## **LAW.1      FACULTY RULES**

### **LAW.1.1    AUTHORITY OF THE GENERAL RULES**

The faculty rules, contained in this faculty calendar, are valid for the different qualifications, programmes and curricula of this faculty. They are subject to the General Academic Rules (A-Rules) of the University, as determined from time to time by the Council of the University on recommendation by the senate. The faculty rules should, therefore, be read in conjunction with and subject to the General Academic Rules.

The Glossary of Teaching-Learning Related Concepts and Designations contained in the Appendix to the General Academic Rules of the University determines the interpretation and application of these rules.

### **LAW.1.2    FACULTY-SPECIFIC RULES**

The faculty rules, contained in this faculty calendar, are valid for the different qualifications, programmes and curricula of this faculty.. They are subject to the General Academic Rules (A-Rules) of the University, as determined from time to time by the Council of the University on recommendation by the senate. The faculty rules should, therefore, be read in conjunction with and subject to the General Academic Rules

Where faculty rules are amended and approved by senate before the next version of the yearbook is published, reasonable steps must be taken to bring the amendments to the attention of students who are affected thereby.

The executive dean may delegate any power or function vested in him/her in terms of these rules to any faculty sub-committee, the deputy dean, an academic director or deputy director. Any person aggrieved by the exercise of such a delegated power or function may, within 10 days of being informed of the decision request the executive dean to reconsider a decision made in terms of such delegated authority, and the executive dean may confirm, replace or amend such a decision or refer it back to the person or committee to whom decision-making authority was delegated for reconsideration.

The executive dean may, where exceptional circumstances outside of the control of the university or the students exist or existed, cause or will cause that it will be unfair to enforce strict compliance with the rules of the faculty, allow on good cause shown a deviation from the rules. Such deviation must be reasonable under the circumstances and not jeopardise the integrity of the programme. Such deviation must be reported to the Faculty Board at its subsequent meeting and thereafter to senate.

#### **LAW.1.2.1    Transitional rules**

The Director Undergraduate Programmes makes transitional rules when necessary in order to facilitate the transition from existing programmes to new programmes.

#### **LAW.1.2.2    Professional ethics**

Legal studies give access to the legal profession. To be admitted to the legal profession an applicant must be deemed a fit and proper person to serve in the profession. Due to the high ethical standards in the legal profession it is improbable that a person who has been convicted and sentenced in a court of law or against whom disciplinary measures have been taken as a result of conduct which amounts to dishonesty will be admitted to the legal profession, notwithstanding good academic results.

#### **LAW.1.2.3    Medium of instruction**

- a) From 2021 on first year and 4<sup>th</sup> year levels, from 2022 on second year level, from 2023 on third year level, English will be the primary language of instruction on all campuses.
- b) Simultaneous interpretation into Afrikaans and Setswana in one of the groups on the Potchefstroom campus, Setswana on the Mahikeng campus, and Sesotho on the Vanderbijlpark campus, subject to resources, need and capacity, will be available during the first two years of study. In the third and fourth years it will be available if there is a demonstrable need in for instance at risk modules. There will be no translation or interpreting in the language modules and the language skills modules. Study guides will, where possible, be available in more than one language during the first two years of study.
- c) Mentorship, tutorials and supplementary instruction will be made available on all campuses in Afrikaans, Sesotho, Setswana and English, as required, and within the resource and capacity constraints of the NWU and the Faculty.
- d) Test-, assignment- and examination papers will be in English only. They will have to be answered in English, save if specifically agreed otherwise between the student(s) and a particular lecturer in a specific module that it may be answered in another language. In this regard it will be subject to the capacity of the lecturer, her or his proficiency in the particular language, availability of both internal and external examiners and moderators that are proficient in the particular language and that quality and standards may not be compromised. In the first two years of study, the Director of Undergraduate Programmes, in cooperation with the lecturer of the module as well as the Manager: Student Performance and Support, may allow at risk students to answer assessments in Afrikaans, Sesotho or Setswana.
- e) From the third year onwards all study guides will be available in English only. Students will be expected to write assignments and dissertations, and to answer tests and/or examinations in English only.
- f) Where practically possible and subject to need, capacity and resources, the Faculty will provide further support to our students in Setswana, Sesotho and Afrikaans, in order to facilitate their success.

#### **LAW.1.2.4    Administrative language**

English is the language for meetings, formal internal and external communication and administration. However, the situation and context of communication, the future pathway of the communication and the language proficiency of the users may have an influence on the language which is utilised.

## **LAW.1.2.5 Modules and credits**

The subject matter for every degree is divided into modules and every module has a specific credit value. The number of credits allocated to each module is calculated according to the provisions as set out in the Higher Education Qualification Framework.

## **LAW.1.2.6 Application, admission and placement**

### **LAW.1.2.6.1 Application and admission**

- a) Applicants are referred to rule 1.5 of the General Academic Rules regarding the procedure for applications for admission.
- b) Applications for admission close on 30 June for first time entrants, and on 30 September for all other applicants.
- c) No application shall be accepted unless the applicant complies with the general admission requirements of the NWU, and with the additional programme specific requirements set by the Faculty which are set out below.

    - Mathematics passed at level 3 (40-49%) or Mathematical Literacy at level 6 (70-79%).

### **LAW.1.2.6.2 Selection programmes**

Due to specific capacity constraints and the high demand from students for admission to law programmes, candidates are selected on the basis of their scholastic achievements, the results of a placement process, adherence to the requirements set by the Faculty of Law for admission to programmes offered by the Faculty, and the admission policies of the NWU. This means that prospective students who comply with the minimum requirements will not necessarily be admitted to the courses which they applied for.

### **LAW.1.2.6.3 Recognition of prior learning**

- a) The Faculty of Law endorses the view that recognition of prior learning (RPL) constitutes an essential element of the transformation of access and admissions policies at education institutions in South Africa. The executive dean may in accordance with rule A.1.6 of the General Academic Rules, Faculty procedures and the university's Recognition of Prior Learning Policy, grant a student who does not meet the minimum admission requirements admission to a programme of a qualification, or grant advanced standing to a student by exempting the student from recognised modules required for the completion of a particular programme.
- b) Applications close on the 30th of September in view of admission to the University in the following year. For the processing of an application for recognition of prior learning, a non-repayable administrative fee, as determined from time to time by the University, is payable.

### **LAW.1.2.7 Credit recognition and transfer**

- a) Credit recognition for equivalent modules successfully completed at another recognised institution of higher education or at the NWU, will be considered in accordance with rules 1.7 and 2.2 of the General Academic Rules.
- b) A student requesting credits for modules already passed for the purpose of the programme for which he / she is registered, must do so in writing and present an original academic record from the institution at which the modules were registered and passed, as well as any other documentation requested by the Faculty.
- c) The Director of Undergraduate Programmes may grant module recognition, taking into account amongst others the following factors: the date of the successful completion of the modules; the module content and outcomes; the NQF level of the modules already passed; the intended date of registration; and the prescribed minimum duration of the qualification for which the student registers subject to the *proviso* that the said modules shall not have been completed more than 5 years prior to the request or application for recognition. Should the modules have been completed more than 5 years prior to the application for recognition, the Director of Undergraduate Programmes may, at its discretion, grant recognition in exceptional circumstances.
- d) A maximum of 50% of the credits in the programme for which the student registers at the Faculty of Law may be recognised.
- e) Where the application is based on credits completed in an undergraduate programme from another recognised higher education institution, the student must complete at least 120 credits on the exit level of the programme in one academic year.
- f) For the purposes of credit recognition and transfer, distinctions for modules recognised are maintained.

- g) Credit recognition and transfer can only be granted to a student who meets the minimum admission requirements of the qualification and programme for which the student wishes to register.
- h) Students who transfer from another faculty in the University and who do not meet the minimum admission requirements for the qualification and programme in the faculty may, at the discretion of the Director Undergraduate Programmes, be admitted to the programme applied for, provided the student has passed all the 1st year modules registered for in their current qualification with an average of 65%.
- i) Credit for modules with similar codes which have been passed at another campus may be granted, since such modules have the same outcomes and are offered in the same semesters and on the same NQF levels. / Erkenning vir modules met dieselfde kodes wat op ander kampusse geslaag is kan verleen word, aangesien *sulke modules oor die dieselfde uitkomste beskik en op dieselfde NKRvlak en in dieselfde semester aangebied word*.
- j) A student may apply for credit for modules attained at other universities. The aforementioned application must be in writing and submitted to the Director Undergraduate Programmes. The application will be considered in light of the question whether such modules contribute to the programme outcomes. / *Studente wat modules aan 'n ander Universiteit geslaag het, kan by die Direkteur Voorgaarde Programme skriftelik aansoek doen om erkenning of vrystelling van modules. Die versoek word oorweeg aan die hand van die vraag of sodanige modules tot die bogemelde programuitkomste bydra.*

#### **LAW.1.2.8 Linked and concurrent modules**

- a) A linked module, which has been identified as assumed learning in the list of modules, must have been passed before a student can register for the indicated module.
- b) When a first semester module in a particular year level is prescribed as assumed learning for a second semester module, a module mark of at least 40% must be achieved in the first semester module concerned before the student may continue with the second semester module. In certain instances, higher requirements, which must be complied with, may however be prescribed in these rules.
- c) Subject to exceptions approved by the Director Undergraduate Programmes a student must obtain a module mark of at least 40% in IURI174 to register for IURI274, and a module mark of at least 40% in IURI274 to register for IURI375. Subsequently the student still has to pass IURI174 and IURI274.

#### **LAW.1.2.9 Academic literacy**

All undergraduate students who register at the North-West University for the first time are required to register for a module / module in academic literacy. They have to pass this module / these module before they can graduate.

##### **a) Testing**

Students have to write a compulsory proficiency test in academic literacy, at a time and place determined by the University, to determine their ability to function within the academic environment. The purpose of this test is to identify students who, due to inadequate academic literacy skills, may not complete their study programme within the stipulated period in order to empower them with the necessary knowledge and skills.

Students have the option of writing the compulsory skills test in either English or Afrikaans. With the exception of students who are identified as borderline cases by the test, each student has only one opportunity to write the test. Students who are regarded as borderline cases, will be granted a second opportunity to write the test. It is the student's responsibility to check and verify his/her result within 14 days of writing the test and to register for the correct module in the correct semester (see below).

##### **b) Module(s)**

###### **LAW.1.2.9.1 Academic Literacy Development (ALDE111)**

Regardless of the result obtained for the compulsory proficiency test in academic literacy, all students in the Faculty of Law are compelled to register for the module ALDE111 [English] or ALDA111 [Afrikaans], depending on the language in which they completed the compulsory proficiency test.

###### **i. Level and credits**

This module is on NQF level 5 and worth 12 credits. Note that it is calculated in terms of curriculum credits. It thus carries a weight of 12 credits in the first-year curriculum.

###### **ii. Composition of module and calculation of module marks**

ALDE111 / ALDA111 comprises one component only, which includes two periods per week. Class attendance is compulsory. The module is only presented in Semester 1.

A system of continuous assessment is followed. The final module mark is calculated as follows: Exam mark = 40% and Participation mark = 60%. For admission to the exam in ALDE111 / ALDA111, a participation mark of 40% is required.

Note that for conditional admission to ALDE122 / ALDA122, a student who is required to follow ALDE111 / ALDA111 should obtain a module mark of 40% minimum for ALDE111 / ALDA111.

###### **iii. Important additional information**

Specific faculty rules in terms of termination of studies might apply if a student fails ALDE111 / ALDA111.

Students who have already successfully completed a module similar to ALDE111 / ALDA111 at another tertiary institution and can provide proof of this, may apply in writing on the prescribed form for formal recognition for the module. This application should be submitted to the subject chair responsible for Academic Literacy. Recognition is only granted in cases where the modules are on the same NQF level (NQF5), where the credit values are of the same value (12), and where content is comparable.

###### **iv. Language and mode of delivery**

The exam consists of two papers, viz. Academic Literacy and Computer and Information Literacy. The subminimum required to pass the Academic Literacy component, is 40%. Students will then join in their third year the regular mainstream LLB programme as for year level two. Years 3 to 5 of the extended programme correspond with years 2 to 4 of the regular 4-year LLB curriculum.

### **LAW.1.19.4 Faculty specific requirements**

#### **LAW.1.19.4.1 Promotion rules-2019**

In order to ensure that a sufficient percentage of the credit load of the programme for which the student is registered is completed within the maximum duration allowed for the study, a student must obtain at least 66% of the total credits that is required for the programme up to the historic year level for which the student is registered. If this rule is applied to the ECP students, the effect is:

- Students must pass 66% of the first-year credits and must pass all law foundation (IURX) modules to progress to the second year. The first year IURX modules are: IURX112; IURX171.
- Students must pass 66% of the second-year credits and must pass all law foundation (IURX) modules to progress to the third year. The second year IURX modules are: IURX174; IURX113; IURX114; IURX122; IURX123 and IURX211.

The ECP students will in their third year, continue with the regular LLB second year programme. As such these students will be subject to the same progression rules as applicable to students of the regular LLB for the last four years of their study.

Students who enrolled for the extended programme, stay in the extended programme for the duration of the programme and cannot transfer to BA in Law or BCom in Law or the four-year LLB during the programme.

The student must have passed all the foundation modules and regular modules prescribed in the curriculum with a total credit value of 612 (regular credits = 516 / foundation credits = 96) before being awarded the degree in Bachelor of Laws using the foundation route.

## LAW.1.20 2020/2021 TRANSITIONAL ARRANGEMENTS

### Third Year Level

**IURI312** (Administrative Law) retains its current descriptive name and credits but moves to the 4<sup>th</sup> year first semester as from 2021 and will get a new code, namely IURI415. The format and contents will be adopted in order to present the module on an NQF 8 level. Students who fails IURI312 in 2019 register for IURI312 in 2021 since the module will still be offered in its current format for students who register in 2021 for the 2-year LLB curriculum after completion of the BA Law or the BCom Law (that is 607 107 3 R412M / R412P and R412M / R412P). Students who fail the module in 2021 will have to register for IURI415 in 2021 and will receive credit for IURI312 if they pass IURI415.

**IURI372** retains its current descriptive name (International Law), but the format and content changes in that it will become a semester module as from 2021, which will be offered in the second semester of the third year. The code for the new semester module will be **IURI323**, and it will bear 12 credits. Students who fails IURI372 in 2019 will be accommodated by allowing them to write a third examination in order to enable them to pass the module. If they still fail, they should register for IURI323 in the second semester and they will receive recognition for IURI372 if they pass IURI323, notwithstanding the difference in credits. Learners who passed IURI372 may receive credit for IURI323 in the new curriculum if they switch.

Students who register in 2021 for the 2-year LLB curriculum after completion of the BA Law or the BCom Law (that is 607 107 3 R412M / R412P and R412M / R412P) register for IURI323 in the second semester, and will receive recognition for IURI372 if they pass IURI323, notwithstanding the difference in credits.

Civil Procedure in the Magistrate's Courts (**IURI321**) and High Court Procedure (**IURI411**) will be combined into a year module to be offered on third year level as from 2021. The code for the new year module will be **IURI376** and it will bear 16 credits. Students who fails IURI321 in 2019 will be accommodated by allowing them to write a third examination in the module which they failed in order to enable them to pass the module. Those who do not pass the third examination opportunity for IURI321 must register for the new, year module (**IURI376**) in 2021, and will receive credit for IURI321 and/or IURI411 if they pass IURI376. Students who fails IURI411 in 2019 should register for IURI411 in 2021 which will still be offered for the last time as a separate semester module.

Students will receive credits for IURI376 only if they passed IURI321 and IURI411.

The current year module, **IURI374** will be split into two separate semester modules as from 2021, namely Law of Succession (IURI313) and Administration of Estates (IURE425). Law of Succession will be offered in the 1<sup>st</sup> semester of the 3<sup>rd</sup> year, will get a new code (**IURI313**) and will count 12 credits. Administration of Estates will be offered as an elective module on 4<sup>th</sup> year level in the second semester at P and MC as from 2021 and will include solvent and insolvent estates. It will receive a new code (**IURE425**) and will count 12 credits. Students who fails IURI374 in 2019 will be accommodated by allowing them to write a third examination in order to enable them to pass the module. Those who do not pass the third examination opportunity must register for both new semester modules (**IURI313** and **IURE425**) in 2021 and will receive credit for IURI374 if they pass both. Students who still fails either IURI313 or IURE425 (or both) must register for the failed module(s) in 2021 in order to graduate in terms of the old curriculum. Students will only be credited for IURI374 if they passed both IURI313 and IURE425 (or similar modules at another institution).

Students who register in 2021 for the 2-year LLB curriculum after completion of the BA Law or the BCom Law (that is 607 107 3 R412M / R412P and R412M / R412P) enrol for IURI313 in the first semester and IURE425 in the second semester. They will receive recognition for IURI374 if they pass IURI313 and IURE425.

The credits for **IURI375** will be reduced as from 2021 from 24 credits to 16 credits in order to align it with other law modules on 3<sup>rd</sup> year level (and the other language skills modules). The name and contents of the module will remain the same (although the contents should be adjusted in order to provide for the fewer notional hours), but the module will have a new code in the new curriculum, namely **IURI377**. Students who fail IURI375 in 2019 must register for IURI377 in 2021 and will be credited with IURI375 if they pass.

#### **Special arrangements for 2-year LL B after BA Law students**

Students who completed the BA Law degree in 2019 and enrol for the 2-year LLB curriculum in 2021 register for the current curriculum (607 107 3 R412M / R412P). The following transitional rules apply to them:

1. Students register for IURI312 even though the module is moved from the 3<sup>rd</sup> to the 4<sup>th</sup> year for the LL B students
2. Students register for IURI323 in the second semester and will receive recognition for IURI372 if they pass IURI323, notwithstanding the difference in credits;
3. They register for Law of Succession (IURI313) in the first semester and Administration of Estates (IURE425) in the second semester. They will receive credit for IURI374 if they pass both IURI313 and IURE425.
4. Students register for IURI377 and will be credited with IURI375 if they pass.
5. They register for IURI 376.
6. Students who register for their **final year** in terms of the above curriculums, register for IURI411, unless they failed IURI321 in 2019, in which instance they need to register for IURI 376.

#### **Special arrangements for 2-year LL B after BCom Law students**

Students who completed the BCom Law degree in 2019 and enrol for the 2-year LLB curriculum in 2021 register for the current curriculum (607 107 3 R413M / R413P). The following transitional rules apply to them:

1. They register for IURI 212 but attend the lectures for IURI 275. However, they will write class tests in order to build a participation mark for the first semester, write a special exam in June, and receive class exemption for the second semester (since they have already passed IURI223). If they pass the June exam, they receive credit for IURI212. If they failed IURI 223 in 2019, they may register for IURI 275 in 2021.
2. Students register for IURI312 since the module should be offered for these students, even though the module is moved from the 3<sup>rd</sup> to the 4<sup>th</sup> year for the LL B students.
3. They should register for IURI323 in the second semester and will receive recognition for IURI372 if they pass IURI323, notwithstanding the difference in credits.
4. They register for Law of Succession (IURI313) in the first semester and Administration of Estates (IURE425) in the second semester. They will receive credit for IURI374 if they pass both IURI313 and IURE425.
5. Students register for IURI377 and will be credited with IURI375 if they pass.
6. They register for IURI 376 instead of IURI 321.
7. Students who register for their **final year** in terms of the above curriculums, register for IURI411, unless they failed IURI321 in 2019, in which instance they need to register for IURI376.

### **LAW.1.21 TRANSITIONAL ARRANGEMENTS 2021**

#### **Fourth Year Level**

The new 4 LLB curriculum is presented for the first time on year level 4. The old curriculum will stay open in order to allow students to finish their studies in terms of that curriculum. This will also be the first year in which the new curricula for the 2-year LLB programs after completion the BA in Law (607 107 3 R412M / R412P) and the BCom in Law (607 107 3 R413M / R413P)) will be implemented. The old curricula will stay open in order to allow students to finish their studies in terms of those curricula.

**IURI312** (Administrative Law) retains its current descriptive name and credits but will move to the 4<sup>th</sup> year first semester as from 2021 and will get a new code, namely IURI415. The format and contents will be adopted in order to present the module on an NQF 8 level. The arrangements for pipeline students were discussed above.

Administration of Estates will be a separate elective module as from 2021 with a new code (**IURE425**), to be offered in the second semester of the 4<sup>th</sup> year and will be offered at both campuses. The contents of the module will need to be reviewed in order to include solvent and insolvent estates.

One elective module will be removed from the 1<sup>st</sup> and 2<sup>nd</sup> semesters of the fourth year. In other words, students will henceforth only register for 2 electives in each semester of the 4<sup>th</sup> year. However, students who register in 2021 for the 2-year LLB curriculum after completion of the BA Law or the BCom Law (that is 607 107 3 R412M/P, R413M/P and 6DE H02 en H03) will be expected to register more elective modules either in their 3<sup>rd</sup> or 4<sup>th</sup> years. This is to ensure that they complete the same amount of credits than what is expected of students who complete the 4-year LL B programme.

All students in their final year of the LL B programme should complete an **Integrated Project** which will bear the code of **ABCD413/ABCD 423**. Students may choose one of the following 3 options:

1. Research Project (IURI471) which is a year module and carries 12 credits. If a student chooses this module, he need not register for another module in the second semester, or

2. Moot Court (IURE412/IURE 427) which carries 12 credits each. If a student chooses Moot Court, he may do so either in the first or the second semester), or
3. Law Clinic Project (IURE416/IURE426) which carries 12 credits each. If a student chooses Law Clinic Project, he may do so either in the first or the second semester).

#### **Legal Practice**

The two legal practice modules, namely IURI 414 and IURI 422, will be combined into one, year module as from 2021. The new code will be IURI 472 and it will bear 16 credits.

The code for the new year module will be **IURI376** and it will bear 16 credits. Students who fails IURI321 in 2019 will be accommodated by allowing them to write *a third examination* in the module which they failed in order to enable them to pass the module. Those who do not pass the third examination opportunity for IURI321 must register for the new, year module (IURI376) in 2021, and will receive credit for IURI321 and/or IURI411 if they pass IURI376. Students who fails IURI411 in 2019 should register for IURI411 in 2021 which will still be offered for the last time as a separate semester module.
