunikeer deur elektroniese media te kan gebruik, met inagneming van kopiereg en plagiaat;*
- *die vermoë om as lid van 'n groep te kan funksioneer, om toepaslike bydraes te kan lewer deur die evaluering van verskillende praktykgerigte dokumente, en om medeverantwoordelik te kan wees vir die bevordering van leer binne die groep ter verwesenliking van die toepaslike groepuitkomste;*
- *optrede wat met aanvaarbare etiese aspekte en professionele onderwysergedrag tydens die aanbied van lesse en die onderrig van elementêre woordverwerkingsfunksies binne 'n praktykgerigte konteks verband hou; en*
- *monitor van eie leervordering, implementering van leerstrategieë wat met die aanleer van motoriese vaardighede verband hou, asook bemeesteringsvaardighede wat met toepassingspakkette verband hou, en die doeltreffende bestuur van hulpbronne wat met die suksesvolle verwesenliking van die uitkomste van leertake verband hou.*

Title: Computer Applications Technology Education: Advanced Word Processing Skills
Titel: Rekenaartoepassingstegnologie-Onderwys: Gevorderde Woordverwerkingsvaardighede

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and extended understanding regarding the nature and use of a word processing package, as well as the principles of cooperative and collaborative learning as teaching strategies;
- practical skills regarding the identifying of and application of advanced word processing skills during the compilation and typing of dispatchable, pre-identified as well as unidentified practice-directed documents;
- detailed knowledge and extended understanding regarding the accommodation of learners with handicaps in the CAT class;
- understanding of ethical aspects (for example plagiarism) that relate to the communication of information, in the academic contexts and the work environment;
- the ability to act as group member/group leader, to evaluate the ability of the group to execute the assignment based on different criteria, to accept co-responsibility for the learning process in the attainment of the outcomes of the group;
- detailed knowledge and extended understanding regarding different subject-related teaching methods and the selection of the most appropriate teaching method to present a lesson on the use of elementary and advanced word processing functions while typing practice-related documents;
- actions relating to acceptable ethical aspects and professional behaviour of the teacher during the presentation of lessons and the teaching of advanced word processing functions in a practice-directed environment; and
- the ability to monitor own learning, use relevant learning strategies, and use of resources to successfully attain the outcomes of learning tasks.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande die aard en gebruik van 'n woordverwerkingspakket, sowel as die beginsels van koöperatiewe en medeleier as onderrigstrategieë;*
- *praktiese vaardighede in die identifisering en toepassing van gevorderde woordverwerkingsvaardighede tydens die samestelling en tik van versendings-, vooraf-geïdentifiseerde, praktykgerigte dokumente;*
- *grondige kennis en begrip aangaande die tegemoetkoming van leerders met gestremdhede in die RTT-klas;*
- *begrip aangaande die etiese kwessies (byvoorbeeld plagiaat) wat met die kommunikasie van inligting binne akademiese kontekste en binne die werksomgewing verband hou;*
- *die vermoë om as groepslid/groepleier die groep se vermoë om die opdrag te kan uitvoer op grond van verskillende kriteria te kan evalueer, en om medeverantwoordelikheid vir die leerproses ter bereiking van die groepuitkomste te kan aanvaar;*
- *grondige kennis en begrip aangaande verskillende vakverwante onderrigmetodes en die selektering van die mees toepaslike onderrigmetode vir die aanbieding van 'n les oor die gebruik van elementêre en gevorderde woordverwerkingsfunksies tydens die tik van praktykverwante dokumente;*
- *optrede wat met aanvaarbare etiese aspekte en professionele onderwysergedrag tydens die aanbied van lesse en die onderrig van gevorderde woordverwerkingsfunksies binne 'n praktykgerigte konteks verband hou; en*

Title: Computer Applications Technology Education: Computer Networks
Titel: Rekenaartoepassingstegnologie-Onderwys: Rekenaarnetwerke

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and understanding of different computer networks, communication media and devices, data transmission, network security, network design, and the Internet, while displaying the ability to monitor own learning progress and apply relevant learning strategies and resources to successfully master the content of this module;
- the ability to compare, evaluate and debate the selection and implementation of different computer networks, media and devices used in data communication, as well as data transmission methods for a given scenario, using appropriate relevant sources to inform their decisions;
- the ability to, individually or as part of a group/team, solve well-defined novel practice-related problems regarding computer networks and communicate the solution verbally or in writing in an accurate and coherent manner to different audiences, using appropriate media and technologies;
- understanding of the ethical implications of decisions, actions and practices relevant to the Internet, and critically evaluate the short and long term implications of the use of the Internet in education; and
- knowledge and skills regarding teaching-learning strategies necessary for effective learning of the theoretical content of Computer Applications Technology on secondary level and the application of these strategies in the teaching-learning situation.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande verskillende rekenaarnetwerke, kommunikasiemedia en toestelle, dataversending, netwerksekuriteit, netwerkontwerp en die Internet, en die vermoë om eie leervordering te kan monitor en toepaslike leerstrategieë te kan toepas, ten einde die inhoud van hierdie module suksesvol te kan bemeester;*
- *die vermoë om die selektering en implementering van verskillende rekenaarnetwerke, media en toestelle wat vir dataskommunikasie gebruik word, sowel as dataversendingsmetodes vir 'n gegewe scenario, te kan vergelyk, evalueer en beredeneer, deur van toepaslike bronne ter toeligting van sy/haar besluite gebruik te kan maak;*
- *die vermoë om individueel of as lid van 'n groep/span goedgedefinieerde, nuwe praktykverwante probleme rakende rekenaarnetwerke te kan oplos en om sodanige oplossing mondelings of skriftelik, op akkurate en samehangende wyse aan verskillende gehore te kan kommunikeer deur toepaslike media en tegnologieë te kan gebruik;*
- *begrip aangaande die etiese implikasies van besluite, optrede en praktyke wat met die Internet verband hou, asook kritiese evaluering van die kort- en langtermynimplikasies van die gebruik van die Internet in Onderwys; en*
- *kennis en vaardighede aangaande die vereiste onderrig-leerstrategieë vir doeltreffende leer van die teoretiese inhoud van Rekenaartoepassingstegnologie op sekondêre vlak, en die toepassing van sodanige strategieë binne die onderrig-leerkonteks.*

Title: Computer Applications Technology Education: Databases
Titel: Rekenaartoepassingstegnologie-Onderwys: Databasisse

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding regarding the design of databases, normalisation, relationships, data integrity, data security and data validation and an understanding of how this knowledge can be applied to situations in society;
- integrated knowledge and understanding of queries, reports and macros in databases and the ability to evaluate and design tables, queries, reports, forms and macros in databases;
- integrated knowledge and understanding of assessment strategies applicable to Computer Applications Technology regarding database design and the evaluation of assessment strategies on secondary level in the education situation;

- the ability to reflect on values and ethical behaviour regarding the teaching of databases in Computer Applications Technology;
- the ability to communicate accurately regarding database design, with regard to ethics involving data and information;
- the ability to manage a group process regarding the design of databases, monitoring the process of the group, take responsibility for outcomes and apply applicable resources; and
- the ability to take responsibility regarding own learning needs, monitor own progression of learning and implement strategies of learning and managing of resources to satisfy all outcomes of the module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande databasisontwerp, normalisering, verbande, data-integriteit, datasekuriteit en datastawing, met inbegrip van hoe sodanige kennis op kontekste binne die samelewing toegepas kan word;*
- *geïntegreerde kennis en begrip aangaande navrae, verslae en makro's in databasisse, en die vermoë om tabelle, navrae, verslae, vorms en makro's binne databasisse te kan evalueer en ontwerp;*
- *geïntegreerde kennis en begrip aangaande assesseringstrategieë, soos van toepassing op Rekenaartoepassingstegnologie wat met databasisontwerp en die evaluering van assesseringstrategieë op sekondêre vlak binne die onderwyskonteks verband hou;*
- *die vermoë om oor waardes en etiese gedrag aangaande die onderrig van databasisse in Rekenaartoepassingstegnologie te kan besin;*
- *die vermoë om akkuraat oor databasisontwerp te kan kommunikeer aangaande etiek betrokke by data en inligting;*
- *die vermoë om 'n groeproses aangaande databasisontwerp te kan bestuur, die groeproses te kan monitor, verantwoordelikheid vir uitkomste te kan aanvaar, en toepaslike hulpbronne te kan toepas; en*
- *die vermoë om verantwoordelikheid vir eie leerbehoeftes te kan aanvaar, eie leervordering te kan monitor, leerstrategieë te kan implementeer en hulpbronne te kan bestuur, ten einde alle module-uitkomste te kan verwesenlik.*

On completion of this module the student should be able to demonstrate:

- integrated knowledge and understanding regarding the design of spreadsheets and graphs and an understanding of how this knowledge can be applied to situations in society;
- the ability to critically evaluate given spreadsheet designs;
- integrated knowledge and understanding of assessment strategies applicable to Computer Applications Technology regarding spreadsheet design and the evaluation of assessment strategies on secondary level in the education situation;
- the ability to reflect on values and ethical behaviour regarding the teaching of spreadsheets in Computer Applications Technology;
- the ability to communicate accurately regarding spreadsheet design, in respect of intellectual property, copyright and plagiarism;
- the ability to manage a group process regarding the design of spreadsheets, monitoring the process of the group, take responsibility for outcomes, and apply applicable resources; and
- the ability to take responsibility regarding own learning needs, monitor own progression of learning and implement strategies of learning and managing of resources to satisfy all outcomes of the module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande die ontwerp van sigblaaie en grafieke, asook 'n begrip van hoe sodanige kennis op kontekste binne die samelewing toegepas kan word;*
- *die vermoë om gegewe sigbladontwerpe krities te kan evalueer;*

Title: Computer Application Technology Education: e-Applications and e-Communication
Titel: Rekenaartoepassingstegnologie-Onderwys: e-Aansoeke en e-Kommunikasie

On completion of this module the student should be able to demonstrate*:*

- the ability to identify, analyse and critically reflect on the design and use of appropriate software for presentations, desktop publishing and webpage design;
- practical skills and design principles regarding the use of presentations, desktop publishing and webpage design and the ability to integrate these applications with other application software;
- creative use of different types of computer technology to achieve electronic communication;
- skills to identify, compare and evaluate appropriate learning and support material for Computer Applications Technology as a school subject; and
- the ability to develop an appropriate practical project and manage the implementation of the project.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *die vermoë om die gebruik van toepaslike sagteware vir aanbiedings, lessenaarsetwerk en webbladontwerp te kan identifiseer, analiseer en krities daaroor te kan besin;*
- *praktiese vaardighede en ontwerpbeginsels aangaande die gebruik van aanbiedings, lessenaarsetwerk en webbladontwerp, asook die vermoë om sodanige toepassings by ander toepassingsagteware te kan integreer;*
- *kreatiewe gebruik van verskillende tipes rekenaartegnologie, ten einde elektroniese kommunikasie te kan uitvoer;*
- *vaardighede om toepaslike leer- en ondersteuningsmateriaal vir Rekenaartoepassingstegnologie as skoolvak te kan identifiseer, vergelyk en evalueer; en*

- integrated knowledge and understanding regarding the finding, processing and presentation of data, the impact of technology on the community, legal, ethical and security questions, health and ergonomic as well as environmental questions which relate to information and communication technology;
- rounded, systematic knowledge as well as practical skills in computer laboratory management;
- rounded practical knowledge regarding the finding and evaluation of data during the execution of a practice-directed applicable theoretical research project; and
- the ability to process the results of a research project and to communicate the results of the research project as well defined arguments to their CAT classmates.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande die insameling, verwerking en aanbieding van data, die impak van tegnologie op die gemeenskap, wetlike, etiese en sekuriteitsvrae, gesondheid en ergonomies, sowel as omgewingsvrae wat met inligting- en kommunikasietegnologie verband hou;*
- *grondige, sistematiese kennis, sowel as praktiese vaardighede in rekenaarlaboratoriumbestuur;*
- *grondige, praktiese kennis aangaande die insameling en evaluering van data tydens die uitvoering van 'n praktykgerigte, toepaslike navorsingsprojek; en*

Title: Educational Management and Leadership
Titel: Onderwysbestuur en Leierskap

On completion of this module the student should be able to demonstrate*:*
- integrated understanding of the school as organisation and integrated knowledge and informed understanding of the concepts of educational management and educational leadership;
- integrated knowledge and understanding of, as well as the ability to evaluate managerial occurrences by making use of the different management models;
- understanding, interpretation and critical evaluation of contested educational management and leadership issues in a changing national and international context;
- integrated knowledge and understanding of the different managerial tasks and classroom management approaches, and the ability to reflect on their engagement with this in practice;
- understanding of and an ability critically to reflect on concepts and themes related to the management and leadership roles of the teacher within the school and classroom context;

- ability to analyse and reflect on the importance of functioning in a society by developing and maintaining caring, supporting, engaging and empowering environments for social justice;
- ability to reflect upon, to critically evaluate, and to communicate own ideas on the values and ethical conduct of educational leadership;
- ability to apply sound management and leadership principles to school activities outside the classroom; and
- integrated knowledge and understanding of quality education, quality assurance and accountability; and critically evaluate the various management systems on quality assurance and accountability.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde begrip aangaande die skool as organisasie en geïntegreerde kennis en grondige begrip aangaande onderwysbestuurskonsepte en -leierskap;*
- *geïntegreerde kennis en begrip aangaande, sowel as die vermoë om bestuursgebeure deur middel van verskillende bestuursmodelle te kan evalueer;*
- *begrip, interpretasie en kritiese evaluering aangaande aanvegbare onderwysbestuurs- en leierskapskwessies binne 'n veranderende nasionale en internasionale konteks;*
- *geïntegreerde kennis en begrip aangaande die verskillende bestuurstake en klaskamerbestuursbenaderings, asook die vermoë om oor sy/haar interaksie binne die praktyk te kan besin;*
- *begrip aangaande en die vermoë om krities te kan besin oor konsepte en temas wat met die bestuur en leierskapsrolle van die onderwyser binne die skool- en klaskamerkonteks verband hou;*
- *die vermoë om te kan besin oor die belangrikheid van funksionering binne 'n gemeenskap deur die ontwikkeling en handhawing van besorgdheid, asook ondersteunende, interaktiewe en bemagtigende kontekste vir sosiale geregtigheid te kan analiseer;*
- *die vermoë om eie idees oor waardes en etiese optrede van onderwysleierskap te kan kommunikeer, daaroor te kan besin en dit te kan evalueer;*
- *die vermoë om kerngesonde bestuurs- en leierskapsbeginsels op skoolaktiwiteite buite die klaskamer te kan toepas; en*
- *geïntegreerde kennis en begrip aangaande gehalte-onderwys, gehalteversekering en verantwoordbaarheid, asook om die verskeie bestuurstelsels oor gehalteversekering en verantwoordbaarheid krities te kan evalueer.*

Title: Professional Studies: Integrated Assessment
Titel: Professionele Studies: Geïntegreerde Assessering

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of the theoretical underpinnings of assessment in terms of how it is defined, its purposes and principles and the ability to critically evaluate assessment practices accordingly;
- an understanding of integrated assessment within the context of contemporary constructivist learning orientations and the ability to select, apply and evaluate integrated assessment in the classroom;
- critical understanding of and ensuring skills to plan, prepare and conduct assessment in mainstream and inclusive teaching and learning environments;
- an understanding and the ability to apply methods to analyse, interpret, record and report assessment results in a professional, ethical and justified manner; and
- the ability to reflect on, review and take responsibility for assessment process and practices.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande die teoretiese grondslae van assessering in terme van hoe dit omskryf word, die doelstellings en beginsels daarvan, asook die vermoë om assesseringspraktyke krities daarvolgens te kan evalueer;*
- *'n begrip van geïntegreerde assessering binne die konteks van kontemporêre, konstruktivistiese leeroriëntasies, asook die vermoë om geïntegreerde assessering binne die klaskamer te kan selekteer, toepas en evalueer;*
- *kritiese begrip aangaande en gewaarborgde vaardighede, ten einde assessering binne hoofstroom- en inklusiewe onderrig-leerkontekste te kan beplan, voorberei en bestuur;*
- *begrip aangaande en die vermoë om metodes te kan toepas, ten einde assesseringsresultate op 'n professionele, etiese en geregverdigde wyse te kan analiseer, interpreteer, opteken en daaroor verslag te kan doen; en*
- *die vermoë om oor assesseringsprosesse en -praktyke te kan besin, dit te kan beoordeel en verantwoordelikheid daarvoor te kan aanvaar.*

Title: Education Systems
Titel: Onderwysstelsels

On completion of this module the student should be able to demonstrate*:*

- ability to contribute to quality education provisioning in a diverse community;
- a deep knowledge and understanding of the nature and aims of the South African education system;
- ability to function within this system to the advantage of the South African community and to contribute to the solution of challenges and the promotion of social responsibility;
- ability to assess external influences on the education system and the classroom in order to develop critical, creative and reflexive problem-solving skills within an educational and societal context; and
- ability to draw a comparison between the South African education system and an external education system (capita selecta from developed or developing education systems) with the emphasis on the social responsiveness of that system.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *vermoë om 'n bydrae tot kwaliteit onderwys binne 'n diverse gemeenskap te kan lewer;*
- *deeglike kennis aangaande die aard en doelstellings van die Suid-Afrikaanse Onderwysstelsel te kan beskik;*
- *vermoë om tot voordeel van die Suid-Afrikaanse gemeenskap doeltreffend binne die onderwysstelsel te kan funksioneer, asook om 'n bydrae tot die oplossings van uitdagings binne die Suid-Afrikaanse onderwysstelsel en die vestiging van sosiaalverantwoordelike landsburgers te kan lewer;*
- *vermoë om eksterne invloede op die onderwysstelsel en die klaskamer te kan assesseer, ten einde kritiese, skeppende en reflektiewe probleemoplossingsvaardighede binne die onderwys en sosiale konteks te kan ontwikkel; en*
- *vermoë om 'n vergelyking tussen die Suid-Afrikaanse onderwysstelsel en 'n eksterne onderwysstelsel (ontwikkelende en ontwikkelde onderwysstelsels) te kan tref, met die klem op die sosiale verantwoordelikheid van sodanige stelsel.*

• the ability to gather and verify information from scientific evidence-based research findings related to the typical developmental progression of:
  ➢ Oral language (semantic, syntactic, pragmatic),
  ➢ Phonological skill,
  ➢ Printed word recognition,
  ➢ Spelling,
  ➢ Reading fluency,
  ➢ Reading comprehension,
  ➢ Written expression;
• the ability to communicate information on the language processing requirements of proficient reading and writing reliably, accurately and coherently:
  ➢ Phonological (speech sound) processing,
  ➢ Orthographic (print) processing,
  ➢ Semantic (meaning) processing,
  ➢ Syntactic (sentence level) processing,
  ➢ Discourse (connected text level) processing;
• the ability to distinguish between and evaluate the multiple factors (e.g., environmental, cultural, social, linguistic, play, etc.) affecting learners' development and learning and utilising developmentally appropriate practices to address these factors in the classroom;
• knowledge and an informed understanding of relevant theories and empirical research underlying learners' responses to children's literature and the value of multicultural children's literature.
By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:
• *die vermoë om inligting gegrond op wetenskaplike navorsing in te samel en te verifieer wat verband hou met die ontwikkeling en progressie van:*
  ➢ *Mondelinge taal (semantiek, sintaksis, pragmatiek),*
  ➢ *Fonologiese vaardigheid,*
  ➢ *Geskrewe woordherkenning,*
  ➢ *Spelling,*
  ➢ *Leesvloeiendheid,*

Title: English Home Language FP: Phonetics, Phonology, Phonemic Awareness and the History of Children's Literature
Titel: Engels Huistaal GSF: Fonetiek, Fonologie, Klankbewustheid en die Geskiedenis van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- knowledge and an informed understanding of phonetics (the sounds of a language) in terms of how speech sounds are produced and characterised, phonology (the sound patterns of language) as it relates to speech sounds forming systems and patterns in human language (e.g., the order in which speech sounds are combined, the accent and stress patterns typically applied to words and phrases, etc.) and phonemic awareness;
- the ability to identify and interpret children's reading and spelling errors as well as select, evaluate and implement developmentally appropriate instructional practices to address children's reading and spelling errors;

- the ability to present an overview of the history of children's literature and to distinguish between different types of children's literature by communicating their independent research in an academically acceptable manner; and
- the ability to work collaboratively with a community to identify and address authentic community needs, and engage in systematic reflection in order to accomplish academic goals, enhance their personal and professional formation, and develop social responsibility.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en begrip van fonetiek (die klanke van 'n taal) in terme van hoe spraakklanke geproduseer en gekarakteriseer word; fonologie (die klankpatrone van 'n taal) soos dit verband hou met spraakklankvormingsisteme en -patrone in die menslike taal (bv. die orde waarin spraakklanke gekombineer word, die akuut- en gravistekenpatrone wat kenmerklik toegepas word op woorde en frases, ens.); en Klankbewustheid;*
- *die vermoë om kinders se lees- en spelfoute te identifiseer en te interpreteer en dan toepaslike ontwikkelingsonderrigpraktyke te selekteer, te evalueer en te implementeer wat die kinders se lees- en spelfoute kan verbeter;*
- *die vermoë om 'n oorsig van die geskiedenis van kinderliteratuur te gee en ook te onderskei tussen verskillende tipes kinderliteratuur deur onafhanklike navorsing op akademies aanvaarbare wyse te kommunikeer; en*
- *die vermoë om koöperatief saam te werk in 'n gemeenskap om outentieke kommunikasiebehoeftes te identifiseer en sistematies daaroor te reflekteer ten einde akademiese uitkomste te bereik, persoonlike en professionele ontwikkeling te stimuleer en sosiale verantwoordelikheid te ontwikkel.*

Title: English Home Language FP: Morphology, Phonics, Word Study, Alphabetic Principles and Selecting and Evaluating Children's Literature
Titel: Engels Huistaal GSF: Morfologie, Klankleer, Woordstudie, Alfabetiese Beginsel en die Seleksie en Evaluering van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and an understanding of morphology (the words of language) as it relates to the teaching of phonics and spelling, the various structures of language that underlie the English spelling system (e.g., phoneme-grapheme, syllable patterns, morpheme units in print, and word origin) and of the broad outline of historical influences on English spelling system;
- the ability to use the organising principles of the English spelling system at the sound, syllable, and morpheme levels in order to identify learner progress and or problems at these levels;
- the ability to select, differentiate between, reflect critically, evaluate and apply explicit vs non-explicit, systematic vs non-systematic, and sequential vs non-sequential phonics instruction using developmentally appropriate resources in a class of diverse learners;
- the ability to apply principles for selecting and evaluating appropriate literature for children in a multicultural society;
- the ability to work together in a community co-operatively and systematically to identify authentic communication needs; and
- the ability to address authentic community needs, and engage in systematic reflection in order to accomplish academic goals, enhance their personal and professional formation, and develop social responsibility.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *gedetailleerde kennis en begrip van morfologie (die woorde van taal) wat verband hou met die onderrig van klankleer en spelling; van die verskillende taalstrukture wat die Engelse spellingsisteem onderlê (bv. foneem-grafeem, lettergreeppatrone, ortografiese (gedrukte) morfeem-eenhede en etimologie, woordoorsprong) en van algemene trekke van die historiese invloede op die Engelse spellingsisteem;*
- *die vermoë om die organiserende beginsels van die Engelse spellingsisteem in terme van klank-, lettergreep- en morfeemvlakke te gebruik ten einde leerdervordering of -probleme op hierdie vlakke te identifiseer;*
- *die vermoë om eksplisiete vs. non-eksplisiete, sistematiese vs. non-sistematiese en sekwensiële vs. non-sekwensiële klankleeronderrig te selekteer, te onderskei, te evalueer en toe te pas deur gepaste ontwikkelingsbronne te gebruik in 'n klas met diverse leerders;*
- *die vermoë om beginsels toe te pas vir die seleksie en evaluering van gepaste literatuur vir kinders in 'n multikulturele samelewing;*
- *die vermoë om koöperatief en sistematies saam te werk in 'n gemeenskap om outentieke kommunikasiebehoeftes te identifiseer; en*
- *die vermoë om outentieke gemeenskapsbehoeftes aan te spreek en sistematies daaroor te reflekteer ten einde akademiese uitkomste te bereik, persoonlike en professionele ontwikkeling te stimuleer en sosiale verantwoordelikheid te ontwikkel.*

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge of semantics (linguistic meaning of words, phrases and sentences) and an understanding of key terms, concepts, and rules of word meaning as well as phrase and sentence meaning as it relates to vocabulary teaching and learning;
- the ability to select, evaluate and apply with discernment direct and indirect (contextual) methods of vocabulary instruction based on an analysis of learner needs;
- an ability to analyse, select and apply varied techniques for vocabulary instruction before, during, and after reading based on an analysis and evaluation of evidence-based practice related to vocabulary teaching and learning;
- analyse and reflect on the role of vocabulary development and vocabulary knowledge in comprehension by communicating the information coherently using appropriate academic conventions;
- their ability to work in a group to gather, evaluate and communicate information accurately, coherently and in an ethically responsible manner on artists and their illustrations of children's literature; and
- an understanding of the different types of children's literature, focussing specifically on picture books, and the ability to select and implement picture books in their teaching activities.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis van semantiek (linguistiese betekenis van woorde, frases en sinne) en begrip van sleutelterme, konsepte en reëls van woordbetekenis, asook van frase- en sinsbetekenis wat betrekking het tot woordeskatonderrig en -leer;*
- *die vermoë om direkte en indirekte (kontekstuele) metodes van woordeskatonderrig op oordeelkundige wyse te selekteer, te evalueer en toe te pas op die analises van leerderbehoeftes;*
- *die analise, seleksie en toepassing van verskillende tegnieke vir woordeskatonderrig voor, gedurende en ná lees wat gebaseer is op 'n analise en evaluasie van bewysgegronde oefeninge wat verband hou met woordeskatonderrig en -leer;*
- *die rol van woordeskatontwikkeling en -kennis in terme van begrip te analiseer en te reflekteer daarop deur die inligting op duidelike wyse te kommunikeer deur middel van toepaslike akademiese konvensies;*
- *die inwinning, evaluering en kommunikering van inligting in groepsverband oor kunstenaars en hul illustrering van kinderliteratuur op akkurate, duidelike en eties verantwoordelike wyse; en*
- *begrip van die verskillende tipes kinderliteratuur, met spesifieke fokus op prenteboeke en die vermoë om prenteboeke vir onderrigaktiwiteite te selekteer en te implementeer.*

Title: Electrical Technology for Teachers: Electronics II (Semiconductor Devices)
Titel: Elektriese Tegnologie vir Onderwysers: Elektronika II (Semi-Geleidingstoestelle)

On completion of this module the student should be able to demonstrate*:*

- integrated subject knowledge and understanding of, as well as the ability to correctly evaluate and apply subject related terms, concepts, facts, phenomenon and rules that specifically apply to the context of Electrical Technology;
- integrated knowledge and ability to interpret , implement and evaluate the National Policy documents and the effective implementation of subject specific curriculum requirements such as organising classroom activities, practical sessions and assessment criteria;
- displaying a positive work ethic and appropriate behaviour that befits, enhances and develops the teaching profession and contributes to effectively teach Electrical Technology while promoting acceptable social values and principles; and
- being able to assess learners in reliable and varied ways and to utilise the assessment results in order to improve their teaching of Electrical Technology, presented at university level (research skills); and knowledge of presenting FET technology subjects.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde vakkennis en begrip aangaande, sowel as die vermoë om vakverwante terminologie, konsepte, feite, verskynsels en reëls korrek te kan evalueer en toepas, soos spesifiek van toepassing op die Elektriese Tegnologiekonteks;*
- *geïntegreerde kennis, asook die vermoë om die Nasionale Beleidsdokumente en die doeltreffende implementering van vakspesifieke kurrikulumvereistes, soos die organisering van klaskameraktiwiteite, praktiese sessies en assesseringskriteria, te kan interpreteer, implementeer en evalueer;*
- *die uitleef van 'n positiewe werksetiek en toepaslike optrede wat by die onderwysprofessie pas, dit uitbou en ontwikkel en bydra tot die doeltreffende onderrig van Elektriese Tegnologie, asook die bevordering van aanvaarbare sosiale waardes en beginsels; en*
- *die vermoë om leerders op betroubare en veelvuldige wyses te kan assesseer, asook om die assesseringsresultate te kan gebruik, ten einde hulle onderrig van Elektriese Tegnologie, soos op universiteitsvlak aangebied (navorsingsvaardighede), asook kennis van die aanbieding van VOO-tegnologievakke, te kan verbeter.*

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and understanding of the definition, classification, purpose and types of structures;
- the ability to identify and effectively apply knowledge about:
  - the nature, properties and usage of different structural members to strengthen structures,
  - all construction materials and its properties, as well as how the type of forces therein affects structures;
- basic knowledge of the Occupational Health and Safety Act as applicable to the Civil Technology workshop and built environment;
- adequate knowledge of all hand tools, power tools and fixed machinery found in the Civil Technology field, and its correct maintenance and uses;
- basic knowledge of cost and calculations for small civil projects;
- the ability to accurately and coherently communicate in written and verbal form while working as part of a group during a problem solving task (bridge building); and
- implementation of subject-didactic knowledge and skills with regard to Civil Technology (structures component)

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande die omskrywing, klassifikasie, doelstellings en struktuurtipes;*
- *die vermoë om kennis aangaande die volgende te kan identifiseer en doeltreffendte kan toepas:*
  - *die aard, eienskappe en gebruik van verskillende strukturele dele om strukture te versterk,*
  - *alle konstruksiemateriaal en eienskappe daarvan, sowel as die kragte daarbinne wat 'n uitwerking op strukture het;*
- *basiese kennis van die Wet op Beroepsgesondheid en Veiligheid, soos van toepassing op die Siviele Tegnologiewerkswinkel en die beboude omgewing;*
- *voldoende kennis van alle handgereedskap, kraggereedskap en vaste masjinerie wat in die Siviele Tegnologieveld voorkom, asook die korrekte onderhoud en gebruik daarvan;*
- *basiese kennis van kosteberekenings vir klein siviele projekte;*
- *die vermoë om akkuraat en samehangend, skriftelik en mondelings, as deel van 'n groep, tydens 'n probleemoplossingstaak, te kan kommunikeer (brugbou); en*
- *implementering van vakdidaktiese kennis en vaardighede aangaande Siviele Tegnologie (struktuurkomponent).*

On completion of this module the student should be able to demonstrate*:*

- knowledge of the interpretation and implementation of National Policy Statements;
- basic subject knowledge with regard to manufacturing and joining as required by the prescribed curriculum for the GET and FET phases;
- basic knowledge and application of problem and project solving skills and development of mathematical skills on calculations, applications and the technological process;
- the teaching and learning of knowledge and skills and problem solving skills, using the technological process;
- competency in the compilation and implementation of subject portfolios; and
- competency in the manner in which assignments are compiled and presented.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis aangaande die interpretering en implementering van Nasionale Beleidsverklarings;*
- *basiese vakkennis aangaande vervaardiging en hegting, soos deur die voorgeskrewe kurrikulum vir die AOO- en VOO-fases vereis;*
- *basiese kennis en toepassing van probleem- en projekoplossingsvaardighede, asook die ontwikkeling van wiskundige vaardighede in berekenings, toepassings en die tegnologieproses;*
- *die onderrig en leer van kennis en probleemoplossingsvaardighede deur die tegnologieproses te kan gebruik;*

Title: Processing in Technology for Education
Titel: Verwerking in Tegnologie vir Onderwys

On completion of this module the student should be able to demonstrate:

- demonstrate detailed knowledge and understanding of the processing of materials as part of the technological process;
- select, evaluate and effectively apply knowledge about the nature and usage of different materials from a technological perspective;
- understand the ethical implications of decisions, actions and practices specifically relevant to the choice and design of packaging;
- analyse, evaluate and synthesise information about safety and (food) security and successfully apply conclusions to solve technological problems in society; and
- accurately and coherently communicate in written and verbal form while working independently or as part of a group.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande materiaalverwerking as deel van die tegnologieproses te kan demonstreer;*
- *kennis aangaande die aard en gebruik van verskillende materiale vanuit 'n tegnologiese perspektief te kan selekteer, evalueer en toepas;*
- *die etiese implikasies van besluite, optrede en praktyke, spesifiek aangaande die keuse en ontwerp van verpakking, te kan begryp;*
- *inligting aangaande veiligheid en (voedsel) sekuriteit te kan analiseer, evalueer en sintetiseer, asook om bevindings ter oplossing van tegnologiese probleme in die samelewing te kan toepas; en*

Title: Engineering Technology for Teachers: Mechanical (Welding) Technology
Titel: Ingenieurstegnologie vir Onderwysers: Meganiese (Sweis-) Tegnologie

On completion of this module the student should be able to demonstrate*:*

- knowledge and insight regarding all contextual ideas and processes of safety measurements and good house holding in welding technology;
- the uses and maintenance of specific hand tools and machinery;
- ability to describe the construction, characteristics, treatment, protection and tests of different kinds of engineering materials;
- understanding of oxy-acetylene welding;
- correct terminology for all welding and theoretical exercises;
- ability to apply and demonstrate informed understanding of SI units and symbols, as well as SANS standards and the use of correct welding symbols in all diagrams and sketches, testing of joints;
- informed understanding of arc welding, make joints by using different kinds of joint techniques and inspect all joints visually;
- knowledge and accountable behaviour in accordance with prescribed procedures and measures that promote safety and reduce possible risk of personal injury and that of learners within the context of Mechanical Technology as a school subject in the GET and FET phase;
- an understanding of the technological manufacturing process as a means of problem solving to improve products that can enhance our quality of life; and
- ability to select and apply appropriate and subject specific teaching methodologies and strategies related to engineering technology and manufacturing and joining in the GET and FET phases.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en insig aangaande alle kontekstuele idees en prosesse van veiligheidsmaatreëls, asook goeie huishouding in Sweistegnologie;*
- *die gebruike en onderhoud van spesifieke handgereedskap en masjinerie;*
- *vermoë om die konstruksie, kenmerke, behandeling, beskerming en toetsing van verskillende tipes ingenieursmateriale te kan beskryf;*
- *begrip van oksi-asetileen sweiswerk;*
- *die korrekte terminologie vir alle sweis- en teoretiese oefeninge;*
- *grondige begrip aangaande S.I.-eenhede en simbole, sowel as SANB-standaarde en die gebruik van korrekte sweissimbole in alle diagramme en sketse, asook toetsing van hegtings;*
- *grondige begrip aangaande boogsweiswerk, en die maak van hegtings deur verskillende tipes hegtingstegnieke te kan gebruik, asook visuele inspeksie van alle hegtings;*
- *kennis aangaande en gehoorsaming aan verantwoordbare optrede, volgens voorgeskrewe prosedures en maatreëls wat veiligheid bevorder en moontlike beseringsrisiko verminder, binne die Meganiese Tegnologiekonteks as 'n skoolvak in die AOO- en VOO-fases;*
- *begrip aangaande die tegnologiese vervaardigingsproses as 'n wyse van probleemoplossing, ten einde produkte wat ons lewenskwaliteit kan verhoog, te kan verbeter; en*

Title: Geography Education: Physical, Economic and Population Background of Africa and the RSA
Titel: Geografie vir Onderwys: Fisiese-, Ekonomiese- en Bevolkingsagtergrond van Afrika en die RSA

On completion of this module the student should be able to demonstrate:

- informed understanding of the location, political distribution, physical characteristics and economic trends of Africa and the RSA;
- ability to perform correct geographical interpretations, analyses, evaluations and conclusions concerning the physical, economic and political aspects of the RSA and Africa;
- extended knowledge and comprehension of the general concepts in population geography: make correct analyses and meaningful interpretations within this area, as well as doing the recognition, explanation and evaluation of inter-relations between topographical, climatological and man-made phenomena in the RSA;
- ability to evaluate developing economies in Africa, demonstrate insight and comprehension concerning the problems of African countries and also evaluate these problems within the frame of his/her own worldview;
- ability to apply gained knowledge with an ethically responsible attitude towards Africa/South Africa and its people; and
- ability to plan a geography lesson in accordance with the correct criteria, demonstrating the ability to integrate subject knowledge with subject methodology.

Practical section:

- Map work skills and presentation techniques: fundamental knowledge, skills, comprehension, insight of map work skills and techniques, cartography and presentation techniques as well as the application thereof in practice.

Methodology:

- ability to interpret the Geography CAPS document;
- competency to plan and present elementary Geography lessons; and
- competency to appropriately use an atlas, mind maps, newspapers, and debates as teaching and learning support material in active self-directed learning experiences.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *ingeligte begrip van die ligging, politieke verspreiding, fisiese eienskappe en ekonomiese tendense van Afrika en die RSA;*
- *die vermoë om korrekte geografiese interpretasies, ontledings, evaluerings en gevolgtrekkings oor die fisiese-, ekonomiese- en politieke aspekte van die RSA en Afrika uit te voer;*
- *uitgebreide kennis en begrip van die algemene begrippe in bevolkingsgeografie: maak korrekte ontledings en sinvolle interpretasies binne hierdie gebied, asook die erkenning, verduideliking en evaluering van interverwantskappe tussen topografiese, klimatologiese en mensgemaakte verskynsels in die RSA;*
- *vermoë om ontwikkelende ekonomieë in Afrika te evalueer, insig en begrip te demonstreer rakende die probleme van Afrika-lande en ook hierdie probleme binne die raamwerk van sy/haar eie wêreldbeskouing te evalueer;*
- *vermoë om kennis op te doen met 'n eties-verantwoordelike houding teenoor Afrika/Suid-Afrika en sy mense; en*
- *vermoë om 'n Geografie-les te beplan ooreenkomstig die korrekte kriteria, wat die vermoë demonstreer om vakkennis met vakmetodologie te integreer.*

Praktiese Afdeling:

- *Karteringsvaardighede en aanbiedingstegnieke: fundamentele kennis, vaardighede, begrip, insig van karteringsvaardighede en -tegnieke, kartografie en aanbiedingstegnieke asook die toepassing daarvan in die praktyk.*

Metodologie:

- *vermoë om die Geografie-KABV-dokument te interpreteer;*
- *bevoegdheid om elementêre Geografie-lesse te beplan en aan te bied; en*
- *bevoegdheid om 'n atlas, breinkaarte, koerante en debatte toepaslik te gebruik as onderrig en leerondersteuningsmateriaal in aktiewe selfgerigte leerervarings.*

Title: Geography Education: Planetary Geography, and Climatology
Titel: Geografie vir Onderwys: Planetêre Geografie en Klimatologie

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and thorough understanding of planetary geography and climatology that is required within the context of the Curriculum and Assessment Policy Statement;
- the skill of scrutinizing and critically discuss theories of the origin of the universe;
- ability to explain and discuss the movements of the planets, earth and moon and its effects in the solar system;
- ability to critically analyse the origin of the earth's atmosphere as well as the evolution of the modern atmosphere;
- ability to understand and explain the concepts weather and climate ;
- ability to apply gained knowledge with an ethically responsible attitude towards the environment
- detailed knowledge of moisture and circulation in the atmosphere and an ability to apply key terms, concepts, facts, principles, rules and theories.

Practical section:

- explain and interpret the collection and presentation of weather information on synoptic maps and solving of weather phenomena.

Methodology:

- planning of a basic Geography lesson with reference to the use of suitable educational media, to optimize teaching and learning e.g. overhead projector, transparencies, data projector, posters and models.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en deeglike begrip aangaande planetêre geografie en klimatologie, soos vereis binne die konteks van die Kurrikulum- en Assesseringsbeleidsverklaring;*
- *die vaardigheid om teorieë oor die ontstaan van die heelal te kan ondersoek en krities te kan bespreek;*
- *die beweging van die planete, aarde en maan, asook die uitwerking daarvan op die sonnestelsel te kan verduidelik en bespreek;*

- *die oorsprong van die aarde se atmosfeer, sowel as die evolusie van die moderne atmosfeer krities te kan analiseer;*
- *weer en klimaat konsepte te kan begryp en verduidelik;*
- *vermoë om verworwe kennis met 'n eties-verantwoordelike houding teenoor die omgewing te kan demonstreer; en*
- *grondige kennis van vog en sirkulasie in die atmosfeer, asook die vermoë om sleutelbegrippe, konsepte, feite, beginsels, reëls en teorieë te kan toepas.*

Praktiese Afdeling

- *Verduidelik en interpreteer die insameling en aanbieding van weerinligting oor sinoptiese kaarte, asook die oplossing van weerverskynsels.*

Metodologie:

- *Beplanning van 'n basiese Geografieles, met verwysing na die gebruik van toepaslike onderwysmedia, ten einde onderrig en leer te kan optimaliseer, bv. oorhoofse projektor, transparante, dataprojektor, plakkate en modelle.*

- a detailed knowledge and thorough understanding of Urban and Economic Geography in line with the Policy document;
- the ability to identify relevant themes of Urban and Economic Geography and plan activities that support the coherent understanding of concepts, ideas, theories, principles and rules;
- the ability to display and to solve well-defined unknown problems within Urban and Economic Geography by rendering correct procedures and appropriate proof;
- the ability to design, plan and present the integration of assignments aimed at the teaching practice according to the Policy document and based on the social constructivist teaching learning theory; and
- the ability to conduct a town trial to apply the knowledge of urban geography.

Practical section:

- a detailed knowledge and understanding of skills in and insight into the uses of land or cities and apply this knowledge in practice.

Methodology:

- the ability to apply teaching theories in Geography teaching: Behaviourist and Social Constructivist approach in Geography;
- teaching and learning methods such as role-play, simulation games, use of newspapers and worksheets; and
- the ability to discuss and implement different teaching methods and to plan a basic micro-Geography lesson with reference to the use of different teaching methods, e.g. lecture methods, question and answer methods, simulation games, role play, use of newspapers and worksheets.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en deeglike begrip aangaande Stedelike en Ekonomiese Geografie binne die konteks van die Beleidsdokument;*
- *die vermoë om toepaslike temas van Stedelike en Ekonomiese Geografie te kan identifiseer, asook om aktiwiteite te kan beplan wat die samehangende begrip van konsepte, idees, teorieë, beginsels en reëls ondersteun;*
- *die vermoë om bepaalde onbekende probleme binne Stedelike en Ekonomiese Geografie met behulp van korrekte prosedures en toepaslike bewyslewering uit te stal en op te los;*
- *die vermoë om die integrering van opdragte gemik op die onderrigproses, volgens die Beleidsdokument, en op grond van die sosiaal-konstruktivistiese leerteorie, te kan ontwerp, beplan en aanbied; en*
- *die vermoë om 'n dorpstoets uit te voer, ten einde kennis aangaande stedelike geografie te kan toepas.*

Praktiese afdeling:

- *grondige kennis en begrip aangaande vaardighede in, asook insig in die gebruike van grond of stede en om sodanige kennis in die praktyk te kan toepas.*

Metodologie:

- *die vermoë om onderrigteorieë in Geografie-onderrig aan te bied: Behavioristiese en Sosiaal-Konstruktivistiese benadering in Geografie;*
- *onderrig- en leermetodes soos rolspel, simulasiespeletjies, gebruik van koerante en werkkaarte; en*
- *vermoë om verskillende onderrigmetodes te bespreek en te implementeer en 'n basiese mikro Geografie-les te beplan met verwysing na die gebruik van verskillende onderrigmetodes, bv. lesingsmetodes, vraag- en antwoordmetodes, simulasiespeletjies, rolspel, gebruik van koerante en werkkaarte.*

Title: Geography Education: Introduction to Geomorphology and Oceanography
Titel: Geografie vir Onderwys: Inleiding tot Geomorfologie en Oseanografie

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge related to Geomorphology and Oceanography within the context of the National Curriculum;
- detailed knowledge and thorough understanding of the internal and external powers that cause changes on earth and evaluate these in practice, be able to identify, define and effectively use concepts as well as demonstrate and illustrate these, with examples;
- the ability to analyse, assess, interpret and identify interrelationships of the basic principles relating to geomorphology and the ocean environment; and
- the ability to display and illustrate with practical examples a coherent and critical understanding of the influence of human activity on the geology and oceans.

Practical section:

- the ability to apply the detailed knowledge and skills to represent relief features, draw cross-section sketches and calculate and interpret gradient on topographic maps, and to integrate it in appropriate themes of geography.

Methodology:

- the ability to use contour models and field excursions to recognise landforms on the South African landscape;
- the ability to plan a basic Geography micro-lesson with reference to the use of different teaching methods, e.g. wall maps, globes, atlases, contour models/sand pit and field excursions.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis aangaande Geomorfologie en Oseanografie binne die konteks van die Nasionale Kurrikulum;*
- *grondige kennis en deeglike begrip aangaande die interne en eksterne kragte wat veranderinge op aarde veroorsaak, en om sodanige kennis in die praktyk te kan evalueer, identifiseer en beskryf, asook om konsepte doeltreffend te kan gebruik, sowel as om sodanige konsepte met behulp van voorbeelde te kan demonstreer en illustreer;*
- *die vermoë om interverwantskappe tussen die basiese beginsels aangaande Geomorfologie en die oseaanomgewing te kan analiseer, assesseer, interpreteer en identifiseer; en*
- *die vermoë om met behulp van praktiese voorbeelde 'n samehangende en kritiese begrip aangaande die invloed van menslike optrede op geologie en die oseaan te kan weergee en illustreer.*

Praktiese afdeling:

- *Die vermoë om grondige kennis en vaardighede te kan toepas, ten einde reliëfeienskappe te kan uitbeeld, dwarsdeursneesketse te kan teken en hellingshoeke op topografiese kaarte te kan bereken en interpreteer, asook om dit by toepaslike geografietemas te kan integreer.*

Metodologie:

- *die vermoë om kontoermodelle en veldekskursies te kan gebruik, ten einde grondvorme in die Suid-Afrikaanse landskap te kan herken; en*
- *die vermoë om 'n basiese Geografie-mikroles te beplan met verwysing na die gebruik van verskillende onderrigmetodes, bv. muurkaarte, aardbol, atlasse, kontoermodelle/sandput en velduitstappies.*

Title: Geography Education: Population and Development Geography
Titel: Geografie vir Onderwys: Bevolkings- en Ontwikkelingsgeografie

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of and an ability to apply and evaluate Population and Development Geography's terms, rules, concepts, principles and theories as well as the ability to represent new knowledge onto a given body of theory;

- an ability to deal with unfamiliar concrete and abstract problems and issues in Population and Development Geography using evidence-based solutions and theory-driven arguments to present and communicate information in a well-structured argument and use personal ideas and opinions on themes related to Population and Development Geography;
- understanding of contested knowledge and understanding of major teaching-learning theories and related direct, indirect, independent and interactive learning strategies in Geography Education;
- a thorough knowledge, skills and understanding of Population and Development Geography in the context of the Curriculum and Assessment Policy Statement (CAPS);
- an ability to design, plan and present Geography lesson plans to foster learner-centred instruction in Geography classrooms; and
- act in an ethically correct and value-driven manner in all operational circumstances and forms of communication, either in writing or orally.

Practical section:

- integrated knowledge, skills and understanding of aerial photographs, interpretation and the use of stereoscopes and stereo-pairs in practice.

Methodology:

- the competency to plan and implement independent and interactive learning strategies (problem-based learning, Inquiry-based learning, cooperative learning, case studies, resource-based learning) in Geography education; and
- act as a facilitator or tutor in the independent and interactive learning environments (problem-based learning, Inquiry-based learning, cooperative learning, case studies, resource-based learning) in order to solve a contextual problem, monitoring the progress of the group and taking responsibility for task outcomes and application of appropriate resources where appropriate.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande, asook die vermoë om Bevolkings- en Ontwikkelingsgeografie se terminologie, reëls, konsepte, beginsels en teorieë te kan toepas en evalueer, sowel as die vermoë om nuwe kennis by gegewe teorie-inhoud te kan voorstel;*
- *die vermoë om onbekende konkrete en abstrakte probleme en kwessies in Bevolkings- en Ontwikkelingsgeografie te kan hanteer deur bewysgebaseerde oplossings en teoriegedrewe beredenering te kan gebruik, ten einde inligting op 'n goedgestruktureerde wyse te kan aanbied en kommunikeer, asook om persoonlike idees en menings aangaande toepaslike Bevolkings- en Ontwikkelingsgeografietemas te kan gebruik;*
- *begrip van betwiste kennis en van belangrike onderrig-leerteorieë en verwante direkte, indirekte, onafhanklike en interaktiewe leerstrategieë in Geografie-onderwys;*
- *'n deeglike kennis aangaande, vaardighede en begrip ten opsigte van Bevolkings- en Ontwikkelingsgeografie binne die konteks van die Kurrikulum- en Assesseringsbeleidsverklaring (KABV);*
- *die vermoë om Geografielesplanne te kan ontwerp, beplan en aanbied, ten einde leerdergesentreerde onderrig in die Geografieklaskamer te kan bevorder; en*
- *op 'n eties-korrekte en waarde-gedrewe wyse optree, onder alle operasionele omstandighede en binne alle kommunikasievorme, skriftelik of mondelings.*

Praktiese afdeling:

- *geïntegreerde kennis, vaardighede en begrip aangaande lugfoto's, die interpretasie en gebruik van stereoskope en stereopare in die praktyk.*

Metodologie:

- *die bevoegdheid om onafhanklike en interaktiewe leerstrategieë (probleemgebaseerde leer, navraaggebaseerde leer, koöperatiewe leer, gevallestudies, hulpbrongebaseerde leer) in Geografie-onderwys te beplan en te implementeer; en*
- *as fasiliteerder of tutor in die onafhanklike en interaktiewe leeromgewings (probleemgebaseerde leer, navraaggebaseerde leer, koöperatiewe leer, gevallestudies, hulpbrongebaseerde leer) optree, ten einde 'n kontekstuele probleem op te los, die vordering van die groep te moniteer en verantwoordelikheid vir taakuitkomste en toepaslike hulpbronne te neem, waar toepaslik.*

Title: Geography Education: Advanced Geomorphology
Titel: Geografie vir Onderwys: Gevorderde Geomorfologie

On completion of this module the student should be able to demonstrate:

- a detailed knowledge and insight regarding the concepts and the application possibilities of Southern and South Africa's Geological complex history and resulting landscapes, soils and hydrology, within the global context;
- an ability to analyse land forms and landscapes, which reflect the environmental conditions over time during their origin as well as change over time, and evaluate these within the geological time context;
- the ability to discuss and critically evaluate the conditions which lead to the global geologic phenomena with specific reference to the Southern & South Africa context; and
- an ability to work with other individuals in group context in an ethically accountable and responsible manner during the solving of problems characteristic of the learning contents of this module, and should undertake small scale research regarding relevant subjects as expressed in the module.

Practical section:

- a well-rounded, systematic knowledge, skills, comprehension and sound understanding of interpreting the Vredefort Dome phenomena (this includes a Field Excursion and an comprehensive practical application portfolio as well as to demonstrate the methodology principles of fieldwork as a teaching strategy in Geography).

Methodology:

- the competency to design appropriate learning experiences, worksheets, assessment rubrics, tests/exams and memoranda pertaining to synoptic weather charts, graphs and diagrams, topographic charts and aerial photographs in accordance with geographical-methodology principles;
- the application of ethical-professional values in learning experience design and practical teaching.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en insig aangaande die konsepte en toepassingsmoontlikhede van die Suidelike en Suid-Afrika se ingewikkelde Geologiese geskiedenis en gevolglike landskappe, grondtipes en hidrologie, binne die globale konteks;*
- *die vermoë om grondvorme en landskappe, wat die omgewingstoestande vanaf die ontstaan daarvan, sowel as veranderinge daaraan met die verloop van tyd weerspieël, te kan analiseer, asook om dit binne die geologiese tydskonteks te kan evalueer;*
- *die vermoë om die omstandighede wat tot globale geologiese verskynsels aanleiding gegee het, te kan bespreek en krities te kan evalueer, met spesifieke verwysing na die Suidelike en Suid-Afrikaanse konteks; en*
- *die vermoë om op 'n eties-verantwoordbare en verantwoordelike wyse met ander in 'n groepkonteks te kan saamwerk tydens die oplossing van probleme eie aan hierdie module se leerinhoud, asook om kleinskaalse navorsing aangaande toepaslike temas binne die module te kan onderneem.*

Praktiese afdeling:

- *grondige, sistematiese kennis en begrip aangaande die interpretering van die Vredefort-koepelverskynsel (dit sluit 'n veldekskursie en 'n praktiese toepassingsportefeulje, sowel as die vermoë om die metodologiese beginsels van veldwerk as onderrigstrategie in Geografie te kan demonstreer, in).*

Metodologie:

- *die bevoegdheid om toepaslike leerervarings, werkstate, assesseringsrubrieke, toetse/eksamens en memorandums met betrekking tot sinoptiese weerkaarte, grafieke en diagramme, topografiese kaarte en lugfoto's, volgens geografies-metodologiese beginsels te kan ontwerp; en*

Title: Geography Education: Urban and Environmental Geography
Titel: Geografie vir Onderwys: Stedelike en Omgewingsgeografie

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of and an ability to apply and evaluate terms, rules, concepts, principles and theories in Urban and Environmental Geography and show the ability to apply detailed knowledge within a given field;
- deal with unknown, concrete and abstract problems and issues in Urban and Environmental Geography by using evidence-based solutions and arguments that are theory-driven, and convey information, and personal ideas and meanings on topics in Urban and Environmental Geography in a well-structured argument;
- integrated knowledge and understanding to apply and evaluate major teaching-learning theories and related direct, indirect, independent and interactive learning strategies in Geography Education;
- the skill of explaining and analysing themes relevant to Urban and Environmental Geography and plan individual or group activities supporting the coherent understanding of concepts, ideas, theories, principles and rules to communicate the information;
- integrate knowledge of Urban and Environmental Geography within the context of the Curriculum and Assessment Policy Statement (CAPS);
- work together in a group with other individuals in an ethical and responsible way while solving problems inherent to the learning content of this module; and
- an understanding of the basic practices of and an ability to apply and evaluate assessment in Geography education.

Practical section:

- integrated knowledge and understanding of and an ability to apply quantitative calculations to sets of data and quantitative map techniques to present data visually in practice.

Methodology:

- integrated knowledge and understanding to apply assessment of, for and as learning in Geography education;

- use the CAPS document and Subject Assessment Guidelines (SAG) to prepare assessment opportunities for Grade 10, 11 and 12 learners by demonstrating detailed knowledge of a programme of assessment for a work schedule;
- act as assessor by using different assessment strategies and methods to effectively foster effective teaching-learning in Geography education; and
- integrated knowledge and understanding of geography classroom administration.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande, en die vermoë om terminologie, reëls, konsepte, beginsels en teorieë ten opsigte van Stedelike en Omgewingsgeografie te kan toepas en evalueer, asook om grondige kennis binne 'n gegewe veld te kan demonstreer;*
- *hantering van onbekende, konkrete en abstrakte probleme en kwessies aangaande Stedelike en Omgewingsgeografie deur bewys-gebaseerde oplossings en teorie-gedrewe beredenering te kan gebruik, asook om inligting en persoonlike idees en menings aangaande Stedelike en Omgewingsgeografie met behulp van goedgestruktureerde beredenering te kan oordra;*
- *geïntegreerde kennis en begrip, ten einde belangrike onderrig-leerteorieë en verwante direkte, indirekte, onafhanklike en interaktiewe leerstrategieë in Geografie-onderwys te kan toepas en evalueer;*
- *die vaardigheid om toepaslike temas aangaande Stedelike en Omgewingsgeografie te kan verduidelik en analiseer, asook om individuele of groepsaktiwiteite ter ondersteuning van die samehangende begrip van konsepte, idees, teorieë, beginsels en reëls, ten einde inligting te kommunikeer, te kan beplan;*
- *integrering van kennis aangaande Stedelike en Omgewingsgeografie binne die konteks van die Kurrikulum- en Assesseringsbeleidsverklaring (KABV);*
- *samewerking in 'n groep saam met ander op 'n etiese en verantwoordelike wyse, asook om probleme eie aan die leerinhoud van hierdie module te kan oplos; en*
- *begrip aangaande die basiese praktyke ten opsigte van, asook die vermoë om assessering binne Geografie-onderwys te kan toepas en evalueer.*

Praktiese afdeling:

- *geïntegreerde kennis en begrip aangaande, asook die vermoë om kwantitatiewe berekenings en karteringstegnieke te kan toepas, ten einde data visueel in die praktyk te kan aanbied.*

Metodologie:

- *• geïntegreerde kennis en begrip om assessering van, vir en as leer in Geografie-onderwys toe te pas;*
- *gebruik van die KABV-dokument en Vakassesseringsriglyne (VAR), ten einde assesseringsgeleenthede vir Graad 10, 11 en 12-leerders te kan voorberei, deur grondige kennis aangaande 'n assesseringsprogram vir 'n werkskedule te kan demonstreer; en*
- *optrede as assessor deur verskillende assesseringstrategieë en -metodes doeltreffend te kan gebruik, ten einde doeltreffende onderrig-leer te kan bevorder.*

Title: Geography Education: Advanced Climatology
Titel: Geografie vir Onderwys: Gevorderde Klimatologie

On completion of this module the student should be able to demonstrate*:*

- a detailed knowledge and insight regarding concepts and the application possibilities of Southern & South Africa's Climatic history and resulting weather conditions;
- a systematic knowledge of advanced climatological phenomena on a global and South African context;
- the ability to analyse climatic phenomena, which reflect the environmental conditions over time;
- the ability to discuss and critically evaluate the conditions which lead to the global climatic phenomena;
- the ability to work with other individuals in group context in an ethically accountable and responsible manner during the solving of problems characteristic of the learning contents of this module, and should undertake small scale research regarding relevant subjects as expressed in the module;

Practical section:

- a fundamental knowledge, skills, understanding and insight of Map projections and GIS as well as be able to apply it in practice by using ArcGIS/ArcView in a GIS Laboratory; and
- ability to operate effectively on GIS software, such as data capturing, data manipulation, data integration, buffering, querying and statistical analysis, to explore geographical phenomena and solve geographical problems.

Methodology:

- exhaustive knowledge and applicable skills employed in the design, implementation and demonstration of advanced Geography lessons and more specifically map work; and
- an understanding of the various teaching approaches concerning Geography and subsequently evaluate these for the purpose of implementing the correct approach to learning experiences and to creatively and effectively employ and elucidate appropriate teaching aids in practice.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige begrip en insig aangaande konsepte, asook die toepassingsmoontlikhede van Suidelike en Suid-Afrikaanse klimaatsgeskiedenis en gevolglike weersomstandighede;*
- *sistematiese kennis aangaande gevorderde klimatologiese verskynsels binne die globale en Suid-Afrikaanse kontekste;*
- *die vermoë om klimaatsverskynsels wat omgewingstoestande met die verloop van tyd weerspieël, te kan analiseer;*
- *die vermoë om die toestande wat tot globale klimaatsverskynsels aanleiding gee, te kan bespreek en krities te kan evalueer; en*
- *die vermoë om op 'n eties-verantwoordbare en verantwoordelike wyse met ander binne 'n groepkonteks te kan saamwerk tydens die oplos van probleme eie aan hierdie module se leerinhoud, asook om kleinskaalse navorsing aangaande toepaslike temas binne die module te kan onderneem.*

Praktiese afdeling:

- *fundamentele kennis, begrip en insig aangaande Kaartprojeksies en GIS, sowel as die vermoë om dit in die praktyk te kan toepas deur ArcGIS/ArcView in 'n GIS-Laboratorium te kan gebruik; en*
- *die vermoë om effektief te werk op GIS-sagteware, soos data-insameling, data manipulasie, data-integrasie, buffer, navraag en statistiese analise, ten einde geografiese verskynsels te ondersoek en geografiese probleme op te los.*

Metodologie:

- *uitgebreide kennis en toepaslike vaardighede vir gebruik by die ontwerp, implementering en demonstrasie van gevorderde Geografielesse, wat spesifiek karteringswerk betref; en*
- *begrip van die verskillende leerbenaderings aangaande Geografie te kan demonstreer en vervolgens te kan evalueer, met die doel om die korrekte benadering ten opsigte van leerervarings te kan implementeer, asook om toepaslike onderrighulpmiddels skeppend en doeltreffend in die praktyk te kan aanwend en toelig.*

Title: Geography: Human and Physical Geography for the Senior Phase
Titel: Geografie: Menslike en Fisiese Geografie vir die Seniorfase

On completion of this module the student should be able to demonstrate*:*

- demonstrate detailed knowledge of the location, political distribution, physical characteristics and economic trends of the Republic of South Africa;
- have an extended knowledge and comprehension of the general concepts in population geography; make correct analyses and demonstrate an ability to develop meaningful interpretations within this area;
- demonstrate fundamental knowledge of climate and vegetation on a global scale;
- have extended knowledge and comprehension of the general surface forces that shape the earth – earthquakes, volcanoes and floods; and
- demonstrate the ability to apply gained knowledge with an ethically responsible attitude towards South Africa and its people.

Practical:

- students must demonstrate a thorough knowledge, skills, and understanding of map work.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis aangaande die ligging, politieke verspreiding, fisiese kenmerke en ekonomiese tendense in die Republiek van Suid-Afrika te kan demonstreer;*
- *oor uitgebreide kennis en begrip aangaande die algemene konsepte in bevolkingsgeografie te kan beskik, korrekte analises te kan maak en die vermoë te kan demonstreer om betekenisvolle interpretasies binne hierdie veld te kan ontwikkel;*
- *Fundamentele kennis aangaande klimaat en plantegroei op 'n globale skaal te kan demonstreer;*
- *oor uitgebreide kennis en begrip aangaande algemene oppervlakkragte wat die aarde vorm – aardbewings, vulkane en vloede – te kan beskik; en*
- *verworwe kennis met 'n eties-verantwoordelike houding teenoor Suid-Afrika en die nasie te kan demonstreer.*

Titel: Geskiedenis: Uitgesoekte Suid-Afrikaanse en Globale Geskiedenis vir die Seniorfase

On completion of this module the student should be able to demonstrate*:*

- knowledge and an informed understanding of selected South African and global History within the context of the Curriculum and Assessment Policy Statement (CAPS);
- the skill of scrutinizing primary and secondary sources by differentiating between, tracing and effectively interpreting different historical sources in order to communicate these verbally or in writing;
- competency in problem-solving abilities to address political, social and economic issues within the context of selected South African and global History;
- knowledge and skills in learning and teaching methodology of History, produce and use LTSM, apply learning and teaching techniques and strategies as well as assessment methodology in lesson presentation; and
- taking account of values of an ethical-professional nature with regard to the interpretation of historical facts as always true and in context in keeping with The Manifest for Values, Education and Democracy.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en grondige begrip aangaande uitgesoekte Suid-Afrikaanse en Globale Geskiedenis binne die konteks van die Kurrikulum- en Assesseringsbeleidsverklaring (KABV);*
- *die vaardigheid om primêre en sekondêre bronne te kan ondersoek deur tussen die opspoor en doeltreffende interpretasie van verskillende geskiedenisbronne te kan onderskei, ten einde dit skriftelik of mondelings te kan kommunikeer;*
- *bevoegdheid in probleemoplossingsvermoëns, ten einde politieke, sosiale en ekonomiese kwessies binne die konteks van Suid-Afrikaanse en Globale Geskiedenis te kan aanspreek;*
- *kennis en vaardighede aangaande die leer- en onderrigmetodologie van Geskiedenis en die vermoë om LTSM te kan vervaardig en gebruik, en leer- en onderrigtegnieke en strategieë, sowel as assesseringsmetodologie in lesaanbieding te kan toepas; en*

On completion of this module the student should be able to demonstrate:

- knowledge and informed understanding of the basic concepts of information and communication technology, different computer systems, the features and functions of the components of a computer, the basic operation and management of a computer;
- skills in planning, selecting, implementing and managing the most appropriate hardware and software for a given scenario, taking into consideration new technological tendencies and developments, and using appropriate relevant sources;
- the ability to, individually or as part of a group/team, solve basic well-defined routine or new practice-related problems regarding hardware and software and communicate the solution verbally or in writing in an accurate and coherent manner to different audiences, using appropriate media and technologies;
- the ability to identify and responsibly address ethical issues regarding the use of information and communication technologies, with understanding of copyright and rules on plagiarism; and
- knowledge of and insight into the nature and composition of Information Technology as a school subject and the principles of lesson planning in the subject, as well as skills in planning and implementing a lesson in Information Technology in the teaching situation.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en grondige begrip aangaande die basiese konsepte van inligtings- en kommunikasietegnologie, verskillende rekenaarstelsels, die kenmerke en funksies van rekenaaronderdele, asook die basiese funksionering en bestuur van 'n rekenaar;*
- *vaardighede in die beplanning, selektering, implementering en bestuur van die mees toepaslike hardeware en sagteware vir 'n gegewe scenario, met inagneming van nuwe tegnologiese tendense en ontwikkelinge, en deur toepaslike bronne te kan gebruik;*
- *die vermoë om, individueel of as deel van 'n groep, basiese, goed geformuleerde alledaagse- of nuwe praktykverwante probleme aangaande hardeware en sagteware te kan oplos, en om die oplossing mondelings of skriftelik, op akkurate en samehangende wyse aan verskillende gehore te kan kommunikeer, deur toepaslike media en tegnologieë te kan gebruik;*
- *die vermoë om etiese kwessies aangaande die gebruik van inligtings- en kommunikasietegnologieë te kan identifiseer en verantwoordelik te kan aanspreek, met inbegrip van kopiereg en reëls aangaande plagiaat; en*
- *kennis en insig aangaande die aard en samestelling van Inligtingstegnologie as 'n skoolvak, asook die beginsels van lesbeplanning in die vak, sowel as die beplanning en implementering van 'n les in Inligtingstegnologie binne die onderrigkonteks.*

On completion of this module the student should be able to demonstrate*:* • integrated knowledge and understanding regarding the design of databases, normalisation, relationships, data integrity, data security and data validation and an understanding of how this knowledge can be applied to situations in society; • integrated knowledge and understanding of queries, reports and macros in databases and the ability to evaluate and design tables, queries, reports, forms and macros in databases; • integrated knowledge and understanding of assessment strategies applicable to Information Technology regarding database design and the evaluation of assessment strategies on secondary level in the education situation; • the ability to reflect on values and ethical behaviour regarding the teaching of databases in Information Technology; • the ability to communicate accurately regarding database design, in respect of intellectual property, copyright and plagiarism; • the ability to manage a group process regarding the design of databases, monitoring the process of the group, take responsibility for outcomes, and apply applicable resources; and		

- the ability to take responsibility regarding own learning needs, monitor own progression of learning and implement strategies of learning and managing of resources to satisfy all outcomes of the module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande die ontwerp van databasisse, normalisering, verwantskappe, data-integriteit, dataveiligheid en datavalidering, met inbegrip van die toepassing van sodanige kennis op samelewingskontekste;*
- *geïntegreerde kennis en begrip aangaande navrae, verslae en makros binne databasisse, asook die vermoë om tabelle, navrae, verslae, vorms en makros binne databasisse te kan evalueer en ontwerp;*
- *geïntegreerde kennis en begrip aangaande assesseringstrategieë ten opsigte van databasisontwerp, soos van toepassing op Inligtingstegnologie, asook die evaluering van assesseringstrategieë op sekondêre vlak binne die onderwyskonteks;*
- *die vermoë om oor waardes en etiese optrede aangaande die onderrig van databasisse in Inligtingstegnologie te kan besin;*
- *die vermoë om akkuraat aangaande databasisontwerp te kan kommunikeer ten opsigte van intellektuele eiendom, kopiereg en plagiaat;*
- *die vermoë om 'n groepproses aangaande die ontwerp van databasisse te kan bestuur, die vordering van die groep te kan monitor, verantwoordelikheid vir uitkomste te kan aanvaar, asook toepaslike bronne te kan toepas; en*
- *die vermoë om verantwoordelikheid vir eie leerbehoeftes te kan aanvaar, eie leervordering te kan monitor, asook leerstrategieë en die bestuur van hulpbronne te kan implementeer, ten einde aan alle uitkomste van die module te kan voldoen.*

Title: Information Technology Education: Data Structures, Methods and SQL
Titel: Inligtingstegnologie-Onderwys: Datastrukture, Metodes en SQL

On completion of this module the student should be able to demonstrate:

- integrated knowledge and understanding of the data structures, methods and SQL and the application thereof in computer programs;
- the ability to analyse, evaluate and critically reflect on and address complex programming problems regarding data structures, methods and SQL; and
- the ability to take full responsibility of his or her work, decision-making and apply these in various ill-defined contexts.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande datastrukture, -metodes en SQL, asook die toepassing daarvan op rekenaarprogramme;*
- *die vermoë om ingewikkelde programmeringsprobleme aangaande datastrukture, metodes en SQL te kan analiseer, evalueer en krities daaroor te kan besin; en*
- *die vermoë om volle verantwoordelikheid vir sy/haar werk en besluitneming te kan aanvaar, en om dit binne verskeie vaag-omskrewe kontekste te kan toepas.*

Title: Information Technology Education: System Development Methodologies and Computer Applications
Titel: Inligtingstegnologie-Onderwys: Stelselontwikkelingsmetodologieë en Rekenaartoepassings

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of system development methodologies;
- integrated knowledge and understanding of object-oriented programming (OOP);
- the ability to analyse, evaluate and critically reflect on system development methodologies and OOP to address complex problems and various scenarios; and
- the ability to take full responsibility of his or her work, decision-making and apply these in various ill-defined contexts.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande stelselontwikkelingsmetodologieë;*
- *geïntegreerde kennis en begrip aangaande objek-georiënteerde programmering (OOP);*
- *die vermoë om stelselontwikkelingsmetodologieë (OOP) te kan analiseer, evalueer en krities daaroor te besin, ten einde ingewikkelde probleme in verskeie scenario's te kan aanspreek; en*

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and practical skills regarding project management, project integration management and strategic planning;
- integrated knowledge, practical skills as well as ethical conduct and justifiable decision making regarding the use of the Internet, WWW, and supportive technologies;
- the ability to produce accurate and coherent written and verbal communication of project management;
- integrated knowledge regarding computer lab management; and
- the application of project management and practical skills in the development of a web software project.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en praktiese vaardighede aangaande projekbestuur, projekintegreringsbestuur en strategiese beplanning;*
- *geïntegreerde kennis, praktiese vaardighede, sowel as etiese optrede en geregverdigde besluitneming aangaande die gebruik van die Internet, WWW en ondersteuningstegnologieë;*
- *die vermoë tot akkurate en samehangende skriftelike en mondelinge kommunikasie aangaande projekbestuur;*

Title: Engineering Technology for Teachers: Manufacturing and Joining (ii)
Titel: Ingenieurstegnologie vir Onderwysers: Vervaardiging en Hegting (ii)

On completion of this module the student should be able to demonstrate*:*

- demonstrate detailed knowledge and basic skills (both in writing and practical) in the safe use, maintenance and the application of the safety regulations that are applicable to the power driven tools and machinery such as lathes and milling machines used in mechanical technology;
- identify parts of different power driven tools and machinery and critically evaluate them with regard to their efficiency and application possibilities, relate it in writing as well as explain / demonstrate it practically;
- detailed knowledge of engineering mechanisms such as levers and linkages, gear systems, pulley systems and forces;
- compare and evaluate different semi- and permanent joining methods, explain and discuss why each of them is applied in various / different situations as well as critically evaluate the advantages and disadvantages of semi joining methods;
- compile lessons from the above-mentioned topics for a class situation by creating an division / partitioning of the topics in a critical manner so that it can be presented to learners meaningfully in the time period allowed; and

- facilitate all of the above-mentioned outcomes in a didactic situation to school learners both theoretically and practically (in other words in a workshop in a work situation).

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en basiese vaardighede (skriftelik sowel as mondelings) aangaande die veilige gebruik en onderhoud, asook die toepassing van veiligheidsregulasies, soos toepaslik vir kraggereedskap en masjinerie, soos draaibanke en walsmasjiene wat in Meganiese Tegnologie gebruik word, te kan demonstreer;*
- *onderdele van verskillende tipes kraggereedskap en masjinerie te kan identifiseer, asook om dit krities te kan evalueer ten opsigte van die doeltreffendheid en toepassingsmoontlikhede daarvan, en om dit skriftelik, sowel as mondelings te kan verduidelik/prakties te kan demonstreer;*
- *grondige kennis aangaande ingenieursmeganismes, soos hefbome en verbindings, tandratstelsels, katrolstelsels en -kragte te kan demonstreer;*
- *verskillende semi-permanente en permanente hegtingsmetodes te kan vergelyk en evalueer, en om te kan verduidelik waarom elk daarvan onder verskeie/verskillende omstandighede toegepas kan word, asook om die voor- en nadele van semi-hegtingsmetodes krities te kan evalueer;*
- *lesse vanuit die voorgenoemde temas vir 'n klassituasie te kan saamstel deur die temas op 'n kritiese wyse te kan indeel, ten einde dit betekenisvol vir die leerders binne die toegelate tydsraamwerk te kan aanbied; en*
- *bogenoemde uitkomste binne 'n didaktiese konteks vir skoolleerders, teoreties, sowel as prakties (met ander woorde in 'n werkswinkel binne 'n werkskonteks) te kan fasiliteer.*

Title: Engineering Technology for Teachers: Manufacturing and Joining (iii)
Titel: Ingenieurstegnologie vir Onderwysers: Vervaardiging en Hegting (iii)

On completion of this module the student should be able to demonstrate*:*

- demonstrate integrated knowledge to interpret symbols, units, the terminology and procedures to carry out different production methods such as drilling, cutting, filing, turning and welding, as well as squaring on a lathe in order to manufacture a product;
- understand the importance of balancing work pieces on a lathe and evaluate the advantages and disadvantages of balanced and unbalanced work with regard to wear and safety, carry out calculations necessary for correct methods of balancing;
- demonstrate integrated knowledge on the different types of forces that are applied to mechanical components;
- apply basic tests to demonstrate different mechanical principles such as force, pressure and torque by making use of measurements, meters and appropriate equipment;
- knowledge and an informed understanding of the field of mechanical engineering and specifically the characteristics and properties of different engineering materials;
- demonstrate an awareness of the development and application of theories with regard to engineering principles and the implementation thereof as prescribed by the Curriculum and Assessment Policy Statement (CAPS) related to Engineering; and
- facilitate all of the above outcomes theoretically and practically to school learners in a didactic situation in a workshop and in a work situation.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis aangaande die interpretasie van simbole, eenhede, die terminologie en prosedures wat gebruik word om verskillende produksiemetodes, soos boor-, sny-, feil-, draai- en sweiswerk uit te voer, sowel as haaksmaking op 'n draaibank, te kan demonstreer, ten einde 'n produk te kan vervaardig;*
- *die belangrikheid van die balansering van stukke werk op 'n draaibank te kan begryp, asook om die voor- en nadele van gebalanseerde en ongebalanseerde werk aangaande slytasie en veiligheid te kan evalueer, en om die nodige berekenings vir die korrekte balanseringsmetodes te kan maak;*
- *geïntegreerde kennis aangaande die verskillende tipes kragte wat op meganiese onderdele toegepas word, te kan demonstreer:*
- *basiese toetse te kan toepas, ten einde verskillende meganiese beginsels, soos krag, druk en wringkrag te kan demonstreer deur metings, meters en toepaslike toerusting te kan gebruik;*
- *kennis en grondige begrip aangaande die veld van Meganiese Ingenieurswese, spesifiek aangaande die eienskappe en kenmerke van verskillende ingenieursmateriale;*
- *bewustheid aangaande die ontwikkeling en toepassing van teorieë ten opsigte van ingenieursbeginsels en die implementering daarvan, soos deur die Kurrikulum- en Assesseringsbeleidsverklaring (KABV) voorgeskryf en soos van toepassing op Ingenieurswese, te kan demonstreer; en*

On completion of this module the student should be able to demonstrate*:*

- demonstrate integrated knowledge and understanding of the components, functions, maintenance and all safety measures with regard to milling machines;
- apply and demonstrate the ability to make a critical distinction between different milling cutters, their different uses, setting them up, and the grinding process for the sharpening of these milling cutters;
- sound and systematic knowledge of the operating principle of a dividing head and application to calculate and perform different indexing with the dividing head;
- sound and systematic knowledge of the safe use and application possibilities of different gear types that are used in mechanical driven systems and present day systems, gear terms and calculations for the manufacturing of gears;
- a sound and systematic knowledge base of mechanical systems and the ability to address unfamiliar concrete and abstract problems and issues by making use of proof-based solutions and theory-driven arguments; and
- select and apply appropriate and subject specific teaching methodologies and strategies related to engineering technology and manufacturing and joining in the GET and FET phases.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande die onderdele, funksies, onderhoud en alle veiligheidsmaatreëls, soos van toepassing op walsmasjiene te kan demonstreer;*
- *die vermoë te kan demonstreer en te kan toepas om 'n kritiese onderskeid te kan tref tussen verskillende walssnyers, die verskillende gebruike en opstelling daarvan, asook die slypingsproses vir die skerpmaak van sodanige walssnyers;*
- *grondige en sistematiese kennis aangaande die funksionering van 'n verdeelkop, asook om verskillende indekserings met die verdeelkop te kan bereken en uitvoer;*
- *grondige en sistematiese kennis aangaande die veilige gebruik en toepassingsmoontlikhede van verskillende tandrattipes wat in meganies- gedrewe stelsels, asook hedendaagse stelsels gebruik word, en tandrat-terminologie en berekenings vir die vervaardiging van tandratte te kan demonstreer;*
- *'n grondige en sistematiese kennisbasis aangaande meganiese stelsels en die vermoë om onbekende, konkrete en abstrakte probleme en kwessies te kan aanspreek deur bewys-gebaseerde en teorie-gedrewe beredenering te kan gebruik; en*
- *toepaslike, vakspesifieke onderrigmetodologieë en -strategieë verbonde aan ingenieurstegnologie en vervaardiging en hegting in die AOO- en VOO-fases te kan selekteer en toepas.*

On completion of this module the student should be able to demonstrate:

- a comprehensive and systematic knowledge base regarding different layouts of a workshop and the maintenance thereof and making an effective selection on the basis of available detail to put together (design) a layout for a specific purpose;
- a comprehensive knowledge base regarding milling machines with regard to their uses, functions of the different components and have an informed and critical understanding of the principles and theories of different milling cutters and simple milling operations;
- extended knowledge of the use of a dividing head, the function(s) of the components of the dividing head and be able to do calculations for direct (rapid) indexing, simple and angle indexing;
- extended knowledge on the interpretation of the iron-carbon equilibrium diagram and demonstrate by means of integrated knowledge the different welding tests that can be performed;
- the ability to apply and explain the implementation and solving of integrated force, moments and stress and strain problems and challenges in real life situations,
- compile a programme of assessment according to the NCS and CAPS documents; and
- select and apply appropriate and subject specific teaching methodologies and strategies related to engineering technology and manufacturing and joining in the GET and FET phases.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige en sistematiese kennis aangaande verskillende uitlegte van 'n werkswinkel en die onderhoud daarvan, asook doeltreffende selektering op grond van beskikbare besonderhede, ten einde 'n uitleg vir 'n spesifieke doel te kan ontwerp;*
- *'n grondige kennisbasis aangaande walsmasjiene, die gebruike daarvan, die funksies van die verskillende onderdele, asook grondige en kritiese begrip aangaande die beginsels en teorieë ten opsigte van verskillende walssnyers en eenvoudige walsbewerkings;*
- *uitgebreide kennis aangaande die gebruik van 'n verdeelkop, die funksie(s) van die onderdele van die verdeelkop, asook die vermoë om berekenings vir direkte (snelle), eenvoudige en hoekindeksering te kan maak;*
- *uitgebreide kennis aangaande die interpretering van die yster-koolstof ewewigsdiagram, asook om met behulp van geïntegreerde kennis die verskillende sweistoetse wat uitgevoer kan word, te kan demonstreer;*
- *die vermoë om die implementering en oplossing van probleme aangaande geïntegreerde krag, momente, spanning en druk, asook werklike lewensuitdagings te kan toepas en verduidelik,*
- *die samestelling van 'n assesseringsprogram volgens die NBV- en KABV-dokumente; en*
- *die selektering en toepassing van toepaslike, vak-spesifieke onderrigmetodologieë en -strategieë verbonde aan Ingenieurstegnologie en vervaardiging en hegting in die AOO- en VOO-fases.*

Title: Engineering Technology for Teachers: Manufacturing and Joining (vi)
Titel: Ingenieurstegnologie vir Onderwysers: Vervaardiging en Hegting (vi)

On completion of this module the student should be able to demonstrate*:*

- demonstrate a comprehensive and systematic knowledge basis of milling machines regarding more advanced operations that are done on the machine, and do a critical evaluation thereof;
- critically evaluate an extended knowledge of the functioning and use of a dividing head when differential indexing has to be applied, do calculations for that and graphically and practically demonstrate the setting up of the necessary gears to the dividing head;
- demonstrate a comprehensive knowledge of gear tooth terms, calculations for cutting spur gears , helical gears and racks, as well as the effective processing skills for the practical implementation of that with the aid of the dividing head and gears;
- use and formulate different calculations for power transmission in gear systems;
- critically analyse the principles for computer-controlled machines, identify and critically analyse data and integrate that with various programming principles and manufacturing processes; and
- demonstrate the ability to function in changing and unfamiliar teaching contexts that require responsibility and initiative in order to communicate and facilitate the above-mentioned outcomes academically-professionally and effectively to learners at school.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige en sistematiese kennisbasis aangaande walsmasjiene ten opsigte van meer gevorderde bewerkings op die masjien, asook kritiese evaluering daarvan;*
- *kritiese evaluering van uitgebreide kennis aangaande die funksionering en gebruik van 'n verdeelkop, indien differensiële indeksering toegepas moet word, die maak van berekenings daarvoor, asook grafiese en praktiese demonstrasie van die opstelling van tandratte aan die verdeelkop;*
- *grondige kennis aangaande tandratterminologie, berekenings vir snytandratte, skroefratte en -stange, sowel as doeltreffende verwerkingsvaardighede vir die praktiese implementering daarvan met behulp van die verdeelkop en tandratte;*
- *gebruik en formulering van verskillende berekenings vir kraggeleiding in tandrat-stelsels;*
- *kritiese analise van die beginsels vir rekenaarbeheerde masjiene, identifikasie en kritiese analise van data en die integrering daarvan met verskeie programmeringsbeginsels en vervaardigingsprosesse; en*
- *die vermoë om binne veranderende en onbekende onderrigkontekste wat verantwoordelikheid en inisiatief vereis, te kan funksioneer, ten einde bogenoemde uitkomste akademies-professioneel en doeltreffend te kan kommunikeer en fasiliteer.*

Title: Learning Support: Chronic Illnesses and Diseases and Poor Socio-Economic Circumstances
Titel: Leerondersteuning: Kroniese Siektetoestande en Swak Sosio-ekonomiese Omstandighede

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and understanding of different chronic illnesses and diseases, as well as barriers to learning that stem from poor socio-economic circumstances;
- an ability to analyse, evaluate and synthesise the different chronic illnesses and diseases, as well as barriers to learning that stem from poor socio-economic circumstances based on the knowledge obtained;
- an ability to appraise as well as to demonstrate analytical skills with regard to the inclusion of learners with different chronic illnesses and diseases, as well as barriers to learning that stem from poor socio-economic circumstances;
- analytical and application skills with regard to the learning support and collaboration process for the different chronic illnesses and diseases, as well as barriers to learning that stem from poor socio-economic circumstances;
- a detailed knowledge and range of skills regarding curriculum and assessment modification and accommodation in any classroom of learners' diverse learning needs who experience different chronic illnesses and diseases, as well as barriers to learning that stem from poor socio-economic circumstances; and
- an understanding of the ethical implications of decisions regarding the learner experiencing different chronic illnesses and diseases, as well as barriers to learning that stem from poor socio-economic circumstances.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande verskillende kroniese siektetoestande, sowel as leerhindernisse wat uit swak sosio-ekonomiese omstandighede voortspruit;*
- *die vermoë om die verskillende kroniese siektetoestande, sowel as leerhindernisse wat uit swak sosio-ekonomiese omstandighede voortspruit, te kan analiseer, evalueer en sintetiseer op grond van verworwe kennis;*
- *die vermoë om analitiese vaardighede aangaande die insluiting van leerders met verskillende kroniese siektetoestande, sowel as leerhindernisse wat uit swak sosio-ekonomiese omstandighede voortspruit, te kan takseer en demonstreer;*

Title: Learning Support: Sensory and Learning Impairments as well as Giftedness
Titel: Leerondersteuning: Sensoriese- en Leergestremdhede, asook Begaafdheid

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of different sensory and learning impairments as well as giftedness;
- an ability to identify, analyse and critically reflect on the different sensory and learning impairments as well as giftedness;
- integrated knowledge and understanding with regard to the multiplicity and combination of different sensory and learning impairments as well as giftedness;
- an ability to appraise as well as to demonstrate analytical skills with regard to the inclusion of learners with different sensory and learning impairments, as well as giftedness;
- an ability to select, evaluate and apply appropriate processes regarding the learning support and collaboration process for the different sensory and learning impairments as well as giftedness;
- an ability to select, evaluate and apply appropriate methods with regard to curriculum and assessment modification and accommodation in any classroom of learners' diverse learning needs who experience different sensory and learning impairments as well as giftedness; and
- that in the work there is a reflection of values, ethical conduct and justified decision-making appropriate to the practice of supporting the learner experiencing different sensory impairments and learning impairments as well as giftedness.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande die verskillende sensoriese- en leergestremdhede, asook begaafdheid;*
- *die vermoë om die verskillende sensoriese- en leergestremdhede, asook begaafdheid te kan identifiseer, analiseer en krities daaroor te kan besin;*

Title: Learning Support: Introduction to Applied Learning Support
Titel: Leerondersteuning: Inleiding tot Toegepaste Leerondersteuning

On completion of this module the student should be able to demonstrate*:*

- critical understanding, evaluation and specialised knowledge of the identification, assessment, learning support and collaboration process, of at least two barriers to learning;
- analytical and constructive knowledge and skills with regard to the inclusion of learners who experience these two barriers to learning;
- an ability to select, evaluate and demonstrate a specialised knowledge of appropriate curriculum and assessment modification and accommodation of these two barriers to learning;
- an ability to develop and demonstrate interviewing skills in the learning support and collaboration process; and
- an ability critically to evaluate the appropriate ethical conduct towards the learner experiencing barriers to learning as well as towards the involved role players.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kritiese begrip, evaluering en gespesialiseerde kennis aangaande die identifisering, assessering, leerondersteunings- en samewerkingsproses ten opsigte van minstens twee leerhindernisse;*
- *analitiese en konstruktiewe kennis en vaardighede aangaande die insluiting van leerders wat sodanige twee leerhindernisse ervaar;*
- *die vermoë om gespesialiseerde kennis aangaande toepaslike kurrikulum- en assesseringsmodifikasie, met inbegrip van sodanige twee leerhindernisse te kan selekteer, evalueer en demonstreer;*
- *die vermoë om onderhoudvoeringsvaardighede in die leerondersteunings- en samewerkingsproses te kan ontwikkel en demonstreer; en*

On completion of this module the student should be able to demonstrate*:*

- critical understanding and application of the assessment, learning support and collaboration process, specialising in the two barriers to learning identified in LESE 411;
- critical understanding and application of the curriculum and assessment modification and accommodation, specialising in the two barriers to learning identified in LESE 411;
- an accurate, coherent, appropriate and creative presentation of the findings on the above as case studies during facilitation sessions;
- an accurate, coherent and appropriate presentation of the findings in comprehensive and professional reports on these two identified learners; and
- an ability critically to judge and apply the appropriate professional and ethical conduct towards these two learners experiencing barriers to learning as well as towards the involved role players.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kritiese begrip en toepassing van die assesserings-, leerondersteunings- en samewerkingsproses, met spesialisering in die twee leerhindernisse wat in LESE 411 geïdentifiseer is;*
- *kritiese begrip en toepassing van die kurrikulum- en assesseringsmodifikasie, met inbegrip van spesialisering in die twee leerhindernisse wat in LESE 411 geïdentifiseer is;*

- *'n akkurate, samehangende, toepaslike en skeppende aanbieding van die bevindings aangaande bogenoemde as gevallestudies tydens fasiliteringsessies;*
- *'n akkurate, samehangende en toepaslike aanbieding van die bevindings in volledige en professionele verslae aangaande die twee geïdentifiseerde leerders; en*
- *die vermoë om toepaslike professionele en etiese optrede teenoor sodanige twee leerders, asook teenoor die betrokke rolspelers krities te kan beoordeel en toepas.*

Title: Life Sciences for Education: Biochemistry and Cytology
Titel: Lewenswetenskappe vir Onderwys: Biochemie en Sitiologie

On completion of this module the student should be able to demonstrate:

- basic research skills such as gathering and analysing data from literature and experiments on processes during respiration, photosynthesis and biochemistry in order to develop process skills such as planning and execution of experiments, making observations, and drawing conclusions;
- knowledge and informed understanding of the scientific method, basic chemistry, biochemistry, microscopy, cytology and bio-energetics;
- the ability to identify and implement the steps of the scientific method to solve basic scientific problems related to the mentioned content and familiar context;
- the ability to communicate their understanding of relevant concepts and experimental processes by means of visual data, responsive linguistic skills (scientific literacy) in oral and written presentations accurately and coherently, with understanding of copyright and rules on plagiarism;
- the ability to contribute appropriately during group work to successfully complete experiments, reports and projects related to the mentioned content, taking responsibility for learning progress and outcome realization of the group; and
- monitor own learning progress, implement relevant learning strategies by making use of graphic representations and summaries to improve learning to successfully realize task outcomes and emphasize the central theme in Life Sciences, namely structure, function and adaptation.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *basiese navorsingsvaardighede, soos die insameling en analisering van data vanuit die literatuur, asook eksperimente aangaande prosesse tydens asemhaling, fotosintese en biochemie, ten einde verwerkingsvaardighede soos die beplanning en uitvoering van eksperimente, waarnemings en die maak van gevolgtrekkings, te kan ontwikkel;*
- *kennis en grondige begrip aangaande die wetenskaplike metode, basiese chemie, biochemie, mikroskopie, sitiologie en bio-energie;*
- *die vermoë om die stappe van die wetenskaplike metode te kan identifiseer en implementeer, ten einde basiese wetenskaplike probleme aangaande die vermelde inhoud en vertroude konteks te kan oplos;*
- *die vermoë om sy/haar begrip aangaande toepaslike konsepte en eksperimentele prosesse met behulp van visuele data, deelnemende linguistieke vaardighede (wetenskaplike geletterdheid), in skriftelike en mondelinge aanbiedings, akkuraat en samehangend, te kan kommunikeer, met inbegrip van kopiereg en reëls aangaande plagiaat;*

Title: Life Sciences for Education: Environmental Studies – Ecology and Sustainable Living
Titel: Lewenswetenskappe vir Onderwys: Omgewingstudies – Ekologie en Volhoubare Lewe

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of the structure, composition, organisation and classification of the ecosphere, the dynamics of ecosystem functioning, evaluate and apply the laws of thermodynamics, limiting factors, and theories on population growth to different scenario's regarding the environmental crises;
- the ability to identify, analyse and critically reflect on and address complex real life environmental issues by suggesting solutions based on theories evidence of best practice regarding sustainable use of the earth's resources;
- reflect on values, ethical conduct and justifiable decision making regarding their own contribution to the environmental crises;
- accurate and coherent scientific written and verbal communication of the analysis of different environmental issues and solutions thereof in projects, experimental reports, class work and summative assessment tasks;
- the ability to select and implement suitable teaching – learning strategies to guarantee effective teaching and learning regarding the content; and
- responsibility for own learning needs, monitoring their own learning progress and application of relevant learning strategies and management of resources, both hard copy and electronic, to successfully realize all outcomes of this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande die struktuur, samestelling, organisasie en klassifikasie van die ekosfeer, die dinamika van ekostelsel-funksionering, asook om die wette aangaande termodinamika en beperkende faktore en teorieë aangaande bevolkingsgroei te kan evalueer en op verskillende scenario's ten opsigte van die omgewingskrisisse te kan toepas;*
- *die vermoë om ingewikkelde, werklike lewensomgewingskwessies te kan identifiseer, analiseer, krities daaroor te kan besin en dit te kan aanspreek deur oplossings op grond van teoriebewyse van beste praktyk aangaande volhoubare gebruik van die aarde se bronne aan die hand te kan doen;*
- *besinning oor waardes, etiese optrede en geregverdigde besluitneming aangaande sy/haar eie bydrae tot die omgewingskrisisse;*
- *akkurate en samehangende, skriftelike en mondelinge kommunikasie aangaande die analise van verskillende omgewingskwessies en gevolgtrekkings daaroor in projekte, eksperimentele verslae, klaswerk en summatiewe assesseringstake;*
- *die vermoë om toepaslike onderrig-leerstrategieë te kan selekteer en implementeer, ten einde doeltreffende onderrig-leer aangaande die inhoud te kan waarborg; en*
- *verantwoordelikheid vir eie leerbehoeftes, die monitor van sy/haar eie leervordering, asook die toepassing van toepaslike leerstrategieë en bestuur van hardekopie- en elektroniese hulpbronne, ten einde alle uitkomste van hierdie module te kan verwesenlik.*

Title: Life Sciences for Education: Human Reproduction, Genetics and Continuity of Life
Titel: Lewenswetenskappe vir Onderwys: Menslike Voortplanting, Genetika en Lewenskontinuïteit

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of the structure and function of the human reproductive systems;
- an ability to apply facts and principles to genetic case studies in order to determine the inheritance probability;
- understanding of how knowledge regarding reproduction and genetics relates to continuity of life;
- the ability to select, evaluate and apply scientific methods of enquiry to establish their own world view on the origin of life and evolution;
- reflect on values, ethical conduct and justifiable decision making regarding the facilitation of human reproduction and evolution in the Senior and FET phase;
- the ability to communicate in an accurate and coherent manner, both verbally and in writing;
- the ability to select and implement suitable teaching-learning strategies to guarantee effective teaching and learning regarding the content; and
- responsibility for own learning needs, monitoring their own learning progress and application of relevant learning strategies and management of resources, both hard copy and electronic, to successfully realize all outcomes of this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande die struktuur en funksie van die menslike voortplantingstelsels;*
- *die vermoë om feite en beginsels op genetiese gevallestudies te kan toepas, ten einde die oorerwingswaarskynlikheid te kan bepaal;*
- *begrip aangaande die wyse waarop voortplanting en genetika met lewenskontinuïteit verband hou;*
- *die vermoë om wetenskaplike ondersoekmetodes te kan selekteer, evalueer en toepas, ten einde sy/haar eie wêreldbeskouing aangaande die ontstaan van lewe en evolusie te kan vestig;*
- *besinning oor waardes, etiese optrede en geregverdigde besluitneming aangaande die fasilitering van menslike voortplanting en evolusie in die Senior en VOO-fases;*
- *die vermoë om op akkurate en samehangende wyse, mondelings en skriftelik te kan kommunikeer;*
- *die vermoë om toepaslike onderrig-leerstrategieë te kan selekteer en implementeer, ten einde doeltreffende onderrig-leer aangaande die inhoud te kan waarborg; en*

Title: Life Orientation: The World of Work
Titel: Lewensoriëntering: Die Wêreld van Werk

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of the official policy documents of the Department of Education in Life Orientation with the focus on Career Education;
- the ability to identify, analyse and critically reflect on the theories related to Career Education;
- the ability to identify and understand strategies for job hunting;
- integrated knowledge and understanding the features of labour market including emerging trends and impact of change in the world of work;
- to apply ethical conduct, values in the work place through good decision making; and
- to apply skills in the work place in order to work as a team and to solve problems in the work place.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande die beleidsdokumente van die Departement van Onderwys in Lewensoriëntering, met die fokus op Beroepsonderwys;*
- *die vermoë om die teorieë aangaande Beroepsonderwys te kan identifiseer, analiseer en krities daaroor te kan besin;*
- *die vermoë om werksoek-strategieë te kan identifiseer en begryp;*
- *geïntegreerde kennis en begrip aangaande die kenmerke van die arbeidsmark, met inbegrip van opkomende tendense en die impak van verandering op die wêreld van werk;*
- *toepassing van etiese optrede en waardes in die werksplek met behulp van goeie besluitneming; en*
- *toepassing van vaardighede in die werksplek, ten einde as 'n span te kan saamwerk en probleme in die werksplek te kan oplos.*

Title: Life Orientation: Career Education
Titel: Lewensoriëntering: Beroepsonderwys

On completion of this module the student should be able to demonstrate*:*

- integrate and understand of contested knowledge of teaching approaches that will enable the teacher to engage in teaching career education;
- reflect on ethical conduct and values through antidiscrimination education in career education;
- the ability to select and evaluate career education programmes for learners through relevant research methods;
- integrate media in the career education classroom or centre to understand the world of work; and
- accurate and coherent written en verbal communication in Career Education through lesson plans, work schedules, tasks, projects and portfolios.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde begrip aangaande aanvegbare kennis ten opsigte van onderrigbenaderings wat die onderwyser in staat kan stel om by Beroepsonderwys betrokke te kan raak;*
- *besinning oor etiese optrede en waardes met behulp van anti-diskrimineringsonderrig in Beroepsonderwys;*
- *die vermoë om beroepsonderwysprogramme vir leerders met behulp van toepaslike navorsingsmetodes te kan selekteer en evalueer;*
- *media-integrering in die beroepsonderwyskslaskamer of -sentrum, ten einde die wêreld van werk te kan begryp; en*

Title: Life Orientation: Physical Education – Exercise Science, Selected Recreational Movement Activities and Physical Fitness
Titel: Lewensoriëntering: Liggaamlike Opvoeding – Oefenkunde, Uitgesoekte Ontspannings-Bewegingsaktiwiteite en Fisiese Fiksheid

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of, as well as an ability to correctly evaluate and apply the terminology, concepts, principles and theories of anatomy, applied physiology and exercise science to the presentation of selected recreational movement activities, physical fitness activities and complete lessons within the field of Physical Education, and an understanding of how that knowledge relates to Life Orientation within the Senior and FET-phase;
- ability to identify, analyse, critically reflect on and address complex applied physiological and exercise science problems and apply practice-driven solutions within the presentation of selected recreational movement activities, physical fitness activities and Physical Education lesson presentation with theory-driven arguments;
- reflection of all values, ethical conduct and justifiable decision making regarding the presentation of selected recreational movement activities and physical fitness activities in lessons appropriate to the practice of Physical Education;
- management of a group of co-students or Senior/FET-phase learners in an unfamiliar context in order to solve a contextual problem, i.e. the learning of new recreational movement and physical fitness skills, monitoring the progress of the group and taking responsibility for task outcomes and application of appropriate resources where appropriate; and
- take full responsibility for own learning needs, monitoring of own learning progress and application of relevant learning strategies and management of all resources to successfully realize all outcomes of this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande, sowel as die vermoë om die terminologie, konsepte, beginsels en teorieë van anatomie, toegepaste fisiologie en oefenkunde korrek te kan evalueer en op die aanbieding van uitgesoekte ontspannings-bewegingsaktiwiteite en fisiese fiksheid te kan toepas, en om lesse binne die veld van Liggaamlike Opvoeding te kan aanbied, asook begrip van die verband tussen sodanige kennis en Lewensoriëntering in die Senior en VOO-fases;*
- *die vermoë om ingewikkelde, toegepaste fisiologiese en oefenkundeprobleme te kan identifiseer, analiseer, krities daaroor te kan besin en dit te kan aanspreek, asook om praktyk-gedrewe oplossings tydens die aanbieding van uitgesoekte ontspannings-bewegings- en fisiese fiksheidsaktiwiteite met behulp van teorie-gedrewe beredenering te kan toepas;*
- *besinning oor alle waardes, etiese optrede en geregverdigde besluitneming aangaande die aanbieding van lesse in uitgesoekte ontspannings-bewegings- en fisiese fiksheidsaktiwiteite in die toepaslike Liggaamlike Opvoedingspraktyk;*

Title: Life Orientation: Personal Life Skills and Ethics (i)
Titel: Lewensoriëntering: Persoonlike Lewensvaardighede en Etiek (i)

On completion of this module the student should be able to demonstrate:

- knowledge and an informed understanding of
  - what Personal Life Skills and ethics are,
  - the concepts of Personal Life Skills and ethics as prerequisite for pro-social behaviour,
  - the theories underpinning Personal Life skills and ethics, and
  - self-awareness as well as the nature of the self as social being and the essence of being human; and
- knowledge and an understanding of the important role of personal effectiveness in pro-social behaviour of the self in society.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en grondige begrip aangaande*
  - *wat Persoonlike Lewensvaardighede en etiek behels,*
  - *die konsepte ten opsigte van Persoonlike Lewensvaardighede en etiek as voorvereiste tydens pro-sosiale optrede,*
  - *die Fundamentele teorieë ten opsigte van Persoonlike Lewensvaardighede en etiek, en*

- *bewustheid van die self, sowel as aangaande die aard van die self as sosiale wese, asook die essensie daarvan om menslik te kan wees; en*

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and informed understanding of
  - interpersonal relationships,
  - various ethics of relationships,
  - interaction skills of the self in society, and
  - experiential and dialogical teaching strategies within Life Orientation;
- an ability to select, plan, implement and present a theoretically-based learning opportunity in order to apply effective teaching and assessment strategies suitable to Life Orientation in the Senior and FET phases; and
- the ability to operate individually and as part of a group in order to make appropriate contributions to successfully integrate relevant Personal Development themes into lesson planning, assessment strategies and instructional skills.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande*
  - *interpersoonlike verhoudings,*
  - *verskeie etiese waardes ten opsigte van verhoudings,*
  - *interaksie-vaardighede van die self in die samelewing, en*
  - *ervarings- en dialogiese onderrig-leer strategieë binne Lewensoriëntering;*
- *die vermoë om 'n teoreties-gebaseerde leergeleentheid te kan selekteer, beplan, implementeer en aanbied, ten einde doeltreffende en toepaslike onderrig- en assesseringstrategieë op Lewensoriëntering in die Senior en VOO-fases te kan toepas; en*
- *die vermoë om individueel en as deel van 'n groep te kan funksioneer, ten einde toepaslike bydraes tot die suksesvolle integrering van toepaslike Persoonlike Ontwikkelingstemas by lesbeplanning, assesseringstrategieë en onderrigvaardighede te kan lewer.*

On completion of this module the student should be able to demonstrate*:*

- demonstrate detailed knowledge and understanding of specific aspects for Social and Environmental responsibility:
  - how knowledge of aspects for Social and Environmental responsibility relates to applicable knowledge within the fields of Life Orientation in the Senior Phase, and
  - the origin and development of knowledge within the field of Life Orientation in the Senior Phase, and critical understanding of schools of thought and forms of explanations typical within the field of Life Orientation in the Senior Phase;
- to distinguish and solve social and environmental issues in unfamiliar contexts and to apply the solutions to support progress/development in the practice of Life Orientation in the Senior Phase;
- understand the ethical and professional implications of decisions, actions and practices specifically relevant to social and environmental issues , in accordance with the code of conduct/rules of practice;
- use discipline-specific methods and techniques of scientific enquiry and information gathering on social and environmental issues from relevant discipline-related sources, analyse, evaluate and synthesize the information and apply your conclusions/research to a given context in the field of Life Orientation in the Senior Phase;
- accurately and coherently demonstrate written and verbal communication of project and case studies with understanding of and respect for intellectual property conventions, copyright and rules on plagiarism;
- act as group member and a group leader and contribute appropriate information/skills to successfully complete a task/project/case study, measuring the success of the task completion against given criteria, taking co-responsibility for learning progress and outcome realization of the group; and
- integrate specialized subject knowledge in order to present lessons in accordance with applicable principles.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande spesifieke aspekte vir Sosiale en Omgewingsverantwoordelikheid te kan demonstreer:*
  - *die verband tussen kennis aangaande aspekte van Sosiale en Omgewingsverantwoordelikheid en toepaslike kennis binne die veld van Lewensoriëntering in die Senior Fase, en*
  - *die ontstaan en ontwikkeling van kennis binne die veld van Lewensoriëntering in die Senior Fase, asook kritiese begrip aangaande denkskole en tipiese verklaringsvorme binne die veld van Lewensoriëntering in die Senior Fase;*
- *sosiale en omgewingskwessies binne onbekende kontekste te kan onderskei en oplos, asook om die oplossings te kan toepas, ten einde vordering/ontwikkeling binne die praktyk van Lewensoriëntering in die Senior Fase te kan ondersteun;*
- *die etiese en professionele implikasies van besluite, optrede en praktyke, spesifiek aangaande sosiale en omgewingskwessies, volgens die gedragskode/reëls in die praktyk te kan begryp;*
- *vak-spesifieke metodes en tegnieke van wetenskaplike ondersoek en inligtinginsameling, asook inligting vanuit toepaslike vakverwante bronne te kan analiseer, evalueer en sintetiseer, en om sy/haar gevolgtrekkings/navorsing op 'n gegewe konteks binne die veld van Lewensoriëntering in die Senior Fase te kan toepas;*
- *akkurate en samehangende, skriftelike en mondelinge kommunikasie aangaande projekte en gevallestudies te kan demonstreer, met inbegrip van respek vir intellektuele eiendomskonvensies, kopiereg en reëls aangaande plagiaat;*
- *as groepslid en -leier te kan optree en toepaslike inligting/vaardighede te kan bydra, ten einde 'n taak/projek/gevallestudie suksesvol te kan afhandel, met inbegrip van die meting van suksesvolle taakvoltooiing volgens gegewe kriteria, asook die aanvaarding van medeverantwoordelikheid vir leervordering en die groep se verwesenliking van uitkomste; en*

- an understanding of the sensory and motor development of young children and how it should be linked to art activities;
- an understanding of the role of visual arts, play, dance, drama in the holistic development of young children and how it is connected to Life Skills;
- the ability to compile a portfolio that will illustrate knowledge, skills, values and creativity in a visually-stimulating way;
- the ability to apply PIE and other important didactical skills to art lessons and art activities;
- the ability to identify analyse and solve routine or new problems in an unfamiliar context during the planning of suitable art activities for lessons in the foundation phase; and
- the ability to critically analyse the development of the young learner in art and to apply this knowledge as didactical principles in art lessons.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis aangaande die ontwikkeling van kinderkuns binne 'n inklusiewe en multikulturele leerkonteks;*
- *grondige kennis aangaande kunsteorie as 'n estetiese ervaring;*
- *grondige kennis aangaande, asook om oor visuele persepsievaardighede te kan beskik (2-D en 3-D);*
- *deeglike kennis aangaande die belangrikheid en kompleksiteit ten opsigte van die assessering van kunsprodukte van die jong kind;*
- *die vereiste vaardighede en kennis, ten einde die kunsaktiwiteite binne 'n Grondslagfase-klaskamer (praktyk) suksesvol te kan bestuur;*
- *begrip aangaande die sensoriese en motoriese ontwikkeling van jong kinders, asook die wyse waarop dit met kunsaktiwiteite verband hou;*
- *begrip aangaande die rol van Visuele Kunste, spel, dans en drama tydens die holistiese ontwikkeling van jong kinders, asook die wyse waarop dit met Lewensvaardighede verband hou;*
- *die vermoë om 'n portefeulje, wat kennis, vaardighede, waardes en skeppingsvermoë op visueel-stimulerende wyse illustreer, te kan saamstel;*
- *die vermoë om PIE, asook ander belangrike didaktiese vaardighede op kunslesse en -aktiwiteite te kan toepas;*
- *die vermoë om alledaagse of nuwe probleme binne onbekende kontekste tydens die beplanning van toepaslike kunsaktiwiteite vir lesse in die Grondslagfase, te kan identifiseer, analiseer en oplos; en*
- *die vermoë om die ontwikkeling van die jong leerder in kuns krities te kan analiseer en om sodanige kennis as didaktiese beginsels op kunslesse te kan toepas.*

Title: Life Skills in the Foundation Phase: Music
Titel: Lewensvaardighede in die Grondslagfase: Musiek

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and understanding of music concepts like rhythm, melody, form, texture, tempo, timbre and dynamics; as well as the elements of drama;
- the ability to analyse, evaluate and practically apply music activities and music skills in a formal and informal way in which young students can be actively involved, like singing, movement, listening, instrumental playing and improvisation;
- the ability to apply practical skills on the guitar, Orff instruments or African percussion instruments to accompany school learners in creative and suitable musical activities;
- the ability to identify, analyse and solve routine or new problems in an unfamiliar context during the planning of suitable music activities for lessons in the foundation phase;
- the ability to critically analyse the development of the young learner in music and to apply this knowledge as didactical principles in music lessons;
- management of learning, in respect of which a learner is able to demonstrate an ability to evaluate performances in music against a given criteria, and accurately identify and address his or her task-specific learning needs in a practical musical context, and to provide support to the learning needs of others where appropriate; and
- accountability, in respect of which a learner is able to demonstrate an ability to work effectively in a team or group, and to take responsibility for his or her decisions and actions and the decisions and actions of others within a practical music context, including the responsibility for the use of resources where appropriate.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande musiekkonsepte, soos ritme, melodie, vorm, tekstuur, tempo, timbre en dinamiek, sowel as die elemente van drama;*
- *die vermoë om musiekaktiwiteite en -vaardighede te kan analiseer, evalueer en op formele en informele wyse prakties te kan toepas, met inbegrip van die aktiewe betrokkenheid van jong studente by aktiwiteite soos sang, beweging, luister, instrumentele spel en improvisasie;*
- *die vermoë om praktiese vaardighede op die kitaar, Orff-instrumente of Afrika-slaginstrumente te kan toepas, ten einde skoolleerders tydens skeppende en toepaslike musiekaktiwiteite te kan begelei;*
- *die vermoë om alledaagse of nuwe probleme binne 'n onbekende konteks, tydens die beplanning van toepaslike musiekaktiwiteite vir lesse in die Grondslagfase, te kan identifiseer, analiseer en oplos;*
- *die vermoë om die musiekontwikkeling van die jong leerder krities te kan analiseer en om sodanige kennis as didaktiese beginsels op musieklesse te kan toepas;*
- *bestuur van leer, ten opsigte waarvan 'n leerder in staat behoort te kan wees om die vermoë te kan demonstreer om musiekuitvoerings volgens gegewe kriteria te kan evalueer, asook om sy/haar taak-spesifieke leerbehoeftes binne 'n praktiese musiekkonteks akkuraat te kan identifiseer en aanspreek en om, waar toepaslik, ondersteuning vir die leerbehoeftes van ander te kan bied; en*
- *verantwoordbaarheid, ten opsigte waarvan 'n leerder in staat behoort te kan wees om die vermoë te kan demonstreer om doeltreffend in 'n span of groep te kan saamwerk, asook om verantwoordelikheid vir sy/haar besluite en optrede, sowel as dié van ander binne 'n praktiese musiekkonteks te kan aanvaar, met inbegrip van verantwoordelike hulpbrongebruik, waar toepaslik.*

Title: Life Skills for Early Childhood Education Development: Natural Science and Technology
Titel: Lewensvaardighede vir Vroeë Kinderopvoeding en -Ontwikkeling: Natuurwetenskap en Tegnologie

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of, as well as an ability to correctly evaluate and apply: the different theories underpinning the teaching and learning of natural science and technology in ECED (formal (Gr 1-3) and informal (Gr R) context);
- ability to select, evaluate and apply methods of enquiry (qualitative) to do focused research and resolve problems: within the subject specific knowledge about the main concepts related to natural science and technology in the ECED;
- ability to select, evaluate and apply a range of different but appropriate methods: how to teach natural science and technology in the ECED;
- understanding of contested knowledge within the field of natural science and technology, and critical evaluation of: knowledge of the content domains of natural science and technology as reflected in the current prescribed curricula of the country in the foundation phase and ECED learners;
- understanding of contested knowledge within the field of health sciences, and critical evaluation of: how health science concepts benefit the society in which we live;
- reflection of all values, ethical conduct and justify decisions, actions and practices specifically relevant to natural science and technology pertaining to environmental and social development;
- the ability to manage groups to successfully complete tasks appropriate to natural science and technology, monitoring and measuring the success of the task completion against given criteria, taking co-responsibility for learning progress and outcome realisation of the group, act as group member, but also a group leader; and
- the ability to take full responsibility for own learning need, monitoring own learning progress and apply relevant teaching-learning strategies, and knowledge of resources relevant to all core components of natural science and technology to realise all outcomes of this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande, sowel as die vermoë om die verskillende Fundamentele teorieë ten opsigte van die onderrig-leer van Natuurwetenskappe en Tegnologie binne VKOO (formeel (Gr 1-3) en informeel (Gr R)-konteks) korrek te kan evalueer en toepas;*
- *die vermoë om ondersoekmetodes (kwalitatief) te kan selekteer, evalueer en toepas, ten einde gefokusde navorsing aangaande die vak-spesifieke kennis ten opsigte van die hoofkonsepte, soos van toepassing op Natuurwetenskappe en Tegnologie in VKOO, te kan onderneem en probleme te kan oplos;*
- *die vermoë om 'n reeks verskillende, maar tog toepaslike, metodes aangaande die onderrigwyse van Natuurwetenskappe en Tegnologie in VKOO te kan selekteer, evalueer en toepas;*
- *begrip aangaande aanvegbare kennis binne die veld van Natuurwetenskappe en Tegnologie, asook kritiese evaluering van die kennis aangaande die inhoudsdomeine van Natuurwetenskappe en Tegnologie, soos weerspieël in die land se huidige voorgeskrewe kurrikulums vir Grondslagfase- en VKOO-leerders;*
- *begrip aangaande aanvegbare kennis binne die veld van Gesondheidswetenskappe, asook kritiese evaluering van die wyse waarop Gesondheidswetenskapskonsepte die samelewing waarbinne ons lewe, bevoordeel;*
- *besinning oor alle waardes, etiese optrede en geregverdigde besluite en praktyke, soos van toepassing op Natuurwetenskappe en Tegnologie, met inbegrip van omgewings- en sosiale ontwikkeling;*
- *die vermoë om groepe te kan bestuur, ten einde toepaslike take aangaande Natuurwetenskappe en Tegnologie suksesvol te kan voltooi, die monitor en meet van suksesvolle taakvoltooiing volgens gegewe kriteria, asook om as groepslid en ook -leier medeverantwoordelikheid vir leervordering en die groep se verwesenliking van uitkomste te kan aanvaar; en*
- *die vermoë om volle verantwoordelikheid vir eie leerbehoeftes te kan aanvaar, eie leervordering te kan monitor, asook om toepaslike onderrig-leerstrategieë en kennis aangaande toepaslike hulpbronne vir alle kernkomponente van Natuurwetenskappe en Tegnologie te kan toepas, ten einde alle uitkomste van hierdie module te kan verwesenlik.*

Title: Life Skills Foundation Phase: Physical Education
Titel: Lewensvaardighede Grondslagfase: Liggaamlike Opvoeding

On completion of this module the student should be able to demonstrate:

- integrated knowledge and engagement in, and critical understanding and application of the theories, techniques and principles relevant to the physical, gross motor and perceptual motor development of the pre-Foundation phase and the Foundation phase learner;
- the ability to select, evaluate and apply a range of different but appropriate movement activities applicable to address gross motor development, perceptual motor development and remedial motor development, and scientific methods of enquiry in motor learning to reflect on and then address complex or abstract problems and contribute to positive change pertaining to learners with motor problems and learners with barriers to learning, within Physical Education practice;
- the ability to critically judge the ethical conduct of others within different cultural and social environments pertaining to remedial Physical Education, and to effect change in conduct where necessary;
- manage a group of learners in a Physical Education class context and demonstrate logical and critical understanding of the roles of all elements of this system in order to solve the problem of effective class organization and presentation, monitoring the progress of the group and taking responsibility for task outcomes and application of appropriate resources; and
- self-regulated learning skills – take full responsibility for own learning needs, monitoring of own learning progress and application of relevant learning strategies and management of all resources to successfully realize all outcomes of this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde begrip aangaande en betrokkenheid by, asook kritiese begrip en toepassing ten opsigte van die teorieë, tegnieke en beginsels op die fisiese, groot-motoriese en perseptueel-motoriese ontwikkeling van die Voorskoolse- en Grondslagfaseleerder;*
- *die vermoë om 'n reeks verskillende, maar tog toepaslike, bewegingsaktiwiteite, soos van toepassing op groot-motoriese, perseptueel-motoriese en remediërende motoriese ontwikkeling, asook wetenskaplike ondersoekmetodes aangaande motoriese leer, te kan selekteer, evalueer en toepas, ten einde oor ingewikkelde of abstrakte probleme te kan besin en dit te kan aanspreek om tot positiewe verandering ten opsigte van leerders met motoriese probleme en leerhindernisse binne die Liggaamlike Opvoedingspraktyk te kan bydra;*
- *die vermoë om die etiese optrede van ander binne verskillende kulturele en sosiale kontekste met betrekking tot Liggaamlike Opvoeding, krities te kan beoordeel, asook om, waar nodig, verandering van optrede te kan teweegbring;*
- *die vermoë om 'n groep leerders binne 'n Liggaamlike Opvoedingskonteks te kan bestuur en om logiese en kritiese begrip aangaande die rolle van alle elemente van hierdie stelsel te kan demonstreer, ten einde die probleem van klasorganisasie en -aanbieding te kan oplos, die groep se vordering te kan monitor, asook verantwoordelikheid vir taakuitkomste en die toepassing van toepaslike hulpbronne te kan aanvaar; en*
- *self-gereguleerde leervaardighede – die aanvaarding van volle verantwoordelikheid vir eie leerbehoeftes, die monitor van eie leer, die toepassing van toepaslike leerstrategieë en bestuur van alle hulpbronne, ten einde alle uitkomste van hierdie module te kan verwesenlik.*

Title: Life Skills for Early Childhood Education and Development: Social Sciences
Titel: Lewensvaardighede vir Vroeë Kinderopvoeding en -Ontwikkeling: Sosiale Wetenskappe

On completion of this module the student should be able to demonstrate*:*

- knowledge and informed understanding of the different theories underpinning the teaching and learning of social science in ECED (formal (Gr1-3) and informal (Gr R) context);
- the ability to select, plan, implement and manage basic research skills to do foundation research and resolve problems:
  - within the subject specific knowledge about the main concepts related to social science in the ECED, and
  - on how to teach social science in the ECED;
- knowledge and informed understanding within the field of social science, with regard to:
  - knowledge of the content domains of social science as reflected in the current prescribed curricula of the country in the foundation phase and ECED learners, and
  - how social science concepts benefit the society in which we live;
- actions in accordance with acceptable ethical and professional behaviour in practices specifically relevant to social science pertaining to environmental and social development;
- the ability to operate as part of a group and make appropriate contributions to successfully complete social science, taking co-responsibility for learning progress and outcome realization of the group and act as group member; and
- the ability to monitor own learning progress and apply relevant teaching-learning strategies, and knowledge of resources relevant to all core components of social science to realise all outcomes of this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en grondige begrip aangaande die verskillende Fundamentele onderrig-leerteorieë van Sosiale Wetenskappe binne die VKOO (formeel (Gr1-3) en informeel (Gr R)-konteks);*
- *die vermoë om basiese navorsingsvaardighede te kan selekteer, beplan, implementeer en bestuur, ten einde grondslagnavorsing te kan onderneem en probleme te kan oplos:*
  - *binne die vak-spesifieke kennis aangaande die hoofkonsepte, soos van toepassing op Sosiale Wetenskappe in VKOO, en*
  - *aangaande die onderrigwyse van Sosiale Wetenskappe in VKOO;*
- *kennis en grondige begrip binne die veld van Sosiale Wetenskappe aangaande:*
  - *die inhoudsdomeine van Sosiale Wetenskappe, soos weerspieël in die land se huidige voorgeskrewe kurrikulums vir Grondslagfase- en VKOO-leerders, en*
  - *die wyse waarop Sosiale Wetenskapskonsepte die samelewing waarbinne ons lewe, bevoordeel;*
- *optrede volgens aanvaarbare etiese en professionele gedrag binne Sosiale Wetenskapspraktyke, spesifiek met betrekking tot omgewings- en sosiale ontwikkeling;*
- *die vermoë om as deel van 'n groep te kan funksioneer en optree, asook om toepaslike bydraes te kan lewer, ten einde Sosiale Wetenskapstake te kan voltooi, en om medeverantwoordelikheid vir leervordering en die verwesenliking van groepuitkomste te kan aanvaar; en*
- *die vermoë om eie leervordering te kan monitor en toepaslike onderrig-leerstrategieë te kan toepas, asook kennis van alle toepaslike hulpbronne aangaande die kernkomponente van Sosiale Wetenskappe te kan demonstreer, ten einde alle uitkomste van hierdie module te kan verwesenlik.*

Title: Mathematics Intermediate Phase: Mathematical Problem Solving
Titel: Wiskunde Intermediêrefase: Wiskundige Probleemoplossing

On completion of this module the student should be able to demonstrate*:*

- informed understanding of problem solving strategies and metacognition in a variety of contexts;
- the ability to solve routine and non-routine problems with respect to numbers, operations and relationships;
- the ability to communicate the process of problem solving verbally and in writing, using different representations and models;
- the ability to reflect on the validity of the mathematical solutions to problems with respect to numbers, operations and relationships;
- the ability to facilitate problem solving strategies with respect to numbers, operations and relationships in diverse teaching-learning contexts; and
- the ability to monitor their own learning progress, implement relevant metacognitive learning strategies to regulate their own learning and manage resources effectively to successfully solve problems.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige begrip aangaande probleemoplossingstrategieë en metakognisie binne verskeie kontekste;*
- *die vermoë om alledaagse en nie-alledaagse probleme ten opsigte van getalle, bewerkings en verwantskappe te kan oplos;*
- *die vermoë om die probleemoplossingsproses mondelings en skriftelik te kan kommunikeer deur verskillende figure/diagramme en modelle te kan gebruik;*
- *die vermoë om oor die geldigheid van die wiskundige probleemoplossings ten opsigte van getalle, bewerkings en verwantskappe te kan besin;*
- *die vermoë om probleemoplossingstrategieë ten opsigte van getalle, bewerkings en verwantskappe binne diverse onderrig-leerkontekste te kan fasiliteer; en*
- *die vermoë om eie leervordering te kan monitor, en om toepaslike meta-kognitiewe leerstrategieë te kan implementeer, ten einde sy/haar eie leer te kan reguleer, hulpbronne doeltreffend te kan bestuur, asook probleme suksesvol te kan oplos.*

Title: Mathematics Intermediate Phase: Numeration Systems and Number Theory
Titel: Wiskunde Intermediêrefase: Numereringstelsels en Getalleteorie

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and understanding of different numeration systems e.g. Mayan, Roma and Egyptian systems;
- detailed knowledge and informed understanding of the decimal place value number system including number theory;
- the ability to distinguish between different number systems and to solve problems in unfamiliar contexts;
- the ability to find, evaluate and use relevant resources to identify, analyse and remediate learners' errors with respect to the decimal number system;
- the ability to accurately and coherently use verbal and written communication with understanding in facilitating concepts relating to the decimal number system; and
- the ability to plan and execute lessons regarding number systems and number theory, making use of the prescribed and applicable policies and documents from the Department of Basic Education and integrate specialized subject knowledge with appropriate subject methodology.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande verskillende numereringstelsels, bv. die Maiaanse, Romaanse en Egiptiese stelsels;*
- *grondige kennis en begrip aangaande die desimale waardegetalstelsel, met inbegrip van getalleteorie;*
- *die vermoë om tussen verskillende getalstelsels te kan onderskei en om probleme binne onbekende kontekste te kan oplos;*
- *die vermoë om toepaslike bronne te kan opspoor, analiseer en gebruik, ten einde leerderprobleme ten opsigte van die desimale getalstelsel te kan remedieer;*
- *die vermoë om mondelinge en skriftelike kommunikasie akkuraat en samehangend te kan gebruik, met inbegrip van die fasilitering van konsepte aangaande die desimale getalstelsel; en*
- *die vermoë om lesse aangaande getalstelsels en getalleteorie te kan beplan en aanbied deur van die voorgeskrewe en toepaslike beleidsdokumente van die Departement van Basiese Onderwys gebruik te kan maak, asook om gespesialiseerde vakkennis by toepaslike vakmetodologie te kan integreer.*

Title: Mathematics Intermediate Phase: Functional Relationships
Titel: Wiskunde Intermediêrefase: Funksionele Verwantskappe

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and understanding with respect to number patterns, functional relationships and multiple representations of functions;
- detailed knowledge of and insight in constructivism as a teaching-learning theory in mathematics;
- the ability to apply constructivist learning experiences in the teaching-learning of number patterns and functional relationships;
- the ability to solve routine and non-routine problems with respect to number patterns and functional relationships;
- the ability to analyse, model, evaluate and communicate problems and solutions relating to number patterns and functional relationships;
- the ability to facilitate meaningful learning relating to number patterns and functional relationships through the investigative approach;
- the ability to act as a group member and a group leader and to contribute appropriate knowledge of teaching number patterns and functional relationships in planning a lesson; and
- the ability to make use of prescribed and applicable documents from the Department of Basic Education and integrate specialised subject knowledge with appropriate subject methodology.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande getalpatrone, funksionele verwantskappe en veelvoudige weergawes van funksies;*
- *grondige kennis aangaande en insig in konstruktivisme as ‘n onderrig-leerteorie in Wiskunde;*
- *die vermoë om konstruktivistiese leerervarings tydens die onderrig-leer van getalpatrone en funksionele verwantskappe te kan toepas;*
- *die vermoë om alledaagse en nie-alledaagse probleme ten opsigte van getalpatrone en funksionele verwantskappe te kan oplos;*
- *die vermoë om probleme en oplossings aangaande getalpatrone en funksionele verwantskappe te kan analiseer, modelleer, evalueer en kommunikeer;*
- *die vermoë om betekenisvolle leer aangaande getalpatrone en funksionele verwantskappe met behulp van die ondersoekende benadering te kan fasiliteer;*
- *die vermoë om as groepslid en -leier te kan optree en toepaslike kennis tot die onderrig van getalpatrone en funksionele verwantskappe te kan bydra; en*

Title: Mathematics Intermediate Phase: Proportional Reasoning
Titel: Wiskunde Intermediêrefase: Proporsionele Redenering

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding with respect to fractions, decimals and percentages;
- integrated knowledge and informed understanding of realistic mathematics education;
- the ability to facilitate meaningful learning of fractions, decimals and percentages through realistic mathematics problems;
- the ability to interpret, evaluate and remediate learners’ representations, solutions and misconceptions;
- the ability to manage a lesson study group in an unfamiliar context, monitoring the progress of the group and taking responsibility for the lesson outcomes and application of appropriate resources; and
- the ability to make use of prescribed and applicable documents from the Department of Basic Education and integrate specialised subject knowledge with appropriate subject methodology.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande breuke, desimale en persentasies;*
- *geïntegreerde kennis en begrip aangaande realistiese Wiskunde-onderwys;*
- *die vermoë om betekenisvolle leer aangaande breuke, desimale en persentasies met behulp van realistiese wiskundeprobleme te kan fasiliteer;*
- *die vermoë om leerders se weergawes, oplossings en wanbegrippe te kan interpreteer, evalueer en remedieer;*
- *die vermoë om ‘n lesstudiegroep binne ‘n onbekende konteks te kan bestuur, die groep se vordering te kan monitor, asook om verantwoordelikheid vir die lesuitkomste en die toepassing van toepaslike bronne te kan aanvaar; en*

Title: Mathematics Intermediate Phase: Space and Shape
Titel: Wiskunde Intermediêrefase: Ruimte en Vorm

On completion of this module the student should be able to demonstrate:

- integrated knowledge and understanding of two-dimensional shapes and three-dimensional bodies by describing, classifying and analysing these shapes and solids according to their properties;
- integrated knowledge and informed understanding of the Van Hiele theory of geometric understanding;
- the ability to evaluate and critically apply the Van Hiele theory of geometric thinking;
- the ability to identify the orientation and transformation of objects in space and to analyse and describe these transformations mathematically; and
- the ability to take full responsibility for investigating other theories relating to the development of geometric thinking and the application of these theories in compiling relevant activities.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande twee-dimensionele vorms en drie-dimensionele figure deur sodanige vorms en figure volgens hulle kenmerke te kan beskryf, klassifiseer en analiseer;*
- *geïntegreerde kennis en begrip aangaande die Van Hiele-teorie van meetkundige denke;*
- *die vermoë om die Van Hiele-teorie van meetkundige denke te kan evalueer en krities te kan toepas;*
- *die vermoë om die oriëntasie en transformasie van voorwerpe in ruimte te kan identifiseer en om sodanige transformasies wiskundig te kan analiseer en beskryf; en*
- *die vermoë om volle verantwoordelikheid vir die ondersoek van ander toepaslike teorieë aangaande meetkundige denke te kan aanvaar, asook die toepassing van sodanige teorieë op die samestelling van toepaslike aktiwiteite.*

Title: Mathematics Intermediate Phase: Measurement
Titel: Wiskunde Intermediêrefase: Meting

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and informed understanding of measurement as an integral part of real life situations;
- critical understanding and application of accurate and estimated measurement concepts;
- the ability to critically investigate and evaluate multiple journal articles relating to the teaching of measurement in the intermediate phase;
- the ability to design an appropriate measurement learning experience, individually and collaboratively in diverse learning contexts;
- the ability to facilitate the meaningful learning of measurement concepts using concrete models;
- the ability to implement a variety of assessment strategies e.g. peer assessment, self-assessment; and
- the ability to make use of prescribed and applicable documents from the Department of Basic Education and integrate specialised subject knowledge with appropriate subject methodology.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande meting as ‘n integrale deel van werklike lewenskontekste;*
- *kritiese begrip en toepassing van akkurate en geskatte metingskonsepte;*
- *die vermoë om veelvoudige vaktydskrifartikels aangaande die onderrig van meting in die Intermediêrefase krities te kan ondersoek en evalueer;*

- *die vermoë om toepaslike metingsleerervarings individueel of samewerkend binne diverse leerkontekste te kan ontwerp;*
- *die vermoë om betekenisvolle leer aangaande metingskonsepte met behulp van konkrete modelle te kan fasiliteer;*
- *die vermoë om 'n verskeidenheid assesseringstrategieë te kan implementeer, bv. portuur- en self-assessering; en*
- *die vermoë om van voorgeskrewe en toepaslike dokumente van die Departement van Basiese Onderwys gebruik te kan maak, asook om gespesialiseerde vakkennis by toepaslike vakmetodologie te kan integreer.*

Title: Mathematics Intermediate Phase: Data Handling
Titel: Wiskunde Intermediêrefase: Datahantering

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge, informed understanding and engagement of the procedures of statistics and probability and counting techniques to solve real life problems;
- the ability to gather, represent, analyse and interpret data as well as making informed judgements based on the data;
- the ability to critically evaluate the validity of statistical representations, models, solutions and misconceptions;
- the ability to critically judge the accountability of concepts of chance in real life contexts;
- the ability to accurately, coherently and appropriately present and communicate learning experiences with respect to statistics and probability;
- the ability to operate effectively individually and collaboratively to design appropriate real-life activities using a variety of resources to facilitate the meaningful learning of data handling; and
- the ability to monitor the progress of the design of activities and taking responsibility for the outcomes of this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande, asook betrokkenheid by statistiese prosedures, waarskynlikheid en tellingtegnieke, ten einde werklike lewensprobleme te kan oplos;*
- *die vermoë om data te kan insamel, weergee en interpreteer, asook om ingeligte uitsprake op grond van die data te kan lewer;*
- *die vermoë om die geldigheid van statistiese weergawes, modelle, oplossings en wanbegrippe krities te kan evalueer;*
- *die vermoë om die verantwoordbaarheid aangaande konsepte van toeval binne werklike lewenskontekste krities te kan beoordeel;*
- *die vermoë om leerervarings ten opsigte van statistiek en waarskynlikheid akkuraat en samehangend te kan weergee en kommunikeer;*
- *die vermoë om individueel en samewerkend doeltreffend te kan funksioneer, ten einde toepaslike, lewenswerklike aktiwiteite te kan ontwerp, met inbegrip van die gebruik van 'n verskeidenheid hulpbronne om betekenisvolle leer aangaande datahantering te kan fasiliteer; en*

Title: Introduction to Mathematics: Numbers, Operations and Data Handling
Titel: Inleiding tot Wiskunde: Getalle, Bewerkings en Datahantering

On completion of this module the student should be able to demonstrate*:*

- knowledge and informed understanding of percentages, ratio, proportionality, rate, number patterns, number operations, as well as elementary statistics and probability;
- the ability to identify number patterns in a variety of contexts and be able to make generalizations and also to gather, organise and represent data;
- the ability to apply this knowledge to solve real-life problems in a variety of contexts and analyse data from a variety of contexts and use elementary statistics to communicate, critically interpret and draw conclusions from these findings as well as to employ suitable computer software; and
- a positive attitude towards the application of mathematical techniques in practice.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en grondige begrip aangaande persentasies, verhoudingsgetalle, proporsionaliteit, syfers, getalpatrone, getalbewerkings, asook elementêre statistiek en waarskynlikheid;*
- *die vermoë om getalpatrone binne 'n verskeidenheid kontekste te kan identifiseer en om veralgemenings te kan maak, asook data te kan insamel, organiseer en weergee;*
- *die vermoë om sodanige kennis op werklike lewensprobleme binne 'n verskeidenheid kontekste te kan toepas, die probleme te kan oplos, asook om data vanuit 'n verskeidenheid kontekste te kan analiseer, met inbegrip van die gebruik van elementêre statistiek en toepaslike rekenaarsagteware, ten einde sodanige bevindings te kan kommunikeer, krities te kan interpreteer en gevolgtrekkings daarvolgens te kan maak; en*

On completion of this module the student should be able to demonstrate*:*

- specific knowledge and informed understanding of numbers, ways of representing numbers, relationships among numbers and properties of the following number systems: natural numbers; whole numbers; integers; real numbers; and complex numbers (brief introduction);
- knowledge regarding the origin and evolution of the number concept and how it influences mathematical operations;
- the ability to select, plan and apply procedures, rules, principles, methods and formulae within the field of number systems;
- the ability to identify, analyse, solve and evaluate routine as well as non-routine number-system-related problems in familiar as well as new realistic contexts;
- the ability to use mathematical terminology, mathematical symbols and mathematical notation in order to produce and communicate information in both verbal and written form within the field of number systems;
- accountability for evaluating the applicability and validity of mathematical representations, models and solutions to problems; and
- the ability to plan and execute lessons regarding number systems, making use of the prescribed and applicable policies and documents from the Department of Education and the ability to integrate specialized subject knowledge with appropriate subject methodology.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *spesifieke kennis en grondige begrip aangaande getalle, wyses om getalle weer te gee, verwantskappe tussen getalle, asook kenmerke van die volgende numeriese stelsels: natuurlike getalle; heelgetalle; integrale getalle; reële getalle; en samegestelde getalle (kort inleiding);*
- *kennis aangaande die ontstaan en evolusie van die getallekonsep en die wyse waarop dit wiskundige bewerkings beïnvloed;*
- *die vermoë om prosedures, reëls, beginsels, metodes en formules binne die veld van numeriese stelsels te kan selekteer, beplan en toepas;*
- *die vermoë om alledaagse, sowel as nie-alledaagse numeriese, stelselverwanteprobleme binne bekende, sowel as nuwe, realistiese kontekste te kan identifiseer, analiseer, oplos en evalueer;*

Title: Mathematics for the Senior and FET Phase: A Model-Based Approach to Functions
Titel: Wiskunde vir die Senior en VOO-Fase: 'n Model-Gebaseerde Benadering tot Funksies

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and solid, grounded understanding of the origin and evolution of the function concept, ways of modelling real life problem situations, relationships among various types of functions, namely: linear functions, quadratic functions, special polynomial functions, absolute value functions, rational functions, trigonometric functions, exponential and logarithmic functions, and hyperbolic functions as well as the teaching and learning methods relevant to these topics where they feature at school level;
- the ability to identify, analyse, select, plan and apply basic procedures, rules, principles, methods and formulae within the field of functions and mathematic modelling in order to describe situations and solve problems in unfamiliar realistic contexts and to facilitate the teaching and learning of problem solving in similar contexts where functions are involved;
- the ability to access, process and manage mathematical terminology, mathematical symbols and mathematical notation accurately and clearly in order to produce and communicate information in both verbal and written form within the field of functions and mathematical modelling;
- the ability to use technology such as calculators and dynamic software as well as other suitable computer- or web-based mathematical tools useful for representing various real life functional relationships and solving related unfamiliar real life problems; and
- the ability to distinguish between individual tasks/ responsibilities and group tasks/ responsibilities as well as the ability to monitor, evaluate and manage own learning performance as well the performance of the group, where applicable, in unfamiliar contexts featuring functions and mathematical modelling or the teaching and learning of the topic, including evaluating the validity of mathematical representations, models and solutions to problems as well as evaluating the efficiency of teaching and learning activities involving functions.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en deeglike begrip aangaande die ontstaan en evolusie van die funksiekonsep, wyses waarop werklike lewenskontekste gemodelleer kan word, asook verwantskappe tussen verskillende funksietipes, naamlik: liniêre funksies, vierkantsverdelingsfunksies, spesiale veeltermige funksies, absolute waardefunksies, rasionale funksies, driehoeksmetingsfunksies, eksponensiaal- en logaritmiese funksies, hiperboliese funksies, sowel as die toepaslike onderrig-leermetodes, soos dit op skoolvlak voorkom;*
- *die vermoë om basiese prosedures, reëls, beginsels, metodes en formules binne die veld van funksies en wiskundige modellering te kan identifiseer, analiseer, selekteer, beplan en toepas, ten einde kontekste te kan beskryf en probleme binne onbekende, realistiese kontekste te kan oplos, asook om onderrig-leer aangaande probleemoplossing binne ooreenkomstige kontekste, waarby funksies betrokke is, te kan fasiliteer;*
- *die vermoë om toegang tot wiskundige terminologie, simbole en notering te kan verkry en dit akkuraat en duidelik te kan verwerk en bestuur, ten einde inligting op mondelinge en skriftelike wyse binne die veld van funksies en wiskundige modellering te kan verskaf en kommunikeer;*
- *die vermoë om tegnologie soos sakrekenaars en dinamiese sagteware, sowel as ander toepaslike rekenaar- of Web-gebaseerde, wiskundige instrumente te kan gebruik, ten einde verskeie werklike, funksionele lewensverwantskappe te kan weergee, asook om toepaslike, onbekende, werklike lewensprobleme te kan oplos; en*
- *die vermoë om tussen individuele en groepstake/-verantwoordelikhede te kan onderskei, sowel as die vermoë om binne onbekende kontekste waar funksies en wiskundige modellering voorkom, eie leerprestasie, sowel as die groep se prestasie, waar toepaslik, te kan monitor, evalueer en bestuur, met inbegrip van die evaluering van die geldigheid van wiskundige figure/diagramme, modelle en probleemoplossings, sowel as die doeltreffendheid van onderrig-leer aangaande die tema, asook onderrig-leeraktiwiteite waarby funksies betrokke is.*

Title: Mathematics for the Senior and FET phase: The interaction Between Algebra and Geometry
Titel: Wiskunde vir die Senior en VOO-Fase: Die Interaksie Tussen Algebra en Meetkunde

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and solid, grounded understanding of the origin and evolution of the relationships between algebra and co-ordinate geometry as well as the teaching and learning methods relevant to these topics, including solid knowledge of contemporary teaching-learning theories relevant to algebra and geometry as an integrated topic;
- the ability to identify, analyse, select, plan and apply basic procedures, rules, principles, methods and formulae in order to describe situations and solve linear and non-linear equations and inequalities algebraically and graphically in unfamiliar realistic contexts and to facilitate the teaching and learning of problem solving in similar contexts where functions are involved;
- the ability to access, process and manage mathematical terminology, mathematical symbols and mathematical notation accurately and clearly in order to produce and communicate the algebraic and graphical representation of polynomial and rational functions in both verbal and written form and to facilitate analytical geometry in diverse learning contexts;
- the ability to use technology such as calculators and dynamic software as well as other suitable computer- or web-based mathematical tools useful for representing points, lines, loci and curves and solving related unfamiliar real life problems; and
- the ability to distinguish between individual tasks/ responsibilities and group tasks/ responsibilities as well as the ability to monitor, evaluate and manage own learning performance as well the performance of the group, where applicable, in unfamiliar contexts featuring co-ordinate systems, points, lines, loci and curves or the teaching and learning of the topic, including evaluating the validity of mathematical representations, models and solutions to problems as well as evaluating the efficiency of teaching and learning activities involving co-ordinate geometry.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en deeglike begrip aangaande die ontstaan en evolusie van die verwantskappe tussen algebra en koördinaatmeetkunde, sowel as toepaslike onderrig-leermetodes ten opsigte van sodanige temas, met inbegrip van deeglike kennis aangaande kontemporêre onderrig-leerteorieë ten opsigte van algebra en meetkunde as geïntegreerde tema;*
- *die vermoë om basiese prosedures, reëls, beginsels, metodes en formules te kan identifiseer, analiseer, selekteer, beplan en toepas, ten einde kontekste te kan beskryf, asook om liniêre en nie-liniêre vergelykings en veranderlikes binne onbekende, realistiese kontekste, algebraïes en grafies te kan oplos, en om die onderrig-leer aangaande probleemoplossing binne ooreenkomstige kontekste, waarby funksies betrokke is, te kan fasiliteer;*
- *die vermoë om toegang tot wiskundige terminologie, simbole en notering te kan verkry en dit akkuraat en duidelik te kan verwerk en bestuur, ten einde die algebraïese en grafiese weergawe van veeltermige en rasionale funksies op mondelinge en skriftelike wyse te kan aanbied en kommunikeer, asook om analitiese meetkunde binne diverse leerkontekste te kan fasiliteer;*
- *die vermoë om tegnologie soos sakrekenaars en dinamiese sagteware, sowel as ander toepaslike rekenaar- of Web-gebaseerde, wiskundige instrumente wat nuttig is om punte, lyne, lokusse en kurwes aan te dui, te kan gebruik, asook om verwante, onbekende, werklike lewensprobleme te kan oplos; en*

- *die vermoë om tussen individuele en groepstake/-verantwoordelikhede te kan onderskei, sowel as die vermoë om binne onbekende kontekste waar koördinaatstelsels, punte, lyne, lokusse en kurwes voorkom, eie leerprestasie, sowel as die groep se prestasie, waar toepaslik, te kan monitor, evalueer en bestuur, met inbegrip van die evaluering van die geldigheid van wiskundige figure/diagramme, modelle en probleemoplossings, sowel as die doeltreffendheid van onderrig-leer van die tema, asook onderrig-leeraktiwiteite waarby koördinaatmeetkunde betrokke is.*

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and solid, grounded understanding of the origin and evolution of piece-wise defined functions, limits, infinitesimal quantities and of the relationships between the geometry of secants, tangents, infinite sums, irregular areas and the relationships between algebraically inverse mathematical processes as described by the Fundamental Theorem of Calculus as well as the teaching and learning methods relevant to these topics, including integrated knowledge of contemporary teaching-learning theories relevant to limits and differentiation calculus;
- the ability to identify, analyse, select, plan and apply basic procedures, rules, principles, methods and formulae in order to describe situations and solve complicated problems involving differentiation and integration of simple as well as composite functions and combinations of functions in ill-defined abstract or realistic contexts and to facilitate the teaching and learning of applicable problem solving in school level contexts where limits and differentiation are involved;
- the ability to access, process and manage mathematical terminology, mathematical symbols and mathematical notation accurately and clearly in order to produce and communicate the geometrical and algebraic representation of complicated functions, limits, rates of change, area of enclosed regions, volumes of solids of revolution and simple first-order and second-order linear differential equations in both verbal and written form and to facilitate the learning of differential calculus in diverse learning contexts;
- the ability to use technology such as calculators and dynamic software as well as other suitable computer- or web-based mathematical tools useful for representing functions, limits, secants, tangents, irregular enclosed two-dimensional regions and partitions and solving related unfamiliar real life problems; and
- the ability to distinguish between individual tasks/ responsibilities and group tasks/ responsibilities as well as the ability to monitor, evaluate and manage own learning performance as well the performance of the group, where applicable, in unfamiliar contexts featuring limits, differentiation and integration, including evaluating the validity of mathematical representations, models and solutions to problems or the teaching and learning of limits and differentiation as an extension of curves and secants and tangents.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en deeglike begrip aangaande die ontstaan en evolusie van broksgewys-bepaalde funksies, beperkings, geringe hoeveelhede, asook aangaande die verwantskappe tussen die meetkunde van snylyne, raaklyne, ontelbare somme, onreëlmatige areas en die verwantskappe tussen algebraïese, omgekeerde wiskundige prosesse, soos omskryf in die Fundamentele Rekeningsteorie, sowel as onderrig-leermetodes aangaande sodanige temas, met inbegrip van geïntegreerde kennis aangaande kontemporêre onderrig-leerteorieë, soos van toepassing op differensiaalrekening;*

- *die vermoë om basiese prosedures, reëls, beginsels, metodes en formules te kan identifiseer, analiseer, selekteer, beplan en toepas, ten einde ingewikkelde probleme, waarby differensiaal- en integraalrekening van eenvoudige, sowel as samegestelde funksies en kombinasies binne vaag-omskrewe, abstrakte of realistiese kontekste betrokke is, te kan beskryf, asook om die onderrig-leer van toepaslike probleemoplossing binne skoolvlakkontekste, waarby beperkings en differensiaalrekening betrokke is, te kan fasiliteer;*
- *die vermoë om toegang tot wiskundige terminologie, simbole en notering te kan verkry en dit akkuraat en duidelik te kan verwerk en bestuur, ten einde die meetkundige en algebraïese weergawe van ingewikkelde funksies, beperkings, skaal van verandering, area van ingeslote gebiede en volumes van vaste stowwe aangaande omwenteling, asook eenvoudige eerste-orde en tweede-orde, liniêre differensiaalveranderlikes, op mondelinge en skriftelike wyse te kan aanbied en kommunikeer, asook om die aanleer van differensiaalrekening binne diverse leerkontekste te kan fasiliteer;*
- *die vermoë om tegnologie soos sakrekenaars en dinamiese sagteware, sowel as ander toepaslike rekenaar- of Web-gebaseerde, wiskundige instrumente wat nuttig is om funksies, beperkings, snylyne, raaklyne, onreëlmatige en ingeslote, twee-dimensionele gebiede en verdelings weer te gee, te kan gebruik, asook om verwante, onbekende, werklike lewensprobleme te kan oplos; en*
- *die vermoë om tussen individuele en groepstake/-verantwoordelikhede te kan onderskei, sowel as die vermoë om binne onbekende kontekste waar beperkings, differensiaal- en integraalrekening voorkom, eie leerprestasie, sowel as die groep se prestasie, waar toepaslik, te kan monitor, evalueer en bestuur, met inbegrip van die evaluering van die geldigheid van wiskundige figure/diagramme, modelle en probleemoplossings, of die onderrig-leerbeperkings aangaande differensiaalrekening as toevoeging tot kurwes, snylyne en raaklyne.*

Title: Mathematics for Early Childhood Education and Development: Learning and Teaching Theories and Strategies in Primary Mathematics
Titel: Wiskunde vir Vroeë Kinderopvoeding en -Ontwikkeling: Leer-Onderrigteorieë en -Strategieë in Primêre Wiskunde

On completion of this module the student should be able to demonstrate*:*

- knowledge and informed understanding of:
  - different forms of mathematical knowledge, as well as various views on effective primary Mathematics teaching and learning,
  - the different theories within the field of basic mathematics relevant to ECED (Focusing on the Foundation Phase), and
  - the development and construction of the meaning of problem-solving in primary Mathematics;
- an ability to select, plan, implement and manage standard and non- standard procedures, rules, methods and skills within the field of mathematics, in order to promote problem-solving;
- an ability to distinguish, evaluate and solve routine or new Mathematical problems and to apply the solutions to support progress in the practice of higher order thinking abilities during mathematical problem-solving;
- the ability to communicate concepts, theories and views on effective mathematics teaching and learning, verbally and in writing, via different technologies and media, in an accurate and coherent manner, with understanding of copyright and rules on plagiarism; and
- an ability to monitor their own learning progress, implement relevant learning strategies in Mathematics to improve learning, and manage resources effectively to successfully realize task outcomes.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en grondige begrip aangaande:*
  - *verskillende vorme van wiskundige kennis, sowel as verskeie beskouings aangaande doeltreffende Primêre Wiskunde-onderrig en leer,*
  - *die verskillende teorieë binne die veld van basiese Wiskunde aangaande VKOO (met die fokus op die Grondslagfase), en*

- knowledge and application of instruction (demonstrate) to help learners improve their skills in reading mathematics and developing mathematical vocabulary;
- knowledge, awareness and application of problem-solving processes and instructional procedures to aid in the solution of verbal mathematical problems;
- knowledge of issues in integrating writing into the mathematics classroom and procedures for helping learners to improve their writing skills in mathematics; and
- the ability to make use of prescribed policy and applicable documents from the Department of Basic Education and integrate specialised subject knowledge with appropriate subject methodology to design appropriate mathematics lessons for the foundation phase.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en bewustheid aangaande die verwantskap tussen taalontwikkeling, leeswerk, die onderrig-leer van/in Wiskunde en die eienskappe van die taal van Wiskunde (woordeskat en simbolisme), asook die hoofprobleme wat leerders in hierdie taal teëkom;*
- *kennis en toepassing van onderrig (demonstrasie), ten einde leerders te kan bystaan om hulle vaardighede ten opsigte van Wiskundelees te kan verbeter, asook om wiskundige woordeskat te kan ontwikkel;*
- *kennis, bewustheid en toepassing van probleemoplossingsprosesse en onderrigprosedures, ten einde met die oplossing van wiskundige probleme bystand te kan verleen;*
- *kennis aangaande kwessies ten opsigte van die integrering van skryf in die Wiskundeklaskamer, asook prosedures om leerders by te staan om hulle skryfvaardighede in Wiskunde te kan verbeter; en*
- *die vermoë om voorgeskrewe en toepaslike dokumente van die Departement van Basiese Onderwys te kan gebruik, asook om gespesialiseerde vakkennis by toepaslike vakmetodologie te kan integreer, ten einde toepaslike Wiskundelesse vir die Grondslagfase te kan ontwerp.*

Title: Mathematics for Early Childhood Education and Development: Early Preschool Mathematics (Informal Phase)
Titel: Wiskunde vir Vroeë Kinderopvoeding en -Ontwikkeling: Voorskoolse Wiskunde (Informele Fase)

On completion of this module the student should be able to demonstrate*:*

- a theoretical foundation for the way in which the pre-school and Grade R child are exposed to mathematical concepts;
- the subject specific knowledge about the main concepts related to mathematics in pre-school and Grade R;
- how to teach mathematics in pre-school and Grade R;
- the knowledge of the content domains of mathematics as reflected in the current prescribed curricula of the country in the pre-school and Grade R; and
- how mathematics concepts benefit the society in which we live.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *'n teoretiese basis aangaande die wyse waarop die voorskoolse en Graad R-kind aan wiskundige konsepte blootgestel word;*
- *vak-spesifieke kennis aangaande die hoofkonsepte ten opsigte van voorskoolse en Graad R-Wiskunde;*
- *die onderrigwyse van voorskoolse en Graad R-Wiskunde;*
- *kennis aangaande die inhoudsdomeine van Wiskunde, soos in die land se huidige voorgeskrewe kurrikulums ten opsigte van voorskoolse en Graad R-Wiskunde weerspieël word; en*
- *die wyse waarop wiskundige konsepte die samelewing waarbinne ons lewe, bevoordeel.*

Title: Mathematical Literacy: Numbers and Operations in Context
Titel: Wiskundige Geletterdheid: Getalle en Bewerkings in Konteks

On completion of this module the student should be able to demonstrate*:*

- specific subject knowledge and informed understanding of numbers, ways of representing numbers, relationships among numbers and properties of the following number systems: natural numbers; whole numbers; integers; real numbers;
- subject knowledge regarding the origin and evolution of the number concept and how it influences mathematical operations;
- the ability to select, plan and apply procedures, rules, principles, methods and formulae within the field of number systems;
- the ability to identify, analyse, solve and evaluate routine as well as non-routine number-system-related problems in familiar as well as new realistic contexts;
- the ability to use mathematical terminology, mathematical symbols and mathematical notation in order to produce and communicate information in both verbal and written form within the field of number systems; and
- the ability to plan and teach lessons regarding number systems, making use of the prescribed and applicable policies and documents from the Department of Education and integrate specialised subject knowledge with appropriate subject methodology.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *spesifieke kennis en grondige begrip aangaande getalle, wyses om getalle weer te gee, verwantskappe tussen getalle, asook kenmerke van die volgende numeriese stelsels: natuurlike getalle; heelgetalle; integrale getalle; reële getalle; en samegestelde getalle (kort inleiding);*
- *kennis aangaande die ontstaan en evolusie van die getallekonsep en die wyse waarop dit wiskundige bewerkings beïnvloed;*
- *die vermoë om prosedures, reëls, beginsels, metodes en formules binne die veld van numeriese stelsels te kan selekteer, beplan en toepas;*
- *die vermoë om alledaagse, sowel as nie-alledaagse numeriese, stelselverwanteprobleme binne bekende, sowel as nuwe, realistiese kontekste te kan identifiseer, analiseer, oplos en evalueer;*
- *die vermoë om wiskundige terminologie, simbole en notering te kan gebruik, ten einde mondelinge en skriftelike inligting vanuit die veld van numeriese stelsels te kan verskaf en kommunikeer; en*
- *die vermoë om lesse aangaande numeriese stelsels te kan beplan en aanbied, met inbegrip van die gebruik van die voorgeskrewe en toepaslike beleidsdokumente van die Departement van Basiese Onderwys, asook om gespesialiseerde vakkennis by toepaslike vakmetodologie te kan integreer.*

Title: Mathematical Literacy: Space, Shape and Measurement
Titel: Wiskundige Geletterdheid: Ruimte, Vorm en Meting

On completion of this module the student should be able to demonstrate*:*

- specific subject knowledge and informed understanding of two and three dimensional shapes, ways of representing these shapes and relationships and properties of different two and three dimensional shapes;
- the ability to select, plan and apply formulae within the field of space, shape and measurement;
- the ability to identify, analyse, solve and evaluate routine as well as non-routine geometrical-related problems in familiar as well as new realistic contexts;
- the ability to use mathematical terminology, mathematical symbols and mathematical notation in order to produce and communicate information in both verbal and written form within the field of shape, space and measurement; and
- the ability to plan and teach lessons regarding space, shape and measurement, making use of the prescribed and applicable policies and documents from the Department of Education and integrate specialised subject knowledge with appropriate subject methodology.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *spesifieke vakkennis en grondige begrip aangaande die kenmerke en eienskappe van twee- en drie-dimensionele vorms, maniere om hierdie vorms en verwantskappe en eienskappe van verskillende twee- en driedimensionele vorms voor te stel;*
- *die vermoë om prosedures, reëls, beginsels, metodes en formules binne die veld van ruimte, vorm en meting te kan selekteer, beplan en toepas;*
- *die vermoë om alledaagse, sowel as nie-alledaagse meetkundige en driehoeksmetingsprobleme binne bekende, sowel as nuwe, realistiese kontekste te kan identifiseer, analiseer, oplos en evalueer;*

Title: Mathematical Literacy: Functional Relationships
Titel: Wiskundige Geletterdheid: Funksionele Verwantskappe

On completion of this module the student should be able to demonstrate*:*

- detailed subject knowledge and informed understanding of functional relationships with their properties, with respect to different functions and representation of these functions;
- the ability to select, plan and apply procedures, rules, principles, methods and formulae within the field of functional relationships;
- the ability to use functional terminology, symbols and notation in order to produce and communicate information in both verbal and written form within the field of functional relationships;
- the ability to identify, analyse, solve and evaluate routine as well as non-routine functional-related problems in familiar as well as unfamiliar realistic contexts;
- competence in the use of technological and other mathematical tools with respect to functional relationships;
- accountability for evaluating the applicability and validity of functional representations, models and solutions to problems; and
- the ability to plan and execute lessons regarding functions, making use of the prescribed and applicable policies and documents from the Department of Education and integrate specialised subject knowledge with appropriate subject methodology.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *gedetailleerde vakkennis en ingeligte begrip van funksionele verwantskappe met hul eienskappe, met betrekking tot verskillende funksies en voorstelling van hierdie funksies;*
- *die vermoë om prosedures, reëls, beginsels, metodes en formules in die veld van funksionele verwantskappe te selekteer, beplan en toepas;*
- *die vermoë om funksionele terminologie, simbole en notasie te gebruik om inligting in beide mondelinge en skriftelike vorm binne die veld van funksionele verwantskappe te produseer en te kommunikeer;*
- *die vermoë om roetine sowel as nie-roetine funksionele verwante probleme in bekende sowel as onbekende realistiese kontekste te identifiseer, analiseer, oplos en evalueer;*
- *bevoegdheid in die gebruik van tegnologiese en ander wiskundige instrumente ten opsigte van funksionele verwantskappe;*
- *aanspreeklikheid vir die evaluering van die toepaslikheid en geldigheid van funksionele voorstellings, modelle en oplossings vir probleme; en*

Title: Mathematical Literacy: Financial World
Titel: Wiskundige Geletterdheid: Finansiële Wêreld

On completion of this module the student should be able to demonstrate*:*

- detailed subject knowledge and critical understanding of financial matters, relationships among financial concepts and properties of financial matters; subject knowledge regarding the origin and evolution of financial concepts;
- the ability to select, plan and apply procedures, rules, principles, methods and formulae within the field of the financial world;
- the ability to identify, analyse, solve and evaluate routine as well as non-routine financial-related problems in familiar as well as new realistic contexts;
- the ability to use financial terminology, symbols and notation in order to produce and communicate information in both verbal and written form within the field of the financial world;
- accountability for evaluating the applicability and validity of financial matters and solutions to problems; and
- the ability to plan assessment making use of the prescribed and applicable policies and documents from the Department of Education and integrate specialised subject knowledge with appropriate subject methodology.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *gedetailleerde vakkennis en kritiese begrip van finansiële aangeleenthede, verhoudings tussen finansiële konsepte en eiendomme van finansiële aangeleenthede; vakkennis rakende die ontstaan en evolusie van finansiële konsepte;*
- *die vermoë om prosedures, reëls, beginsels, metodes en formules op die gebied van die finansiële wêreld te selekteer, beplan en toepas;*

Title: Mathematical Literacy: Statistics and Probability
Titel: Wiskundige Geletterdheid: Statistiek en Waarskynlikheid

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and a deep understanding of the terminology, principles and procedures of statistics;
- the ability to select, correctly evaluate and apply the appropriate statistical methods to gather, analyse and interpret data applicable to real life situations;
- the ability to analyse, evaluate, and critically reflect on the appropriate statistical methods to enable inferences based on the data;
- integrated knowledge and understanding of the terminology, concepts, principles and techniques within the field of probability to solve complex real life problems;
- accountability for evaluating the validity of statistical and probability representations, models and solutions to problems; and
- the ability to select, plan, implement and present lessons regarding statistics and probability, making use of theory-based teaching and assessment strategies.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en grondige begrip aangaande die terminologie, beginsels en prosedures van Statistiek;*
- *die vermoë om die toepaslike statistiese metodes te kan selekteer, korrek te kan evalueer en toepas, ten einde data, soos van toepassing op werklike lewenskontekste, te kan insamel, analiseer en interpreteer;*
- *die vermoë om toepaslike statistiese metodes te kan analiseer, evalueer en krities daaroor te kan besin, ten einde gevolgtrekkings op grond van die data te kan maak;*
- *geïntegreerde kennis en begrip aangaande die terminologie, konsepte, beginsels en tegnieke binne die veld van waarskynlikheid, ten einde ingewikkelde, werklike lewensprobleme te kan oplos;*
- *verantwoordbaarheid aangaande die geldigheid van statistiese en waarskynlikheidsfigure/-diagramme, modelle en probleemoplossings; en*
- *die vermoë om lesse aangaande statistiek en waarskynlikheid te kan selekteer, beplan, implementeer en aanbied, met inbegrip van die gebruik van teorie-gebaseerde onderrig- en assesseringstrategieë.*

Title: Mathematical Literacy: Euclidean Geometry
Titel: Wiskundige Geletterdheid: Euklidiese Meetkunde

On completion of this module the student should be able to demonstrate:

- integrated subject knowledge and understanding of the terminology, principles and procedures of Euclidean geometry;
- the ability to select, evaluate, plan and apply procedures, rules, principles, methods and formulae within the field of the Euclidean geometry;
- the ability to distinguish, analyse, solve and critically evaluate routine as well as non-routine Euclidean geometry related problems in familiar as well as unfamiliar contexts;
- the ability to use Euclidean geometry terminology, symbols and notation in order to produce and communicate information in both verbal and written form within the field of the Euclidean geometry;
- accountability for evaluating the applicability and validity of Euclidean geometry and solutions to problems; and
- the ability to plan assessment making use of the prescribed and applicable policies and documents from the Department of Education and integrate specialised subject knowledge with appropriate subject methodology.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde vakkennis en begrip van die terminologie, beginsels en prosedures van Euklidiese meetkunde;*
- *die vermoë om prosedures, reëls, beginsels, metodes en formules binne die veld van die Euklidiese meetkunde te kies, te evalueer, te beplan en toe te pas;*
- *die vermoë om roetine sowel as nie-roetine Euklidiese meetkundeverwante probleme in bekende sowel as onbekende kontekste te onderskei, analiseer, oplos en krities te evalueer;*
- *die vermoë om Euklidiese meetkunde terminologie, simbole en notasie te gebruik om inligting in beide die mondelinge en skriftelike vorm binne die veld van die Euklidiese meetkunde te produseer en te kommunikeer;*

Title: Mathematical Literacy: Trigonometry
Titel: Wiskundige Geletterdheid: Trigonometrie

On completion of this module the student should be able to demonstrate*:*

- integrated subject knowledge and understanding of the terminology, principles and procedures of trigonometry;
- the ability to select, critically evaluate, plan a range of different but appropriate procedures, rules, principles, methods and formulae within the field of trigonometry;
- the ability to use trigonometry terminology, symbols and notation in order to produce and communicate information in both verbal and written form within the field of the trigonometry;
- the ability to distinguish, analyse, solve, evaluate and critically reflect on routine as well as non-routine trigonometry related problems in familiar as well as unfamiliar complex contexts and apply evidence-based solutions with theory-driven arguments;
- accountability for evaluating the applicability and validity or for decision making of trigonometry representations, models and solutions to problems; and
- the ability to plan and execute lessons regarding trigonometry making use of different teaching strategies.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde vakkennis en begrip van die terminologie, beginsels en prosedures van trigonometrie;*
- *die vermoë om krities te evalueer, 'n verskeidenheid verskillende, maar gepaste prosedures, reëls, beginsels, metodes en formules binne die gebied van trigonometrie te beplan;*
- *die vermoë om trigonometrie terminologie, simbole en notasie te gebruik om inligting in beide die mondelinge en skriftelike vorm binne die trigonometrie veld te produseer en te kommunikeer;*
- *die vermoë om op bekende sowel as onbekende komplekse kontekste te onderskei, te analiseer*
- *aanspreeklikheid vir die evaluering van die toepaslikheid en geldigheid of besluitneming van trigonometrie voorstellings, modelle en oplossings vir probleme; en*

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of the concept multi-grade teaching;
- ability to select, evaluate and apply a range of skills in teaching a multi-grade class;
- integrated knowledge and understanding with regard to perceptual developmental skills;
- ability to select, evaluate and apply a range of skills in identifying, assessing and supporting perceptual difficulties and learning impairments (language and mathematical) in the Foundation and Intermediate Phase;
- integrated knowledge and understanding of learners not learning in their mother tongue within the South African context
- ability to select, evaluate and apply a range of skills in accommodating and supporting learners not learning in their mother tongue;
- reflection of all values, ethical conduct and justifiable decision making in the assessment and support of learners experiencing perceptual difficulties and not learning in their mother tongue within the South African context; and
- accurate and coherent written and verbal communication of the assessment and support of learners experiencing perceptual difficulties and not learning in their mother tongue within the South African context.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande die multigraadonderrigkonsep;*
- *die vermoë om 'n reeks vaardighede vir onderrig in 'n multigraadklas te kan selekteer, evalueer en toepas;*
- *geïntegreerde kennis en begrip aangaande perseptuele ontwikkelingsvaardighede;*
- *die vermoë om 'n reeks vaardighede te kan selekteer, evalueer en toepas, ten einde perseptuele- en leerhindernisse (taal en wiskundig) in die Grondslag- en Intermediêrefases te kan identifiseer, assesseer en ondersteun;*

Title: An Introduction to Music as Part of the Subject Creative Arts in the Senior Phase
Titel: 'n Inleiding tot Musiek as Deel van die Vak Skeppende Kunste in die Seniorfase

On completion of this module the student should be able to demonstrate*:*

- knowledge and informed understanding of music elements;
- the ability to select, analyse and plan musical activities focused on singing, movement, listening, instrumental playing and improvisation in order to facilitate active musical engagement in the Senior phase;
- musical performance skills on melodic instruments (the piano), Orff instruments and African percussion instruments to facilitate musical learning and engagement;
- the ability to identify, evaluate and solve routine or new problems in familiar and unfamiliar music education contexts;
- the ability to ethically utilise technological resources to enhance musical learning; and
- the ability to manage learning through critical reflection on musical performance in order to identify and take responsibility for personal learning needs while also providing support for the learning needs of others.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en grondige begrip aangaande musiekbeginsels;*
- *die vermoë om musiekaktiwiteite wat op sang, beweging, luister, die speel van instrumente en improvisasie fokus, te kan selekteer, analiseer en beplan, ten einde aktiewe musikale betrokkenheid in die Seniorfase te kan fasiliteer;*
- *musiekuitvoeringsvaardighede op melodiese instrumente (die klavier), Orff-instrumente en Afrika-slaginstrumente, ten einde musikale leer en betrokkenheid te kan fasiliteer;*
- *die vermoë om alledaagse of nuwe probleme binne bekende en onbekende musiekonderrigkontekste te kan identifiseer, evalueer en oplos;*
- *die vermoë om tegnologiese bronne eties te kan aanwend, ten einde musikale leer te kan versterk; en*

Title: Practical Applications of Music as Part of the Subject Creative Arts in the Senior Phase
Titel: Praktiese Toepassings van Musiek as Deel van die Vak Skeppende Kunste in die Seniorfase

On completion of this module the student should be able to demonstrate*:*

- the ability to facilitate music elements through movement, musical performance and improvisation;
- the ability to create, compose and perform rhythms and melodies by means of singing and the use of non-melodic and melodic instruments;
- musical performance skills on melodic instruments (Piano and guitar), Orff instruments and African percussion instruments to facilitate musical learning and engagement;
- the ability to identify, evaluate and solve routine or new problems in familiar and unfamiliar music education contexts;
- the ability to act as member and leader of a group and make valuable contributions towards the successful planning and execution of tasks; and
- the ability to manage learning through critical reflection on musical performance in order to identify and take responsibility for personal learning needs while providing support for the learning needs of others.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *die vermoë om musiekbeginsels met behulp van beweging, musiekuitvoering en improvisasie te kan fasiliteer;*
- *die vermoë om ritmes en melodieë deur middel van sang en die gebruik van nie-melodiese en melodiese instrumente te kan skep, komponeer en uitvoer;*
- *musiekuitvoeringsvaardighede op melodiese instrumente (klavier en kitaar), Orff-instrumente en Afrika-slaginstrumente, ten einde musikale leer en betrokkenheid te kan fasiliteer;*
- *die vermoë om alledaagse of nuwe probleme binne bekende en onbekende musiekonderrigkontekste te kan identifiseer, evalueer en oplos;*
- *die vermoë om as groepslid en -leier te kan optree en waardevolle bydraes tot suksesvolle taakbeplanning en -uitvoering te kan lewer; en*
- *die vermoë om met behulp van kritiese besinning oor musiekuitvoering, leer te kan bestuur, ten einde verantwoordelikheid vir persoonlike leerbehoeftes te kan aanvaar, met inbegrip van om ondersteuning vir ander se leerbehoeftes te kan bied.*

Title: Educational Theories and Practical Application for Teaching in the Senior Phase
Titel: Opvoedkundige Teorieë en Praktiese Toepassings vir Onderrig in die Seniorfase

On completion of this module the student should be able to demonstrate*:*

- the ability to evaluate and plan musical activities, that facilitate musical learning through active engagement, in the Senior phase;
- the ability to evaluate and plan music listening activities in the Senior phase;
- musical performance skills on melodic instruments, Orff instruments and African percussion instruments to facilitate musical learning and engagement;
- the ability to select, evaluate and effectively apply different music education theories and methods in the Senior phase;
- the ability to select, evaluate and effectively apply different models for arts integration in the Senior phase subject Creative Arts; and
- an understanding of the ethical implications of decisions, actions and practices specifically relevant to the music industry, music education and music research, within an organisational or professional context, based on an awareness of the complexity of ethical dilemmas.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *die vermoë om musikale aktiwiteite, wat musikale leer met behulp van aktiewe betrokkenheid fasiliteer, in die Seniorfase te kan evalueer en te kan beplan;*
- *die vermoë om musiekluistervaardighede in die Seniorfase te kan evalueer en te kan beplan;*
- *musikale uitvoeringsvaardighede op melodiese instrumente, Orff-instrumente en Afrika-slaginstrumente, ten einde musikale leer en betrokkenheid te kan fasiliteer;*
- *die vermoë om verskillende musiekonderrigteorieë en -metodes te kan selekteer, evalueer en doeltreffend in die Seniorfase te kan toepas;*
- *die vermoë om verskillende modelle vir die integrering van die kunste by die vak, Skeppende Kunste, te kan selekteer, evalueer en doeltreffend in die Seniorfase te kan toepas; en*
- *begrip aangaande die etiese implikasies van besluite, optrede en praktyke binne 'n organisatoriese of professionele konteks, op grond van 'n bewustheid ten opsigte van die kompleksiteit van etiese dilemmas, soos spesifiek van toepassing op die musiekindustrie, musiekonderrig en -navorsing.*

Title: Natural Sciences: Life and Living
Titel: Natuurwetenskappe: Die Lewe en Lewende Objekte

On completion of this module the student should be able to demonstrate*:*

- knowledge and informed understanding of the structure and functions of the cell as basic unit of life, selected systems in the human body and structure and functioning of ecosystems;
- continuous development of knowledge regarding biodiversity, change and continuity;

- ability to implement methods and skills within the field of microscopy, physiology and anatomy in order to successfully participate in practical investigations individually or as part of a group;
- actions in accordance with acceptable ethical and professional behaviour, regarding the dissection of plant and animal material, adhering to general laboratory rules at all times;
- ability to communicate understanding of concepts and processes verbally or in writing in an accurate and coherent manner to improve scientific literacy; and
- responsibility for own learning needs, monitoring their own learning progress and application of relevant learning strategies and management of resources, both hard copy and electronic, to successfully realize all outcomes of this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en grondige begrip aangaande die struktuur en funksies van die sel as basiese lewenseenheid, uitgesoekte stelsels in die menslike liggaam, asook die struktuur en funksionering van ekostelsels;*
- *deurlopende kennisontwikkeling aangaande biodiversiteit, verandering en kontinuïteit;*
- *vermoë om metodes en vaardighede binne die veld van Mikroskopie, Fisiologie en Anatomie te kan implementeer, ten einde individueel of as deel van 'n groep suksesvol aan praktiese ondersoeke te kan deelneem;*
- *optrede volgens aanvaarbare etiese en professionele gedrag aangaande die ontleding van plant- en dierematériaal, met inbegrip van gehoorsaming aan algemene laboratoriumreëls ten alle tye;*
- *vermoë om begrip aangaande konsepte en prosesse mondelings of skriftelik, akkuraat en samehangend, te kan kommunikeer, ten einde wetenskaplike geletterdheid te kan verbeter; en*
- *verantwoordelikheid vir eie leerbehoeftes, die monitor van eie leervordering, asook die toepassing van toepaslike leerstrategieë en bestuur van hardekopie- en elektroniese hulpbronne, ten einde alle uitkomste van hierdie module suksesvol te kan verwesenlik.*

Title: Natural Sciences: Matter and Materials
Titel: Natuurwetenskappe: Materie en Materiale

On completion of this module the student should be able to demonstrate*:*

- understanding of the classification and structure of matter as well as selecting appropriate methods for the separation of mixtures;
- understanding of the origin and development of Atomic Theory;
- detailed knowledge and understanding of the structure of the atom and identifying appropriately a correct representation of the structure of the atom to obtain information regarding specific elements;
- ability to distinguish between and appropriately apply different types of chemical bonding to different elements;
- sound understanding of chemical nomenclature;
- ability to use techniques of information gathering to research renewable and non-renewable resources, conveying the information accurately and in a coherent written form with respect for intellectual property conventions, copyright and rules on plagiarism;
- ability to motivate the use of models to explain the behaviour of matter as well as disadvantages of using models incorrectly;
- suggest everyday cost effective items that can be used to build chemical models to facilitate the learning and understanding of chemical principles;
- understanding of the structure matter and chemical reactions of chemical compounds and applications in industry and everyday life and the ethical implications of applying this scientific knowledge;
- ability to act as a group member to contribute to the acquisition of knowledge regarding the structure and synthesis of polymers and their application in industry and everyday life and the ethical implications of applying this scientific knowledge, taking co-responsibility for the progress and outcome realisation of the group;
- awareness of the problems learners have relating to the macroscopic, microscopic and symbolic representation of matter and effectively designing assessment tasks for baseline assessment related to these problems;
- ability to manipulate laboratory equipment and apparatus in the investigation of matter and to observe and record data and make interpretations and communicate their findings correctly in a scientific report; and
- ability to plan a practical for the teaching environment in the FET phase as required by the guidelines given in the CAPS document taking into consideration the safety of the learners and the preservation of the environment.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *begrip aangaande die klassifikasie en struktuur van materie, sowel as die selektering van toepaslike metodes vir die skeiding van mengsels;*
- *begrip aangaande die ontstaan en ontwikkeling van die Atomiese Teorie;*
- *grondige kennis en begrip aangaande en toepaslike identifisering van 'n korrekte weergawe van die atoomstruktuur, ten einde inligting ten opsigte van spesifieke elemente te kan bekom;*
- *vermoë om te kan onderskei tussen en verskillende tipes chemiese bindmiddels op toepaslike wyse op verskillende elemente te kan toepas;*
- *grondige begrip aangaande chemiese vaktaal;*
- *gebruik van inligtinginsamelingstegnieke, ten einde hernubare en nie-hernubare bronne te kan navors, met inbegrip van die akkurate, samehangende, skriftelike kommunikasie van inligting, asook respek vir intellektuele eiendomskonvensies, kopiereg en reëls aangaande plagiaat;*
- *vermoë om motivering aangaande die gebruik van modelle, ten einde die funksionering van materie, sowel as die nadele van foutiewe modelgebruik te kan verduidelik;*
- *vermoë om die aan die hand doen van alledaagse, koste-effektiewe artikels wat gebruik kan word om chemiese modelle te kan bou, ten einde leer en begrip van chemiese beginsels te kan fasiliteer;*
- *begrip aangaande die materiestruktuur en chemiese reaksies van chemiese verbindings in die industrie en alledaagse lewe, asook die etiese implikasies aangaande die toepassing van sodanige wetenskaplike kennis;*
- *optrede as groepslid, ten einde tot die verwerwing van kennis aangaande die struktuur en sintese van polimere en die toepassing daarvan op die industrie en alledaagse lewe te kan bydra, asook om die etiese implikasies ten opsigte van die toepassing van sodanige wetenskaplike kennis te kan begryp, en om medeverantwoordelikheid vir die groep se vordering en verwesenliking van uitkomste te kan aanvaar;*
- *bewustheid aangaande die probleme wat leerders aangaande makroskopiese, mikroskopiese en simboliese weergawes van materie ervaar, asook die doeltreffende ontwerp van assesseringstake vir basiese assessering met betrekking tot sodanige probleme;*
- *vermoë om laboratoriumtoerusting en -apparaat tydens die ondersoek en waarneming van materie te kan hanteer, asook om data te kan opteken en interpreteer, en om sy/haar bevindings korrek te kan kommunikeer in 'n wetenskaplike verslag; en*
- *vermoë om 'n praktiese lesaanbieding binne die onderrigkonteks in die VOO-fase volgens die voorgeskrewe riglyne in die KABV-dokument te kan beplan, met inagneming van leerders se veiligheid omgewingsbewaring.*

Titel: Natuurwetenskappe: Inleiding tot Meganika in Natuur- en Skeikunde

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and understanding regarding the following concepts in Physics and the interrelation between these concepts:
  - energy – including types, transfer, real-life use and application, and
  - forces – types and application by using the three laws of Newton;
- ability to distinguish and solve problems related to energy in the environment in unfamiliar contexts and to apply the solutions to support sustainability in the environment;
- understand the ethical implications of decisions, actions and practices relevant to the use of the CAPS document in Natural Science in the Senior phase;
- ability to select, evaluate and effectively apply an investigation of scientific problems by using the Scientific method, including the following of instructions, handling of apparatus, making of observations, recording and reporting of information in the Senior phase; and
- the ability to monitor own learning progress by designing a simple learning programme using three task types namely capability task, resource task and case studies relating to a chosen situation.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande onderstaande konsepte van Fisika, asook die interverwantskap tussen sodanige konsepte:*
  - *energie – met inbegrip van tipes, geleiding, werklike lewensgebruik en toepassing, en*
  - *kragte – tipes en toepassing met behulp van Newton se drie wette;*
- *vermoë om te kan onderskei tussen en om probleme aangaande energie binne onbekende kontekste te kan oplos, asook om oplossings te kan toepas, ten einde volhoubaarheid in die omgewing te kan ondersteun;*
- *begrip aangaande die etiese implikasies van besluite, optrede en praktyke ten opsigte van die gebruik van die KABV-dokument in Natuur- en Skeikunde in die Seniorfase;*
- *vermoë om die ondersoek van wetenskaplike probleme te kan selekteer, evalueer en met behulp van die wetenskaplike metode doeltreffend te kan toepas, met inbegrip van die nakoming van instruksies, die hantering van apparaat, waarnemings, optekening en verslagdoening van inligting in die Seniorfase; en*
- *vermoë om eie leervordering te kan monitor met behulp van 'n eenvoudige leerprogramontwerp waarby drie taaktipes ingesluit is, naamlik: bevoegdheids- en hulpbrontake, asook toepaslike gevallestudies binne 'n gekose konteks.*

Title: Natural Sciences: Introduction to Physical Geography
Titel: Natuurwetenskappe: Inleiding tot Fisiese Geografie

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and understanding of the place of Geography in Natural Science within the context of the Curriculum and Assessment Policy Statement;
- the skill of explaining and analysing themes relevant to Planetary Geography, Climatology, Geomorphology and Cartography and plan individual or group activities supporting the coherent understanding of concepts, ideas, theories, principles and rules to communicate the information; and
- values of an ethical-professional nature with regard to the interpretation of geographical facts as always true and in context in keeping with The Manifest for Values, Education and Democracy as well as apply knowledge gained for an ethically responsible attitude towards Africa, South Africa and its people.

Practical:

- detailed knowledge, understanding and insight of basic map work skills, as well as the application ability thereof in practice.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande die plek van Geografie in Natuurwetenskappe, binne die konteks van die Kurrikulum en Assesseringsbeleidsverklaring;*
- *die vaardigheid om temas, soos van toepassing op Planetêre Geografie, Klimatologie, Geomorfologie en Kartografie, te kan verduidelik en analiseer, asook om individuele of groepsaktiwiteite te kan beplan, met inbegrip van samehangende begrip aangaande konsepte, idees, teorieë, beginsels en reëls, ten einde die inligting te kan kommunikeer; en*
- *waardes van 'n eties-professionele aard ten opsigte van die interpretering van geografiese feite as altyd juis binne die konteks van die Manifes vir Waardes, Onderwys en Demokrasie, sowel as om verworwe kennis te kan toepas ten bate van 'n eties-verantwoordelike houding teenoor Afrika, Suid-Afrika en die nasie.*

Title: Natural Sciences and Technology (Intermediate Phase): Processes and Methods
Titel: Natuurwetenskappe en Tegnologie (Intermediêrefase): Prosesse en Metodes

On completion of this module the student should be able to demonstrate*:*

- informed understanding regarding the concepts Science, Technology, Technology Education, Scientific Methods, Design Process and the interrelationship between these concepts;
- an informed understanding of the National Policy documents (CAPS) and the terminology used in the document in Natural Science and Technology in the Intermediate phase
- informed understanding and the ability to solve problems and evaluate the solutions, regarding the Design process;
- informed understanding of the methodologies used when teaching Technology and the ability to combine different task types in a learning programme;
- informed understanding regarding investigating scientific problems using scientific methods and applying this understanding to explain the suitability of a specific method for investigating a certain problem; and
- informed understanding regarding teaching science through investigation in the Intermediate phase by applying this understanding in planning an investigation.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige begrip aangaande die konsepte van Wetenskap, Tegnologie, Tegnologie-onderwys, Wetenskaplike Metodes, Ontwerpproses, asook die interverwantskap tussen sodanige konsepte;*
- *grondige begrip aangaande die Nasionale Beleidsdokumente (KABV), asook die terminologie wat ten opsigte van Natuurwetenskappe en Tegnologie in die Intermediêrefase in die dokument gebruik word;*
- *grondige begrip aangaande, asook die vermoë om probleme ten opsigte van die Ontwerpproses te kan oplos en oplossings te kan evalueer;*
- *grondige begrip aangaande die metodologieë wat tydens Tegnologie-onderrig gebruik word, asook die vermoë om verskillende taaktipes in 'n leerprogram te kan kombineer;*
- *grondige begrip aangaande die ondersoek van wetenskaplike probleme met behulp van wetenskaplike metodes, asook om sodanige begrip te kan toepas, ten einde die toepaslikheid van 'n spesifieke ondersoekmetode vir 'n sekere probleem te kan verduidelik; en*

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge regarding the concepts Matter, Materials and Structures as relevant in the Intermediate phase;
- awareness of how alternative conceptions, formed in the Intermediate phase, can inhibit learning in Matter, Materials and Structures in later phases and take precautions to address them;
- understanding of the demands of the National Policy documents (CAPS) in Natural Science and Technology in the Intermediate phase regarding Matter, Materials and Structures by planning relevant worksheets guiding school learners to do investigations like fair tests/ comparisons/ observations;
- ability to access and process information to support arguments regarding the value of studying Indigenous Knowledge systems; and
- ability to apply five steps of the design process to solve a given problem by designing and constructing a model of a structure that can solve the given problem, evaluating the model's fitness for purpose and communicating the process.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige begrip aangaande die konsepte van Materie, Materiale en Strukture, soos van toepassing op die Intermediêrefase;*
- *bewustheid van die wyse waarop alternatiewe beskouings, soos gevorm in die Intermediêrefase, leer ten opsigte van Materie, Materiale en Strukture in latere fases kan inhibeer, en om maatreëls te kan tref, ten einde dit te kan aanspreek;*
- *begrip aangaande die vereistes van die Nasionale Beleidsdokumente (KABV) ten opsigte van Natuurwetenskappe en Tegnologie in die Intermediêrefase, spesifiek aangaande Materie, Materiale en Strukture, met inbegrip van die beplanning van toepaslike werkstate, ten einde aan skoolleerders leiding te kan gee met betrekking tot die onderneem van ondersoeke, soos billike toetse/vergelykings/waarnemings;*
- *vermoë om toegang te kan verkry tot en inligting te kan verwerk, ten einde beredenering aangaande die waarde daarvan om Inheemse Kennisstelsels te bestudeer, te kan ondersteun; en*
- *vermoë om vyf stappe van die ontwerpproses te kan toepas, ten einde 'n gegewe probleem te kan oplos met behulp van die ontwerp en konstruering van 'n model of struktuur wat sodanige probleem kan oplos, met inbegrip van die evaluering van die model se bruikbaarheid en die kommunikering van die proses.*

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge regarding the concepts Energy, Change Systems and Control and how Systems use and transform energy and change movement;
- an awareness of how alternative conceptions formed in the Intermediate phase can inhibit learning in Energy and Change in later phases and take precautions to address them;
- an understanding of and an ability to apply scientific methods in doing fair tests to investigate the relationships between variables;

- an understanding of the demands of the National Policy documents (CAPS) in Natural Science and Technology in the Intermediate phase regarding Energy, Change and Systems;
- the ability to access, process and use information in researching and communicating issues regarding the ethics of man's use of energy; and
- apply selected steps of the Design process to apply knowledge and skills to design solutions to solve/ satisfy TWO problems/needs relating to Energy, Change and Electrical/ Mechanical Systems.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis aangaande die konsepte van Energie, Verandering, Stelsels en Beheer, asook die wyse waarop Stelsels Energie en bewegingsverandering gebruik en transformeer;*
- *bewustheid van die wyse waarop alternatiewe beskouings, soos gevorm in die Intermediêrefase, leer ten opsigte van Energie en Verandering in latere fases kan inhibeer, en om maatreëls te kan tref, ten einde dit te kan aanspreek;*

On completion of this module the student should be able to demonstrate:

- display integrated knowledge regarding the concepts Earth, Atmosphere and Outer Space;
- demonstrate understanding of and an ability to apply how alternative conceptions formed in the Intermediate phase can inhibit learning in Earth and Space in later phases and take precautions to address them;
- do observations regarding topics related to Earth, Atmosphere and Outer Space and report the results in a scientific report;
- demonstrate understanding of the demands of the National Policy documents (CAPS) in Natural Science and Technology in the Intermediate phase regarding the Earth Sciences;
- demonstrate the ability to access, process and use information in researching and communicating issues regarding the ethics of man's use of soil and water; and
- use the Design process to solve a technological problem related to Earth, Beyond, Structures and Systems.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis aangaande die konsepte van die Aarde, Atmosfeer en Buitenste Ruimte te kan demonstreer;*
- *begrip aangaande die wyse waarop alternatiewe beskouings, soos gevorm in die Intermediêrefase, leer ten opsigte van die Aarde en Ruimte in latere fases kan inhibeer, te kan demonstreer en om maatreëls te kan tref, ten einde dit te kan aanspreek;*

On completion of this module the student should be able to demonstrate*:*

- thorough knowledge about Inquiry Based Learning (IBL);
- make use of the potential of Web 2 applications in sharing information/ ideas; and
- applied knowledge regarding the scientific process and Inquiry Learning Methods to compile "lessons in a box" ready to be used in the classroom and applying and integrating the knowledge gained in the following content areas:
  - Matter, Materials and Structures,
  - Energy, Change and Electrical/Mechanical Systems,
  - Life and Living, Structures and Systems, and
  - Earth and Beyond, Structures and Systems.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *deeglike kennis aangaande Ondersoek-gebaseerde Leer (OGL);*
- *gebruikmaking van die potensiaal van Web 2-toepassings, ten einde inligting/idees te kan deel; en*
- *toegepaste kennis aangaande die wetenskaplike proses en Ondersoek-gebaseerde Leermetodes, ten einde "lesse in 'n boks" vir geredelike gebruik in die klaskamer te kan saamstel, met inbegrip van die toepassing op en integrering van verworwe kennis aangaande die volgende inhoudsdomeine:*

On completion of this module the student should be able to demonstrate*:*

- thorough knowledge about Problem Based- (PBL) and Project Based (PBL) Learning;
- the ability to use the Design process to apply knowledge in solving one problem/satisfying one need by integrating the knowledge gained in the following content areas:
  - Matter and Materials,
  - Energy and Change,
  - Life and Living,
  - Earth and Beyond,
  - Structures, and
  - Electrical and Mechanical Systems;
- the ability to design a rubric to assess a Project; and
- make use of the potential of applications in sharing information/ideas/possible designs/results/products.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *deeglike kennis aangaande Probleemgebaseerde- (PGL) en Projekgebaseerde (PGL) Leer;*
- *die vermoë om die Ontwerpproses te kan gebruik, ten einde een probleem te kan oplos/een behoefte te kan bevredig, met behulp van die integrering van verworwe kennis by die volgende inhoudsdomeine:*
  - *Materie en Materiale,*
  - *Energie en Verandering,*
  - *Die Lewe en Lewende Objekte,*
  - *Die Aarde en Ruimte;*
  - *Strukture, en*
  - *Elektriese en Meganiese Stelsels;*
- *die vermoë om 'n stel instruksies of reëls te kan ontwerp, ten einde toegang tot 'n projek te kan verkry; en*
- *gebruikmaking van die potensiaal van Web 2-toepassings, ten einde inligting/idees/moontlike ontwerpe/resultate/produkte te kan deel.*

Titel: Sepedi Eerste Addisionele Taal in GSF-Onderrig: Taalverwerwing en -Ontwikkeling en Seleksie en Evaluering van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- the ability to present and communicate information on current and historical theories and research in language acquisition as applied to SAL learners in an academically acceptable manner;
- an understanding of the theories and research that explain how L1 literacy development differs from L2 literacy development;
- the ability to evaluate the importance of SAL learners L1 and language varieties and build on these skills as a foundation for learning Sepedi;
- the ability to work in a group, gather, synthesise and evaluate information on socio-cultural, psychological, and political variables and how these variables facilitate the process of learning Sepedi;
- apply their knowledge of the role of individual learner variables in the process of learning Sepedi; and
- the ability to apply principles for selecting and evaluating appropriate literature for children in a multicultural society.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *huidige en historiese teorieë en navorsing in taalverwerwing te kan oordra en te kommunikeer soos toegepas op SAT-leerders op 'n akademiese vlak;*
- *begrip te toon van die teorieë en navorsing wat verduidelik hoe T1-ontwikkeling verskil van T2-ontwikkeling;*
- *die belangrikheid van SAT-leerders se T1 en taalvariasies te evalueer en hierdie vaardighede te gebruik om die T2 te bou;*
- *in 'n groep inligting te kan versamel, te sintetiseer en te evalueer rakende die sosiokulturele, psigologiese en politiese veranderlikes en te kan aantoon hoe hierdie veranderlikes die aanleer van Sepedi beïnvloed;*
- *kennis oor individuele leerderverskille te kan illustreer in die onderrig van SAT; en*
- *beginsels vir die seleksie en evaluasie van toepaslike kinderliteratuur vir leerders binne 'n multikulturele gemeenskap te kan toepas.*

Title: Sepedi First Additional Language in FP teaching: Foundational Knowledge and Multicultural Children's Literature
Titel: Sepedi Eerste Addisionele Taal in GSF-Onderrig: Fundamentele Kennis en Multikulturele Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- the ability to gather and verify information from scientific evidence-based research findings related to the typical developmental progression of:
  - Oral language (semantic, syntactic, pragmatic),
  - Phonological skill,
  - Printed word recognition,
  - Spelling,
  - Reading fluency,
  - Reading comprehension,
  - Written expression;
- the ability to communicate information on the language processing requirements of proficient reading and writing reliably, accurately and coherently:
  - Phonological (speech sound) processing,
  - Orthographic (print) processing,
  - Semantic (meaning) processing,
  - Syntactic (sentence level) processing,
  - Discourse (connected text level) processing;
- the ability to distinguish between and evaluate the multiple factors (e.g., environmental, cultural, social, linguistic, play, etc.) affecting learners' development and learning and utilising developmentally appropriate practices to address these factors in the classroom;
- knowledge and an informed understanding of relevant theories and empirical research underlying learners' responses to children's literature and the value of multicultural children's literature.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *die vermoë om inligting gegrond op wetenskaplike navorsing in te samel en te verifieer wat verband hou met die ontwikkeling en progressie van:*
  - *Mondelinge taal (semantiek, sintaksis, pragmatiek),*
  - *Fonologiese vaardigheid,*
  - *Geskrewe woordherkenning,*
  - *Spelling,*
  - *Leesvloeiendheid,*
  - *Leesbegrip,*
  - *Geskrewe uitdrukking;*
- *die vermoë om inligting rakende taalverwerkingsprosesse geloofwaardig, akkuraat en koherent oor te dra wat verband hou met effektiewe lees en skryf:*
  - *Fonologiese verwerking (spraak en klank),*
  - *Ortografiese (geskrewe) verwerking,*

- *Semantiese (betekenis) verwerking,*
- *Sintaktiese (sinsvlak) verwerking,*
- *Diskoersverwerking (teksvlak);*

- *die vermoë om tussen die veelvoudige faktore (bv. omgewing, kultuur, sosiale omgang, spel, ens.) te onderskei en te evalueer hoe dit leerderontwikkeling en leer affekteer en gepaste praktyke kan toepas om hierdie faktore binne die klaskamer te hanteer;*
- *kennis en 'n ingeligte begrip van relevante teorieë en empiriese navorsing van wat onderliggend is in die reaksies van leerders op kinderliteratuur asook die waarde van multikulturele kinderliteratuur.*

Title: Sepedi First Additional Language in FP teaching: Language, Culture and Picture Books
Titel: Sepedi Eerste Addisionele Taal in GSF-Onderrig: Taal, Kultuur en Prenteboeke

On completion of this module the student should be able to demonstrate*:*

- knowledge and an informed understanding of cultural values and beliefs in the context of teaching and learning;
- an informed understanding to enhance communication between home and school in order to facilitate SAL teaching and build an ethically responsible understanding, as well as an application of knowledge about the effects of racism, stereotyping, and discrimination to teaching and learning;
- the ability to enhance communication between home and school to facilitate SAL teaching and build ethically responsible partnerships with SAL families;
- an informed understanding of and application of concepts about the interrelationship between language and culture;
- the ability to use a range of resources, including the Internet, to learn about world cultures and specifically the cultures of students in their classrooms and apply that learning to instruction by using appropriate methods, etc.;
- the ability to apply concepts of cultural competency, particularly knowledge about how an individual's cultural identity affects their learning and academic progress and how levels of cultural identity will vary widely among learners;
- their ability to work in a group to gather, evaluate and communicate information accurately, coherently and in an ethically responsible manner on artists and their illustrations of children's literature; and
- an understanding of the different types of children's literature, focussing specifically on picture books, and the ability to select and implement picture books in their teaching activities.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en ingeligte begrip van kulturele waardes en uitgangspunte in die konteks van onderrig en leer;*
- *ingeligte begrip om die kommunikasie tussen die huisgesin en die skool te bevorder om SAT te fasiliteer en eties verantwoordbare begrip te bewerkstellig asook 'n aanwending van kennis oor die effek van rasisme, stereotipering en diskriminasie in onderrig en leer;*
- *die vermoë om kommunikasie tussen huis en skool te bevorder om SAT onderrig te fasiliteer en etiesverantwoordbare vennootskappe te bou met die SAT-gesinne;*
- *'n ingeligte begrip van en aanwending van konsepte oor die interverhouding tussen taal en kultuur;*
- *die vermoë om 'n wye verskeidenheid bronne, insluitend die internet te kan gebruik om te leer oor verskillende kulture oor die wêreld en spesifieke kultuur van die student in hulle klaskamers en om hierdie kennis toe te pas in die onderrig met behulp van gepaste metodes;*
- *die vermoë om konsepte van kulturele vaardigheid toe te pas, veral kennis oor hoe individuele kulturele identiteit leerders se akademiese prestasie beïnvloed en hoe hierdie identiteitvlakke mag verskil tussen leerders;*
- *die vermoë om in groepe saam te werk om inligting in te samel, te evalueer en inligting korrek en koherent oor te dra op 'n etiesverantwoordbare manier rakende illustreerders en hulle illustrasies by kinderliteratuur; en*
- *'n goeie begrip van die verskillende tipes kinderliteratuur, met die fokus op prenteboeke en die vermoë om dit te selekteer en te evalueer en te implementeer in onderrigaktiwiteite.*

Titel: Sepedi Eerste Addisionele Taal in GSF-Onderrig: Taal as 'n Sisteem en Tradisionele Literatuur, Poësie, Historiese Fiksie en Biografieë

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and understanding of the components of language and language as an integrative system;
- the ability to select information on phonology, morphology, syntax, semantics and pragmatics in order to analyse, synthesise and evaluate the information so as to help SAL learners develop oral, reading and writing skills in Sepedi;
- detailed knowledge of rhetorical and discourse structures so as to apply it to SAL learning; and
- integrated knowledge of different types of children's literature, namely traditional, poetry, historical fiction and biographies.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *gegronde kennis en begrip van die komponente van taal en taal as 'n geïntegreerde sisteem;*
- *die vermoë om inligting oor fonologie en fonetiek, morfologie, sintaksis, semantiek en pragmatiek te selekteer en te analiseer, sintetiseer en evalueer om SAT-leerders te ondersteun in die ontwikkeling van mondelinge, lees- en skryfvaardigheid in Sepedi;*
- *diepgaande kennis van retoriese en diskoersstrukture om in SAT-leer toe te pas; en*

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge of the instructional needs of diverse SAL learners;
- an understanding of a range of methods, activities and tasks and an assessment of their suitability for SAL learners' teaching and learning;
- the ability to select and adapt culturally responsive and linguistically accessible materials (related to listening, speaking, reading and writing skills) according to the appropriate age groups;
- the ability to gather, analyse, synthesise and evaluate information on technological resources that can enhance SAL teaching and learning; and
- integrated knowledge and understanding of children's literature in the genres fantasy, science fiction and contemporary realistic fiction.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *integreer kennis oor die onderrigbehoeftes van diverse SAT-leerders;*
- *begrip van 'n wye verskeidenheid metodes, aktiwiteite en opdragte met gepaste assessering vir SAT-leerders se onderrig en leer;*
- *die vermoë om kultureel-responsiewe en linguisties-toeganklike onderrigmateriaal (wat verband hou met luister, praat, lees en skryf) te kies en aan te pas volgens die geskikte ouderdomsgroepe;*
- *die vermoë om inligting oor tegnologiese bronne wat die onderrig en leer van SAT kan bevorder in te samel, te analiseer, te sintetiseer en te evalueer;*

Title: Sepedi Home Language FP: Phonetics, Phonology, Phonemic Awareness and the History of Children's Literature
Titel: Sepedi Huistaal GSF: Fonetiek, Fonologie, Klankbewustheid en die Geskiedenis van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*
- knowledge and an informed understanding of phonetics (the sounds of Sepedi phonemes) in terms of how speech sounds are produced and characterised, phonology (the sound patterns of Sepedi) as it relates to speech sounds forming systems and patterns in human language (e.g., the order in which speech sounds are combined, the accent and stress patterns typically applied to words and phrases, etc.) and phonemic awareness;
- ability to identify and interpret children's reading and spelling errors as well as select, evaluate and implement developmentally appropriate instructional practices to address children's reading and spelling errors;
- knowledge and an informed understanding or relevant theories and empirical research underlying learners` responses to children`s literature and the value of children`s literature;
- knowledge of and engagement in research related to the fundamentals of language assessment; and
- ability to interrogate multiple sources of knowledge related to language assessment methods, techniques, tools and practices.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:
- *kennis en begrip van fonetiek (die klanke van Sepedi foneme) in terme van hoe spraakklanke geproduseer en gekarakteriseer word; fonologie (die klankpatrone van Sepedi) soos dit verband hou met spraakklankvormingsisteme en -patrone in die menslike taal (bv. die orde waarin spraakklanke gekombineer word, die akuut- en gravistekenpatrone wat kenmerklik toegepas word op woorde en frases, ens.), en klankbewustheid;*
- *vermoë om kinders se lees- en spelfoute te identifiseer en te interpreteer en dan toepaslike ontwikkelingsonderrigpraktyke te selekteer, te evalueer en te implementeer wat die kinders se lees- en spelfoute kan verbeter;*
- *kennis en ingeligte begrip of relevante teorieë en empiriese navorsing onderliggend aan leerders se reaksies op kinders se literatuur en die waarde van kinderliteratuur;*

Title: Sepedi Home Language FP: Morphology, Phonics, Word Study, Alphabetic Principles and Selecting and Evaluating Children's Literature
Titel: Sepedi Huistaal GSF: Morfologie, Klankleer, Woordstudie, Alfabetiese Beginsel en die Seleksie en Evaluering van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*
- knowledge and an understanding of morphology (the words of Sepedi) as it relates to the teaching of phonics and spelling, the various structures of language that underlie the Sepedi spelling system (e.g., phoneme-grapheme, syllable patterns, morpheme units in print, and word origin).
- ability to use the organising principles of the Sepedi spelling system at the sound, syllable, and morpheme levels in order to identify learner progress and or problems at these levels;
- ability to select, differentiate between, evaluate and apply explicit vs non-explicit, systematic vs non-systematic, and sequential vs non-sequential phonics instruction using developmentally appropriate resources in a class of diverse learners;
- ability to apply principles for selecting and evaluating appropriate literature for children in a multicultural society;
- ability to work together in a community co-operatively and systematically to identify authentic communication needs; and
- ability to address authentic community needs, and engage in systematic reflection in order to accomplish academic goals, enhance their personal and professional formation, and develop social responsibility.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:
- *kennis en begrip van morfologie (die woorde van Sepedi) soos dit verband hou met die onderrig van klanke en spelling, die verskillende strukture van taal wat die Sepedi-spellingsisteem onderliggend is (bv. Foneme-grafeem, lettergreeppatrone, morfeemeenhede in drukskrif, en woord oorsprong).*
- *vermoë om die organiserende beginsels van die Sepedi-spellingsisteem by die klank-, lettergreep- en morfeme-vlakke te gebruik ten einde leerder vordering en of probleme op hierdie vlakke te identifiseer;*
- *vermoë om eksplisiete teenoor nie-eksplisiete, sistematiese vs nie-sistematiese en sekwensiële vs nie-opeenvolgende klanke-instruksies te kies, te onderskei, te evalueer en toe te pas deur gebruik te maak van ontwikkelingsgeskikte bronne in 'n klas met diverse leerders;*
- *vermoë om beginsels toe te pas vir die kies en evaluering van toepaslike literatuur vir kinders in 'n multikulturele samelewing;*
- *vermoë om saam te werk in 'n gemeenskap koöperatief en stelselmatig outentieke kommunikasie behoeftes te identifiseer; en*
- *vermoë om outentieke gemeenskapsbehoeftes aan te spreek en betrokke te raak by sistematiese refleksie om akademiese doelwitte te bereik, hul persoonlike en professionele vorming te verbeter en sosiale verantwoordelikheid te ontwikkel.*

Title: Sepedi Home Language FP: Semantics, Vocabulary and Picture Books
Titel: Sepedi Huistaal GSF: Semantiek, Woordeskat en Prenteboeke

On completion of this module the student should be able to demonstrate*:*
- integrated knowledge of semantics (linguistic meaning of words, phrases and sentences) and an understanding of key terms, concepts, and rules of word meaning as well as phrase and sentence meaning as it relates to vocabulary teaching and learning;
- ability to select, evaluate and apply with discernment direct and indirect (contextual) methods of vocabulary instruction based on an analysis of learner needs;
- ability to analyse, select and apply varied techniques for vocabulary instruction before, during, and after reading based on an analysis and evaluation of evidence-based practice related to vocabulary teaching and learning;
- ability to analyse and reflect on the role of vocabulary development and vocabulary knowledge in comprehension by communicating the information coherently using appropriate academic conventions;
- ability to work in a group to gather, evaluate and communicate information accurately, coherently and in an ethically responsible manner on artists and their illustrations of children's literature; and
- understanding of the different types of children's literature, focussing specifically on picture books, and the ability to select and implement picture books in their teaching activities.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:
- *geïntegreerde kennis van semantiek (taalkundige betekenis van woorde, frases en sinne) en begrip van sleutelterme, konsepte en reëls van woord betekenis sowel as frase en sin betekenis soos dit verband hou met woordeskatonderrig en leer;*
- *vermoë om direkte en indirekte (kontekstuele) metodes van woordeskatonderrig te kies, te evalueer en toe te pas op grond van 'n analise van leerderbehoeftes;*
- *vermoë om gevorderde tegnieke vir woordeskatonderrig te analiseer, te selekteer en toe te pas voor, tydens en na lees, gebaseer op 'n analise en evaluering van bewysgebaseerde praktyk wat verband hou met woordeskatonderrig en -leer;*
- *vermoë om die rol van woordeskatontwikkeling en woordeskatkennis te ontleed en te reflekteer deur die inligting samehangend te kommunikeer deur gebruik te maak van toepaslike akademiese konvensies;*
- *vermoë om in 'n groep te werk om inligting akkuraat, samehangend en op eties-verantwoordelike wyse tov kunstenaars en hul illustrasies van kinderliteratuur te versamel, evalueer en te kommunikeer; en*

- take full responsibility for own learning needs, monitoring of own learning progress and application of relevant learning strategies and management of all resources to successfully realize all outcomes of this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande, sowel as die vermoë om die terminologie, konsepte, beginsels en teorieë ten opsigte van sportvaardigheidsanalise en -onderrig, gemodifiseerde sportkompetisies en assessering korrek te kan evalueer en toepas, met inbegrip van die aanbieding van bewegingsaktiwiteite en lesse binne die veld van Liggaamlike Opvoeding;*
- *die vermoë om sportvaardigheidsanalise en -onderrig, gemodifiseerde sportkompetisies en assessering te kan identifiseer, analiseer en krities daaroor te kan besin, ten einde ingewikkelde probleme te kan aanspreek en praktyk-gedrewe oplossings met behulp van teorie-gedrewe beredenering tydens die aanbieding van sportvaardighede en die assessering van fisiese vaardighede binne Liggaamlike Opvoeding. te kan toepas;*
- *besinning oor alle waardes, etiese optrede en geregverdigde besluitneming aangaande die aanbieding van sportvaardighede, sportkompetisies en assessering, soos toepaslik vir die Liggaamlike Opvoedingspraktyk;*
- *bestuur van 'n groep medestudente of Senior/VOO-fase leerders binne 'n onbekende konteks, ten einde 'n kontekstuele probleem te kan oplos, bv. sportvaardighede en die assessering van fisiese vaardighede, asook die monitor van die groep se vordering en die aanvaarding van verantwoordelikheid vir taakuitkomste en, waar toepaslik, die toepassing van toepaslike hulpbronne; en*
- *aanvaarding van volle verantwoordelikheid vir eie leerbehoeftes, die monitor van eie leervordering, die toepassing van toepaslike leerstrategieë, asook die bestuur van alle hulpbronne, ten einde alle uitkomste van hierdie module te kan verwesenlik.*

Title: Physical Education and Sport Management: Sport psychology and Adapted Physical Education
Titel: Liggaamlike Opvoeding en Sportbestuur: Sportsielkunde en Aangepaste Liggaamlike Opvoeding

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and engagement in sport psychology and Adapted Physical Education, and critical understanding and application of the theories, techniques and principles relevant to sport psychology and Adapted Physical Education within sport coaching and Physical Education lessons;
- the ability to select, evaluate and apply a range of different but appropriate sport psychological skills and techniques applicable to sport coaching, Physical Education and Adapted Physical Education, and scientific methods of enquiry in Adapted Physical Education to reflect on and then address complex or abstract problems and contribute to positive change pertaining to athletes, disabled learners and learners with barriers to learning, within sport coaching and Physical Education practice;
- the ability to critically judge the ethical conduct of others within different cultural and social environments pertaining to sport psychology and Adapted Physical Education, and to effect change in conduct where necessary;
- accurate, coherent, appropriate and creative presentation and communication of innovative and new professional sport psychology and Adapted Physical Education texts and methods to co-students and lecturers, with understanding of and respect for intellectual property conventions, copyright and rules on plagiarism; and
- self-regulated learning skills – take full responsibility for own learning needs, monitoring of own learning progress and application of relevant learning strategies and management of all resources to successfully realize all outcomes of this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis aangaande en betrokkenheid by Sportsielkunde en Aangepaste Liggaamlike Opvoeding, asook kritiese begrip aangaande en toepassing van die teorieë, tegnieke en beginsels ten opsigte van Sportsielkunde en Aangepaste Liggaamlike Opvoeding binne Sportafrigting- en Liggaamlike Opvoedingslesse;*
- *die vermoë om 'n reeks verskillende, maar tog toepaslike, sportsielkundige vaardighede en -tegnieke aangaande Sportafrigting, Liggaamlike Opvoeding en Aangepaste Liggaamlike Opvoeding, asook wetenskaplike ondersoekmetodes binne Aangepaste Liggaamlike Opvoeding te kan selekteer, evalueer en toepas, asook om krities te kan besin oor ingewikkelde of abstrakte probleme en dit te kan aanspreek, ten einde binne die Sportafrigting- en Liggaamlike Opvoedingspraktyk positief te kan bydra tot verandering met betrekking tot atlete, gestremde leerders en leerders met leerhindernisse;*
- *die vermoë om die etiese optrede van ander ten opsigte van Sportsielkunde en Aangepaste Liggaamlike Opvoeding binne verskillende kulturele en sosiale kontekste krities te kan beoordeel, asook om, waar nodig, verandering in optrede te kan teweegbring;*
- *akkurate, samehangende, toepaslike en skeppende aanbieding en kommunikering van vernuwende en nuwe professionele Sportsielkunde- en Aangepaste Liggaamlike Opvoedingstekste en -metodes vir medestudente en dosente, met inbegrip van en respek vir intellektuele eiendomskonvensies, kopiereg en reëls aangaande plagiaat; en*

Title: Physical Science: Basic Chemistry Principles and Stoichiometry of Chemical Reactions in the Senior/FET Phase
Titel: Fisiese Wetenskappe: Basiese Chemiese Beginsels en Stoïgiometrie van Chemiese Reaksies in die Senior/VOO-Fase

On completion of this module the student should be able to demonstrate*:*

- informed understanding of chemical concepts like:
  - atomic structure,
  - chemical reactions,
  - stoichiometry, and
  - bonding and intermolecular forces;
- distinguish, evaluate and solve problems related to the abovementioned concepts in familiar and unfamiliar contexts;
- ability to communicate concepts related to the content in both verbal and visual forms;
- ability to select, plan, implement and manage the scientific method to perform experiments with responsibility;
- actions in accordance with acceptable ethical and professional behaviour to the demands of the National Policy documents (CAPS) in Physical Science in the FET phase; and
- manage resources and design a simple learning task using three task types namely capability task, resource task and case studies relating to a chosen situation.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige begrip aangaande chemiese konsepte, soos:*
  - *atomiese struktuur,*
  - *chemiese reaksies,*
  - *stoïgiometrie, en*
  - *bindings- en intermolekulêre kragte;*
- *vermoë om binne bekende en onbekende kontekste tussen bogenoemde konsepte te kan onderskei, dit te kan evalueer en probleme ten opsigte daarvan te kan oplos;*
- *vermoë om op mondeling en skriftelike wyse konsepte aangaande die inhoud te kan kommunikeer;*
- *vermoë om die wetenskaplike metode te kan selekteer, beplan, implementeer en bestuur, ten einde eksperimente verantwoordelik te kan uitvoer;*
- *optrede volgens aanvaarbare etiese en professionele gedrag, asook volgens die vereistes van die Nasionale Beleidsdokumente (KABV) ten opsigte van Fisiese Wetenskappe in die VOO-fase; en*
- *bestuur van hulpbronne, asook die ontwerp van 'n eenvoudige leertaak, waarby drie taaktipes ingesluit is, naamlik: bevoegdheids- en hulpbrontake, asook toepaslike gevallestudies binne 'n gekose konteks.*

Title: Physical Science: Introductory Mechanics in the Senior/FET Phase
Titel: Fisiese Wetenskappe: Inleidende Meganika in die Senior/VOO-Fase

On completion of this module the student should be able to demonstrate*:*

- knowledge, insight and understanding of the following concepts in Physics: motion in one and two dimensions, forces and Newton's laws of motion, work and energy and impulse and momentum;
- ability to identify a variety of standard calculations, and apply them to solve problems within the known context, related to relevant concepts of this module;
- ability to select a scientific method and to apply it to problems within the context of this module;
- ability to make a positive contribution to group work, with the aim of achieving the outcomes set for the group; and
- ability to monitor one's own learning and to determine its progress.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en begrip aangaande, en insig in die volgende Fisiese Wetenskapskonsepte: beweging in een of twee dimensies, kragte, asook Newton se wet van beweging, werking en energie en impuls en momentum;*
- *vermoë om 'n verskeidenheid standaardberekenings te kan identifiseer en toepas, ten einde probleme aangaande die toepaslike konsepte van hierdie module binne die bekende konteks te kan oplos;*
- *vermoë om 'n wetenskaplike metode te kan selekteer en op probleme binne die konteks van hierdie module te kan toepas;*
- *vermoë om 'n positiewe bydrae tot groepwerk te kan maak, met die doel om die bepaalde groepuitkomste te kan verwesenlik; en*

Title: Physical Science: Advanced Mechanics and Introduction to Theory of Electricity in the Senior/FET Phase
Titel: Fisiese Wetenskappe: Gevorderde Meganika en Inleiding tot die Teorie van Elektrisiteit in die Senior/VOO-Fase

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and understanding of kinematic rotation and dynamics of rotation, electrical forces, fields, potential and circuits;
- ability to select, evaluate and effectively apply standard methods to solve fundamental problems within a defined context, in relation to the relevant concepts;
- ability to select, evaluate and apply the correct scientific method to solve scientific problems within the context of this module;
- ability to act as group member and group leader and provide relevant information and skills for the successful completion of a group task; and
- ability to monitor their own learning and to determine their progress.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en begrip aangaande kinematiese rotasie en die dinamika van rotasie, elektriese kragte, velde, potensiaal en stroombane;*
- *vermoë om standaardmetodes te kan selekteer, evalueer en doeltreffend te kan toepas, ten einde Fundamentele probleme aangaande die toepaslike konsepte binne 'n gegewe konteks te kan oplos;*
- *vermoë om die korrekte wetenskaplike metode te kan selekteer, evalueer en toepas, ten einde wetenskaplike probleme binne die konteks van hierdie module te kan oplos;*
- *vermoë om as groepslid/-leier te kan optree en toepaslike inligting en vaardighede te kan verskaf, ten einde 'n groeptaak suksesvol te kan voltooi; en*

Title: Physical Science: The Structure of Matter and Organic Chemistry in the Senior/FET Phase
Titel: Fisiese Wetenskappe: Die Struktuur van Materie en Organiese Chemie in die Senior/VOO-Fase

On completion of this module the student should be able to demonstrate*:*

- understanding of the origin and development of Atomic Theory;
- detailed knowledge and understanding of the structure of the atom;
- ability to distinguish between and appropriately apply different types of chemical bonding to different elements;
- use techniques of information gathering to research the role that hybridisation plays in chemical bonding;
- show an understanding of why models are required to explain chemical phenomena;
- suggest everyday cost effective items that can be used to build chemical models to facilitate the learning and understanding of chemical principles;
- distinguish between different types of intermolecular forces;
- understanding of the structure and reactions of Organic Compounds and its application in industry and everyday life and the ethical implications of applying this scientific knowledge;
- co-responsibility for the progress and outcome realisation of a group project;
- awareness of the problems learners have relating to the macroscopic, microscopic and symbolic representation of matter and effectively designing assessment tasks for baseline assessment related to these problems;
- ability to manipulate laboratory equipment and apparatus in the investigation of chemical reactions specific to organic chemistry and to observe and record data and make interpretations and communicate their findings correctly in a scientific report; and
- ability to plan a practical for the teaching environment in the FET phase as required by the guidelines given in the CAPS document taking into consideration the safety of the learners and the preservation of the environment.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *begrip aangaande die ontstaan en ontwikkeling van die Atomiese Teorie;*
- *grondige kennis en begrip aangaande die struktuur van die atoom;*
- *vermoë om te kan onderskei tussen en verskillende tipes chemiese bindmiddels op verskillende elemente te kan toepas;*
- *gebruik van inligtinginsamelingstegnieke, ten einde die rol wat hibridisering in chemiese bindmiddels speel, te kan navors;*
- *begrip aangaande die rede vir die gebruik van modelle, ten einde chemiese verskynsels te kan verduidelik;*
- *aan die hand doen van alledaagse, koste-effektiewe items wat gebruik kan word om chemiese modelle te kan bou, ten einde die leer en begrip van chemiese beginsels te kan fasiliteer;*
- *vermoë om tussen verskillende tipes intermolekulêre kragte te kan onderskei;*
- *begrip aangaande die struktuur en reaksies van organiese verbindings en die toepassing daarvan op die industrie en alledaagse lewe, asook die etiese komplikasies aangaande die toepassing van sodanige wetenskaplike kennis;*
- *medeverantwoordelikheid vir die vordering en afhandeling van 'n groepprojek;*
- *bewustheid aangaande die probleme wat leerders ten opsigte van die makroskopiese, mikroskopiese en simboliese weergawes van materie ervaar en om toepaslike, basiese assesseringstake ten opsigte van sodanige probleme te kan ontwerp;*
- *vermoë om laboratoriumtoerusting en -apparaat tydens die ondersoek van chemiese reaksies, soos spesifiek van toepassing op organiese chemie, te kan hanteer, asook om data te kan insamel, opteken en interpreteer, en om sy haar bevindings korrek in 'n wetenskaplike verslag te kan kommunikeer; en*
- *vermoë om 'n praktiese les binne die onderrigkonteks in die VOO-fase, volgens die vereiste riglyne van die KABV-dokument, te kan beplan, met inbegrip van die inagneming van leerders se veiligheid, asook omgewingsbewaring.*

Title: Physical Science: Control of Chemical Reactions in the Senior/FET Phase
Titel: Fisiese Wetenskappe: Beheer van Chemiese Reaksies in die Senior/VOO-Fase

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding, as well as an ability to correctly evaluate and apply chemical concepts like:
  - Thermodynamics, reaction rates and Chemical reactions,
  - Equilibrium, and
  - Acids, bases and pH;
- ability to select, evaluate and apply a range of different but appropriate calculations and solve problems related to the abovementioned concepts in familiar and unfamiliar contexts;
- accurate and coherent written and verbal communication of chemical concepts with understanding of intellectual property, copyright and rules on plagiarism;
- ability to select, evaluate and apply the scientific method to
- design and execute experiments using micro science kits to resolve problems within the context of this module;
- integrated understanding of the demands of the National Policy document (CAPS) in Physical Science in the FET phase as well as an understanding of how this document relates to other fields of education;
- reflection on values, ethical conduct and justifiable decision making demonstrating an awareness of and a responsibility towards the interaction between science, technology and society; and
- understanding of contested knowledge within the field of constructivism and a critical evaluation of constructivism as a learning theory to better understanding of the abovementioned chemical concepts.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande, sowel as die vermoë om chemiese konsepte soos die volgende korrek te kan evalueer en toepas:*
  - *Termodinamika, reaksieskale en chemiese reaksies,*
  - *Ekwilibrium, en*
  - *Sure, alkalië en pH;*
- *vermoë om 'n reeks verskillende, maar tog toepaslike, berekenings te kan selekteer, evalueer en toepas, ten einde probleme aangaande bogenoemde konsepte binne bekende en onbekende kontekste te kan oplos;*

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of oscillations and waves, magnetic forces and fields, electro-magnetic induction and simple alternating currents;
- ability to identify a variety of applicable procedures and methods, and apply to them to solve problems which will result in changes in practice;
- ability to identify, evaluate and apply scientific methods of investigation in the solution of scientific problems within the context of this module;
- ability to act as a manager of a group during the solution of contextual problems and to monitor the group's progress; and
- ability to monitor one's own learning and to determine its progress.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande ossillasies en golwe, magnetiese kragte en velde, elektromagnetiese installering en eenvoudige wisselstrome;*
- *vermoë om 'n verskeidenheid toepaslike prosedures en metodes te kan identifiseer en toepas, ten einde probleme wat tot praktykverandering aanleiding kan gee, te kan oplos;*

Title: Strategic Reading in Content Areas
Titel: Strategiese Lees binne Inhoudsdomeine

On completion of this module the student should be able to demonstrate*:*

- ability to identify and plan the reading demands of the task;
- ability to formulate a purpose for his/her reading;
- ability to formulate appropriate questions to guide his/her reading;
- ability to select the most effective reading technique and reading rate for his/her identified purpose;
- ability to apply the most effective and efficient reading strategy/strategies to his/her reading;
- ability to read with comprehension at a level appropriate for first-year students;
- ability to monitor his/her comprehension;
- ability to regulate his/her strategies if comprehension should break down; and
- ability to identify what reading skills he/she currently use.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *vermoë om die leesvereistes aangaande die taak te kan identifiseer en beplan;*
- *vermoë om 'n doel vir sy/haar lees te kan formuleer;*
- *vermoë om toepaslike vrae, ten einde sy/haar lees te kan rig, te kan formuleer;*
- *vermoë om die mees doeltreffende leestegnieke en leesspoed ten opsigte van sy/haar geïdentifiseerde doel te kan selekteer;*
- *vermoë om die mees effektiewe en doeltreffende leesstrategie/-ë op sy/haar lees te kan toepas;*
- *vermoë om met begrip op 'n toepaslike vlak vir eerstejaarstudente te kan lees;*
- *vermoë om sy/haar begrip te kan monitor;*
- *vermoë om sy/haar strategieë te kan reguleer, indien begrip verlore raak; en*

- *vermoë om sy/haar huidige leesvaardighede te kan identifiseer.*

Title: Research in Education: Introduction
Titel: Navorsing in Onderwys: Inleiding

On completion of this module the student should be able to demonstrate*:*

- systematic and comprehensive knowledge and understanding of the key concepts, principles, and theories of education research in particular, within the broader context of social science research in general;
- an application of contested research knowledge, and a critical evaluation of the applicability of research in the field of education;
- ability to identify, analyse and critically reflect on evidence-based solutions and theory -driven arguments in the research process and apply this to a specific research topic; and
- ability to take full responsibility in decision-making and use of resources to reflect on values, ethical conduct and justifiable decision making appropriate to the research practices of curriculum and professional development.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *sistematiese en grondige kennis en begrip aangaande die sleutelkonsepte, beginsels en teorieë, spesifiek ten opsigte van Onderwysnavorsing binne die breë, algemene konteks van Sosiale Wetenskapsnavorsing;*
- *toepassing van aanvegbare navorsingskennis, asook kritiese evaluering van die toepaslikheid van navorsing binne die Onderwysveld;*
- *die vermoë om bewys-gebaseerde oplossings en teorie-gedrewe beredenering in die navorsingsproses te kan identifiseer, analiseer, krities daaroor te kan besin en dit op 'n spesifieke navorsingstema te kan toepas; en*
- *die vermoë om volle verantwoordelikheid vir besluitneming en die gebruik van hulpbronne te kan aanvaar, ten einde oor waardes, etiese optrede en geregverdigde besluitneming, soos van toepassing op die navorsingspraktyk aangaande kurrikulum- en professionele ontwikkeling, te kan besin.*

Title: Research Proposal: Planning and Designing a Research Proposal in the Education Context
Titel: Navorsingsvoorstel: Beplanning en Ontwerp van 'n Navorsingsvoorstel Binne die Onderwyskonteks

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and understanding of, as well as an ability correctly to evaluate and apply scientific research principles to the field of education;
- understanding of systematic and comprehensive knowledge of research methodology relevant to the research topic and a critical evaluation of the applicability thereof for curriculum development;
- ability to select, evaluate and apply a range of different but appropriate research methodologies and scientific methods of enquiry to plan and write a research proposal;
- capacity to reflect on values, ethical conduct and justifiable decision-making appropriate to the practice of scientific research; and
- assumption of full responsibility for own learning, monitoring of own learning progress and application of relevant research processes to successfully compile a research proposal.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en begrip aangaande, sowel as die vermoë om wetenskaplike navorsingsbeginsels korrek te kan evalueer en op die Onderwysveld te kan toepas;*
- *sistematiese en grondige begrip aangaande navorsingsmetodologie, soos van toepassing op die navorsingstema, asook kritiese evaluering daarvan vir kurrikulumontwikkeling;*
- *vermoë om 'n reeks verskillende, maar tog toepaslike, navorsingsmetodologieë en wetenskaplike metodes te kan selekteer, evalueer en toepas, ten einde 'n navorsingsvoorstel te kan beplan en skryf;*
- *vermoë om oor waardes, etiese optrede en geregverdigde besluitneming, soos van toepassing op wetenskaplike navorsingspraktyk, te kan besin; en*
- *aanvaarding van volle verantwoordelikheid vir eie leerbehoeftes, die monitor van eie leervordering en die toepassing van toepaslike navorsingsprosesse, ten einde 'n navorsingsvoorstel suksesvol te kan saamstel.*

Title: Setswana First Additional Language in FP teaching: Language Acquisition and Development and Selecting and Evaluating Children's Literature
Titel: Setswana Eerste Addisionele Taal in GSF-Onderrig: Taalverwerwing en -Ontwikkeling en Seleksie en Evaluering van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- the ability to present and communicate information on current and historical theories and research in language acquisition as applied to SAL learners in an academically acceptable manner;
- an understanding of the theories and research that explain how L1 literacy development differs from L2 literacy development;
- the ability to evaluate the importance of SAL learners L1 and language varieties and build on these skills as a foundation for learning Setswana;
- the ability to work in a group, gather, synthesise and evaluate information on socio-cultural, psychological, and political variables and how these variables facilitate the process of learning Setswana;
- apply their knowledge of the role of individual learner variables in the process of learning Setswana; and
- the ability to apply principles for selecting and evaluating appropriate literature for children in a multicultural society.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *huidige en historiese teorieë en navorsing in taalverwerwing te kan oordra en te kommunikeer soos toegepas op SAT-leerders op 'n akademiese vlak;*
- *begrip te toon van die teorieë en navorsing wat verduidelik hoe T1-ontwikkeling verskil van T2-ontwikkeling;*
- *die belangrikheid van SAT-leerders se T1 en taalvariasies te evalueer en hierdie vaardighede te gebruik om die T2 te bou;*
- *in 'n groep inligting te kan versamel, te sintetiseer en te evalueer rakende die sosiokulturele, psigologiese en politiese veranderlikes en te kan aantoon hoe hierdie veranderlikes die aanleer van SAT beïnvloed;*
- *kennis oor individuele leerderverskille te kan illustreer in die onderrig van SAT; en*
- *beginsels vir die seleksie en evaluasie van toepaslike kinderliteratuur vir leerders binne 'n multikulturele gemeenskap te kan toepas.*

Title: Setswana First Additional Language in FP teaching: Foundational Knowledge and Multicultural Children's Literature
Titel: Setswana Eerste Addisionele Taal in GSF-Onderrig: Fundamentele Kennis en Multikulturele Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- the ability to gather and verify information from scientific evidence-based research findings related to the typical developmental progression of:
  - Oral language (semantic, syntactic, pragmatic),
  - Phonological skill,
  - Printed word recognition,
  - Spelling,
  - Reading fluency,
  - Reading comprehension,
  - Written expression;
- the ability to communicate information on the language processing requirements of proficient reading and writing reliably, accurately and coherently:

- Phonological (speech sound) processing,
- Orthographic (print) processing,
- Semantic (meaning) processing,
- Syntactic (sentence level) processing,
- Discourse (connected text level) processing;

- the ability to distinguish between and evaluate the multiple factors (e.g., environmental, cultural, social, linguistic, play, etc.) affecting learners' development and learning and utilising developmentally appropriate practices to address these factors in the classroom;
- knowledge and an informed understanding of relevant theories and empirical research underlying learners' responses to children's literature and the value of multicultural children's literature.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *die vermoë om inligting gegrond op wetenskaplike navorsing in te samel en te verifieer wat verband hou met die ontwikkeling en progressie van:*
  - *Mondelinge taal (semantiek, sintaksis, pragmatiek),*
  - *Fonologiese vaardigheid,*
  - *Geskrewe woordherkenning,*
  - *Spelling,*
  - *Leesvloeiendheid,*
  - *Leesbegrip,*
  - *Geskrewe uitdrukking;*
- *die vermoë om inligting rakende taalverwerkingsprosesse geloofwaardig, akkuraat en koherent oor te dra wat verband hou met effektiewe lees en skryf:*
  - *Fonologiese verwerking (spraak en klank),*
  - *Ortografiese (geskrewe) verwerking,*
  - *Semantiese (betekenis) verwerking,*
  - *Sintaktiese (sinsvlak) verwerking,*
  - *Diskoersverwerking (teksvlak);*
- *die vermoë om tussen die veelvoudige faktore (bv. omgewing, kultuur, sosiale omgang, spel, ens.) te onderskei en te evalueer hoe dit leerderontwikkeling en leer affekteer en gepaste praktyke kan toepas om hierdie faktore binne die klaskamer te hanteer;*
- *kennis en 'n ingeligte begrip van relevante teorieë en empiriese navorsing van wat onderliggend is in die reaksies van leerders op kinderliteratuur asook die waarde van multikulturele kinderliteratuur.*

Title: Setswana First Additional Language in FP teaching: Language, Culture and Picture Books
Titel: Setswana Eerste Addisionele Taal in GSF-Onderrig: Taal, Kultuur en Prenteboeke

On completion of this module the student should be able to demonstrate*:*

- knowledge and an informed understanding of cultural values and beliefs in the context of teaching and learning;
- an informed understanding to enhance communication between home and school in order to facilitate SAL teaching and build an ethically responsible understanding, as well as an application of knowledge about the effects of racism, stereotyping, and discrimination to teaching and learning;
- the ability to enhance communication between home and school to facilitate SAL teaching and build ethically responsible partnerships with SAL families;
- an informed understanding of and application of concepts about the interrelationship between language and culture;
- the ability to use a range of resources, including the Internet, to learn about world cultures and specifically the cultures of students in their classrooms and apply that learning to instruction by using appropriate methods, etc.;
- the ability to apply concepts of cultural competency, particularly knowledge about how an individual's cultural identity affects their learning and academic progress and how levels of cultural identity will vary widely among learners;
- their ability to work in a group to gather, evaluate and communicate information accurately, coherently and in an ethically responsible manner on artists and their illustrations of children's literature; and
- an understanding of the different types of children's literature, focussing specifically on picture books, and the ability to select and implement picture books in their teaching activities.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en ingeligte begrip van kulturele waardes en uitgangspunte in die konteks van onderrig en leer;*
- *ingeligte begrip om die kommunikasie tussen die huisgesin en die skool te bevorder om SAT te fasiliteer en eties verantwoordbare begrip te bewerkstellig asook 'n aanwending van kennis oor die effek van rasisme, stereotipering en diskriminasie in onderrig en leer;*
- *die vermoë om kommunikasie tussen huis en skool te bevorder om SAT onderrig te fasiliteer en etiesverantwoordbare vennootskappe te bou met die SAT-gesinne;*
- *'n ingeligte begrip van en aanwending van konsepte oor die interverhouding tussen taal en kultuur;*
- *die vermoë om 'n wye verskeidenheid bronne, insluitend die internet te kan gebruik om te leer oor verskillende kulture oor die wêreld en spesifieke kultuur van die student in hulle klaskamers en om hierdie kennis toe te pas in die onderrig met behulp van gepaste metodes;*
- *die vermoë om konsepte van kulturele vaardigheid toe te pas, veral kennis oor hoe individuele kulturele identiteit leerders se akademiese prestasie beïnvloed en hoe hierdie identiteitvlakke mag verskil tussen leerders;*
- *die vermoë om in groepe saam te werk om inligting in te samel, te evalueer en inligting korrek en koherent oor te dra op 'n etiesverantwoordbare manier rakende illustreerders en hulle illustrasies by kinderliteratuur; en*
- *'n goeie begrip van die verskillende tipes kinderliteratuur, met die fokus op prenteboeke en die vermoë om dit te selekteer en te evalueer en te implementeer in onderrigaktiwiteite.*

Titel: Setswana Eerste Addisionele Taal in GSF-Onderrig: Taal as 'n Sisteem en Tradisionele Literatuur, Poësie, Historiese Fiksie en Biografieë

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and understanding of the components of language and language as an integrative system;
- the ability to select information on phonology, morphology, syntax, semantics and pragmatics in order to analyse, synthesise and evaluate the information so as to help SAL learners develop oral, reading and writing skills in Setswana;
- detailed knowledge of rhetorical and discourse structures so as to apply it to SAL learning; and
- integrated knowledge of different types of children's literature, namely traditional, poetry, historical fiction and biographies.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *gegronde kennis en begrip van die komponente van taal en taal as 'n geïntegreerde sisteem;*
- *die vermoë om inligting oor fonologie en fonetiek, morfologie, sintaksis, semantiek en pragmatiek te selekteer en te analiseer, sintetiseer en evalueer om SAT-leerders te ondersteun in die ontwikkeling van mondelinge, lees- en skryfvaardigheid in Setswana;*
- *diepgaande kennis van retoriese en diskoersstrukture om in SAT-leer toe te pas; en*
- *geïntegreerde kennis van verskillende kinderliteratuur-genres soos tradisionele literatuur, poësie, historiese fiksie en biografieë.*

Title: Setswana Home Language FP: Phonetics, Phonology, Phonemic Awareness and the History of Children's Literature
Titel: Setswana Huistaal GSF: Fonetiek, Fonologie, Klankbewustheid en die Geskiedenis van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- knowledge and an informed understanding of phonetics (the sounds of Setswana phonemes) in terms of how speech sounds are produced and characterised, phonology (the sound patterns of Setswana) as it relates to speech sounds forming systems and patterns in human language (e.g., the order in which speech sounds are combined, the accent and stress patterns typically applied to words and phrases, etc.) and phonemic awareness;
- ability to identify and interpret children's reading and spelling errors as well as select, evaluate and implement developmentally appropriate instructional practices to address children's reading and spelling errors;
- knowledge and an informed understanding or relevant theories and empirical research underlying learners` responses to children`s literature and the value of children`s literature;
- knowledge of and engagement in research related to the fundamentals of language assessment; and
- ability to interrogate multiple sources of knowledge related to language assessment methods, techniques, tools and practices.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en begrip van fonetiek (die klanke van Setswana foneme) in terme van hoe spraakklanke geproduseer en gekarakteriseer word; fonologie (die klankpatrone van Setswana) soos dit verband hou met spraakklankvormingsisteme en -patrone in die menslike taal (bv. die orde waarin spraakklanke gekombineer word, die akuut- en gravistekenpatrone wat kenmerklik toegepas word op woorde en frases, ens.), en klankbewustheid;*
- *vermoë om kinders se lees- en spelfoute te identifiseer en te interpreteer en dan toepaslike ontwikkelingsonderrigpraktyke te selekteer, te evalueer en te implementeer wat die kinders se lees- en spelfoute kan verbeter;*
- *kennis en ingeligte begrip of relevante teorieë en empiriese navorsing onderliggend aan leerders se reaksies op kinders se literatuur en die waarde van kinderliteratuur;*
- *kennis van en betrokkenheid by navorsing wat verband hou met die grondslae van taalassessering; en*
- *vermoë om verskeie kennisbronne in verband met taalassesseringsmetodes, tegnieke, gereedskap en praktyke te ondersoek.*

Title: Setswana Home Language FP: Morphology, Phonics, Word Study, Alphabetic Principles and Selecting and Evaluating Children's Literature
Titel: Setswana Huistaal GSF: Morfologie, Klankleer, Woordstudie, Alfabetiese Beginsel en die Seleksie en Evaluering van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and an understanding of morphology (the words of Setswana) as it relates to the teaching of phonics and spelling, the various structures of language that underlie the Setswana spelling system (e.g., phoneme-grapheme, syllable patterns, morpheme units in print, and word origin).
- ability to use the organising principles of the Setswana spelling system at the sound, syllable, and morpheme levels in order to identify learner progress and or problems at these levels;
- ability to select, differentiate between, evaluate and apply explicit vs non-explicit, systematic vs non-systematic, and sequential vs non-sequential phonics instruction using developmentally appropriate resources in a class of diverse learners;
- ability to apply principles for selecting and evaluating appropriate literature for children in a multicultural society;
- ability to work together in a community co-operatively and systematically to identify authentic communication needs; and
- ability to address authentic community needs, and engage in systematic reflection in order to accomplish academic goals, enhance their personal and professional formation, and develop social responsibility.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *uitgebreide kennis en begrip van morfologie (die woorde van Setswana) soos dit verband hou met die onderrig van klanke en spelling, die verskillende strukture van taal wat die Setswana-spellingsisteem onderliggend is (bv. Foneme-grafeem, lettergreeppatrone, morfeemeenhede in drukskrif, en woord oorsprong).*
- *vermoë om die organiserende beginsels van die Setswana-spellingsisteem by die klank-, lettergreep- en morfeme-vlakke te gebruik ten einde leerder vordering en of probleme op hierdie vlakke te identifiseer;*
- *vermoë om eksplisiete teenoor nie-eksplisiete, sistematiese vs nie-sistematiese en sekwensiële vs nie-opeenvolgende klanke-instruksies te kies, te onderskei, te evalueer en toe te pas deur gebruik te maak van ontwikkelingsgeskikte bronne in 'n klas met diverse leerders.*
- *vermoë om beginsels toe te pas vir die kies en evaluering van toepaslike literatuur vir kinders in 'n multikulturele samelewing;*
- *vermoë om samewerkend en sistematies saam te werk in 'n gemeenskap om outentieke kommunikasiebehoeftes te identifiseer; en*
- *vermoë om outentieke gemeenskapsbehoeftes aan te spreek en betrokke te raak by sistematiese refleksie om akademiese doelwitte te bereik, hul persoonlike en professionele vorming te verbeter en sosiale verantwoordelikheid te ontwikkel.*

Title: Setswana Home Language FP: Semantics, Vocabulary and Picture Books
Titel: Setswana Huistaal GSF: Semantiek, Woordeskat en Prenteboeke

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge of semantics (linguistic meaning of words, phrases and sentences) and an understanding of key terms, concepts, and rules of word meaning as well as phrase and sentence meaning as it relates to vocabulary teaching and learning;
- ability to select, evaluate and apply with discernment direct and indirect (contextual) methods of vocabulary instruction based on an analysis of learner needs;
- ability to analyse, select and apply varied techniques for vocabulary instruction before, during, and after reading based on an analysis and evaluation of evidence-based practice related to vocabulary teaching and learning;
- ability to analyse and reflect on the role of vocabulary development and vocabulary knowledge in comprehension by communicating the information coherently using appropriate academic conventions;
- ability to work in a group to gather, evaluate and communicate information accurately, coherently and in an ethically responsible manner on artists and their illustrations of children's literature; and
- understanding of the different types of children's literature, focussing specifically on picture books, and the ability to select and implement picture books in their teaching activities.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis van semantiek (taalkundige betekenis van woorde, frases en sinne) en begrip van sleutelterme, konsepte en reëls van woord betekenis sowel as frase en sin betekenis as dit verband hou met woordeskatonderrig en leer;*
- *vermoë om direkte en indirekte (kontekstuele) metodes van woordeskatonderrig te kies, te evalueer en toe te pas op grond van 'n analise van leerderbehoeftes;*
- *vermoë om gevorderde tegnieke vir woordeskatonderrig te analiseer, te selekteer en toe te pas voor, tydens en na lees, gebaseer op 'n analise en evaluering van bewysgebaseerde praktyk wat verband hou met woordeskatonderrig en -leer;*
- *vermoë om die rol van woordeskatontwikkeling en woordeskatkennis in begrip, te ontleed en te reflekteer deur die inligting samehangend te kommunikeer deur gebruik te maak van toepaslike akademiese konvensies;*
- *vermoë om in 'n groep te werk om inligting akkuraat, samehangend en op eties-verantwoordelike wyse op kunstenaars en hul illustrasies van kinderliteratuur te versamel, evalueer en te kommunikeer; en*
- *begrip van die verskillende soorte kinderliteratuur, spesifiek gefokus op prentboeke, en die vermoë om prentboeke te selekteer en te implementeer in hul onderrigaktiwiteite.*

Titel: Setswana Huistaal GSF: Sintaksis, Vlotheid en Tradisionele Letterkunde, Poësie, Historiese Fiksie en Biografieë

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and critical evaluation of research on Setswana syntax and how it relates to vocabulary, fluency and comprehension teaching and learning;
- the ability to identify, analyse, evaluate and reflect on the role of fluency in word recognition, oral reading, silent reading, comprehension of written discourse and motivation to read by critically analysing evidence-based research;
- the ability to gather and analyse information on the role of fluency in reading development and to present their ideas in a well-formed and coherently constructed argument;
- an understanding of and the ability to apply the range of methods, activities, and techniques for enhancing fluency in order to address learners' diverse needs;
- integrated knowledge of different types of children's literature, namely traditional, poetry and biographies;
- ability to critically analyse texts from a range of Children`s literature; and
- engage in systematic reflection during the service learning project in order to accomplish academic goals, enhance their personal and professional formation, and develop social responsibility .

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en kritiese evaluasie van navorsing oor Setswana sintaksis en hoe dit verband hou met die onderrig en leer van woordeskat, vlotheid en begrip;*
- *die identifisering, analise, evaluasie van en refleksie op die rol van vlotheid in woordherkenning, voorlees, stillees, begrip van geskrewe teks en motivering om te lees deur kritiese analise van bewysgegronde navorsing;*
- *die vermoë om inligting oor die rol van vlotheid in leesontwikkeling in te win en te analiseer en om die idees in 'n goed geformuleerde en duidelike argument aan te bied;*
- *begrip en toepassing van die reeks van metodes, aktiwiteite en tegnieke wat vlotheid verbeter ten einde leerders se uiteenlopende behoeftes te hanteer;*
- *geïntegreerde kennis van kinderliteratuur naamlik tradisionele, poësie en biografieë;*
- *vermoë om tekste uit 'n verskeidenheid kinders se literatuur krities te ontleed; en*
- *betrokkenheid by stelselmatige refleksie tydens die diensleerprojek ten einde akademiese doelwitte te bereik, hul persoonlike en professionele vorming te verbeter en sosiale verantwoordelikheid te ontwikkel.*

Title: Setswana Home Language FP: Discourse Analysis, Pragmatics, Comprehension and Informational Texts
Titel: Setswana Huistaal GSF: Diskoersanalise, Pragmatiek, Begrip en Inligtingstekste

On completion of this module the student should be able to demonstrate:

- integrated knowledge and engagement with discourse analysis and pragmatics as it relates to comprehension teaching and learning;
- ability to evaluate the knowledge on text, reader, task, and context variables that have an impact on comprehension outcomes;
- ability to make ethically responsible decisions that relate to the application and evaluation of teaching strategies that are appropriate before, during and after reading and that promote reflective reading by all learners;
- understanding of the conceptual models related to the psychology of reading;
- integrated knowledge of the major text genres in order to ensure responsible teaching practice;
- ability to select and administer in ethically responsible ways assessment strategies that provide learners with opportunities to demonstrate comprehension;
- ability to compare and differentiate between traditional literature and informational texts in order to communicate well-formed arguments; and
- ability to integrate and apply traditional literature as well as informational texts in their teaching.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en betrokkenheid by diskoersanalise en pragmatika soos dit verband hou met begripsonderrig en leer;*
- *vermoë om kennis oor teks-, lees-, taak- en konteksveranderlikes te evalueer wat 'n impak op begripuitkomste het;*
- *vermoë om eties-verantwoordelike besluite te neem wat verband hou met die toepassing en evaluering van onderrigstrategieë wat gepas is voor, tydens en na lees en wat reflektiewe leeswerk deur alle leerders bevorder;*
- *begrip van die konseptuele modelle wat verband hou met die psigologie van lees;*
- *geïntegreerde kennis van die belangrikste teksgenres ten einde verantwoordelike onderwyspraktyk te verseker;*
- *vermoë om op eties verantwoordelike maniere assesseringstrategieë te kies en te bestuur wat leerders die geleentheid bied om begrip te demonstreer;*
- *vermoë om te vergelyk en te onderskei tussen tradisionele literatuur en inligtingstekste ten einde goed gevormde argumente te kommunikeer; en*
- *vermoë om tradisionele literatuur sowel as inligtingstekste in hul onderrig te integreer en toe te pas.*

Titel: Setswana Huistaal GSF: Skryfwerk, Handskrif en Fantasie, Wetenskapfiksie en Kontemporêr-Realistiese Fiksie

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge of and engagement with the major components and processes of written expression and how they interact (e.g., basic writing/transcription skills versus text generation);
- ability to evaluate grade and developmental expectations for learners' writing in the following areas by applying evidence-based practice:
  - mechanics and conventions of writing,
  - composition,
  - revision,
  - editing processes;
- ability to critically reflect on research-based principles for teaching letter naming and letter formation, both manuscript and cursive in order to adapt teaching to learner needs;
- ability to select and apply techniques for teaching handwriting fluency;
- integrated knowledge and understanding of children's literature, specifically fantasy, science fiction and contemporary realistic fiction; and
- participate in positive social change through the process of producing a capstone project.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis van en betrokkenheid by die hoofkomponente en prosesse van geskrewe uitdrukking en hul interaksie (bv. Basiese skryf- / transkripsievaardighede versus teksgenerasie);*
- *vermoë om graad- en ontwikkelingsverwagtinge vir leerders se skryfwerk in die volgende areas te evalueer deur bewysgebaseerde praktyk toe te pas:*
  - *meganika en konvensies van skryfwerk,*
  - *samestelling,*
  - *hersiening,*
  - *wysigingsprosesse;*
- *vermoë om krities te reflekteer op navorsingsgebaseerde beginsels vir die onderrig van letterbenoeming en lettervorming, beide manuskrip en kursief, om onderwys by leerderbehoeftes aan te pas;*
- *vermoë om tegnieke vir die onderrig van handskrifsvlotheid te selekteer en toe te pas;*

Title: Setswana Home Language FP: School-Based Language Assessment and Critical Issues in Children's Literature
Titel: Setswana Huistaal GSF: Skoolgebaseerde Taalassessering en Kritiese Kwessies in Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- knowledge of and engagement in research related to the fundamentals of language assessment;
- ability to interrogate multiple sources of knowledge related to language assessment methods, techniques, tools and practices;
- ability to gather assessment data, synthesise and evaluate language assessment information in order to ethically and responsibly inform the teaching decision-making process;
- ability to present and communicate assessment results ethically and in an academically accurate way to a range of audiences offering creative insights and rigorous interpretations of the language components being assessed;
- ability to theoretically engage with children's literature through linking the various types to a critical approach; and
- ability to ethically reflect on controversial issues in children's literature and how to deal with these issues in teaching practice.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis van en betrokkenheid by navorsing wat verband hou met die grondslae van taalassessering;*
- *vermoë om verskeie kennisbronne in verband met taalassesseringsmetodes, tegnieke, gereedskap en praktyke te ondersoek;*
- *vermoë om assesseringsdata te versamel, taalassesseringsinligting te sintetiseer en te evalueer, ten einde die onderrigbesluitnemingsproses eties en verantwoordelik in te lig;*
- *vermoë om assesseringsresultate eties en op akademies akkurate wyse aan te bied aan 'n verskeidenheid gehore, terwyl kreatiewe insigte en streng interpretasies van die taalkomponente wat geassesseer word gebied word;*
- *vermoë om teoreties met kinderliteratuur betrokke te raak deur die verskillende tipes te koppel aan 'n kritiese benadering; en*
- *vermoë om eties te reflekteer oor omstrede kwessies in kinderliteratuur en hoe om hierdie kwessies in die onderwyspraktyk te hanteer.*

Title: Setswana Home Language: Phonetics, Phonology, Instructional Methods and Speaking Skills
Titel: Setswana Huistaal: Fonetiek, Fonologie, Onderrigmetodes en Spraakvaardighede

On completion of this module the student should be able to demonstrate*:*

- knowledge and an informed understanding of phonetics (the sounds of Setswana phonemes) in terms of how speech sounds are produced and characterised;
- detailed knowledge and an informed understanding of phonology (the sound patterns of Setswana) as it relates to speech sounds forming systems and patterns in human language (e.g., the order in which speech sounds are combined, the accent and stress patterns typically applied to words and phrases, etc.);
- detailed knowledge and understanding of teaching methods and strategies in teaching Home Language as a subject; and
- understanding of various aspects that detail auditory abilities of an Intermediate phase learner and the ability to engage learners in improving their auditory and speaking skills.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en grondige begrip aangaande fonetiek (die klanke van Setswana-foneme) ten opsigte van die wyse waarop spraakklanke voortgebring en gekarakteriseer word;*
- *grondige kennis en begrip aangaande fonologie (die Setswana-klankpatrone), soos dit met klankvormingstelsels en -patrone in menslike taal verband hou (bv. die volgorde waarin spraakklanke gekombineer word, die aksent en klempatrone wat tipies op woorde en frases toegepas word, ens.);*
- *grondige kennis en begrip aangaande onderrigmetodes en -strategieë ten opsigte van die onderrig van 'n Huistaal as vak; en*

• *begrip aangaande verskeie aspekte wat die luistervaardighede van 'n Intermediêrefase-leerder omskryf, asook die vermoë om leerders by die verbetering van hulle luister- en spraakvaardighede betrokke te kan kry.*

Title: Setswana Additional Language: Language, Culture and Traditional Folk Stories and Historical Fiction in the Intermediate Phase
Titel: Setswana Addisionele Taal: Taal, Kultuur en Tradisionele Volksverhale en Historiese Fiksie in die Intermediêrefase

On completion of this module the student should be able to demonstrate*:*

- ability to identify and explain individual problems that arise during discussions of illustrations in books with regard to cultural identity;
- knowledge of the theoretical basis for the choice of different types of traditional stories and poems and the ability to select, evaluate and implement them in teaching activities;
- demonstrate ability to use a wide variety of sources, including the Internet, to learn about different cultures around the world and specific cultures of the diverse learners in South Africa; and
- integrated knowledge of the reading process and reading comprehension

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *vermoë om individuele probleme wat kan ontstaan gedurende besprekings van illustrasies in boeke ten opsigte van kultuur identiteit te identifiseer en verduidelik;*
- *kennis oor die teoretiese begronding vir die keuse van verskillende tipes tradisionele verhale en gedigte en die vermoë om dit te selekteer, evalueer en te implementeer in onderrigaktiwiteite;*
- *vermoë illustreer om 'n wye verskeidenheid bronne, insluitend die internet, te gebruik om te leer oor verkillende kulture oor die wêreld en spesifieke kulture van die diverse leerders in Suid-Afrika; en*
- *geïntegreerde kennis van die leesproses en leesbegrip.*

On completion of this module the student should be able to demonstrate*:*

- ability to understand and explain language as an integrated system;
- knowledge and understanding of the theoretical framework: part-to-whole and whole-to-parts;
- theoretical background to promote learners' writing skills;
- thorough knowledge of the developmental history of the Setswana vocabulary;
- knowledge of the basics of the Setswana spelling rules and the ability to use the Setswana Glossary and spelling rules in the classroom; and
- In-depth knowledge of the domains of language:
  - Semantics,
  - Syntax.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *vermoë om taal as `n geïntegreerde sisteem te begryp en verduidelik;*
- *kennis en begrip van die teoretiese raamwerk: deel-na-geheel en geheel-na-dele;*
- *teoretiese agtergrond om leerders se skryfvaardighede te bevorder;*
- *grondige kennis van die ontwikkelingsgeskiedenis van die Setswana woordeskat;*
- *kennis oor die grondbeginsels van die Setswana spelreëls en die vermoë om die Setswana Woordelys en spelreëls in die klaskamer te gebruik; en*
- *diepgaande kennis van die domeine van taal:*
  - *Semantiek,*
  - *Sintaksis.*

Title: Setswana Additional Language: Lesson Planning and Cycle Compositions
Titel: Setswana Addisionele Taal: Lesbeplanning en Siklussamestellings

On completion of this module the student should be able to demonstrate:

- ability to demonstrate certain roles of the teacher regarding the teaching of Setswana as an additional language in a multicultural education context;
- taking into account critical issues (as in SEIP311) during the selection of themes for the cycle composition;
- ability to theoretically and critically deal with approaches to text selection for the cycle composition; and
- critical understanding of the process-approach during the teaching of an additional language.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *vermoë om bepaalde rolle van die onderwyser met betrekking tot die onderrig van Setswana as addisionele taal in 'n multikulturele onderwyskonteks te demonstreer;*
- *inagneming van kritiese kwessies (soos in SEIP311) tydens die seleksie van temas vir die siklussamestelling;*
- *vermoë om op teoretiese en kritiese wyse met benaderings ten opsigte van teks seleksie vir die siklussamestelling om te gaan; en*
- *kritiese begrip ten opsigte van die prosesbenadering tydens die onderrig van 'n addisionele taal.*

On completion of this module the student should be able to demonstrate*:*

- in depth knowledge of the difference between Home Language and First Additional Language assessment;
- ability to develop appropriate assessments that can be used to measure whether learners have mastered the following skills:
  - listening and talking,
  - reading and looking,
  - writing and presenting,
  - language structures and conventions;
- ability to interpret and apply the assessment program according to the NCAPS in the Setswana additional language class; and
- ability to calculate marks correctly and to report in the Intermediate phase.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *in diepte kennis oor die verskil tussen Huistaal en Eerste Addisionele Taal assessering;*
- *vermoë om toepaslike assesserings te ontwikkel waaraan gemeet kan word of leerders die volgende vaardighede bemeester het:*
  - *luister en praat,*
  - *lees en kyk,*
  - *skryf en aanbied,*
  - *taalstrukture en konvensies;*
- *vermoë om die assesseringsprogram volgens die NKABV te interpreteer en aan te wend in die Setswana addisionele taal klas; en*

- ability to interrogate multiple sources of knowledge related to language assessment methods, techniques, tools and practices.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en begrip van fonetiek (die klanke van 'n taal) in terme van hoe spraakklanke geproduseer en gekarakteriseer word; fonologie (die klankpatrone van 'n taal) soos dit verband hou met spraakklankvormingsisteme en -patrone in die menslike taal (bv. die orde waarin spraakklanke gekombineer word, die akuut- en gravistekenpatrone wat kenmerklik toegepas word op woorde en frases, ens.); en Klankbewustheid;*

- *vermoë om kinders se lees- en spelfoute te identifiseer en te interpreteer en dan toepaslike ontwikkelingsonderrigpraktyke te selekteer, te evalueer en te implementeer wat die kinders se lees- en spelfoute kan verbeter;*
- *vermoë om 'n oorsig van die geskiedenis van kinderliteratuur te gee en ook te onderskei tussen verskillende tipes kinderliteratuur deur onafhanklike navorsing op akademies aanvaarbare wyse te kommunikeer; en*
- *vermoë om koöperatief saam te werk in 'n gemeenskap om outentieke kommunikasiebehoeftes te identifiseer en sistematies daaroor te reflekteer ten einde akademiese uitkomste te bereik, persoonlike en professionele ontwikkeling te stimuleer en sosiale verantwoordelikheid te ontwikkel.*

Title: Sesotho Home Language FP: Morphology, Phonics, Word Study, Alphabetic Principles and Selecting and Evaluating Children's Literature
Titel: Sesotho Huistaal GSF: Morfologie, Klankleer, Woordstudie, Alfabetiese Beginsel en die Seleksie en Evaluering van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and an understanding of morphology (the words of language) as it relates to the teaching of phonics and spelling, the various structures of language that underlie the Sesotho spelling system (e.g., phoneme-grapheme, syllable patterns, morpheme units in print, and word origin) and of the broad outline of historical influences on Sesotho spelling system;
- ability to use the organising principles of the Sesotho spelling system at the sound, syllable, and morpheme levels in order to identify learner progress and or problems at these levels;
- ability to select, differentiate between, reflect critically, evaluate and apply explicit vs non-explicit, systematic vs non-systematic, and sequential vs non-sequential phonics instruction using developmentally appropriate resources in a class of diverse learners;
- ability to apply principles for selecting and evaluating appropriate literature for children in a multicultural society;
- ability to work together in a community co-operatively and systematically to identify authentic communication needs; and
- ability to address authentic community needs, and engage in systematic reflection in order to accomplish academic goals, enhance their personal and professional formation, and develop social responsibility.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *gedetailleerde kennis en begrip van morfologie (die woorde van taal) wat verband hou met die onderrig van klankleer en spelling; van die verskillende taalstrukture wat die Sesotho spellingsisteem onderlê (bv. foneem-grafeem, lettergreeppatrone, ortografiese (gedrukte) morfeemeenhede en etimologie, woordoorsprong) en van algemene trekke van die historiese invloede op die Sesotho spellingsisteem;*
- *vermoë om die organiserende beginsels van die Sesotho spellingsisteem in terme van klank-, lettergreep- en morfeemvlakke te gebruik ten einde leerdervordering of -probleme op hierdie vlakke te identifiseer;*
- *vermoë om eksplisiete vs. non-eksplisiete, sistematiese vs. non-sistematiese en sekwensiële vs. non-sekwensiële klankleeronderrig te selekteer, te onderskei, te evalueer en toe te pas deur gepaste ontwikkelingsbronne te gebruik in 'n klas met diverse leerders;*
- *vermoë om beginsels toe te pas vir die seleksie en evaluering van gepaste literatuur vir kinders in 'n multikulturele samelewing;*
- *vermoë om koöperatief en sistematies saam te werk in 'n gemeenskap om outentieke kommunikasiebehoeftes te identifiseer; en*
- *vermoë om outentieke gemeenskapsbehoeftes aan te spreek en sistematies daaroor te reflekteer ten einde akademiese uitkomste te bereik, persoonlike en professionele ontwikkeling te stimuleer en sosiale verantwoordelikheid te ontwikkel.*

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge of semantics (linguistic meaning of words, phrases and sentences) and an understanding of key terms, concepts, and rules of word meaning as well as phrase and sentence meaning as it relates to vocabulary teaching and learning;
- ability to select, evaluate and apply with discernment direct and indirect (contextual) methods of vocabulary instruction based on an analysis of learner needs;
- ability to analyse, select and apply varied techniques for vocabulary instruction before, during, and after reading based on an analysis and evaluation of evidence-based practice related to vocabulary teaching and learning;
- analyse and reflect on the role of vocabulary development and vocabulary knowledge in comprehension by communicating the information coherently using appropriate academic conventions;
- ability to work in a group to gather, evaluate and communicate information accurately, coherently and in an ethically responsible manner on artists and their illustrations of children's literature; and
- understanding of the different types of children's literature, focussing specifically on picture books, and the ability to select and implement picture books in their teaching activities.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis van semantiek (linguistiese betekenis van woorde, frases en sinne) en begrip van sleutelterme, konsepte en reëls van woordbetekenis, asook van frase- en sinsbetekenis wat betrekking het tot woordeskatonderrig en -leer;*
- *vermoë om direkte en indirekte (kontekstuele) metodes van woordeskatonderrig op oordeelkundige wyse te selekteer, te evalueer en toe te pas op die analises van leerderbehoeftes;*
- *analise, seleksie en toepassing van verskillende tegnieke vir woordeskatonderrig voor, gedurende en ná lees wat gebaseer is op 'n analise en evaluasie van bewysgegronde oefeninge wat verband hou met woordeskatonderrig en -leer;*
- *rol van woordeskatontwikkeling en -kennis in terme van begrip te analiseer en te reflekteer daarop deur die inligting op duidelike wyse te kommunikeer deur middel van toepaslike akademiese konvensies;*
- *inwinning, evaluering en kommunikering van inligting in groepsverband oor kunstenaars en hul illustrering van kinderliteratuur op akkurate, duidelike en eties verantwoordelike wyse; en*
- *begrip van die verskillende tipes kinderliteratuur, met spesifieke fokus op prenteboeke en die vermoë om prenteboeke vir onderrigaktiwiteite te selekteer en te implementeer.*

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and critical evaluation of research on Sesotho syntax and how it relates to vocabulary, fluency and comprehension teaching and learning;
- ability to identify, analyse, evaluate and reflect on the role of fluency in word recognition, oral reading, silent reading, comprehension of written discourse and motivation to read by critically analysing evidence-based research;
- ability to gather and analyse information on the role of fluency in reading development and to present their ideas in a well-formed and coherently constructed argument;
- understanding of and the ability to apply the range of methods, activities, and techniques for enhancing fluency in order to address learners' diverse needs;
- integrated knowledge of different types of children's literature, namely traditional, poetry, historical fiction and biographies; and
- engagement in systematic reflection during the service learning project in order to accomplish academic goals, enhance their personal and professional formation, and develop social responsibility.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en kritiese evaluasie van navorsing oor Sesotho sintaksis en hoe dit verband hou met die onderrig en leer van woordeskat, vlotheid en begrip;*
- *identifisering, analise, evaluasie van en refleksie op die rol van vlotheid in woordherkenning, voorlees, stillees, begrip van geskrewe teks en motivering om te lees deur kritiese analise van bewysgegronde navorsing;*
- *vermoë om inligting oor die rol van vlotheid in leesontwikkeling in te win en te analiseer en om die idees in 'n goed geformuleerde en duidelike argument aan te bied;*
- *begrip en toepassing van die reeks van metodes, aktiwiteite en tegnieke wat vlotheid verbeter ten einde leerders se uiteenlopende behoeftes te hanteer;*
- *geïntegreerde kennis van kinderliteratuur naamlik tradisionele, poëtiese, historiese fiksie en biografieë; en*
- *betrokkenheid in sistemiese refleksie tydens diensleer ter bereiking van akademiese uitkomste, persoonlike, professionele groei en ontwikkeling van sosiale verantwoordelikheid.*

Title: Sesotho for the Intermediate Phase: Advanced Sesotho Phonetics, Phonology, Phonemic Awareness and Spelling
Titel: Sesotho vir die Intermediêrefase: Gevorderde Sesotho-Fonetiek, Fonologie, Klankbewustheid en Spelling

On completion of this module the student should be able to demonstrate*:*

- ability to gather and verify information from scientific evidence-based research findings related to the typical developmental progression of:
  - phonological skill,
  - printed multiple word recognition,
  - spelling,
  - reading speed,
  - reading comprehension, and
  - written expression;
- ability to analyse and apply techniques for teaching handwriting fluency;
- ability to communicate information on the language processing requirements of proficient reading and writing reliably, accurately and coherently:
  - phonological (speech sound) processing,
  - orthographic (print) processing,
  - semantic (meaning) processing,
  - syntactic (sentence level) processing, and
  - discourse (connected text level) processing;
- ability to distinguish between and criticise the multiple factors (e.g., environmental, cultural, social, linguistic, play, etc.) affecting learners' development and learning and utilising developmentally appropriate practices to address these factors in the classroom;
- ability to plan and execute lessons regarding number systems, making use of the prescribed and applicable policies and documents from the Department of Education and integrate specialised knowledge with appropriate subject methodology; and
- ability to manage all learners in a classroom while working with whole class/groups/individual learners as well as selecting and implementing methods and activities relevant to learners who are performing at multiple instructional levels.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *vermoë om inligting vanuit wetenskaplike, bewys-gebaseerde navorsingsbevindings, wat met die tipiese ontwikkelingsprogressie van onderstaande verband hou, te kan insamel en verifieer:*
  - *fonologiese vaardigheid,*
  - *veelvoudige gedrukte woordherkenning,*
  - *spelling,*
  - *leesspoed,*
  - *leesbegrip, en*
  - *skriftelike uitdrukking;*
- *vermoë om tegnieke aangaande die onderrig van handskrifvlotheid te kan analiseer en toepas;*
- *vermoë om inligting aangaande onderstaande taalverwerkingsvereistes ten opsigte van bekwame lees- en skryfwerk akkuraat en samehangend te kan kommunikeer:*
  - *fonologiese (spraak en klank) verwerking,*
  - *ortografiese (drukwerk) verwerking,*
  - *semantiese (betekenis) verwerking,*
  - *sintaktiese (op sinsvlak) verwerking, en*
  - *diskoers (verbonde aan teksvlak) -verwerking;*
- *vermoë om te kan onderskei tussen en veelvoudige faktore wat leerders se ontwikkeling en leer beïnvloed, te kan kritiseer (bv. omgewings-, kulturele, sosiale, linguistiese en speelfaktore, ens.), met inbegrip van die gebruik van toepaslike ontwikkelingspraktyke, ten einde sodanige faktore in die klaskamer te kan aanspreek;*
- *vermoë om lesse aangaande getalstelsels te kan beplan en aanbied, met inbegrip van die gebruikmaking van die voorgeskrewe en toepaslike Beleidsdokumente van die Departement van Onderwys en die integrering van gespesialiseerde kennis by toepaslike vakmetodologie; en*
- *vermoë om alle leerders (klasgroepe/individuele leerders) in 'n klaskamer te kan bestuur, asook om toepaslike metodes en aktiwiteite ten op opsigte van leerders wat op veelvoudige onderrigvlakke presteer, te kan selekteer en implementeer.*

- integrated knowledge and critical analysis of Sesotho syntax, with specific reference to and how it relates to dictionary skills, homonyms, synonyms, antonyms, paraphrases and noun class table;
- ability to identify, analyse and reflect on the role of fluency in word recognition and the meaning derived from it in the context;
- ability to gather and analyse information on the role of fluency in writing development and to present their ideas in a well-formed and coherently constructed argument (paraphrasing);
- ability to analyse and apply the range of methods, activities, and techniques for enhancing fluency in order to address learners' linguistic skills; and
- advanced dictionary skills, homonyms, synonyms, antonyms, paraphrases and noun class table.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:
- *geïntegreerde kennis aangaande en kritiese analise van Sesotho-sintaksis, met spesifieke verwysing na die verband daarvan met woordeboekvaardighede, homonieme, sinonieme, antonieme, parafrases en die selfstandige naamwoordklassetabel;*
- *vermoë om die rol van vlotheid in woordherkenning en -betekenis, soos uit die konteks afgelei, te kan identifiseer, analiseer en daaroor te kan besin;*
- *vermoë om inligting aangaande die rol van vlotheid in skryfontwikkeling te kan insamel en analiseer, en om sy/haar idees met behulp van goedgeformuleerde beredenering te kan aanbied (parafrasering);*
- *vermoë om 'n reeks metodes, aktiwiteite en tegnieke te kan analiseer en toepas om vlotheid te versterk, ten einde leerders se linguistiese vaardighede te kan aanspreek; en*
- *gevorderde woordeboekvaardighede en kennis aangaande homonieme, sinonieme, antonieme, parafrases en die selfstandige naamwoordklassetabel.*

Title: Sesotho Home Language for the Intermediate Phase: Creative and Critical Reading - Novels and Short Stories
Titel: Sesotho Huistaal vir die Intermediêrefase: Skeppende en Kritiese Leeswerk – Romans en Kortverhale

On completion of this module the student should be able to demonstrate:
- integrated knowledge and engagement with literary analysis and pragmatics as it relates to comprehension teaching and learning;
- analysis of the different plot structures related to a variety of novels and short stories;
- ability to compare oral and written story telling skills;
- ability to integrate and apply traditional literature as well as informational texts in their teaching;
- theoretical background of an author, context and the reader;
- effective summarising skills; and
- ability to analyse word formation and sentence construction from the literary text.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:
- *geïntegreerde kennis aangaande en betrokkenheid by literêre analise en pragmatiek, soos dit met begripsonderrig en -leer verband hou;*
- *analise van die verskillende komplotstrukture van 'n verskeidenheid romans en kortverhale;*
- *vermoë om verskillende mondelinge en skriftelike storievertelvaardighede te kan vergelyk;*
- *vermoë om tradisionele letterkunde en inligtingstekste by sy/haar onderrig te kan integreer en toepas;*
- *teoretiese agtergrond van 'n skrywer, die konteks en die leser;*
- *doeltreffende opsommingsvaardighede; en*
- *die vermoë om woordvorming en sinskonstruksie vanuit die literêre teks te kan analiseer.*

Title: Sesotho Home Language: Introduction to Complex Sesotho Phonetics, Phonology, Phonemic Awareness and Spelling
Titel: Sesotho Huistaal: Inleiding tot Komplekse Sesotho-Fonetiek, Fonologie, Klankbewustheid en Spelling

On completion of this module the student should be able to demonstrate*:*

- ability to evaluate and verify information from scientific evidence-based research findings related to the typical developmental progression of:
  - phonological skill,
  - printed word recognition,
  - spelling,
  - reading fluency,
  - reading comprehension, and
  - written expression;
- ability to analyse and apply techniques for teaching handwriting fluency;
- ability to communicate critical information on the language processing requirements of proficient reading and writing reliably, accurately and coherently:
  - phonological (speech sound) processing,
  - orthographic (print) processing,
  - semantic (meaning) processing,
  - syntactic (sentence level) processing, and
  - discourse (connected text level) processing;
- ability to distinguish between and evaluate the multiple factors (e.g., environmental, cultural, social, linguistic, play, etc.) affecting learners' development and learning and utilising developmentally appropriate practices to address these factors in the classroom;
- ability to plan and execute lessons regarding number systems, making use of the prescribed and applicable policies and documents from the Department of Education and integrate specialised knowledge with appropriate subject methodology; and
- ability to assess all learners in a classroom while working with whole class/groups/individual learners as well as selecting and implementing methods and activities relevant to learners who are performing at multiple instructional levels.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *vermoë om inligting vanuit wetenskaplike, bewys-gebaseerde navorsingsbevindings, wat met die tipiese ontwikkelingsprogressie van onderstaande verband hou, te kan evalueer en verifieer:*
  - *fonologiese vaardigheid,*
  - *gedrukte woordherkenning,*
  - *spelling,*
  - *leesvlotheid,*
  - *leesbegrip, en*
  - *skriftelike uitdrukking;*
- *vermoë om tegnieke vir die onderrig van handskrifvlotheid te kan analiseer en toepas;*
- *vermoë om kritiese inligting aangaande onderstaande taalverwerkingsvereistes ten opsigte van bekwame lees- en skryfwerk akkuraat en samehangend te kan kommunikeer:*
  - *fonologiese (spraak en klank) verwerking,*
  - *ortografiese (drukwerk) verwerking,*
  - *semantiese (betekenis) verwerking,*
  - *sintaktiese (op sinsvlak) verwerking, en*
  - *diskoers (verbonde aan teksvlak) -verwerking;*
- *vermoë om te kan onderskei tussen en veelvoudige faktore wat leerders se ontwikkeling en leer beïnvloed, te kan evalueer (bv. omgewings-, kulturele-, sosiale-, linguistiese- en speelfaktore, ens.), met inbegrip van die gebruik van toepaslike ontwikkelingspraktyke, ten einde sodanige faktore in die klaskamer te kan aanspreek;*
- *vermoë om lesse aangaande getalstelsels te kan beplan en aanbied, met inbegrip van die gebruikmaking van die voorgeskrewe en toepaslike Beleidsdokumente van die Departement van Onderwys en die integrering van gespesialiseerde kennis by toepaslike vakmetodologie; en*
- *vermoë om alle leerders (klas/groepe/individuele leerders) in 'n klaskamer te kan assesseer, asook om toepaslike metodes en aktiwiteite ten op opsigte van leerders wat op veelvoudige onderrigvlakke presteer, te kan selekteer en implementeer.*

On completion of this module the student should be able to demonstrate*:*

- subject knowledge with regard to subject related key terms, concepts, facts and rules that specifically apply to the educational context of Mechanical Technology within the FET phase;
- knowledge of the interpretation and implementation of School curriculum and the effective implementation of subject specific curriculum requirements such as organising classroom activities;
- to display a positive work ethic and appropriate behaviour that befits, enhances and develops the teaching profession and contributes to effectively teach Mechanical Technology while promoting acceptable social values and principles;
- the ability to assess learners in reliable and varied ways and to utilise the assessment results to improve their teaching of Mechanical Technology presented at university level (research skills); and
- knowledge of presenting FET Technology subjects.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *vakkennis aangaande vak-verwante sleutelbegrippe, konsepte, feite en reëls, soos spesifiek van toepassing binne die opvoedkundige konteks ten opsigte van Meganiese Tegnologie in die VOO-fase;*
- *kennis aangaande die interpretering en implementering van die skoolkurrikulum, asook die doeltreffende implementering van vak-spesifieke kurrikulumvereistes, soos die organisering van klaskameraktiwiteite;*
- *demonstrasie van 'n positiewe werksetiek en toepaslike optrede wat by die onderrigprofessie pas, dit versterk en ontwikkel en bydra daartoe om Meganiese Tegnologie doeltreffend te kan onderrig, met inbegrip van aanvaarbare sosiale waardes en beginsels;*

Title: Mathematics for FET Technology Teachers: Introductory Algebra
Titel: Wiskunde vir VOO Tegnologie-onderwysers: Inleidende Algebra

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and solid, grounded understanding of fundamental algebraic operations, S.I. units of measurement, solving systems of linear equations, solving quadratic equations, solving problems involving vectors and complex numbers as well as the application of the aforementioned within relevant topics within the field of technology education;
- ability to identify, analyse, select, plan and apply basic procedures, rules, principles, methods and formulae within the field of fundamental algebraic operations, S.I. units of measurement, solving systems of linear equations, solving quadratic equations, solving problems involving vectors and complex numbers in order to solve problems in familiar realistic technology contexts and to facilitate the teaching and learning of problem solving in similar contexts where these mathematical techniques feature;
- ability to access, process and manage mathematical terminology, mathematical symbols and mathematical notation accurately and clearly in order to produce and communicate information in both verbal and written form where technology contexts contain mathematical aspects relevant to the topics covered in this module;
- ability to use technology such as calculators as well as other suitable computer- or web-based mathematical tools useful for performing calculations relevant to the topics covered in this module; and
- ability to distinguish between individual tasks/ responsibilities and group tasks/ responsibilities as well as the ability to monitor, evaluate and manage own learning performance as well the performance of the group, where applicable, in familiar contexts where problems emanating from the technological field of study require mathematical consideration based on the topics covered in this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en deeglike begrip aangaande Fundamentele algebraïese bewerkings, S.I.-metingseenhede, die oplossing van liniêre en vierkantsverdelingsvergelykings, asook probleme waarby vektore en komplekse getalle betrokke is, sowel as die toepassing van voorgenoemde binne toepaslike temas in die veld van Tegnologie-onderwys;*
- *vermoë om basiese prosedures, reëls, beginsels, metodes en formules binne die veld van Fundamentele algebraïese bewerkingsfunksies, S.I.-metingseenhede, die oplossing van liniêre en vierkantsverdelingsvergelykings, asook probleme waarby vektore en komplekse getalle betrokke is, te kan identifiseer, analiseer, beplan en toepas, ten einde probleme binne bekende, realistiese tegnologiekontekste, waarby sodanige wiskundige tegnieke betrokke is, te kan oplos, asook om onderrig-leer aangaande probleemoplossing binne ooreenkomstige kontekste, te kan fasiliteer;*
- *vermoë om toegang tot wiskundige terminologie, simbole en notering te kan verkry en dit akkuraat en duidelik te kan verwerk en bestuur, ten einde inligting op mondelinge en skriftelike wyse binne tegnologiekontekste, wat toepaslike wiskundige aspekte ten opsigte van die temas in hierdie module bevat, te kan kommunikeer;*
- *vermoë om tegnologie, soos sakrekenaars en dinamiese sagteware, sowel as ander toepaslike rekenaar- of Web-gebaseerde, wiskundige instrumente wat nuttig kan wees vir berekenings, soos van toepassing op die temas wat in hierdie module vervat is, te kan gebruik; en*
- *vermoë om tussen individuele en groepstake/-verantwoordelikhede te kan onderskei, sowel as die vermoë om, waar toepaslik, eie leerprestasie, sowel as die groep se prestasie te kan monitor, evalueer en bestuur binne bekende kontekste, waar probleme wat vanuit die tegnologiese studieveld voortspruit, wiskundige oorweging op grond van temas wat in hierdie module vervat is, vereis.*

Title: Mathematics for FET Technology Teachers: Functions, Models, Trigonometry and Elementary Descriptive Statistics
Titel: Wiskunde vir VOO Tegnologie-Onderwysers: Funksies, Modelle, Driehoeksmeting en Elementêre, Beskrywende Statistiek

On completion of this module the student should be able to demonstrate*:*

- detailed knowledge and solid, grounded understanding of the application of functions, models, trigonometry and elementary descriptive statistics within the field of technology as well as the ability to apply useful skills from this module in the management and administration of assessment marks;
- ability to identify, analyse, select, plan and apply basic procedures, rules, principles, methods and formulae in order to describe technological and scientific processes and solve problems in complicated familiar realistic technological contexts;
- ability to access, process and manage mathematical terminology, mathematical symbols and mathematical notation accurately and clearly in order to produce and communicate the description of technological processes and the solution of problems from technological contexts;
- ability to use technology such as calculators and suitable computer technology or software in order to perform calculations and produce descriptions of scientific and technological situations; and
- ability to distinguish between individual tasks/ responsibilities and group tasks/ responsibilities as well as the ability to monitor, evaluate and manage own learning performance as well the performance of the group, where applicable, in unfamiliar contexts featuring the description of technological processes and the solutions of technical problems related to the topics covered in this module.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *grondige kennis en deeglike begrip aangaande die toepassing van funksies, modelle, driehoeksmeting en elementêre, beskrywende Statistiek binne die veld van Tegnologie, sowel as die vermoë om nuttige vaardighede vanuit hierdie module op die bestuur en administrasie van assesseringspunte te kan toepas;*
- *die vermoë om basiese prosedures, reëls, beginsels, metodes en formules te kan identifiseer, analiseer, selekteer, beplan en toepas, ten einde tegnologiese en wetenskaplike prosesse te kan toepas en probleme binne ingewikkelde, bekende, realistiese tegnologiekontekste te kan oplos;*
- *die vermoë om toegang tot wiskundige terminologie, simbole en notering te kan verkry en dit akkuraat en duidelik te kan verwerk en bestuur, ten einde tegnologiese prosesse en die oplossing van probleme binne tegnologiekontekste te kan produseer en kommunikeer;*

Title: Philosophy of Science: Understanding the Educational World
Titel: Wetenskapsleer: Begrip Aangaande die Opvoedkundige Wêreld

After completion of this module, the BEd student will have developed some of the skills required to be able to know and understand the different life world issues (from an educational point of reference) and to cope with future challenges.

This overarching outcome implies that on completion of this module, the student will have developed:

- a broad understanding – from an education(al) point of reference – of the range of problems and issues that mark his / her current life world landscape;
- a theoretically and conceptually integrated level of competence to apply cognitive, critical skills to a few life world problems that she/he is being confronted with in his / world personal life world; and
- an ability to apply theoretical understandings regarding the conduct of basic research procedures, and to extend his / her theoretical insights to still other problems in his / her life world.

By suksesvolle voltooiing van hierdie module behoort die BEd-student sommige van die vereiste vaardighede aangaande kennis en begrip van die verskillende leefwêreldkwessies (vanuit en met verwysing na 'n opvoedkundige uitgangspunt) te kan demonstreer, ten einde toekomstige uitdagings te kan hanteer.

Bogenoemde oorkoepelende uitkoms impliseer dat, by suksesvolle voltooiing van hierdie module, die student die volgende behoort te ontwikkel het:

- *'n breë begrip – vanuit 'n opvoedkundige uitgangspunt – aangaande die reeks probleme en kwessies wat sy/haar huidige leefwêreldlandskap kenmerk;*
- *'n teoretiese en konseptueel-geïntegreerde vlak van bevoegdheid, ten einde kognitiewe, kritiese vaardighede op leefwêreldprobleme waarmee hy/sy binne sy/haar persoonlike leefwêreld gekonfronteer word, te kan toepas; en*
- *die vermoë om teoretiese begrip aangaande die uitvoering van basiese navorsingsprosedures te kan toepas, asook om sy/haar teoretiese insigte te kan uitbrei, ten einde van ander probleme binne sy/haar leefwêreld te kan ontslae raak.*

Title: Philosophy of Science: Main Currents in the Philosophy of Education
Titel: Wetenskapsleer: Hoofstrome in Onderwysfilosofie

On completion of this module the student should be able to demonstrate*:*

- solid and systematic knowledge of the most important foundational issues in Education and demonstrate a critical understanding of the meta-theoretical assumptions underscoring foundational issues;
- integrated knowledge and a critical understanding of specific forms of ethics that apply to Education, such as, for example, the manner in which Jonathan Jansen had chosen to deal with the so-called "Reitz four", and be able to apply such forms of ethics discriminately to analyse, evaluate and pose possible solutions to some current themes or issues salient to Education; and
- ability to analyse, synthesise and critique the assumptions on which a chosen education-related theme or issue is based, formulate a personal opinion about the theme or issue that gives evidence of a personal coherent world view, and communicate the findings in a presentation making use of applicable technology, as well as in an evidence-based report written in a typically academic format.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *deeglike en sistematiese kennis aangaande die belangrikste fundamentele onderwyskwessies, en om kritiese begrip aangaande die meta-teoretiese aannames wat fundamentele kwessies onderstreep, te kan demonstreer;*
- *geïntegreerde kennis en kritiese begrip aangaande spesifieke vorme van etiek wat op die onderwys van toepassing is, soos byvoorbeeld die wyse waarop Jonathan Jansen verkies het om die sogenaamde "Reitz-vier" te hanteer, en die vermoë om sodanige vorme van etiek oordeelkundig te kan toepas, ten einde moontlike oplossings ten opsigte van sommige huidige temas of kwessies, voortspruitend uit die Onderwys, te kan analiseer, evalueer en voorstel; en*
- *vermoë om die aannames waarop 'n gekose onderwysverwante tema of kwessie gegrond is, te kan analiseer, sintetiseer en resenseer, 'n persoonlike mening wat van 'n samehangende wêreldbeskouing getuig, te kan formuleer, en om die bevindings met behulp van toepaslike tegnologie, in 'n bewys-gebaseerde verslag van tipies-wetenskaplike formaat, te kan aanbied.*

Title: IsiZulu First Additional Language in FP teaching: Language Acquisition and Development and Selecting and Evaluating Children's Literature
Titel: IsiZulu Eerste Addisionele Taal in GSF-Onderrig: Taalverwerwing en -Ontwikkeling en Seleksie en Evaluering van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- the ability to present and communicate information on current and historical theories and research in language acquisition as applied to ZAL learners in an academically acceptable manner;
- an understanding of the theories and research that explain how L1 literacy development differs from L2 literacy development;

- the ability to evaluate the importance of ZAL learners L1 and language varieties and build on these skills as a foundation for learning IsiZulu;
- the ability to work in a group, gather, synthesise and evaluate information on socio-cultural, psychological, and political variables and how these variables facilitate the process of learning IsiZulu;
- apply their knowledge of the role of individual learner variables in the process of learning IsiZulu; and
- the ability to apply principles for selecting and evaluating appropriate literature for children in a multicultural society.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *huidige en historiese teorieë en navorsing in taalverwerwing te kan oordra en te kommunikeer soos toegepas op ZAT-leerders op 'n akademiese vlak;*
- *begrip te toon van die teorieë en navorsing wat verduidelik hoe T1-ontwikkeling verskil van T2-ontwikkeling;*
- *die belangrikheid van ZAT-leerders se T1 en taalvariasies te evalueer en hierdie vaardighede te gebruik om die aanleer van IsiZulu te bou;*
- *in 'n groep inligting te kan versamel, te sintetiseer en te evalueer rakende die sosiokulturele, psigologiese en politiese veranderlikes en te kan aantoon hoe hierdie veranderlikes die aanleer van IsiZulu beïnvloed;*
- *kennis oor individuele leerderverskille te kan illustreer in die onderrig van IsiZulu; en*
- *beginsels vir die seleksie en evaluasie van toepaslike kinderliteratuur vir leerders binne 'n multikulturele gemeenskap te kan toepas.*

Title: IsiZulu First Additional Language in FP teaching: Foundational Knowledge and Multicultural Children's Literature
Titel: IsiZulu Eerste Addisionele Taal in GSF-Onderrig: Fundamentele Kennis en Multikulturele Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- the ability to gather and verify information from scientific evidence-based research findings related to the typical developmental progression of:
  - Oral language (semantic, syntactic, pragmatic),
  - Phonological skill,
  - Printed word recognition,
  - Spelling,
  - Reading fluency,
  - Reading comprehension,
  - Written expression;
- the ability to communicate information on the language processing requirements of proficient reading and writing reliably, accurately and coherently:
  - Phonological (speech sound) processing,
  - Orthographic (print) processing,
  - Semantic (meaning) processing,
  - Syntactic (sentence level) processing,
  - Discourse (connected text level) processing;
- the ability to distinguish between and evaluate the multiple factors (e.g., environmental, cultural, social, linguistic, play, etc.) affecting learners' development and learning and utilising developmentally appropriate practices to address these factors in the classroom; and
- knowledge and an informed understanding of relevant theories and empirical research underlying learners' responses to children's literature and the value of multicultural children's literature.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *die vermoë om inligting gegrond op wetenskaplike navorsing in te samel en te verifieer wat verband hou met die ontwikkeling en progressie van:*
  - *Mondelinge taal (semantiek, sintaksis, pragmatiek),*
  - *Fonologiese vaardigheid,*
  - *Geskrewe woordherkenning,*
  - *Spelling,*
  - *Leesvloeiendheid,*
  - *Leesbegrip,*
  - *Geskrewe uitdrukking;*
- *die vermoë om inligting rakende taalverwerkingsprosesse geloofwaardig, akkuraat en koherent oor te dra wat verband hou met effektiewe lees en skryf:*
  - *Fonologiese verwerking (spraak en klank),*
  - *Ortografiese (geskrewe) verwerking,*
  - *Semantiese (betekenis) verwerking,*
  - *Sintaktiese (sinsvlak) verwerking,*
  - *Diskoersverwerking (teksvlak);*
- *die vermoë om tussen die veelvoudige faktore (bv. omgewing, kultuur, sosiale omgang, spel, ens.) te onderskei en te evalueer hoe dit leerderontwikkeling en leer affekteer en gepaste praktyke kan toepas om hierdie faktore binne die klaskamer te hanteer; en*

- an informed understanding to enhance communication between home and school in order to facilitate ZAL teaching and build an ethically responsible understanding, as well as an application of knowledge about the effects of racism, stereotyping, and discrimination to teaching and learning;
- the ability to enhance communication between home and school to facilitate ZAL teaching and build ethically responsible partnerships with ZAL families;
- an informed understanding of and application of concepts about the interrelationship between language and culture;
- the ability to use a range of resources, including the Internet, to learn about world cultures and specifically the cultures of students in their classrooms and apply that learning to instruction by using appropriate methods, etc.;
- the ability to apply concepts of cultural competency, particularly knowledge about how an individual's cultural identity affects their learning and academic progress and how levels of cultural identity will vary widely among learners;
- their ability to work in a group to gather, evaluate and communicate information accurately, coherently and in an ethically responsible manner on artists and their illustrations of children's literature; and
- an understanding of the different types of children's literature, focussing specifically on picture books, and the ability to select and implement picture books in their teaching activities.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en ingeligte begrip van kulturele waardes en uitgangspunte in die konteks van onderrig en leer;*
- *ingeligte begrip om die kommunikasie tussen die huisgesin en die skool te bevorder om ZAT te fasiliteer en eties verantwoordbare begrip te bewerkstellig asook 'n aanwending van kennis oor die effek van rasisme, stereotipering en diskriminasie in onderrig en leer;*
- *die vermoë om kommunikasie tussen huis en skool te bevorder om ZAT onderrig te fasiliteer en etiesverantwoordbare vennootskappe te bou met die ZAT-gesinne;*
- *'n ingeligte begrip van en aanwending van konsepte oor die interverhouding tussen taal en kultuur;*
- *die vermoë om 'n wye verskeidenheid bronne, insluitend die internet te kan gebruik om te leer oor verskillende kulture oor die wêreld en spesifieke kultuur van die student in hulle klaskamers en om hierdie kennis toe te pas in die onderrig met behulp van gepaste metodes;*
- *die vermoë om konsepte van kulturele vaardigheid toe te pas, veral kennis oor hoe individuele kulturele identiteit leerders se akademiese prestasie beïnvloed en hoe hierdie identiteitvlakke mag verskil tussen leerders;*

- *die vermoë om in groepe saam te werk om inligting in te samel, te evalueer en inligting korrek en koherent oor te dra op 'n etiesverantwoordbare manier rakende illustreerders en hulle illustrasies by kinderliteratuur; en*
- *'n goeie begrip van die verskillende tipes kinderliteratuur, met die fokus op prenteboeke en die vermoë om dit te selekteer en te evalueer en te implementeer in onderrigaktiwiteite.*

Title: IsiZulu Home Language FP: Foundational Knowledge and Multicultural Children's Literature
Titel: IsiZulu Huistaal GSF: Fundamentele Kennis en Multikulturele Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*
- knowledge and an informed understanding of major theories, models and empirical research that describe the cognitive, linguistic, motivation, and socio-cultural foundations of reading and writing processes, components and development;
- the ability to work in a group to complete a project in an ethically responsible manner reflecting their understanding and interpretation of the historically shared knowledge of the profession and changes over time in the perceptions of reading and writing processes, components and development;
- the ability to gather and verify information from scientific evidence-based research findings related to the typical developmental progression of:
  - Oral language (semantic, syntactic, pragmatic),
  - Phonological skill,
  - Printed word recognition,
  - Spelling,
  - Reading fluency,
  - Reading comprehension,
  - Written expression;
- the ability to communicate information on the language processing requirements of proficient reading and writing reliably, accurately and coherently:
  - Phonological (speech sound) processing,
  - Orthographic (print) processing,
  - Semantic (meaning) processing,
  - Syntactic (sentence level) processing,
  - Discourse (connected text level) processing;
- the ability to distinguish between and evaluate the multiple factors (e.g., environmental, cultural, social, linguistic, play, etc.) affecting learners' development and learning and utilising developmentally appropriate practices to address these factors in the classroom;
- the ability to manage all learners in a classroom while working with whole class/groups/individual learners as well as selecting and implementing methods and activities relevant to learners who are performing at multiple instructional levels; and
- the ability to present an overview of the history of children's literature and to distinguish between different types of children's literature by communicating independent research in an academically acceptable manner.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:
- *kennis en begrip van die belangrikste teorieë, modelle en empiriese navorsing wat die kognitiewe, linguistiese, motiverings- en sosiokulturele grondbeginsels van lees- en skryfprosesse, -komponente en -ontwikkeling beskryf;*
- *die vermoë om in 'n groep te werk ten einde 'n projek te voltooi op eties verantwoordelike wyse wat hul begrip en interpretasie van die histories gedeelde kennis van die beroep én veranderinge in die persepsies van lees- en skryfprosesse, -komponente en -ontwikkeling, met verloop van tyd, toon;*
- *die vermoë om inligting in te win en te verifieer deur middel van wetenskaplik bewysde navorsingsbevindings wat verband hou met die kenmerkende ontwikkelingsvooruitgang van:*
  - *Gesproke taal (semanties, sintakties, pragmaties),*
  - *Fonologiese vaardigheid,*
  - *Herkenning van ortografiese (gedrukte) woorde,*
  - *Spelling,*
  - *Leesvlotheid,*
  - *Leesbegrip,*
  - *Geskrewe uitdrukking;*
- *die vermoë om inligting oor die taalprosesseringsvereistesvan lees-en-skryfvaardighede betroubaar, akkuraat en duidelik te kommunikeer:*
  - *Fonologiese (spraakklank) prosessering,*
  - *Ortografiese (gedrukte) prosessering,*
  - *Semantiese (betekenis) prosessering,*
  - *Sintaktiese (sinsvlak) prosessering,*
  - *Diskoers (aaneengeskakelde teksvlak) prosessering;*
- *die vermoë om te kan onderskei tussen die veelvoudige faktore (omgewing, kultureel, sosiaal, linguisties, spel, ens.) wat leerders se ontwikkeling en leer affekteer en dit te evalueer ten einde toepaslike ontwikkelingspraktyke te benut om hierdie faktore in die klaskamer te hanteer;*
- *die vermoë om alle leerders in 'n klaskamer te hanteer terwyl daar met die hele klas/groepe/individuele leerders gewerk word, sowel as die seleksie en implementering van metodes en aktiwiteite wat relevant is vir leerders wat op veelvoudige onderrigvlakke werk verrig; en*
- *die vermoë om 'n oorsig te gee van die geskiedenis van kinderliteratuur en om te onderskei tussen verskillende soorte kinderliteratuur deur onafhanklike navorsing op akademies aanvaarbare wyse te kommunikeer.*

Title: IsiZulu Home Language FP: Phonetics, Phonology, Phonemic Awareness and the History of Children's Literature
Titel: IsiZulu Huistaal GSF: Fonetiek, Fonologie, Klankbewustheid en die Geskiedenis van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- knowledge and an informed understanding of phonetics (the sounds of IsiZulu phonemes) in terms of how speech sounds are produced and characterised, phonology (the sound patterns of IsiZulu) as it relates to speech sounds forming systems and patterns in human language (e.g., the order in which speech sounds are combined, the accent and stress patterns typically applied to words and phrases, etc.) and phonemic awareness;
- ability to identify and interpret children's reading and spelling errors as well as select, evaluate and implement developmentally appropriate instructional practices to address children's reading and spelling errors;
- knowledge and an informed understanding or relevant theories and empirical research underlying learners` responses to children`s literature and the value of children`s literature;
- knowledge of and engagement in research related to the fundamentals of language assessment; and
- ability to interrogate multiple sources of knowledge related to language assessment methods, techniques, tools and practices.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en begrip van fonetiek (die klanke van IsiZulu foneme) in terme van hoe spraakklanke geproduseer en gekarakteriseer word; fonologie (die klankpatrone van IsiZulu) soos dit verband hou met spraakklankvormingsisteme en -patrone in die menslike taal (bv. die orde waarin spraakklanke gekombineer word, die akuut- en gravistekenpatrone wat kenmerklik toegepas word op woorde en frases, ens.), en klankbewustheid;*
- *vermoë om kinders se lees- en spelfoute te identifiseer en te interpreteer en dan toepaslike ontwikkelingsonderrigpraktyke te selekteer, te evalueer en te implementeer wat die kinders se lees- en spelfoute kan verbeter;*
- *kennis en ingeligte begrip of relevante teorieë en empiriese navorsing onderliggend aan leerders se reaksies op kinders se literatuur en die waarde van kinderliteratuur;*
- *kennis van en betrokkenheid by navorsing wat verband hou met die grondslae van taalassessering; en*
- *vermoë om verskeie kennisbronne in verband met taalassesseringsmetodes, tegnieke, gereedskap en praktyke te ondersoek.*

Title: IsiZulu Home Language FP: Morphology, Phonics, Word Study, Alphabetic Principles and Selecting and Evaluating Children's Literature
Titel: IsiZulu Huistaal GSF: Morfologie, Klankleer, Woordstudie, Alfabetiese Beginsel en die Seleksie en Evaluering van Kinderliteratuur

On completion of this module the student should be able to demonstrate*:*

- knowledge and an understanding of morphology (the words of IsiZulu) as it relates to the teaching of phonics and spelling, the various structures of language that underlie the IsiZulu spelling system (e.g., phoneme-grapheme, syllable patterns, morpheme units in print, and word origin).
- ability to use the organising principles of the IsiZulu spelling system at the sound, syllable, and morpheme levels in order to identify learner progress and or problems at these levels;
- ability to select, differentiate between, evaluate and apply explicit vs non-explicit, systematic vs non-systematic, and sequential vs non-sequential phonics instruction using developmentally appropriate resources in a class of diverse learners;
- ability to apply principles for selecting and evaluating appropriate literature for children in a multicultural society;
- ability to work together in a community co-operatively and systematically to identify authentic communication needs; and
- ability to address authentic community needs, and engage in systematic reflection in order to accomplish academic goals, enhance their personal and professional formation, and develop social responsibility.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *kennis en begrip van morfologie (die woorde van IsiZulu) soos dit verband hou met die onderrig van klanke en spelling, die verskillende strukture van taal wat die IsiZulu-spellingsisteem onderliggend is (bv. Foneme-grafeem, lettergreeppatrone, morfeemeenhede in drukskrif, en woord oorsprong).*
- *vermoë om die organiserende beginsels van die IsiZulu-spellingsisteem by die klank-, lettergreep- en morfeme-vlakke te gebruik ten einde leerder vordering en of probleme op hierdie vlakke te identifiseer;*
- *vermoë om eksplisiete teenoor nie-eksplisiete, sistematiese vs nie-sistematiese en sekwensiële vs nie-opeenvolgende klanke-instruksies te kies, te onderskei, te evalueer en toe te pas deur gebruik te maak van ontwikkelingsgeskikte bronne in 'n klas met diverse leerders;*
- *vermoë om beginsels toe te pas vir die kies en evaluering van toepaslike literatuur vir kinders in 'n multikulturele samelewing;*
- *vermoë om saam te werk in 'n gemeenskap koöperatief en stelselmatig outentieke kommunikasie behoeftes te identifiseer; en*
- *vermoë om outentieke gemeenskapsbehoeftes aan te spreek en betrokke te raak by sistematiese refleksie om akademiese doelwitte te bereik, hul persoonlike en professionele vorming te verbeter en sosiale verantwoordelikheid te ontwikkel.*

Title: IsiZulu Home Language FP: Semantics, Vocabulary and Picture Books
Titel: IsiZulu Huistaal GSF: Semantiek, Woordeskat en Prenteboeke

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge of semantics (linguistic meaning of words, phrases and sentences) and an understanding of key terms, concepts, and rules of word meaning as well as phrase and sentence meaning as it relates to vocabulary teaching and learning;
- ability to select, evaluate and apply with discernment direct and indirect (contextual) methods of vocabulary instruction based on an analysis of learner needs;
- ability to analyse, select and apply varied techniques for vocabulary instruction before, during, and after reading based on an analysis and evaluation of evidence-based practice related to vocabulary teaching and learning;
- ability to analyse and reflect on the role of vocabulary development and vocabulary knowledge in comprehension by communicating the information coherently using appropriate academic conventions;
- ability to work in a group to gather, evaluate and communicate information accurately, coherently and in an ethically responsible manner on artists and their illustrations of children's literature; and
- understanding of the different types of children's literature, focussing specifically on picture books, and the ability to select and implement picture books in their teaching activities.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis van semantiek (taalkundige betekenis van woorde, frases en sinne) en begrip van sleutelterme, konsepte en reëls van woord betekenis sowel as frase en sin betekenis soos dit verband hou met woordeskatonderrig en leer;*
- *vermoë om direkte en indirekte (kontekstuele) metodes van woordeskatonderrig te kies, te evalueer en toe te pas op grond van 'n analise van leerderbehoeftes;*
- *vermoë om gevorderde tegnieke vir woordeskatonderrig te analiseer, te selekteer en toe te pas voor, tydens en na lees, gebaseer op 'n analise en evaluering van bewysgebaseerde praktyk wat verband hou met woordeskatonderrig en -leer;*
- *vermoë om die rol van woordeskatontwikkeling en woordeskatkennis te ontleed en te reflekteer deur die inligting samehangend te kommunikeer deur gebruik te maak van toepaslike akademiese konvensies;*
- *vermoë om in 'n groep te werk om inligting akkuraat, samehangend en op eties-verantwoordelike wyse tov kunstenaars en hul illustrasies van kinderliteratuur te versamel, evalueer en te kommunikeer; en*
- *begrip van die verskillende soorte kinderliteratuur, spesifiek gefokus op prentboeke, en die vermoë om prentboeke in hul onderrigaktiwiteite te selekteer en te implementeer.*

Title: IsiZulu Home Language FP: Syntax, Fluency and Traditional Literature, Poetry, Historical Fiction and Biographies
Titel: IsiZulu Huistaal GSF: Sintaksis, Vlotheid en Tradisionele Letterkunde, Poësie, Historiese Fiksie en Biografieë

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge and critical evaluation of research on IsiZulu syntax and how it relates to vocabulary, fluency and comprehension teaching and learning;
- the ability to identify, analyse, evaluate and reflect on the role of fluency in word recognition, oral reading, silent reading, comprehension of written discourse and motivation to read by critically analysing evidence-based research;
- the ability to gather and analyse information on the role of fluency in reading development and to present their ideas in a well-formed and coherently constructed argument;
- an understanding of and the ability to apply the range of methods, activities, and techniques for enhancing fluency in order to address learners' diverse needs;
- integrated knowledge of different types of children's literature, namely traditional, poetry and biographies; and
- engaging in systematic reflection during the service learning project in order to accomplish academic goals, enhance their personal and professional formation, and develop social responsibility.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en kritiese evaluasie van navorsing oor IsiZulu sintaksis en hoe dit verband hou met die onderrig en leer van woordeskat, vlotheid en begrip;*
- *die identifisering, analise, evaluasie van en refleksie op die rol van vlotheid in woordherkenning, voorlees, stillees, begrip van geskrewe teks en motivering om te lees deur kritiese analise van bewysgegronde navorsing;*
- *die vermoë om inligting oor die rol van vlotheid in leesontwikkeling in te win en te analiseer en om die idees in 'n goed geformuleerde en duidelike argument aan te bied;*
- *begrip en toepassing van die reeks van metodes, aktiwiteite en tegnieke wat vlotheid verbeter ten einde leerders se uiteenlopende behoeftes te hanteer;*
- *geïntegreerde kennis van kinderliteratuur naamlik tradisionele, poësie en biografieë; en*

Title: IsiZulu Home Language FP: Discourse Analysis, Pragmatics, Comprehension and Informational Texts
Titel: IsiZulu Huistaal GSF: Diskoersanalise, Pragmatiek, Begrip en Inligtingstekste

On completion of this module the student should be able to demonstrate:

- integrated knowledge and engagement with discourse analysis and pragmatics as it relates to comprehension teaching and learning;
- ability to evaluate the knowledge on text, reader, task, and context variables that have an impact on comprehension outcomes;
- ability to make ethically responsible decisions that relate to the application and evaluation of teaching strategies that are appropriate before, during and after reading and that promote reflective reading by all learners;
- understanding of the conceptual models related to the psychology of reading;
- integrated knowledge of the major text genres in order to ensure responsible teaching practice;
- ability to select and administer in ethically responsible ways assessment strategies that provide learners with opportunities to demonstrate comprehension;
- ability to compare and differentiate between traditional literature and informational texts in order to communicate well-formed arguments; and
- ability to integrate and apply traditional literature as well as informational texts in their teaching.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis en betrokkenheid by diskoersanalise en pragmatika soos dit verband hou met begripsonderrig en leer;*
- *vermoë om kennis oor teks-, lees-, taak- en konteksveranderlikes te evalueer wat 'n impak op begripuitkomste het;*
- *vermoë om eties-verantwoordelike besluite te neem wat verband hou met die toepassing en evaluering van onderrigstrategieë wat gepas is voor, tydens en na lees en wat reflektiewe leeswerk deur alle leerders bevorder;*
- *begrip van die konseptuele modelle wat verband hou met die leespsigologie;*
- *geïntegreerde kennis van die belangrikste teksgenres ten einde verantwoordelike onderwyspraktyk te verseker;*
- *vermoë om op eties verantwoordelike maniere assesseringstrategieë te kies en te bestuur wat leerders die geleentheid bied om begrip te demonstreer;*
- *vermoë om te vergelyk en te onderskei tussen tradisionele literatuur en inligtingstekste ten einde goed gevormde argumente te kommunikeer; en*
- *vermoë om tradisionele literatuur sowel as inligtingstekste in hul onderrig te integreer en toe te pas.*

Title: IsiZulu Home Language FP: Writing, Handwriting and Fantasy, Science Fiction and Contemporary Realistic Fiction
Titel: IsiZulu Huistaal GSF: Skryfwerk, Handskrif en Fantasie, Wetenskapfiksie en Kontemporêr-Realistiese Fiksie

On completion of this module the student should be able to demonstrate*:*

- integrated knowledge of and engagement with the major components and processes of written expression and how they interact (e.g., basic writing/transcription skills versus text generation);
- ability to evaluate grade and developmental expectations for learners' writing in the following areas by applying evidence-based practice:
  - mechanics and conventions of writing,
  - composition,
  - revision,
  - editing processes;
- ability to critically reflect on research-based principles for teaching letter naming and letter formation, both manuscript and cursive in order to adapt teaching to learner needs;
- ability to select and apply techniques for teaching handwriting fluency;
- integrated knowledge and understanding of children's literature, specifically fantasy, science fiction and contemporary realistic fiction; and
- participate in positive social change through the process of producing a capstone project.

By voltooiing van hierdie module behoort die student die volgende te kan demonstreer:

- *geïntegreerde kennis van en betrokkenheid by die hoofkomponente en prosesse van skriftelike uitdrukking en hoe dit interaksie het (bv. Basiese skryf- / transkripsievaardighede versus teksgenerasie);*
- *vermoë om graad- en ontwikkelingsverwagtinge vir leerders se skryfwerk in die volgende areas te evalueer deur bewysgebaseerde praktyk toe te pas:*
  - *meganika en konvensies van skryf,*
  - *samestelling,*
  - *hersiening,*
  - *redigeerprosesse;*
- *vermoë om krities te reflekteer op navorsingsgebaseerde beginsels vir die onderrig van briefbenaming en lettervorming, beide manuskrip en kursief om onderrig by leerderbehoeftes aan te pas;*
- *vermoë om tegnieke vir die skryf van handskrifsvlotheid te selekteer en toe te pas;*
- *geïntegreerde kennis en begrip van kinderliteratuur, spesifiek fantasie, wetenskapfiksie en kontemporêre realistiese fiksie; en*
