Yearbook

All universities in South Africa are obligated by law to take part in a National Project driven by the external regulatory bodies (the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE) and the South African Qualifications Authority (SAQA)) to align all qualifications with the Higher Education Qualifications Sub-Framework (HEQSF). It follows that the NWU is continuously in the process of aligning its qualification and programme offering with the requirements of the HEQSF.

Students are advised to contact the relevant faculty to ensure that they register for the correct qualification, programme and/or curriculum, and to report any errors and/or omissions noticed. **It is the duty of the student to ascertain that he/she is registering for the correct qualification, programme and/or curriculum.** The University will not be held liable for any damages students may suffer as a result of neglecting this responsibility.

Alle universiteite in Suid-Afrika is volgens wet verplig om deel te neem aan 'n nasionale projek wat gedryf word deur die eksterne regulerende liggame (die Departement van Hoër Onderwys en Opleiding (DHOO), die Raad vir Hoër Onderwys (RHO) en die Suid-Afrikaanse Kwalifikasie-owerheid (SAKO)) om alle kwalifikasies in lyn te bring met die subraamwerk vir kwalifikasies vir hoër onderwys (HOKSR). Hieruit volg dat die NWU voortdurend besig is om sy kwalifikasie en programaanbieding in lyn te bring met die vereistes van die HOKSR.

*Studente word aangeraai om die betrokke fakulteit te kontak om te verseker dat hulle vir die regte kwalifikasie, program en/of kurrikulum registreer en om foute en/of weglatings wat opgemerk word, aan te meld. **Dit is die student se plig om vas te stel of hy/sy vir die regte kwalifikasie, program en/of kurrikulum registreer.** Die Universiteit sal nie aanspreeklik gehou word vir enige skade wat studente kan ly as gevolg van die versuim van hierdie verantwoordelikheid nie.*

EDU.1.2.1 Admission Requirements / Toelatingsvereistes

The admission requirements for all formal academic qualifications offered by the University are set out in the Admission Policy as approved by Senate and Council

http://www.nwu.ac.za/gov_man/policy/index.html

The NWU Admission Policy provides boundary admission conditions and rules in regard of the types of qualifications offered that are part of the officially approved PQM of the NWU and to which prospective students might seek admission.

Die toelatingsvereistes vir alle formele akademiese kwalifikasies wat deur die Universiteit aangebied word, is uiteengesit in die Toelatingsbeleid soos goedgekeur deur die Senaat en die Raad
http://www.nwu.ac.za/gov_man/policy/index.html

Die NWU se Toelatingsbeleid verskaf begrensde toelatingsvoorwaardes en reëls ten opsigte van die tipe kwalifikasies, wat as deel van die amptelik goedgekeurde PKM van die NWU aangebied word en waartoe voornemende studente toelating mag verkry.

EDU.1.2.2 Mode of Delivery / Modus van Aflewering

Definitions / Definisies	
Full-Time Contact mode of delivery Part-Time Contact mode of delivery Voltyds-Kontakaflewerings-modus Deeltyds-Kontak Kontakaflewerings-modus	The presentation of the composite modules of a qualification or programme at an NWU site of delivery. This involves attendance of lectures, tutorials, seminars, practical's, supervision, or other forms of required work on an NWU campus, in order to promote personal interaction between students and NWU academic staff. The student thus attends contact opportunities on one of the three campuses of the NWU. <i>Die aanbieding van die saamgestelde modules van 'n kwalifikasie of program by 'n NWU-plek van aflewering. Dit behels die bywoning van lesings, tutoriale, seminare, praktiese sessies, studieleiding, of ander vorms van vereiste werk op 'n NWU-kampus ten einde persoonlike interaksie tussen studente en NWU- akademiese personeel te bevorder. Die student woon dus kontakgeleenthede op een van die drie kampusse van die NWU by.</i>
Distance mode of delivery	The distance mode of delivery refers to the presentation of the composite modules of a programme to students who do not attend classes, tutorial or practical sessions, or sit for examinations at one of the official NWU sites of delivery. The interaction with NWU academic or support staff, or NWU appointed facilitators, and the presentation of the composite modules of a programme are undertaken remotely through the use of teaching technology, various forms of correspondence, or the internet. Student have the opportunity to attend whiteboard-sessions offered at a NWU centre in their area. (see also Distance education).

Afstandaflewering-modus	Explicit DHET and HEQC approval of the distance mode of delivery is required for a programme to be offered. <i>Die afstandsfleweringmodus verwys na die aanbieding van die saamgestelde modules van 'n program aan studente wat nie klasse, tutoriale of praktiese sessies bywoon, of eksamens by een van die amptelike NWU-leweringpunte skryf nie. Die interaksie met die NWU se akademiese of ondersteuningspersoneel of NWU-aangestelde fasiliteerders en die aanbieding van saamgestelde modules van 'n program word oor 'n afstand met behulp van onderrigtegnologie, verskillende vorms van korrespondensie, of die internet onderneem. Studente het die geleentheid om wtbordsessies by 'n NWU-sentrum in hul omgewing by te woon (sien ook Afstandsonderrig). Eksplisiete DHOO en HOKK-goedkeuring van die afstandsfleweringmodus word vereis vir 'n program om aangebied te word.</i>
---------------------------------------	---

Contact full-time and contact part-time / Kontak-voltyds en kontak-deeltyds

NWU distinguishes between contact full-time and contact part-time delivery of certain qualifications / programmes.

Classes are presented to contact full-time students during weekdays, whereas contact part-time students who are working during the week, are accommodated on Fridays and some Saturdays. Class timetables may differ according to campus specific arrangements. In order to ensure quality delivery, provision is made in the timetable for the same number of contact hours for the part-time contact students as for the full-time students.

Die NWU onderskei tussen kontak-voltydse en kontak-deeltydse aflewering van sekere kwalifikasies/programme.

Klasse word aan voltydse studente gedurende weekdae aangebied terwyl deeltydse studente wat gedurende die week werk op Vrydae en sommige Saterdae geakkommodeer word. Klasroosters kan verskil volgens kampus spesifieke reëlings. Daar word vir die kontak (deeltydse) studente dieselfde aantal kontak-ure as vir die voltydse studente in die rooster voorsiening gemaak om kwaliteit aflewering ook aan hierdie studente te verseker.

EDU.1.2.3 Annual Registration / Jaarlikse Registrasie

Important note regarding the annual registration for studies

A-Rule 1.10.1.1: Every returning student must register annually in their personal capacity, either by means of a paper-based or an electronic registration process, for the modules that are prescribed for the specific study year, in accordance with the faculty rules applicable to the qualification, programme and module(s) concerned.

BEdHons students (contact full-time): one year programme, not applicable.

BEdHons students (contact part-time and distance) register for the BEdHons only during the first annual registration period. The modules offered are synchronised for the modes of delivery.

Belangrike nota rakende die jaarlikse registrasie vir studies

A-Reël 1.10.1.1: Elke terugkerende student moet jaarliks in hul persoonlike hoedanigheid registreer, óf deur middel van 'n papiergebaseerde of elektroniese registrasieproses, vir die modules wat vir die betrokke studiejaar voorgeskryf word, ooreenkomstig die fakulteitsreëls wat van toepassing is op die kwalifikasieprogram en betrokke module(s).

BEdHons-studente (kontak-voltyds): een jaarprogram, nie van toepassing nie.

BEdHons-studente (kontak-deeltyds en afstand) registreer slegs vir die BEdHons gedurende die eerste jaarlikse registrasietydperk. Die modules wat aangebied word, word gesinchroniseer vir die modusse van aflewering.

EDU.1.2.4 Amendment, Cancellation or Discontinuation Regarding the Registration of Studies / Wysiging, Kansellasië of Staking ten opsigte van Registrasie van Studies

A-Rule 1.10.4.1 (also refer to Faculty Rule 1.10.4.1): Subject to the applicable faculty rules and the applicable provisions regarding payable fees, a student may apply in the prescribed manner and within the period indicated for that purpose on the annual university calendar, to amend, cancel or discontinue registration.

Distance students: Due date for amendments, cancellation, and discontinuation of registration:

The last day for programme/module amendments and cancellation will be communicated annually to the students for the first semester and for the second semester. In this case only a pro rata payment will be paid back to the student as study material had already been sent to students and there were administrative and delivery fees.

If these dates are not met, the full tuition fee for the semester(s) is payable.

Should students cancel their studies, all bursaries and / or loans are repayable immediately.

The above rule is also applicable to Contact students.

A-Reël 1.10.4. 1 (verwys ook na Fakulteitsreël 1.10.4.1): Onderworpe aan toepaslike Fakulteitsreëls asook die toepaslike bepalings aangaande betaalbare fooie, mag 'n student op die voorgeskrewe wyse en binne die aangewese tydperk vir daardie doel soos aangedui op die jaarlikse universiteitskalender, aansoek doen om registrasie te wysig, te kanselleer of te staak.

Afstandstudente: Doeldatum vir aanpassings, kansellasië of staking van registrasie:

Die laaste dag vir program-/moduleaanpassings en kansellasies sal jaarliks gedurende die eerste semester en gedurende die tweede semester aan die studente gekommunikeer word. Alleenlik in hierdie geval sal 'n pro rata-betaling aan die student terugbetaal word, omdat studiemateriaal reeds aan studente gestuur is en daar reeds fooie vir administratiewe sake en afleweringkoste aangegaan is.

Indien daar nie by hierdie datums gehou word nie, sal die volle klasgelde vir die semester(s) betaalbaar wees.

Indien studente hul studies kanselleer, sal alle beursgelde en/of lenings onmiddellik terugbetaal moet word.

Bogenoemde reël is ook van toepassing op Kontakstudente.

EDU.1.2.5 Modules and Credits / Modules en Krediete

- 1) Programmes are presented according to modules, to which a certain number of credits are allocated.
Programme word aangebied aan die hand van modules waaraan 'n bepaalde kredietwaarde toegeken is.
- 2) Each module has a code and a descriptive name, e.g., E RTP 671 – Education Research Theory and Practice.
Elke module het 'n kode en 'n beskrywende naam, bv. E RTP 671 – Opvoedkundige Navorsing en –praktyk.
- 3) Each module has a certain weight, known as credits.
Modules dra elkeen 'n bepaalde 'gewig' bekend as krediete.
- 4) Each module is to be passed individually.
Elke module moet afsonderlik geslaag word.
- 5) Programme-specific rules apply (in accordance to the relevant yearbook).
Program-spesifieke reëls geld (in ooreenstemming met die betrokke jaarboek).
- 6) Mode of delivery-specific rules apply (in accordance to the relevant yearbook).
Aflewering-spesifieke reëls geld (in ooreenstemming met die betrokke jaarboek).

EDU.1.2.6 Additional Modules / Addisionele Modules

Subject to the applicable faculty rules, a student who registers for a Bachelor of Education Honours degree or a postgraduate diploma may on application be granted permission by the executive dean concerned to register for additional modules, besides those required for the curriculum of the programme concerned, provided that no timetable clashes occur and subject to the maximum number of HEMIS credits for which a student may register in a given academic year, as provided for in A-Rule 1.9 (also refer to Faculty Rule 3.3 Additional Modules).

Faculty process: A student may apply in writing to be granted permission to register for additional modules. Permission may be granted by the programme leader and school director (by proxy of the executive dean).

Behoudens die toepaslike fakulteitsreëls mag 'n student wat vir 'n Baccalaureus Educationis Honneursgraad of 'n nagraadse diploma registreer, op versoek, toestemming van die betrokke uitvoerende dekaan bekom om die addisionele modules te registreer, bo en behalwe vir die modules soos vereis deur die kurrikulum van die betrokke program, mits geen roosterbotsings daardeur veroorsaak word nie en dit voldoen aan die maksimum aantal HEMIS-krediete waarvoor 'n student in 'n gegewe akademiese jaar mag registreer, soos voorsien in A-Reël 1.9 (verwys ook na Fakulteitsreël 3.3 Addisionele Modules).

Fakulteitsproses: 'n Student kan skriftelik aansoek doen om toestemming te kry om vir addisionele modules te registreer. Toestemming kan verleen word deur die programmeier en skooldirekteur (deur gevolmagtigde van die uitvoerende dekaan).

EDU.1.2.7 Calculation of Participation Marks / Berekening van Deelnamepunte

The participation mark for a module is calculated from the marks obtained in tests, assignments, practicals and/or research assignments. Calculation of participation marks is programme, module- and mode of delivery-specific.

The ratio between theory and practical work for calculation of the participation mark for a module, is as explained in the relevant study guide.

A subminimum participation mark is needed for all modules to provide admission to the examination.

Die deelnamepunt vir 'n module word bereken uit die punte behaal in toetse, werkstukke, praktiese en/of navorsingsopdragte. Berekening van deelnamepunte is program-, module- en afleweringsspesifiek.

Die verhouding tussen teorie en praktiese werk vir die berekening van die deelnamepunt vir 'n module, is soos uiteengesit in die betrokke studiegids.

'n Subminimum deelnamepunt is nodig vir alle modules om toelating tot die eksamen te verleen.

EDU.1.2.8 Admission to Examinations / Toelating tot Eksamens

Admission to the examination in any module requires a proof of participation or a participation mark (depending on the requirements of the module) as stipulated in A-Rule 1.13.2.

Proof of participation or a participation mark, which allows admission to the examination, will only be issued once a student has complied with the requirements for the module concerned to the satisfaction of the school director in consultation with the relevant subject group leader/programme leader. The requirements are stipulated in the study guide for the module concerned and in accordance with the module outcomes in this yearbook.

Toelating tot die eksamen in enige module vereis 'n deelnamebewys of 'n deelnamepunt (afhangende van die vereistes van die module) soos uiteengesit in A-Reël 1.13.2.

'n Deelnamebewys of 'n deelnamepunt wat toelating tot die eksamen verleen, sal slegs uitgereik word sodra 'n student aan die vereistes van die betrokke module, tot bevrediging van die skooldirekteur in oorleg met die betrokke vakgroepvoorsitter/programmeier, voldoen het. Die vereistes word in die studiegids vir die betrokke module en onder die module-uitkomst in hierdie jaarboek uiteengesit.

EDU.1.2.9 Subminimum for Examination / Subminimum vir Eksamen

The sub-minimum for examinations in all coursework is 40% except where a higher sub-minimum is set in the applicable Faculty Rules, (A-Rule 1.13.3.1, also refer to Faculty Rule 1.13.3.1).

The faculty has no higher sub-minimum for coursework modules and this information is included in the faculty yearbook.

Die subminimum vir eksamens in alle programmodules is 40%, behalwe as 'n hoër subminimum in die toepaslike Fakulteitsreëls bepaal word, (A-reël 1.13.3.1, verwys ook na Fakulteitsreël 1.13.3.1).

Die fakulteit het geen hoër subminimum vir programmodules nie en hierdie inligting word in die fakulteit se jaarboek opgeneem.

EDU.1.2.10 Examination Opportunities / Eksamengeleenthede

The examination opportunities and the relevant rules are determined in accordance with A-Rules 3.5.2.

Any student who has obtained the required proof of participation and/or participation mark, as prescribed, will be admitted to utilise the first and/or second examination opportunity for the module concerned.

Modules stipulated in the annual yearbook as continuous assessment are excluded from second examination opportunities with reference to A-Rule 1.13.3.4 (also refer to Faculty Rule 3.5.2.1).

A second examination opportunity is granted for contact and distance students where the contact students' second opportunity is in the same semester and the distance students' second opportunity is the following semester (6 months after the first opportunity).

According to A-Rule 1.13.6 **Dean's concession examination** (third examination opportunity), a student who, having used one or both examination opportunities provided for in the rules relating to the various qualification types and levels, has passed all coursework modules but one required for the completion of a programme leading to a qualification, may apply to the executive dean concerned to be granted a final assessment opportunity in the outstanding module provided that –

- 1.13.6.1 the student has achieved an adequate participation mark in the module for admission to the examination;
- 1.13.6.2 the student has previously failed the module in question;
- 1.13.6.3 the student completes the final assessment for the applicable module in the following examination period that is scheduled for such assessment opportunities in the annual university calendar;
- 1.13.6.4 the maximum mark that can be obtained for a final assessment is 50%;
- 1.13.6.5 the final module mark is based solely on the mark achieved in the final assessment, without taking the participation mark into account, and
- 1.13.6.6 the student is required to pay the applicable fee for the final assessment opportunity but is not required to re-register for the programme concerned, and provided that the student must have been registered for the module in the academic year during which all the other requirements for the attainment of the qualification was complied with.

ERTP 671– Education Research Theory and Practice (Not applicable to PGDip)

- No second or third examination opportunity is granted for the research module. The research project spans over a lengthy period under supervision and cannot be improved (in 2-3 months), between the publication of the results and the dean's concession exam. If a student fails, the ERT671 module the module must be repeated as a whole (theory and research report) and the student must register afresh for the module in the next academic year (refer to Faculty Rule 3.5.2.1).

Die eksamengeleenthede en die toepaslike reëls word bepaal ooreenkomstig met A-Reëls 1.13.3.4 (verwys ook na Fakulteitreël 3.5.2.1).

'n Tweede eksamengeleentheid word toegestaan vir kontak- en afstandstudente, waar die kontakstudente se tweede geleentheid in dieselfde semester is en die afstandstudente se tweede geleentheid die volgende semester is (6 maande na die eerste geleentheid).

Enige student wat die vereiste deelnamebewys en/of deelnamepunt verwerf het, soos voorgeskryf, sal toegelaat word om die eerste en/of tweede eksamengeleentheid vir die betrokke module te gebruik.

Modules wat jaarliks in die jaarboek as deurlopende assessering aangedui word, word uitgesluit van tweede eksamengeleenthede (met verwysing na A-Reël 3.5.2.1).

*Volgens die A-Reël 1.13.6 **Dekaansvergunningseksamen** (derde eksamengeleentheid), mag 'n student wat slegs een module benodig om 'n kwalifikasie te voltooi, skriftelik by die uitvoerende dekaan aansoek doen om 'n finale assesseringsgeleentheid op voorwaarde dat die student vir die module geregistreer was, tot die module toegelaat is en een of albei geleenthede gebruik het. Op voorwaarde dat:*

- 1.13.6.1 die student 'n voldoende deelnamepunt behaal het in die module vir toelating tot die eksamen;*
- 1.13.6.2 die student die betrokke module gedruip het;*
- 1.13.6.3 die student die finale assessering vir die toepaslike module in die volgende eksamentydperk wat vir sodanige assesseringsgeleenthede in die jaarlikse universiteitskalender geskeduleer is; voltooi;*
- 1.13.6.4 die maksimum punt wat vir 'n finale assessering behaal kan word, is 50%;*

- 1.13.6.5 *die finale modulepunt is uitsluitlik gebaseer op die punt wat in die finale assessering behaal is, sonder om die deelnamepunt in berekening te neem, en*
- 1.13.6.6 *die student word verplig om die toepaslike fooi vir die finale assesseringsgeleentheid te betaal, maar hoef nie weer vir die betrokke program te registreer nie, en met dien verstande dat die student vir die module in die voorafgaande akademiese jaar geregistreer moes wees waartydens al die ander vereistes vir die verowering van die kwalifikasie is nagekom.*

ERTP 671– Onderwysnavorsingsteorie en -praktyk (nie van toepassing op NGDip nie)

- *Geen tweede of derde eksamengeleentheid word vir die navorsingsmodule toegestaan nie. Die navorsingsprojek strek oor 'n lang tydperk onder toesig en kan nie verbeter word (binne 2-3 maande) tussen die publikasie van die uitslae en die Dekansvergunningseksamen nie. As 'n student drui, moet die module ERTP671 as geheel herhaal word (teorie en navorsingsverslag) en moet die student in die volgende akademiese jaar opnuut vir die module registreer (sien Fakulteit Reël 3.5.2.1).*

NQF Level 8 (Full-time / Part-time contact)

Where a participation mark in any particular module is obtained, a student will be entitled to use two consecutive examination opportunities per module within the examination timetables set in the annual university calendar.

NKR vlak 8 (Voltyds / Deeltyds kontak)

Waar 'n deelnamepunt in enige gegewe module verwerf is, bied dit aan 'n student twee agtereenvolgende eksamengeleenthede per module in die gegewe eksamenrooster wat in die jaarlike universiteitskalender gestel word.

NQF Level 8 (Distance)

A participation mark in any particular module allows a student a maximum of two consecutive examination opportunities. A student who fails one or more of the modules of an PGDip / honours programme in an examination may be granted a second examination opportunity in the next examination cycle.

NKR vlak 8 (Afstand)

'n Deelnamepunt in enige gegewe module verskaf aan 'n student 'n maksimum van twee agtereenvolgende eksamengeleenthede. 'n Student wat een of meer modules van 'n NGDip / honneursprogram drui mag 'n tweede eksamengeleentheid toegestaan word in die daaropvolgende eksamensiklus.

EDU.1.2.11 Pass Requirements / Slaagvereistes

The module mark is calculated according to the ratio between the participation mark and the examination mark as set out under the module outcomes in the relevant yearbook. The module mark required for a pass in a module in which examinations are written is 50% in accordance with A-Rule 1.13.3.2 (also refer to Faculty Rule 1.13.3.2).

The sub-minimum for all examinations in all course work modules is 40% except where a higher sub-minimum is set in the applicable faculty rules, A-Rule 1.13.3.1 (also refer to Faculty Rule 1.13.3.1).

Where a student fails a module, the student must repeat the module in its entirety, A-Rule 1.13.3.5. Classes must be attended and no exemption from class attendance will be granted in the event of timetable clashes.

Taking into account rules 1.3.3, 1.14, 1.17 and 1.19.3, a bachelor honours degree or postgraduate diploma is obtained when final verification and audit confirmation is given that a student has successfully completed all the modules prescribed in the applicable faculty rules for the programme of the qualification concerned.

Die modulepunt word bereken volgens die verhouding tussen die deelnamepunt en die eksamenpunt soos uiteengesit onder die module-uitkomste in die betrokke jaarboek. Die modulepunt wat vereis word vir 'n slaagpunt in 'n module waarin eksamen geskryf word, is 50% in ooreenstemming met A-Reël 1.13.3.2 (verwys ook na Fakulteitsreël 1.13.3.2).

Die subminimum vir alle eksamens in alle programmodules is 40% behalwe waar 'n hoër subminimum in die toepaslike fakulteitsreëls bepaal word, A-Reël 1.13.3.1 (verwys ook na Fakulteitsreël 1.13.3.1).

Indien 'n student 'n module drui, moet die student die module in sy geheel herhaal, A-Reël 1.13.3.5. Klasse moet bygewoon word, geen vrystelling van klasbywoning sal toegestaan word in geval van roosterbotsings nie.

Met inagneming van reëls 1.3.3, 1.14, 1.17 en 1.19.3 word 'n Baccalaureus Honneursgraad of Nagraadse Diploma verwerf wanneer finale verifikasie en auditbevestiging verleen word dat 'n student al die modules suksesvol voltooi het in 'n betrokke kwalifikasie, soos in die toepaslike fakulteitsreëls voorgeskryf.

EDU.1.2.12 Progression Requirements / Vorderingsvereistes

In order to ensure that a sufficient percentage of the credit load of the programme for which the student is registered, is completed within the maximum duration allowed for the study (A-Rule 1.16.1);

A contact student must obtain at least 66% of the total credits that is required for the programme up to the historic year level for which the student is registered, and (A-Rule 1.16.1.1);

A distance student must obtain at least 66% of the total credits that is required for the curriculum up to the historic year level for which the student is registered (A-Rule 1.16.1.2).

Om te verseker dat 'n voldoende persentasie van die kredietlading van die program waarvoor die student geregistreer is, binne die maksimum duur wat vir die studie toegelaat word, voltooi word (A-Reël 1.16.1);

'n Kontakstudent moet minstens 66% van die totale krediete behaal wat benodig word vir die program tot op die historiese jaarvlak waarvoor die student geregistreer is, en (A-Reël 1.16.1.1);

'n Afstandstudent moet minstens 66% van die totale krediete behaal wat benodig word vir die kurrikulum tot op die historiese jaarvlak waarvoor die student geregistreer is (A-Reël 1.16.1.2).

A student whose academic performance is deemed unsatisfactory may be issued with a written warning by the executive dean concerned.

In ooreenstemming met A-Reëls 1.15.1 – 1.15.4, word ’n student geag om onbevredigende akademiese vordering te toon, indien hy/sy minder as die helfte van die krediete wat vir die betrokke program vereis word, soos voorgeskryf in die betrokke fakulteitsreëls vir die metode van aflewering (kontak of afstand) en bywoningsmodus (voltyds of deelyds) behaal. ’n Student wie se akademiese prestasie as onbevredigend geag word, kan ’n skriftelike waarskuwing vanaf die betrokke uitvoerende dekaan ontvang.

EDU.1.2.16 Extension of Period of Study / Verlenging van Studietydperk

EDU.1.3 WARNING AGAINST ACADEMIC MISCONDUCT AND PLAGIARISM / WAARSKUWING TEEN AKADEMIESE WANGEDRAG EN PLAGIAAT

Assignments are individual tasks and not group activities (unless explicitly indicated as group activities). For further details, see the **NWU Policy on Academic Integrity** that can be found at the following link under **Library and Information Services**: <https://library.nwu.ac.za/copyright-and-plagiarism>

Students should take note of the following excerpts from NWU policies related to **ACADEMIC MISCONDUCT**:

Academic misconduct	
This represents conduct constituting an act of fraud - including the following instances of deception by a student:	
1.1	Obtaining information, including copying, for the purpose of improving marks, by using notes, electronic devices or other forms of assistance during examination sessions where these have been prohibited by examination procedures.
1.2	Assisting fellow-students in assessments (both formative and summative) or receiving assistance from fellow students regarding take-away assessments when any collaboration has been prohibited by the relevant assessment procedures.
1.3	Sitting on behalf of another student for an assessment session or requesting a fellow-student to take an assessment on behalf of oneself.
1.4	Taking unauthorised materials into an assessment room.
1.5	The illegal taking of assessment materials or disruptive behaviour during an assessment period.
1.6	The unauthorised submitting of the same academic content for different modules or academic programmes.
1.7	Publishing, uploading or making available any material in which the NWU holds copyright without appropriate authorisation.
1.8	The fabrication of false research data and/or results.
1.9	Falsification by changing, omitting or manipulating research data and/or results.

The NWU Policy on Academic Integrity provides the following definition for PLAGIARISM:

The use without appropriate acknowledgement of another's ideas, hardcopy or electronic texts, images, computer programmes, sounds, designs, performance or any form of creative work as one's own work, including activities such as appropriating the knowledge, insights, wording or formulation of anybody else's work.

NB: Plagiarism is regarded as serious academic misconduct that may lead to disciplinary action.

Policy on NWU Student Discipline

Section 3.1.2: Misconduct may be considered by the NWU Disciplinary Hearing Committee in instances where the academic conduct of the student is dishonest, as described in the Policy on Academic Integrity;

Section 4.3: It is the policy of the university to have clear and consistent rules, processes and procedures to ensure the university's commitment to academic integrity. All allegations of plagiarism need to be investigated in accordance with the prescribed investigation procedure as approved by Senate.

Withdrawal of a qualification

The NWU Council may, in accordance with the NWU Academic Rules (Section 1.20), withdraw a qualification if the recipient of the qualification is found guilty on a charge of serious academic misconduct.

Opdragte is individuele take en nie groepaktiwiteite nie (tensy uitdruklik aangedui as groepaktiwiteite). Raadpleeg die **NWU-beleid** rakende **Akademie se Integriteit** deur middel van die aangeduide skakel onder **Biblioteek- en inligtingsdiens**:
<https://library.nwu.ac.za/copyright-and-plagiarism>

Studente moet let op die volgende uittreksels uit die NWU-beleid rakende **AKADEMIESE WANGEDRAG**:

Akademie se wangedrag	
<i>Dit verteenwoordig gedrag wat bestaan uit 'n daad van bedrog - insluitend die volgende gevalle van misleiding deur 'n student:</i>	
1.1	Die verkryging van inligting, insluitend kopiëring met die doel om punte te verbeter, deur gebruik te maak van aantekeninge, elektroniese toestelle of ander vorms van hulp tydens eksamensessies waar dit deur eksamineringsprosedures verbied is.
1.2	Medestudente help met die assessering (formatief en summatief) of hulp van medestudente ontvang met betrekking tot wegneem assessering waar samewerking deur die betrokke assesseringsprosedures verbied is.
1.3	Die skryf van enige assessering namens 'n ander student of 'n versoek aan 'n medestudent om 'n assessering namens jouself af te lê.
1.4	Die inbring van ongemagtigde materiaal in 'n assesseringslokaal.
1.5	Die wederregtelike neem van assesseringsmateriaal of ontwrigtende gedrag tydens 'n assesseringssessie.
1.6	Die ongemagtige indiening van dieselfde akademiese inhoud vir verskillende modules of akademiese programme.
1.7	Die publikasie, oplaai of beskikbaarstelling van materiaal waarvan die NWU outeursreg het, sonder die vereiste magtiging.
1.8	Die fabrisering van fiktiewe navorsingsdata en/of resultate.
1.9	Die daarstel van vals navorsingsdata en/of -resultate deur middel van wysigings, weglatings of manipulasie.

Die NWU-beleid oor akademiese integriteit bied die volgende definisie vir PLAGIAAT:

Die gebruik sonder die nodige erkenning van 'n ander persoon se idees, harde kopie of elektroniese tekste, beelde, rekenaarprogramme, klanke, ontwerpe, uitvoering, of enige vorm van kreatiewe werk as 'n persoon se eie werk, insluitend aktiwiteite soos die kennis, insigte, bewoording of formulering van iemand anders se werk.

NB: Plagiat word beskou as 'n ernstige akademiese oortreding wat tot dissiplinêre optrede kan lei.

Beleid oor die NWU-studentedissipline

Afdeling 3.1.2: Wangedrag kan deur die NWU se tugverhoorkomitee oorweeg word in gevalle waar die akademiese gedrag van 'n student op oneerlikheid neerkom, soos in die beleid oor akademiese integriteit beskryf word;

Afdeling 4.3: Dit is die beleid van die universiteit om duidelike en konsekwente reëls, prosesse en prosedures daar te stel om die universiteit se verbintenis tot akademiese integriteit te verseker. Alle bewerings van plagiaat moet ondersoek word volgens die voorgeskrewe ondersoekprosedures soos deur die Senaat goedgekeur is.

Onttrekking van 'n kwalifikasie

Die NWU-Raad kan, ingevolge die NWU Akademie se Reëls (Afdeling 1.20), 'n kwalifikasie terugtrek indien die ontvanger van die kwalifikasie skuldig bevind word aan 'n klag van ernstige akademiese wangedrag.

EDU.1.4 CAPACITY STIPULATION / KAPASITEITSBEPALINGS

Please take cognisance of the fact that, owing to specific capacity constraints, the University reserves the right to select candidates for admission to certain fields of study. This means that prospective students who comply with the minimum requirements may not necessarily be admitted to the relevant courses (A- Rule 1.5.2).

Neem asseblief kennis dat die Universiteit as gevolg van spesifieke kapasiteitsberkings die reg voorbehou om kandidate vir toelating tot bepaalde studierigtings te keur. Dit beteken dat voornemende studente wat aan die minimum toelatingsvereistes voldoen, nie noodwendig tot die betrokke kursus toegelaat sal word nie (A-Reël 1.5.2).

EDU.1.5 RECOGNITION OF PRIOR LEARNING AND CREDIT ACCUMULATION AND TRANSFER / ERKENNING VAN VORIGE LEER EN KREDIETAKKUMULASIE EN -OORDRAG

Refer to A-Rules 1.6.1 and 1.7 (also refer to Faculty Rule 1.6.1 and 1.7): The faculty subscribes to the view that the Recognition of Prior Learning (RPL) constitutes an essential element of the transformation of access and admissions policies at higher education institutions in South Africa. The transformation of access and admissions policies is intended to increase participation and to broaden access to higher education in order to produce graduates with the skills and competencies necessary to meet the human resource needs of the country.

The following types of RPL are identified, namely:

(1) RPL for access: The establishment of a suitable level of study and/or experience aimed at admission to a qualification, for a candidate who does not qualify for admission into that qualification via the official admission requirements of the NWU.

(2) RPL for advanced standing: The exemption from a certain level of a course of study or programme on the basis of the candidate's experience/learning acquired. A portfolio and/or assessment may be used to consider the candidate for RPL. This RPL is regarding the exemption of certain levels of study. (Advanced standing - based on the previous experience and/or knowledge acquired, the applicant may be accepted for example for the second year.)

(3) RPL for module exemption: A student may be exempted from completing a module of a programme on the basis of a documented process of recognition of prior learning. Such an exemption does not translate to credit transfer, but the student does not have to complete the module in question due to his/her proven knowledge, skill, or experience, gained through informal or non-formal learning, which equates to the level and content of the outcomes of one or more modules of a particular academic programme. The outcomes of existing programme modules must therefore be compared and found to be similar/equivalent to the candidate's proven knowledge/experience/skills.

Credit accumulation and transfer: The awarding of credits for modules or courses as part of learning programmes/qualifications. The outcomes of successfully completed modules must be compared and found to be similar/equivalent to the outcomes of the corresponding modules offered at the faculty as requested for credit accumulation and transfer (CAT). The completed outcomes must also comply with the relevant SAQA level descriptors and credit value.

A SALA administrative officer is appointed in the office of each of the school directors across the three sites of delivery, and they oversee the RPL/CAT process for both contact and distance students in the respective programmes.

Processes for each of the types of RPL/CAT as well as forms and guidelines to compile a portfolio of evidence are available at the faculty's quality office, and will be included in the Quality manual of the faculty, after approval by faculty board.

Verwys na A-Reëls 1.6.1 en 1.7 (verwys ook na Fakulteitsreël 1.6.1 en 1.7): Die fakulteit ondersteun die siening dat die *Erkenning van Vorige Leer (EVL)* 'n integrale element van die transformasie van toegangs- en toelatingsbeleide by hoëronderwysinstellings in Suid-Afrika is. Die transformasie van toegangs- en toelatingsbeleide het ten doel om deelname te verhoog en om toegang tot hoër onderwys te verbreed om sodoende graduandi te lewer met die vereiste vaardighede en bevoegdhede om aan die nodige menslike hulpbronne van die land te voldoen.

Die volgende tipes EVL is geïdentifiseer, naamlik:

(1) EVL vir toegang: Die daarstel van 'n toepaslike studie- en/of ondervindingsvlak wat gemik is op toegang tot 'n kwalifikasie vir 'n kandidaat wat nie kwalifiseer vir toegang tot die spesifieke kwalifikasie nie as gevolg van NWU se amptelike toegangsvereistes.

(2) EVL vir gevorderde status: Vrystelling van 'n sekere vlak van 'n kursus of program op die basis van die kandidaat se ondervinding/opleiding. 'n Portefeulje en/of assessering kan gebruik word om die kandidaat vir EVL te oorweeg. Hierdie EVL handel oor vrystelling van sekere studievlakke. (Gevorderde status – gebaseer op vorige ondervinding en/of kennis, kan byvoorbeeld beteken dat die aansoeker vir die tweede jaar aanvaar word.)

(3) EVL vir vrystelling van modules: 'n Student kan vrygestel word van die voltooiing van 'n module van 'n program op grond van 'n gedokumenteerde proses van erkenning van vorige leer. Sodanige vrystelling beteken nie kredietoordrag nie, maar dat die student nie die betrokke module hoef te voltooi nie, op grond van sy/haar bewese kennis, vaardigheid of ervaring, opgedoen deur middel van informele of nie-formele leer, wat gelykstaande is aan die vlak en inhoud van die uitkomst van een of meer modules van 'n bepaalde akademiese program. Die uitkomst van bestaande modules in betrokke program moet dus vergelyk word en moet gelyk wees aan die kandidaat se bewese kennis/ervaring/vaardighede.

Kredietakkumulاسie en -oordrag: die toekenning van krediete vir modules of kursusse as deel van leerprogramme/kwalifikasies. Die uitkomst van suksesvol voltooide modules moet vergelyk word en moet gelyk wees aan die uitkomst van die ooreenstemmende modules wat by die fakulteit aangebied word, soos versoek vir kredietakkumulاسie en -oordrag (KAO). Die voltooide uitkomst moet ook voldoen aan die toepaslike SAQA-vlakbeskrywers en kredietwaarde.

'N SALA-administratiewe beampte word aangestel in die kantoor van elk van die skooldirekteure op die drie afleweringstereine, en hulle bestuur die EVL/KAO-proses vir beide kontak- en afstandstudente in die onderskeie programme.

Prosesse vir elk van die tipes EVL/KAO sowel as vorms en riglyne vir die samestelling van 'n portefeulje van bewys is beskikbaar by die kwaliteitskantoor van die fakulteit en sal na goedkeuring deur die fakulteitsraad in die kwaliteitshandleiding van die fakulteit opgeneem word.

EDU.2 DISTANCE LEARNING QUALIFICATIONS AND PROGRAMMES / AFSTANDSLEER KWALIFIKASIES EN PROGRAMME

EDU.2.1 WHAT IS DISTANCE LEARNING? / WAT IS AFSTANDSLEER?

Distance learning refers to a delivery mode focusing on enhanced accessibility to education and training, limiting or eliminating barriers such as time, place and pace of learning. The NWU promotes distance learning by allowing students to register for the modules of a programme in October the previous year, offering technology-mediated instruction and examination opportunities at various learning support centres nationally and internationally, and providing student support to enhance the student learning experience. Students who study at a distance are still subject to specific admission requirements as determined by the Institutional Admissions Requirements Committee, fixed dates for the commencement of academic programmes, a minimum and maximum duration for the completion of their studies, and specific scheduled assessment opportunities. (Appendix to the General Academic Rules (A-Rules) of the NWU: Glossary of Teaching Learning-related concepts and designations).

Afstandsleer verwys na 'n afleweringmodus wat op toeganklikheid tot onderwys en opleiding fokus en struikelblokke soos tyd, plek en tempo van leer beperk of uitskakel. Die NWU bevorder afstandsleer deur studente toe te laat om in Oktober van die voorafgaande jaar vir die modules van 'n program te registreer, nasionaal en internasionaal tegnologiegesteunde onderrig- en eksamenleenthede by verskillende leerondersteuningsentrums aan te bied, en studente-ondersteuning te verskaf om die studente se leerervaring te verbeter. Studente wat oor 'n afstand studeer, is steeds aan spesifieke toelatingsvereistes soos deur die Institusionele Toelatingsvereistes-komitee bepaal word, vaste datums vir die aanvang van akademiese programme, 'n minimum en maksimum duur vir die voltooiing van hulle studie, en spesifieke geskeduleerde assesseringsleenthede onderhewig. (Bylae tot die Algemene Akademiese Reëls (A-Reëls) van die NWU: Woordelys van Onderrig-Leer-verwante begrippe en benamings).

EDU.2.3 MATTERS TO TAKE NOTE OF REGARDING DISTANCE STUDIES / SAKE RAKENDE AFSTANDSTUDIES WAARVAN KENNIS GENEEM MOET WORD

Students need to note the following matters, and are referred to the applicable yearbook:

- i. Each programme has a minimum and a maximum study duration for completing the programme.
- ii. Distance students do not have a second examination opportunity directly after the first attempt. If they fail the first attempt (e.g., in May/June), they can write the failed module during the next examination opportunity (e.g., in October/November). A valid participation mark will give the student access to two examination opportunities, where after a student must generate a new participation mark.
- iii. Contact classes are mainly presented by means of interactive white boards at the learning support centres in southern Africa.
- iv. Lecturers can be contacted via email if the students have access to the internet. All modules presented by means of interactive white boards are stored on the internet for students to access at a later stage (<http://distance.nwu.ac.za/>).
- v. Distance students are supported by means of a call centre, social media (Facebook) and contact with lecturers.
- vi. Examinations are written at several examination centres throughout southern Africa, but the NWU can request students to write a specific module (e.g., Computer Science) at the campus in Potchefstroom, where the Unit for Distance Learning is situated.

Studente moet op die volgende sake let, en word na die toepaslike jaarboek verwys:

- i. *Elke program het 'n minimum en 'n maksimum studieduur om die program te voltooi.*
- ii. *Studente het nie 'n tweede eksamengeleentheid direk na die eerste poging nie. Indien hulle die eerste poging druip (bv. in Mei/Junie), kan hulle die betrokke module tydens die volgende eksamengeleentheid (bv. in Oktober/November) skryf. 'n Geldige deelnamepunt sal aan die student toegang tot twee eksamengeleenthede gee, waarna die student 'n nuwe deelnamepunt moet verwerf.*
- iii. *Kontakklasse word hoofsaaklik met die ondersteuning van fasiliteerders deur middel van interaktiewe witborde by die leerondersteuningsentrums in suidelike Afrika aangebied.*
- iv. *Dosente kan per e-pos gekontak word indien die studente toegang tot die internet het. Alle modules wat deur middel van interaktiewe witborde aangebied word, word op die internet gestoor vir studente om later af te laai (<http://distance.nwu.ac.za/>).*
- v. *Studente word deur middel van 'n inbelsentrum, sosiale media (Facebook) en kontak met dosente en fasiliteerders ondersteun.*
- vi. *Eksamens word by verskillende eksamensentrums regoor suidelike Afrika geskryf, maar die NWU kan studente versoek om 'n spesifieke module (bv. Rekenaarwetenskap) op die kampus in Potchefstroom, waar die Eenheid vir Afstandsl eer geleë is, te skryf.*

Unsatisfactory academic performance / Onbevredigende akademiese prestasie

A student whose academic performance is found to be unsatisfactory will receive a formal written warning from the relevant director. If subsequent progress is still not satisfactory, the student may be dealt with in terms of A-Rule 1.18 and sub-paragraphs.

’n Student wie se akademiese prestasie nie bevredigend is nie, sal ’n formele, skriftelike waarskuwing van die betrokke direkteur ontvang. Indien vordering daarna nie bevredigend is nie, kan daar ingevolge Algemene Akademiese Reël 1.18 en subparagrafe teen die student opgetree word.

Termination of Distance students’ studies / Beëindiging van Afstand-studente se studies

The minimum and maximum duration of study for the various qualifications are indicated in the yearbook and in the Prospectus of the relevant mode of delivery. One year before the maximum duration of study is exceeded and a student’s studies are finally terminated, such a student will receive a warning letter to inform him/her of the two final examination opportunities to pass all outstanding modules. Should such a student still have modules outstanding after these examination opportunities, the studies of such a student must be terminated in terms of A-Rule 1.18.

Only in exceptional cases and on the grounds of irrefutable evidence will the Executive Dean of the Faculty of Education consider a request for continuation of studies from a student whose studies have been terminated. Should such an application be successful, the student will be afforded only one examination opportunity to complete all outstanding modules.

Die minimum en maksimum studieduur van die onderskeie kwalifikasies word in die jaarboek en in die Prospektus van die betrokke afleweringsmetode aangedui. Een jaar voordat die maksimum studieduur oorskry word en ’n student se studie finaal beëindig word, sal so ’n student ’n waarskuwingsbrief ontvang om hom/haar in kennis te stel van die twee finale eksamengeleenthede om alle uitstaande modules te slaag. Indien so ’n student na hierdie eksamengeleenthede steeds uitstaande modules het, moet so ’n student se studie ingevolge A-Reël 1.18 beëindig word.

Slegs in buitengewone gevalle en dan op grond van onweerlegbare bewyse sal die Uitvoerende Dekaan van die Fakulteit Opvoedkunde ’n versoek oorweeg van ’n student wie se studie beëindig is om sy/haar studie voort te sit. Indien so ’n aansoek slaag, sal die student slegs een eksamengeleentheid gegee word om alle uitstaande modules te voltooi.

EDU.3 RULES FOR THE POSTGRADUATE DIPLOMA IN EDUCATION / REËLS VIR DIE NAGRAADSE DIPLOMA IN ONDERWYS

EDU.3.1 ADMISSION REQUIREMENTS FOR THE QUALIFICATION / TOELATINGSVEREISTES VIR DIE KWALIFIKASIE

Admission to this qualification takes place according to the A-Rule 1.5 of the university. In particular, the following admission requirements are valid for the PGDip:

Toelating tot hierdie kwalifikasie geskied volgens die A-Reël 1.5 van die universiteit. In die besonder geld die volgende toelatingsvereistes vir die PGDip:

NQF LEVEL 8 (Distance)

To qualify for admission to a Postgraduate Diploma, a prospective student needs to be in possession of an approved and recognised four-year Bachelor of Education degree (NQF Level 7) or a three-year general Bachelor's Degree and a Postgraduate Certificate in Education (or a former equivalent), or (a) four-year professional teaching qualification(s) as well as a 120 credit Level 7 Advanced Diploma in a cognate specialisation or the equivalent of these as approved by Senate and set out in the Admissions Policy of the NWU. In addition, a prospective student must comply with all other requirements as prescribed in the rules of the faculty offering the qualification, and as contained in the faculty yearbook. A further admission requirement for a Postgraduate Diploma qualification must be a minimum pass mark of 60% average (in the BEd qualification) in the final year, or a minimum pass mark of 60% on average (in the Advanced Diploma in Education or PGCE).

NKR vlak 8 (Afstand)

Om te kwalifiseer vir toelating tot 'n nagraadse diploma, moet 'n voornemende student in besit wees van 'n goedgekeurde en erkende vierjarige Baccalaureus Educationis-graad (NKR-vlak 7) of 'n driejarige algemene Baccalaureusgraad en 'n Nagraadse Onderwysertifikaat (of 'n voormalige ekwivalent), of 'n vierjarige professionele onderwyskwalifikasie (s), sowel as 'n 120 kredietvlak 7-gevorderde diploma in 'n erkende spesialisasie of die ekwivalent hiervan soos goedgekeur deur die Senaat en uiteengesit in die Toelatingsbeleid van die NWU. Daarbenewens moet 'n voornemende student aan alle ander vereistes voldoen soos voorgeskryf in die reëls van die fakulteit wat die kwalifikasie aanbied, en soos vervat in die fakulteitsjaarboek. 'n Verdere toelatingsvereiste vir 'n nagraadse diploma-kwalifikasie is 'n minimum slaagsyfer van 60% (in die BEd-kwalifikasie) in die finale jaar, of 'n minimum slaagpunt van 60% (in die Gevorderde Diploma in Onderwys of NGOS).

EDU.3.2 DURATION OF STUDY / DUUR VAN STUDIE

Distance students: The minimum duration of study for this diploma is two years. The maximum duration is four years (A-Rule 1.14.2).

Afstandstudente: Die minimum duur van die studie vir hierdie graad is twee jaar. Die maksimum duur is vier jaar (A-Reël 1.14.2).

EDU.3.3 LANGUAGE OF INSTRUCTION IN THE PGDIP / TAAL VAN ONDERRIG IN DIE PGDIP

The Language Policy of the NWU is available at the following web address:

http://www.nwu.ac.za/gov_man/policy/index.html

The PGDip distance programmes are offered in English only. Tutorial letters in English only, whilst examination papers are set in English and Afrikaans. Assignments and examinations can also be completed in either English or Afrikaans.

Die Taalbeleid van die NWU is by die volgende webadres beskikbaar:

http://www.nwu.ac.za/gov_man/policy/index.html

Die NGDip-afstandsprogramme word slegs in Engels aangebied. Studiebriewe slegs in Engels, terwyl eksamenvraestelle in Engels en Afrikaans opgestel word. Opdragte en eksamens kan in Engels of Afrikaans voltooi word.

EDU.3.4 ARTICULATION POSSIBILITIES AND EXIT LEVEL MARKS / ARTIKULASIE MOONTLIKHEDE EN UITTREETPUNTE

As stated in the REVISED POLICY ON THE MINIMUM REQUIREMENTS FOR TEACHER EDUCATION QUALIFICATIONS:

“Completion of a Postgraduate Diploma may be recognised as meeting the minimum entry requirements for a cognate 180 credit Level 9 Master of Education/Professional Master's degree. Holders of Postgraduate Diplomas may be required to undertake additional modules, as and when necessary, to meet the HEQSF research requirements of at least 30 credits, in order to obtain admission to a Master of Education degree. A sustained research project is not required, but the qualification may include conducting and reporting on research under supervision”.

The current offering of the PGDip only includes a theoretical research module of 16 credits and not a research project. Therefore, students that obtained the PGDip will have to apply for and successfully complete an additional 30 credit research module (Research project under supervision), before they can apply for the MEd degree at NQF Level 9. Before students can apply for the additional 30 credit research module, for non degree purposes, such a student should have obtained an average of 70% for the PGDip. The successful completion of the PGDip and additional 30 credit research module, allows the student to apply for the MEd degree at NQF level 9.

Soos vermeld in die HERSIENE BELEID OOR DIE MINIMUMVEREISTES VIR ONDERWYSER OPLEIDINGKWALIFIKASIES:

“Die voltooiing van 'n nagraadse diploma kan erken word dat dit aan die minimum toelatingsvereistes vir 'n erkende 180 kredietvlak 9 Magister in Opvoedkunde / Professioneel Meesters graad voldoen. Houers van nagraadse diplomas kan gevra word om bykomende modules, van ten minste 30 krediete, indien nodig, te neem om aan die HEQSF-navorsingsvereistes te voldoen, ten einde toelating tot die magistergraad toegelaat te word. 'n Volgehoue navorsingsprojek is nie nodig nie, maar die kwalifikasie kan die uitvoering en verslagdoening van navorsing onder supervisie insluit.”

Die huidige aanbieding van die NGDip bevat slegs 'n teoretiese navorsingsmodule van 16 krediete en nie 'n navorsingsprojek nie. Daarom moet studente wat die NGDip verwerf het, aansoek doen en 'n aanvullende 30 krediet navorsingsmodule (navorsingsprojek onder toesig) suksesvol voltooi voordat hulle vir die MEd-graad op NKR-vlak 9 kan aansoek doen. Voordat studente vir die addisionele 30 krediet navorsingsmodule kan aansoek doen, vir nie-graadstudies, moes so 'n student 'n gemiddeld van 70% vir die NGDip behaal het. Die suksesvolle voltooiing van die NGDip en addisionele 30 kredietnavorsingsmodule stel die student in staat om aansoek te doen vir die MEd-graad op NKR-vlak 9.

To qualify for admission to this Honours qualification, a student must be in possession of:

- A Bachelor of Education degree at NQF level 7; OR
- A relevant 3-year Bachelor's degree PLUS a recognised professional teaching qualification, both at NQF level 7.

In addition, a minimum average of 65% in the final year of either the BEd degree or the professional teaching qualification is required.

Due the interdisciplinary nature of Environmental Education, there are no specific subject requirements. (Environmental Education is addressed in all school-related subjects.)

Om vir toelating tot hierdie Honneurs kwalifikasie te kwalifiseer, moet 'n student in besit wees van:

- 'n Baccalaureus Educationisgraad op NKR Vlak 7; OF
- 'n Toepaslike 3-jaar Baccalaureusgraad PLUS 'n erkende professionele onderwyskwalifikasie, beide op NKR Vlak 7.

Daarop word 'n minimum gemiddelde van 65% in die finale jaar van die BEd-graad of die professionele onderwyskwalifikasie vereis. Weens die interdisciplinêre aard van Omgewingsopvoeding is daar geen spesifieke vakvereistes nie. (Omgewingsopvoeding word in alle skoolverwante vakke aangespreek.)

EDU.6.2.2 Specific Admission Requirements / Spesifieke Toelatingsvereistes

- (i) A master's degree (MEd) in the area of specialisation for which the student wishes to register for the PhD is a prerequisite.
 - (ii) Should a student not have a MEd in an applicable field of Education, but another Masters degree, the Faculty may set further conditions for admission.
 - (iii) Further conditions can be an oral examination in two selected BEd Honours modules before the student can submit the research proposal for approval. The applicable Research Director in collaboration with the specific subject chair and promoter will select the modules based on the student's previous qualification, but normally it will be Honours modules in a curriculum studies related subject or the Honours modules of the programme the student want to change to. Those modules will not be on any academic record and the student will not pay registration fees for those modules. This can be done while the student are registered for the PhD degree.
 - (iv) The student must have obtained a minimum average pass mark of 60% for the MEd degree.
 - (v) A PhD student can only register if a letter of permission, signed by the promoter, has been submitted to the registration office.
 - (vi) Even if a prospective student meets all of the above admission requirements, the application may still be turned down (1) owing to a lack of capacity in the Faculty to render adequate supervision, or (2) if the proposed research topic cannot be accommodated within the focus of existing research programmes/projects in the Faculty.
 - (viii) A document, a letter of intent, must be submitted with your application in order to assign the most suitable promoter (as described in EDU 6.5) to the successful student. The letter of intent (maximum two pages), with a preliminary research title, should briefly describe what, why and how you intend to conduct research.
-

 - (iii) *Verdere voorwaardes kan 'n mondelinge eksamen in twee geselekteerde BEd Honneursmodules wees voordat die student die navorsingsvoorstel vir goedkeuring kan indien. Die toepaslike Navorsingsdirekteur in samewerking met die spesifieke vakgroepvoorsitter en promotor sal die modules kies op grond van die student se vorige kwalifikasie, maar normaalweg sal dit Honneursmodules in 'n kurrikulumstudieverwante vak of die*

Honneursmodules van die program wees waarna die student wil oorskakel. Daardie modules sal nie op enige akademiese rekord verskyn nie en die student sal nie registrasiefooi vir daardie modules betaal nie. Dit kan gedoen word terwyl die student vir die PhD-graad geregistreer is.

- (iv) *Die student moet 'n minimum slaagsyfer van gemiddeld 60% in die MEd-graad, behaal het.*
- (v) *'n PhD student kan slegs registreer indien 'n toestemmingsbrief, onderteken deur die promotor, by die registrasiekantoor ingedien is.*
- (vi) *Selfs al voldoen die voornemende student aan al die bostaande toelatingsvereistes, kan die aansoek steeds afgewys word (1) op grond van 'n tekort aan kapasiteit in die Fakulteit om toereikende studiebegeleiding te verleen, en (2) waar die voorgestelde navorsingsonderwerp nie binne die fokus van die bestaande navorsingsprogramme/projekte in die Fakulteit geakkommodeer kan word nie.*
- (viii) *n Dokument, 'n brief van voorneme, moet saam met jou aansoek ingedien word om die mees geskikte promotor (soos beskryf in EDU 6.5) aan die suksesvolle student toe te wys. Die brief van voorneme (maksimum twee bladsye), met 'n voorlopige navorsingstitel, moet kortliks beskryf wat, hoekom en hoe jy van plan is om navorsing te doen.*
