LAW.1 FACULTY RULES

LAW.1.1 AUTHORITY OF THE GENERAL ACADEMIC RULES

The faculty rules are valid for the different qualifications, programmes and curricula of this faculty and contained in this faculty calendar. They are subject to the General Academic Rules (A-Rules) of the University, as determined from time to time by the Council of the University on recommendation by the Senate. The faculty rules should therefore be read in conjunction with the General Academic Rules.

LAW.1.2 FACULTY-SPECIFIC RULES

The faculty rules are valid for the different qualifications, programmes and curricula of this faculty and contained in this faculty calendar. They are subject to the General Academic Rules (A-Rules) of the University, as determined from time to time by the Council of the University on recommendation by the Senate. The faculty rules should therefore be read in conjunction with the General Academic Rules.

Where faculty rules are amended and approved by senate before the next version of the yearbook is published, reasonable steps must be taken to bring the amendments to the attention of students who are affected thereby.

The executive dean may delegate any power or function vested in him/her in terms of these rules to any faculty sub-committee, the deputy dean, an academic director or deputy director. Any person aggrieved by the exercise of such a delegated power or function may, within 10 days of being informed of the decision, request the executive dean to reconsider a decision made in terms of such delegated authority, and the executive dean may confirm, replace or amend such a decision or refer it back to the person or committee to whom decision-making authority was delegated for reconsideration.

The executive dean may, where exceptional circumstances outside of the control of the university or the students exist or existed, cause or will cause that it will be unfair to enforce strict compliance with the rules of the faculty, allow on good cause shown a deviation from the rules. Such deviation must be reasonable under the circumstances and not jeopardise the integrity of the programme.

LAW.1.2.1 Modules and credits

The subject matter for every degree is divided into modules and every module has a specific credit value. Every module is examined separately.

LAW.1.2.2 Relationship between credits and notional study hours

The number of credits allocated to each module is calculated according to the provisions as set out in the Higher Education Qualification Framework.

LAW.1.2.3 Recognition of prior learning

- a) The Faculty of Law endorses the view that recognition of prior learning (RPL) constitutes an essential element of the transformation of access and admissions policies at education institutions in South Africa.
- b) In view of the fact that the recognition of prior learning and module recognition and exemption must be conducted in a valid, reliable and equitable way, all applications in this regard are dealt with in terms of Rules 1.6 and 1.7 of the General Academic Rules as well as the relevant procedures laid down by the Faculty. Applications close on the 31st of October for purpose of acceptance to the University in the following year.
- c) For the processing of an application for recognition of prior learning, a non-refundable administrative fee is payable, as determined from time to time by the University.

LAW.1.2.4 Application for Admission

- a) All applications for admissions must comply with the prescribed procedure and the required documentation must be attached before it will be considered. Postgraduate Programmes Committee. No applicant shall be admitted unless the applicant complies with the general admission requirements and with the Faculty specific requirements, where applicable. The admission requirements for all formal academic qualifications offered by the Faculty of Law are set out in the Admission Policy as approved by Senate and Council; which are available at: <http://www.nwu.ac.za/nwu-prospective-students>
- b) Applicants are referred to Academic Rule 1.2.1 regarding the procedure for applications for admission.
- c) The closing date for applications is 31 October of the previous year. Late applications may, in the discretion of the Director Post Graduate Programmes, be considered on merit but subject to available capacity.

LAW.1.2.5 Registration

- a) No one is registered as a student before that particular individual is admitted to a specific qualification programme of the University or admitted for non-degree purposes. Registration entails the prescribed completed process that a student is required to follow to be enrolled as a student of the University as set out in the General Academic Rules 1.10, 4.7 and 5.7.
- b) A student who has been admitted to the University registers for a specific qualification programme per annum for the duration of the study at the time determined in the annual calendar for that purpose by paying the prescribed registration fee and submitting the completed registration form. After approval of the registration by the Faculty, an official proof of registration is issued.
- c) It is the personal responsibility of the student to ensure that all requirements for registration for the qualification programme, curriculum and module are complied with and that no class, test or examination time table clashes between modules for which the student registers, will occur. The University reserves the right to refuse or cancel a registration where this condition is not met.
- d) Students, who attend lectures/seminars, write tests, submit assignments and who write examinations without officially being registered receive no credits, even if the prescribed fees have been paid.
- e) **By signing and/or submitting either on paper or electronically the prescribed application and registration forms, the applicant or registered student agrees to be bound by the applicable rules, policies and resolutions of the University until the registration of the student is terminated or the application refused.**

- f) A student who is enrolled for any of the programmes offered by the Faculty of Law may be allowed to register for more than one qualification at the University and the Faculty only with prior written permission from the Executive Dean of the Faculty of Law.
- g) A student who does not register in a particular year, but who wishes to continue the study in the subsequent year, must apply to the Director: Postgraduate Programmes for readmission.

examiner who is not attached to the University. The final mark of the mini dissertation is the average of the two examiners' marks. If there is any ambiguity in an examiner's report, or if there is more than 15% difference in the results recommended by the two examiners, the procedure as approved by the Faculty Board will determine the final result of the student.

- k) Admission to the examination in any module is gained by obtaining a minimum of 50% in each and every assignment.
